(a) it is in the best interest of all the people of Montana that the abundant natural resources of the state be protected, fully developed, and uniformly distributed;

(b) economic waste threatens the alfalfa seed industry in Montana because of lack of proper advertising and dissemination of information necessary for the development and promotion of alfalfa seed grown in the state and because of lack of facilities and funds for research to:

(i) develop and improve control measures for diseases and pests which attack alfalfa seed pollinators;

(ii) improve alfalfa seed growing culture; and

(iii) disseminate information to the growers; and

(c) it is in the interest of the people and general welfare of the state that this avoidable economic waste be eliminated by the growers having at their disposal all available information on the best and most advanced methods of culture, growing, harvesting, and marketing of alfalfa seed.

(2) The purpose of [sections 2 through 14] is to promote the general welfare of the people of the state by improving the culture and production of and expanding the market for alfalfa seed grown in the state.

Section 4. **Definitions.** As used in [sections 2 through 14] the following definitions apply:

(1) "Committee" means the Montana alfalfa seed committee established in [section 1].

(2) "Dealer" means any person, partnership, association, corporation, cooperative, or other business unit or device that first handles, packs, ships, buys, and sells alfalfa seed or that acts as sales or purchasing agent, broker, or factor of alfalfa seed.

(5) plan and conduct a research program to improve the quality of alfalfa seed, develop and improve control measures for disease and pests which attack alfalfa and alfalfa seed pollinators, improve alfalfa growing culture, disseminate such information among the growers and dealers of the state, and make such research contracts and other agreements as may be necessary;

(6) plan and conduct a publicity and sales promotion campaign to increase the sale and use of Montana alfalfa seed and make such publicity and sales promotion contracts and other agreements as may be necessary;

Section 6. **Compensation — per diem.** Each committee member is entitled to $25 compensation for each day he is engaged in the transaction of official business, together with actual and necessary travel expenses, as provided for in 2-18-501 through 2-18-503.

HeinOnline -- 1981 vol. I 711 1981

Section 7. **Liability of state.** The state of Montana is not liable for the acts or omissions of the committee or any member, officer, agent, or employee thereof.

Section 8. **Assessment on alfalfa seed.** (1) There is hereby levied upon all alfalfa seed grown in this state and sold through commercial channels an assessment of ½ of 1% of the grower's price received at the point of first sale.

(2) If it appears from an investigation that the revenue from the assessment levied under subsection (1) is inadequate to accomplish the purposes of [sections 2 through 14], the committee shall file with the director of agriculture a report showing the necessity of the industry, extent of public convenience, interest, and necessity, and probable revenue from the additional assessment desired to be levied. The director of agriculture may thereupon increase the assessment to a sum not to exceed 1% of the grower's price received at the point of first sale. No increase may be made prior to filing of the report and recommendation by the committee.

Section 9. **Payment of assessment.** All assessments levied and imposed under [section 8] must be paid to the department of agriculture by the person, either grower or dealer, by whom the alfalfa seed is first handled in the primary channels of trade and must be paid at such times as the department may by rule prescribe, but not later than 60 days from the date on which the grower received payment for the alfalfa seed. If the party first handling the alfalfa seed in the primary channels of trade is a person other than the grower, he may charge against or recover from the grower of such alfalfa seed the full amount of any assessment levied and imposed under [section 8].

Section 10. **Refund of assessment.** Any person who has paid assessments to the department may request the department to refund all or any portion of the assessment levied under the rules of the department and paid by the producer. All such requests must be in writing, filed not later than August 1 of each calendar year for the preceding crop year, and must be on forms to be available without cost to all producers who pay assessments.

Section 11. **Deposit and disbursement of funds — records — investment.** (1) As soon as possible after receipt, all money received by the department from the assessment levied under [section 8] and all other money received shall be deposited in the federal and private revenue fund.

(2) All money referred to in subsection (1) of this section may be used only for the payment of expenses incurred in carrying out the provisions of [sections 2 through 14]. The committee may be assessed costs by the department for the services it provides upon request or pursuant to 2-15-121; however, the costs charged must have a substantial relationship to the cost of services supplied.

(3) Money received under [sections 11, 13, and 14] not immediately required for the purposes of [sections 2 through 14] must be invested under provisions of the unified investment program established in Title 17, chapter 6, part 2.

The records shall be in such form and contain such information as the department may by rule prescribe, shall be preserved for a period of 2 years, and are subject to inspection at any time upon request of the department or its agents.

Section 13. **Penalty for nonpayment.** Any grower or dealer who fails to make collection or pay any assessment within the time required pursuant to [sections 2 through 14] is subject to a penalty of 5% of the amount of the assessment determined to be due, as provided in [sections 2 through 14], plus 1% of such amount for each month of delay or fraction thereof after the expiration of the month after such assessment became due. The penalty must be paid to the department and disposed of as provided in [section 11].

Section 1. Section 46-8-101, MCA, is amended to read:

"46-8-101. Right to counsel. (1) Every defendant brought before the court must be informed by the court that it is his right to have counsel before proceeding and must be asked if he desires the aid of counsel.

(2) The defendant, if charged with a felony, must be advised that counsel will be furnished at state expense if he is unable to employ counsel *as determined under the provisions of [section 2].* If the offense charged is a felony and if the defendant desires counsel and is unable to employ counsel, a court must assign counsel to defend him.

(3) If the offense charged is a misdemeanor and if the defendant desires counsel and is unable to employ counsel, a court in the interest of justice may assign counsel to defend him."

Section 2. **Eligibility for court-appointed counsel.** (1) Any defendant who desires counsel and is unable to employ counsel shall submit under oath to the court at the time of his initial appearance a verified financial statement showing his financial inability to obtain counsel.

(2) Appointed counsel may not be denied to any person merely because his friends or relatives have the resources to retain counsel or because he has deposited or is capable of depositing security for his release. Counsel shall be provided to any person who is financially unable to obtain representation without substantial hardship in providing necessities to himself or his family.

HeinOnline -- 1981 vol. I 721 1981

Section 3. **Informing defendant regarding false swearing of oath on financial statement — repayment of costs of counsel.** The court shall inform the defendant that:

(1) if he makes a false statement under oath regarding his financial inability to obtain counsel, he may be charged with the additional offense of false swearing;

(2) he may be required to pay all or a portion of the compensation and expenses incurred by his court-appointed counsel as a part of or a condition under his sentence should he be convicted of an offense.

Section 4. **Payment of costs of court-appointed counsel by defendant — condition of sentence.** (1) Under the provisions of 46-18-201, the court may require a convicted defendant to pay the costs of court-appointed counsel as a part of or a condition under his sentence.

(2) Costs must be limited to reasonable compensation and costs incurred by the court-appointed counsel in the criminal proceeding. Costs may not include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law.

(3) The court may not sentence a defendant to pay the costs of court-appointed counsel unless the defendant is or will be able to pay them. In determining the amount and method of payment of costs, the court shall take account of the financial resources of the defendant and the nature of the burden that payment of costs will impose.

(4) A defendant who has been sentenced to pay costs and who is not in contumacious default in the payment thereof may at any time petition the court that sentenced him for remission of the payment of costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or his immediate family, the court may remit all or part of the amount due in costs or modify the method of payment.

Section 5. **Time and method of payment of costs.** When a defendant is sentenced to pay the costs of court-appointed counsel, the court may order payment to be made within a specified period of time or in specified installments. The clerk of the district court shall disburse the payments to the county or state agency responsible for the expenses of court-appointed counsel as provided for in 46-8-201.

Section 6. **Effect of nonpayment of costs.** (1) When a defendant who is sentenced to pay the costs of court-appointed counsel defaults in payment thereof or of any installment, the court on motion of the county attorney or on its own motion may require him to show cause why his default should not be treated as contempt of court and may issue a show cause citation or a warrant of arrest for his appearance.

(2) Unless the defendant shows that his default was not attributable to an intentional refusal to obey the order of the court or to a failure on his

HeinOnline -- 1981 vol. I 722 1981

part to make a good faith effort to make the payment, the court may find that his default constitutes civil contempt.

(3) The term of imprisonment for contempt for nonpayment of the costs of court-appointed counsel shall be set forth in the judgment and may not exceed 1 day for each $25 of the payment, 30 days if the order for payment of costs was imposed upon conviction of a misdemeanor, or 1 year in any other case, whichever is the shorter period. A person committed for nonpayment of costs must be given credit toward payment for each day of imprisonment at the rate specified in the judgment.

(4) If it appears to the satisfaction of the court that the default in the payment of costs is not contempt, the court may enter an order allowing the defendant additional time for payment, reducing the amount of the payment or of each installment, or revoking the order for payment or the unpaid portion thereof in whole or in part.

(5) A default in the payment of costs or any installment thereof may be collected by any means authorized by law for the enforcement of a judgment. The writ of execution for the collection of costs may not discharge a defendant committed to imprisonment for contempt until the amount of the payment for costs has actually been collected.

Section 7. Section 46-18-201, MCA, is amended to read:

"46-18-201. Sentences that may be imposed. (1) Whenever a person has been found guilty of an offense upon a verdict or a plea of guilty, the court may:

(a) defer imposition of sentence, excepting sentences for driving under the influence of alcohol or drugs, for a period not exceeding 1 year for any misdemeanor or for a period not exceeding 3 years for any felony. The sentencing judge may impose upon the defendant any reasonable restrictions or conditions during the period of the deferred imposition. Such reasonable restrictions or conditions may include:

(i) jail base release;

(ii) jail time not exceeding 90 days;

(iii) conditions for probation;

(iv) restitution;

(v) payment of costs of court-appointed counsel as provided under [section 4];

(vi) any other reasonable conditions considered necessary for rehabilitation or for the protection of society; or

(vii) any combination of the above;

(b) suspend execution of sentence up to the maximum sentence allowed for the particular offense. The sentencing judge may impose on the defendant any reasonable restrictions *or conditions* during the period of suspended sentence. Such reasonable restrictions *or conditions* may include any of those listed in subsections (1)(a)(i) through *(1)(a)(vii)*.

HeinOnline -- 1981 vol. I 723 1981

(c) impose a fine as provided by law for the offense;

(d) require payment of costs of court-appointed counsel as provided in [section 4];

(e) commit the defendant to a correctional institution with or without a fine as provided by law for the offense;

(f) impose any combination of subsections (1)(b) *through (1)(e).*

(2) If any restrictions or conditions imposed under subsection (1)(a) or (1)(b) are violated, any elapsed time, except jail time, is not a credit against the sentence unless the court orders otherwise.

(3) Except as provided in 46-18-222, the imposition or execution of the first 2 years of a sentence of imprisonment imposed under the following sections may not be deferred or suspended: 45-5-103(2), 45-5-202(2), 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-503(2) and (3), 45-9-101(2) and (3), 45-9-102(3), and 45-9-103(2).

(4) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102(2) may not be deferred or suspended."

Section 8. **Codification instruction.** Sections 2 through 6 are intended to be codified as an integral part of Title 46, chapter 8, and the provisions of Title 46, chapter 8, apply to sections 2 through 6.

CHAPTER NO. 416

AN ACT PERTAINING TO JOINT CUSTODY AWARDS UPON DISSOLUTION OF MARRIAGE; CONSIDERING THE BEST INTERESTS OF THE CHILD; AND ALLOWING THE NONCUSTODIAL PARENT ACCESS TO RECORDS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Declaration of legislative intent — joint custody.** The legislature of the state of Montana finds and declares that it is the public policy of this state to assure minor children frequent and continuing contact with both parents after the parents have separated or dissolved their marriage and to encourage parents to share the rights and responsibilities of child rearing in order to effect this policy. The legislature believes that the district courts of the state of Montana have the authority to award joint custody if the court finds joint custody in the best interests of the children in the case then before the court. The intent of [this act] is to establish certain guidelines for resolution of custody disputes.

Section 2. **Award of joint or separate custody.** In custody disputes involving both parents of a minor child, custody shall be awarded to the following according to the best interests of the child as set out in 40-4-212:

HeinOnline -- 1981 vol. I 724 1981

(1) to both parents jointly pursuant to [section 3]. The court, in its discretion, may require the submission to the court of a plan for the implementation of the joint custody order; or

(2) to either parent. In making an award to either parent, the court shall consider, along with the factors set out in 40-4-212, which parent is more likely to allow the child frequent and continuing contact with the noncustodial parent and may not prefer a parent as custodian because of the parent's sex. The court, in its discretion, may require the submission to the court of a plan for the implementation of the custody order.

Section 3. **Joint custody — modification — consultation with professionals.** (1) Upon application of either parent or both parents for joint custody, the court shall consider whether or not joint custody is in the best interests of a minor child. If the court declines to enter an order awarding joint custody the court shall state in its decision the reasons for denial of an award of joint custody.

(2) For the purposes of this section, "joint custody" means an order awarding custody of the minor child to both parents and providing that the residency of the child shall be shared by the parents in such a way as to assure the child frequent and continuing (but not necessarily equal) contact with both parents.

(3) Any order for joint custody may be modified pursuant to 40-4-219 to terminate the joint custody.

(4) The court may with the consent of both parties, at any time, direct the parties to consult with appropriate professionals for the purpose of assisting the parties to formulate a plan for implementation of the custody order or to resolve any controversy that has arisen in the implementation of a plan for custody.

Section 4. **Access to records by noncustodial parent.** Notwithstanding any other provision of law, access to records and information pertaining to a minor child, including but not limited to medical, dental, law enforcement, and school records, may not be denied to a parent because such parent is not the child's custodial parent.

Section 5. **Codification instruction.** Sections 1 through 4 are intended to be codified as an integral part of Title 40, chapter 4, part 2.

Approved April 17, 1981.

(l) on the roadway side of any vehicle stopped or parked at the edge or curb of a street;

(m) upon any bridge or other elevated structure upon a highway or within a highway tunnel;

(n) at any place where official signs prohibit stopping.

(2) A public bus stop may not be established in the areas described in subsections (1)(a) through (c) and (e). CHAPTER NO. 420

AN ACT TO PROVIDE PROCEDURES AND GUIDELINES FOR TERMINATING THE LEGAL RELATIONSHIP BETWEEN PARENT AND CHILD.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** This [act] may be cited as the "Parent-Child Legal Relationship Termination Act of 1981."

Section 2. **Purpose.** This act provides procedures and criteria by which the parent-child legal relationship may be terminated by a court if

HeinOnline -- 1981 vol. I 730 1981

the relationship is not in the best interest of the child. The termination of the parent-child legal relationship provided for in this act is to be used in those situations where there is a determination that a child is abused, neglected, or dependent, as defined in 41-3-102.

Section 3. **Definitions.** As used in this [act], unless the context otherwise requires, the following definitions apply:

(1) "Guardian ad litem" means a person appointed to represent a child who is the subject of a written motion for the termination of the parent-child legal relationship.

(2) "Youth in need of care" means a youth who is dependent, abused, or neglected as defined in 41-3-102.

(3) "Parent-child legal relationship" means the legal relationship that exists between a child and his birth or adoptive parents as provided in Title 40, chapter 6, part 2, unless that relationship has been terminated by competent judicial decree as provided in this [act] or in 40-6-124 or in 40-6-234.

(4) "Treatment plan" means a written agreement between the department or court and the parents that includes action that must be taken to resolve the condition or conduct of the parents that resulted in the need for protective services for the child. The treatment plan may involve other parties, if necessary, for protective services.

Section 4. **Petition for termination — separate hearing — right to counsel — no jury trial.** (1) The termination of a parent-child legal relationship shall be considered only after the filing of a petition pursuant to 41-3-401 alleging the factual grounds for termination. Termination of a parent-child legal relationship shall be considered at a dispositional hearing held pursuant to 41-3-406, following or together with an adjudicatory hearing held pursuant to 41-3-404.

(2) After the county attorney files a petition for termination of a parent-child relationship pursuant to this [act], parents shall be advised of the right to counsel, and counsel shall be appointed in accordance with 41-3-401(12).

(3) An attorney, who whenever possible shall be the child's previously appointed guardian ad litem, shall be appointed to represent the child's best interests in any hearing determining the involuntary termination of the parent-child legal relationship. The attorney shall continue to represent the child until the child is returned home or placed in an appropriate permanent placement. If a respondent parent is a minor, a guardian ad litem must be appointed to serve the minor parent in addition to any counsel requested by the parent.

(4) There is no right to a jury trial at proceedings held to consider the termination of a parent-child legal relationship.

Section 5. **Notice.** Before a termination of the parent-child legal relationship based on abandonment may be ordered, the court shall determine whether the rules of civil procedure relating to service of process on the parents have been followed. If the parents were not served personally, the

HeinOnline -- 1981 vol. I 731 1981

petitioner must file an affidavit stating what efforts have been made to locate the parent or parents of the child. The affidavit must be filed at least 10 days prior to the hearing.

Section 6. **Criteria for termination.** (1) The court may order a termination of the parent-child legal relationship upon a finding that the circumstances contained in subsection (1)(a), (1)(b), or (1)(c), as follows, exist:

(a) the parents have relinquished the child pursuant to 40-6-124;

(b) the child has been abandoned by his parents as set forth in 41-3-102(3)(d); or

(c) the child is an adjudicated youth in need of care and both of the following exist:

(i) an appropriate treatment plan that has been approved by the court has not been complied with by the parents or has not been successful; and

(ii) the conduct or condition of the parents rendering them unfit is unlikely to change within a reasonable time.

(2) In determining whether the conduct or condition of the parents is unlikely to change within a reasonable time, the court must enter a finding that continuation of the parent-child legal relationship will likely result in continued abuse or neglect or that the conduct or the condition of the parents renders the parents unfit, unable, or unwilling to give the child adequate parental care. In making such determinations, the court shall consider but is not limited to the following:

(a) emotional illness, mental illness, or mental deficiency of the parent of such duration or nature as to render the parent unlikely to care for the ongoing physical, mental, and emotional needs of the child within a reasonable time;

(b) a history of violent behavior by the parent;

(c) a single incident of life-threatening or gravely disabling injury to or disfigurement of the child caused by the parent;

(d) excessive use of intoxicating liquor or of a narcotic or dangerous drug that affects the parent's ability to care and provide for the child;

(e) present judicially-ordered long-term confinement of the parent;

(f) the injury or death of a sibling due to proven parental abuse or neglect; and

(g) any reasonable efforts by protective service agencies that have been unable to rehabilitate the parent.

(3) In considering any of the factors in subsection (2) in terminating the parent-child relationship, the court shall give primary consideration to the physical, mental, and emotional conditions and needs of the child. The court shall review and, if necessary, order an evaluation of the child's or the parent's physical, mental, and emotional conditions.

HeinOnline -- 1981 vol. I 732 1981

Section 7. **Review following termination.** (1) At the conclusion of a hearing in which the court orders termination of the parent-child legal relationship, the court shall order that a review hearing be held within 180 days following the date of the termination.

(2) At the review hearing, the agency or individual vested with the custody of the child shall report to the court whether the plan for permanent placement of the child has been accomplished. The guardian ad litem shall submit a written report to the court with recommendations to the court, based upon an independent investigation, for disposition meeting the best interests of the child.

(3) The court may order the agency or individual vested with custody of the child to report, at appropriate intervals, on the status of the child until the plan for permanent placement of the child has been accomplished.

Section 8. **Effect of decree.** (1) An order for the termination of the parent-child legal relationship divests the child and the parents of all legal rights, powers, immunities, duties, and obligations with respect to each other as provided in Title 40, chapter 6, part 2, except the right of the child to inherit from the parent.

(2) An order or decree entered pursuant to this [act] may not disentitle a child to any benefit due him from any third person, including but not limited to any Indian tribe, agency, state, or the United States.

(3) After the termination of a parent-child legal relationship, the former parent is neither entitled to any notice of proceedings for the adoption of the child nor has any right to object to the adoption or to participate in any other placement proceedings held pursuant to [section 6].

Section 9. **Appeals.** Appeals of court orders or decrees made under this [act] shall be given precedence on the calendar of the supreme court over all other matters, unless otherwise provided by law.

Section 10. **Codification instruction.** Sections 1 through 8 are intended to be codified as an integral part of Title 41, chapter 3.

Approved April 17, 1981.

HeinOnline -- 1981 vol. I 744 1981

"32-5-301. Charges, refunds, penalties, filing fees. (1) Every licensee hereunder may contract for and receive on any loan of money not exceeding $1,000 in principal amount:

(a) charges at rates not in excess of $20 per year per $100 on that part of the principal amount of the loan not exceeding *$500*;

(b) $16 per year per $100 on that part of the principal amount of the loan exceeding *$500* but not exceeding *$1,000.*

(2) The holder of a supplementary license may contract for and receive charges at rates authorized for licensees in subsection (1) for the first $1,000 of the principal amount of any loan and may contract for and receive charges at rates not in excess of *$12* per year per $100 on that part of the principal amount of any loan exceeding $1,000 but not exceeding $7,500.

(3) Charges in (1) and (2) shall be computed at the applicable rates on the full, original principal amount of the loan from the date of the loan to the due date of the final scheduled installment irrespective of the fact that the loan is payable in installments. Said charges shall be added to the principal of the loan and shall not be discounted or deducted therefrom or paid or received at the time the loan is made. For the purpose of computing charges for a fraction of a month, a day shall be considered one-thirtieth of a month.

(4) On loans of $90 or less a licensee may charge, in lieu of charges specified in (1) of this section, not in excess of $1 for each $5 of cash or credit advanced to the borrower up to the amount of $90. A period of at least 15 days must be allowed for the repayment of each $5 cash or credit advanced. Such charges cannot be assessed by any subterfuge or device on any loan over $90 or on any balance of $90 or less when the original loan was greater than $90.

(5) When any loan contract, new loan, renewal, or otherwise, is paid in full by cash 1 month or more before the final installment date, the licensee shall refund or credit the borrower with that portion of the total charges which shall be due the borrower as determined by schedules prepared under the rule of 78ths or sum of the digits principle as follows: the amount of the refund or credit shall be as great a proportion of the total charges originally contracted for as the sum of the consecutive monthly balances of the contract scheduled to follow the date of prepayment bears to the sum of all the consecutive monthly balances of the contract, both sums to be determined according to the payment schedule originally contracted for.

(6) If the contract so provides, the additional charge for any amount past due according to the original terms of the contract, whether by reason of default or extension agreement, may be 5% of the amount past due, and said amount may be charged once and no more.

(7) *(a)* The licensee may *include in the principal amount of any loan* the actual fees paid a public official or agency of the state for filing, recording, or releasing any instrument securing the loan.

HeinOnline -- 1981 vol. I 745 1981

(b) The licensee may include in the principal amount of any loan bona fide charges related to real estate security and paid to third parties, including:

(i) fees or premiums for title examination, title insurance, or similar purposes including survey;

(ii) fees for preparation of a deed, settlement statement, or other documents;

(iii) fees for notarizing deeds and other documents;

(iv) appraisal fees;

(v) fees for credit reports; and

(vi) fees paid to a trustee for release of a trust deed.

(8) No further or other charges shall be directly or indirectly contracted for or received by any licensee except those specifically authorized by this chapter. No licensee shall divide into separate parts any contract made for the purpose of or with the effect of obtaining charges in excess of those authorized by this chapter. All balances due to a licensee from any person as a borrower or as an endorser, guarantor, or surety for any borrower or otherwise or due from any husband or wife, jointly or severally, shall be considered a part of any loan being made by a licensee to such person for the purpose of computing interest or charges. If any amount in excess of the charges permitted by this chapter is charged, contracted for, *and* received, except as the result of an accidental and bona fide error of computation, the licensee shall have no right to collect or receive any charges.

(9) On any loan of money exceeding $7,500 in principal amount, a licensee may not make charges as provided in subsections (1) and (2) but shall make charges in accordance with the provisions of this subsection through subsection (12).

(10) On any loan of money exceeding $7,500 but not exceeding $25,000 in principal amount, a licensee may contract and receive charges at a rate not in excess of 2% per month on the principal amount as follows:

(a) Charges shall be computed on unpaid balances of the principal amount outstanding from time to time for the actual time outstanding. Each payment shall be applied first to accumulated charges and the remainder of the payment applied to the unpaid principal balance, except that if the amount of the payment is insufficient to pay the accumulated charges, unpaid charges continue to accumulate to be paid from the proceeds of subsequent payments and are not added to the principal balance.

(b) Charges made under this subsection may not be payable in advance or compounded. However, if part or all of the consideration for a new loan contract is the unpaid principal balance of a prior loan, the principal amount payable under such new loan contract may include any unpaid charges which have accrued. The resulting loan contract is a new and separate loan transaction for all purposes. The principal balance of a prior loan on which charges have been made pursuant to subsections (1) and (2) is

HeinOnline -- 1981 vol. I 746 1981

the balance due after refund or credit is given to the borrower pursuant to subsection (5).

(11) For purposes of computing charges for a fraction of a month, a day is considered one-thirtieth of a month.

(12) The provisions of subsections (5) and (6) do not apply to loans made under subsections (9) through (11).

(13) The amounts of $90, $500, $1,000, $7,500, and $25,000 in subsections (1), (2), (4), (9), and (10) are subject to change pursuant to the provisions of [section 9] on adjustment of dollar amounts."

Section 5. Section 32-5-302, MCA, is amended to read:

"**32-5-302. Installment payment — contract period.** (1) No licensee may enter into any contract of loan:

(2) Every loan contract shall require payment of principal and charges in installments which shall be payable at approximately equal periodic intervals, except that payment dates may be omitted to accommodate borrowers with seasonal incomes. No installment contracted for may be substantially larger than any preceding installment. When a loan contract provides for monthly installments, the first installment may be payable at any time within 45 days of the date of the loan and the charges for the number of days in excess of 30 from the date of making may be added to the scheduled amount of the installments.

(3) The amounts of $300, $1,000, and $2,500 in subsection (1) are subject to change pursuant to the provisions of [section 9] on adjustment of dollar amounts."

Section 6. Section 32-5-303, MCA, is amended to read:

Section 7. Section 32-5-306, MCA, is amended to read:

(2) Insurance permitted under the provisions of this section shall be obtained through an insurance company authorized to conduct such business in Montana by a duly licensed agent or agency of this state. Premiums shall not exceed those fixed by law or current applicable manual rates. Insurance written as authorized by this section may contain a mortgagee clause or other appropriate provisions to protect the insurable interest of the licensee.

(3) When the principal amount of the loan exceeds $300 exclusive of the portion thereof attributable to insurance premiums and charges, the licensee may require a borrower to insure property offered as security against any substantial risk of loss, damage, or destruction for an amount not to exceed the reasonable value of the property insured or the amount of the loan, whichever is smaller, and for the customary term approximating the term of the loan contract. It shall be optional with the borrower to obtain such insurance in an amount greater than the amount of the loan or for a longer term.

(4) Subject to the laws of this state, credit life insurance and credit disability insurance may be provided at the expense of the borrower and may be provided by a licensee upon the request of the borrower when the principal amount of the loan exceeds $300, exclusive of the portion thereof attributable to insurance premiums and charges. If any loan shall include amounts advanced for insurance premiums and charges, such loan shall not in any event exceed $25,000.

(5) The insurance authorized by this section may be sold, obtained, or provided by or through a licensee, and the premium or identifiable charge for the insurance may be included in the principal amount of the loan; provided, however, that no licensee shall require a borrower to purchase such insurance from such licensee or from any particular agent, broker, or

HeinOnline -- 1981 vol. I 748 1981

insurance company as a condition precedent for the obtaining of a loan. Any gain or advantage to the licensee or any employee, affiliate, or associate of the licensee from the sale, provision, or obtaining of insurance as authorized by this section shall not be deemed to be additional charges or a violation of this chapter.

(6) A licensee shall not require insurance under this section until any existing insurance of the same type has expired or has been canceled and the unearned portion of the premium for the canceled insurance has been rebated to the borrower.

(7) The amounts of $300 and $25,000 in subsection (3) and (4) are subject to change pursuant to [section 9] on adjustment of dollar amounts."

Section 8. Section 32-5-402, MCA, is amended to read:

"32-5-402. Investigations. *(1)* The department may at any time investigate any transaction with borrowers and may examine the books, accounts, and records in this state to discover violations of this chapter by:

(c) a person whom the department has reason to believe is violating or is about to violate this chapter.

(2) The amount of $25,000 in subsection (1) is subject to change pursuant to the provisions of [section 9] on adjustment of dollar amounts."

Section 9. **Adjustment of dollar amounts.** (1) From time to time the dollar amounts in [this act] designated as subject to change shall change, as provided in this section, according to and to the extent of changes in the Consumer Price Index for Urban Wage Earners and Clerical Workers: U.S. City Average, All Items, 1967 = 100, compiled by the bureau of labor statistics, department of labor, and hereafter referred to as the index. The index for December 1980 shall be the reference base index.

(2) The designated dollar amounts shall change on July 1 of each even-numbered year if the percentage of change, calculated to the nearest whole percentage point, between the index at the end of the preceding year and the reference base index is 10% or more, but:

(a) the portion of the percentage change in the index in excess of a multiple of 10% shall be disregarded and the dollar amounts shall change only in multiples of 10% of the amounts appearing in [this act] on [the effective date of this act];

(b) the dollar amounts shall not change if the amounts required by this section are those currently in effect pursuant to [this act] as a result of earlier application of this section; and

(c) the dollar amounts may not be reduced below the amounts appearing in [this act] on [the effective date of this act].

HeinOnline -- 1981 vol. I 749 1981

(3) If the index is revised, the percentage of change pursuant to this section shall be calculated on the basis of the revised index. If a revision of the index changes the reference base index, a revised reference base index shall be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the United States bureau of labor statistics. If the index is superseded, the index referred to in this section shall be the one represented by the bureau of labor statistics as reflecting most accurately changes in the purchasing power of the dollar for consumers.

(4) The department shall adopt a rule announcing:

(a) on or before April 30 of each year in which dollar amounts are to change, the changes in dollar amounts required by subsection (2); and

(b) promptly after the changes occur, changes in the index required by subsection (3) including, if applicable, the numerical equivalent of the reference base index under a revised reference base index and the designation or title of any index superseding the index.

(5) A person does not violate [this act] with respect to a transaction otherwise complying with [this act] if he relies on dollar amounts either determined according to subsection (2) or appearing in the last rule of the department announcing the then current dollar amounts.

Section 10. **Attorney fees.** If the contract so provides, reasonable attorney fees may be awarded to the party in whose favor final judgment is rendered in any action on a contract entered into pursuant to the provisions of this chapter.

"20-6-217. Procedure for creation of new elementary district. (1) The petition requesting the creation of a new elementary district out of the territory of an elementary district or districts shall be addressed to the county superintendent and shall:

(c) be signed by the parents or guardians of not less than 10 children between the ages of 6 and 16 years who reside in the territory that would be included in the new district and who reside more than 3 miles over the shortest practical route from an operating school.

(2) When a county superintendent receives a valid petition requesting the creation of a new district, he shall:

(a) file such petition;

(b) set a hearing place, date, and time for consideration of such petition that is not more than 40 days after the receipt of the petition; and

(c) give notice of the place, date, and time of the hearing. The notices shall be posted in the districts affected by the request in the manner prescribed in this title for school elections, with at least one such notice posted in the territory to be included in the new district.

Otherwise, he shall, by order, deny the

Such decision shall be final.

(5) When a new elementary district is created, the county superintendent shall appoint the trustees of the new district, giving preference in his selections to any trustees who were trustees of an old district and who reside in the new district. Any trustee position vacancies that may occur in the other districts shall be filled in the manner provided for filling trustee position vacancies for such district. Any trustee appointed under the provisions of this section shall serve until a successor is elected at the next regular school election and qualified.

(6) The order of the county superintendent or, if his order is appealed, the decision of the board of county commissioners creating a new district under this section shall be null and void, and the new district shall cease to exist, if such district does not open and operate a school within *2 years* after the date of such order or decision. If the new district does not satisfy this requirement, the territory shall be reincorporated in the district or districts in which it was located before the creation of such new district and the trustees shall thereafter be without capacity to act.

(7) If a petition has been filed under the provisions of this section and denied by the county superintendent, no new petition may be filed until 1 year after the final decision on the original petition."

(2) A qualifying small power production facility may generate electricity from the sources described in [section 1(4)(a)] and may contract for the sale of that electricity with an electric cooperative under terms and conditions mutually agreed upon between the parties and in compliance with the rates and regulations established by the Public Utility Regulatory Policies Act.

Section 3. **Required sale of electricity under rates and conditions prescribed by commission.** (1) If a qualifying small power production facility and a utility are unable to mutually agree to a contract for the sale of electricity or a price for the electricity to be purchased by the utility, the commission shall require the utility to purchase the electricity under rates and conditions established under the provisions of subsection (2).

(2) The commission shall determine the rates and conditions of the contract upon petition of a qualifying small power production facility or a utility or during a rate proceeding involving the review of rates paid by a utility for electricity purchased from a qualifying small power production facility. order to enhance the economic feasibility of qualifying small power production facilities.

(3) The rates to be paid by a utility for electricity purchased from a qualifying small power production facility shall be established with consideration of the availability and reliability of the electricity produced.

(4) The commission may set these rates by use of any of the following methods:

(a) the avoided cost over the term of the contract;

(b) the cost of production for the qualifying small power production facility plus a just and reasonable return; or

(c) any other method that will promote the development of qualifying small power production facilities.

CHAPTER NO. 437

AN ACT TO AMEND THE MONTANA STRIP AND UNDERGROUND MINE RECLAMATION ACT TO COMPLY WITH THE FEDERAL STRIP MINE ACT AND CONDITIONS OF THE SECRETARY OF INTERIOR'S APPROVAL OF THE MONTANA PROGRAM; AMENDING SECTIONS 82-4-203, 82-4-221, 82-4-222, 82-4-251, AND 82-4-254, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-203, MCA, is amended to read:

"82-4-203. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(1) "Abandoned" means an operation where no mineral is being produced and where the department determines that the operation will not continue or resume.

(2) "Alluvial valley floor" means the unconsolidated stream-laid deposits holding streams where water availability is sufficient for subirrigation or flood irrigation agricultural activities; but the term does not include upland areas which are generally overlain by a thin veneer of colluvial deposits composed chiefly of debris from sheet erosion, deposits by unconcentrated runoff or slope wash, together with talus, other mass movement accumulation, and windblown deposits.

(3) "Aquifer" means any geologic formation or natural zone beneath the earth's surface that contains or stores water and transmits it from one point to another in quantities which permit or have the potential to permit economic development as a water source.

(4) "Area of land affected" means the area of land from which overburden is to be or has been removed and upon which the overburden

HeinOnline -- 1981 vol. I 774 1981

is to be or has been deposited and includes all land overlying any tunnels, shafts, or other excavations used to extract the mineral, lands affected by the construction of new railroad loops and roads or the improvement or use of existing railroad loops and roads to gain access and to haul the mineral, processing facilities at or near the mine site or other mine associated facilities, waste deposition areas, treatment ponds, and any other surface or subsurface disturbance associated with strip mining or underground mining, and all activities necessary and incident to the reclamation of such operations.

(5) "Bench" means the ledge, shelf, table, or terrace formed in the contour method of strip mining.

(6) "Board" means the board of land commissioners provided for in Article X, section 4, of the constitution of this state.

(7) "Coal conservation plan" means the planned course of conduct of a strip- or underground-mining operation to include plans for the removal and utilization of minable and marketable coal located within the area planned to be mined.

(8) "Commissioner" means the commissioner of state lands provided for in 2-15-3202.

(9) "Contour strip mining" means that strip-mining method commonly carried out in areas of rough and hilly topography in which the coal or mineral seam outcrops along the side of the slope and entrance is made to the seam by excavating a bench or table cut at and along the site of the seam outcropping with the excavated overburden commonly being cast down the slope below the mineral seam and the operating bench.

(10) "Degree" means from the horizontal and in each case is subject to a tolerance of 5% error.

(11) "Department" means the department of state lands provided for in Title 2, chapter 15, part 32.

(12) "Failure to conserve coal" means the nonremoval or nonutilization of *minable* and marketable coal by an operation, provided that the nonremoval or nonutilization of minable and marketable coal in accordance with reclamation standards established by the department shall not be considered failure to conserve coal.

(13) "Fill bench" means that portion of a bench or table which is formed by depositing overburden beyond or downslope from the cut section as formed in the contour method of strip mining.

(14) "Imminent danger to the health and safety of the public" means the existence of any condition or practice or any violation of a permit or other requirement of this part in a strip- or underground-coal-mining and reclamation operation that could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would

HeinOnline -- 1981 vol. I 775 1981

not expose himself or herself to the danger during the time necessary for abatement.

(15) "Marketable coal" means a minable coal that is economically feasible to mine and is fit for sale in the usual course of trade.

(16) "Method of operation" means the method or manner by which the cut, open pit, shaft, or excavation is made, the overburden is placed or handled, water is controlled, and other acts are performed by the operator in the process of uncovering and removing the minerals that affect the reclamation of the area of land affected.

(17) "Minable coal" means that coal which can be removed through strip- or underground-mining methods adaptable to the location that coal is being mined or is planned to be mined.

(18) "Mineral" means coal and uranium.

(19) "Operation" means all of the premises, facilities, railroad loops, roads, and equipment used in the process of producing and removing mineral from and reclaiming a designated strip-mine or underground-mine area and all activities, including excavation incident thereto, or prospecting for the purpose of determining the location, quality, or quantity of a natural mineral deposit.

(20) "Operator" means a person engaged in strip mining or underground mining who removes or intends to remove more than 10,000 cubic yards of mineral or overburden or a person engaged in coal mining who removes or intends to remove more than 250 tons of coal from the earth by mining within 12 consecutive calendar months in any one location.

(21) "Overburden" means all of the earth and other materials which lie above a natural mineral deposit and also means such earth and other material after removal from their natural state in the process of mining.

(22) "Person" means a person, partnership, corporation, association, or other legal entity or any political subdivision or agency of the state or federal government.

(23) "Prime farmland" means that land previously prescribed by the United States secretary of agriculture on the basis of such factors as moisture availability, temperature regime, chemical balance, permeability, surface-layer composition, susceptibility to flooding, and erosion characteristics and which historically has been used for intensive agricultural purposes and as defined in the Federal Register.

(24) "Prospecting" means the removal of overburden, core drilling, construction of roads, or any other disturbance of the surface for the purpose of determining the location, quantity, or quality of a natural mineral deposit.

(25) "Reclamation" means backfilling, subsidence stabilization, water control, grading, highwall reduction, topsoiling, planting, revegetation, and other work to restore an area of land affected by strip mining or underground mining under a plan approved by the department.

HeinOnline -- 1981 vol. I 776 1981

(26) "Strip mining" means any part of the process followed in the production of mineral by the opencut method, including mining by the auger method or any similar method which penetrates a mineral deposit and removes mineral directly through a series of openings made by a machine which enters the deposit from a surface excavation or any other mining method or process in which the strata or overburden is removed or displaced in order to recover the mineral.

(27) "Subsidence" means a vertically downward movement of overburden materials resulting from the actual mining of an underlying mineral deposit or associated underground excavations.

(28) "Surface owner" means a person who holds legal or equitable title to the land surface and whose principal place of residence is on the land or who personally conducts farming or ranching operations upon a farm or ranch unit to be directly affected by strip-mining operations or who receives directly a significant portion of his income, if any, from such farming or ranching operations or the state of Montana where the state owns the surface.

(29) "Topsoil" means the unconsolidated mineral matter naturally present on the surface of the earth that has been subjected to and influenced by genetic and environmental factors of parent material, climate, macro- and microorganisms, and topography, all acting over a period of time, and that is necessary for the growth and regeneration of vegetation on the surface of the earth.

(30) "Underground mining" means any part of the process followed in the production of a mineral such that vertical or horizontal shafts, slopes, drifts, or incline planes connected with excavations penetrating the mineral stratum or strata are utilized and includes mining by in situ methods.

(31) "Unwarranted failure to comply" means the failure of a permittee to prevent the occurrence of any violation of his permit or any requirement of this part due to indifference, lack of diligence, or lack of reasonable care, or the failure to abate any violation of such permit or this part due to indifference, lack of diligence, or lack of reasonable care.

(33) "Written consent" means such written statement as is executed by the owner of the surface estate, upon a form approved by the department, demonstrating that such owner consents to entry of an operator for the purpose of conducting strip-mining operations and that such consent is given only to such strip-mining and reclamation operations which fully comply with the terms and requirements of this part."

Section 2. Section 82-4-221, MCA, is amended to read:

"82-4-221. Mining permit required. (1) An operator may not engage in strip or underground mining without having first obtained from the department a permit designating the area of land affected by the operation, which designation shall include all lands reasonably anticipated to

HeinOnline -- 1981 vol. I 777 1981

be mined or otherwise affected during the applicable 5-year period. The permit shall authorize the operator to engage in strip or underground mining upon the area of land described in his application and designated in the permit for a period of 5 years from the date of its issuance. Such permit shall be renewable upon each 5-year anniversary thereafter upon application to the department at least *120* but not more than *150* days prior to the renewal date so long as the operator is in compliance with the requirements of this part, the rules hereunder, and the reclamation plan provided for in 82-4-231 and agrees to comply with all applicable laws and rules in effect at the time of renewal. Such renewal shall further be subject to the denial provisions of 82-4-227, 82-4-234, and 82-4-251. On application for renewal, the burden shall be on the opponents of renewal to demonstrate that the permit should not be renewed. A permit shall terminate if the permittee has not commenced strip- or underground-mining operations pursuant to the permit within 3 years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding the commencement or threatening substantial economic loss to the permittee or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee is considered to have commenced strip- or underground-mining operations at such time as the construction of the synthetic or generating facility is initiated.

(2) As a condition to the issuance of every permit issued under this part, an authorized representative of the department shall, without advance notice, have the right of entry to, upon, or through a strip- or underground-mining operation or any premises in which any records required to be maintained under this part are located and may, at reasonable times and without delay, have access to copy any records and inspect any monitoring equipment or method of operation required under this part. When an inspection results from information provided to the department by any person, the department shall notify that person when the inspection is proposed to be made and that person shall be allowed to accompany the inspector during the inspection.

(3) During the term of the permit, the permittee may submit an application for a revision of the permit, together with a revised reclamation plan, to the department. The department may not approve the application unless it finds that reclamation in accordance with this part would be accomplished. Application for minor revision shall be approved or disapproved within a reasonable time, depending on the scope and complexity, but in no case longer than 120 days. Applications for major revisions are subject to all the permit application requirements and procedures."

Section 3. Section 82-4-222, MCA, is amended to read:

"82-4-222. Permit application. (1) An operator desiring a permit shall file an application which shall contain a complete and detailed plan for the mining, reclamation, revegetation, and rehabilitation of the land and water to be affected by the operation. Such plan shall reflect thorough advance investigation and study by the operator and shall include all

HeinOnline -- 1981 vol. I 778 1981

known or readily discoverable past and present uses of the land and water to be affected and the approximate periods of such use and shall state:

(a) the location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) the names and addresses of the owners of record of the surface of the area of land to be affected by the permit and the owners of record of all surface area within one-half mile of any part of the affected area;

(c) the names and addresses of the present owners of record of all subsurface minerals in the land to be affected;

(d) the source of the applicant's legal right to mine the mineral on the land affected by the permit;

(h) the names and addresses of any persons who are engaged in strip- or underground-mining activities on behalf of the applicant;

(i) the annual rainfall and the direction and average velocity of the prevailing winds in the area where the applicant has requested a permit;

(j) the results of any test borings or core samplings which the applicant or his agent has conducted on the land to be affected, including the nature and the depth of the various strata or overburden and topsoil, the quantities and location of subsurface water and its quality, the thickness of any mineral seam, an analysis of the chemical properties of such minerals, including the acidity, sulphur content, and trace mineral elements of any coal seam, as well as the British thermal unit (Btu) content of such seam, and an analysis of the overburden, including topsoil. If test borings or core samplings are submitted, each permit application shall contain two copies each of two sets of geologic cross sections accurately depicting the known geologic makeup beneath the surface of the affected land. Each set shall depict subsurface conditions at such intervals as the department requires across the surface and shall run at a 90-degree angle to the other set. The department may not require intervals of less than 500 feet. Each cross section shall depict the thickness and geologic character of all known strata beginning with the topsoil. In addition, each application for an

HeinOnline -- 1981 vol. I 779 1981

underground-mining permit shall be accompanied by cross sections and maps showing the proposed underground locations of all shafts, entries, and haulageways or other excavations to be excavated during the permit period. These cross sections shall also include all existing shafts, entries, and haulageways.

(k) the name and date of a daily newspaper of general circulation within the county in which the applicant will prominently publish at least once a week for 4 successive weeks after submission of the application an announcement of his application for a strip-mining or underground-mining permit and a detailed description of the area of land to be affected should a permit be granted;

(l) a determination of the probable hydrologic consequences of coal mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface- and ground-water systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas, so that cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability can be made. However, this determination is not required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. The permit may not be approved until such information is available and is incorporated into the application;

(m) a coal conservation plan; and

(n) such other or further information as the department may require.

(2) The application for a permit shall be accompanied by two copies of all maps meeting the requirements of the subsections below. The maps shall:

(a) identify the area to correspond with the application;

(b) show any adjacent deep mining or surface mining and the boundaries of surface properties and names of owners of record of the affected area and within 1,000 feet of any part of the affected area;

(c) show the names and locations of all streams, creeks, or other bodies of water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within 1,000 feet of such area;

(d) show by appropriate markings the boundaries of the area of land affected, any cropline of the seam or deposit of mineral to be mined, and the total number of acres involved in the area of land affected;

(e) show the date on which the map was prepared and the north point;

(f) show the final surface and underground water drainage plan on and away from the area of land affected. This plan shall indicate the directional and volume flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(g) show the proposed location of waste or refuse area;

HeinOnline -- 1981 vol. I 780 1981

(h) show the proposed location of temporary subsoil and topsoil storage area;

(i) show the proposed location of all facilities;

(j) show the location of test boring holes;

(k) show the surface location lines of any geologic cross sections which have been submitted;

(l) show a listing of plant varieties encountered in the area to be affected and their relative dominance in the area, together with an enumeration of tree varieties and the approximate number of each variety occurring per acre on the area to be affected, and the locations generally of the various kinds and varieties of plants, including but not limited to grasses, shrubs, legumes, forbs, and trees;

(m) be certified as follows: "I, the undersigned, hereby certify that this map is correct and shows to the best of my knowledge and belief all the information required by the mining laws of this state." The certification shall be signed and notarized. The department may reject a map as incomplete if its accuracy is not so attested.

(n) contain such other or further information as the department may require.

(3) If the department finds that the probable total annual production at all locations of any strip- or underground-coal-mining operation applied for will not exceed 100,000 tons, any determination of probable hydrologic consequences that the department requires and the statement of result of test borings or core samplings shall, upon written request of the operator, be performed by a qualified public or private laboratory designated by the department. The department shall assume the cost of the determination and statement to the extent that it has received funds for this purpose.

(4) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, subsidence stabilization, water control, grading work, highwall reduction, topsoiling, planting, revegetating, and a reclamation plan for the area affected by the operation, which proposals shall meet the requirements of this part and rules adopted under this part. The reclamation plan shall address the life of the operation and indicate the size, sequence, and the timing of the subareas for which it is anticipated that individual permits will be sought.

(5) Each applicant for a coal mining permit shall submit as part of the application a certificate issued by an insurance company authorized to do business in the state certifying that the applicant has in force for the strip- or underground-mining and reclamation operations for which the permit is sought a public liability insurance policy, or evidence that the applicant has satisfied other state or federal self-insurance requirements. This policy shall provide for personal injury and property damage protection in an amount adequate to compensate any persons damaged as a result of strip- or underground-coal-mining and reclamation operations, including use of

HeinOnline -- 1981 vol. I 781 1981

explosives, and entitled to compensation under applicable provisions of state law. The permittee must maintain the policy in full force and effect during the term of the permit and any renewal until all reclamation operations have been completed.

(6) Each applicant for a strip-mining or underground-mining reclamation permit shall file a copy of his application for public inspection with the clerk and recorder at the courthouse of the county where the major portion of mining is proposed to occur."

Section 4. Section 82-4-251, MCA, is amended to read:

"82-4-251. Noncompliance — suspension of permits. (1) The commissioner or an authorized representative of the department shall, if he determines on the basis of an inspection that any condition or practices exist or that the permittee is in violation of any requirement of this part or any permit condition required by the part that creates an imminent danger to the health or safety of the public or is causing or can reasonably be expected to cause significant and imminent environmental harm to land, air, or water resources, immediately order cessation of *the operation* or the portion thereof relevant to the condition, practice, or violation. The cessation order remains in effect until the commissioner or his authorized representative determines that the condition, practice, or violation has been abated or until modified, vacated, or terminated by the commissioner or his authorized representative pursuant to subsection (5). If the commissioner or his authorized representative finds that the ordered cessation of *the operation*, or any portion thereof, will not completely abate the imminent danger to the health or safety of the public or the significant and imminent environmental harm to land, air, or water resources, he shall in addition to the cessation order impose affirmative obligations requiring whatever steps the commissioner or his authorized representative considers necessary to abate the imminent danger or the significant environmental harm.

(2) When, on the basis of an inspection, the department determines that any permittee is in violation of any requirement of this part or any permit condition required by this part which does not create an imminent danger to the health or safety of the public or cannot be reasonably expected to cause significant and imminent environmental harm to land, air, or water resources, the commissioner or authorized representative shall issue a notice to the permittee or his agent fixing a reasonable time, not exceeding 90 days, for the abatement of the violation and providing opportunity for public hearing. If, upon expiration of the period of time as originally fixed or subsequently extended, for good cause shown and upon the written finding of the commissioner or his authorized representative, the commissioner or his authorized representative finds that the violation has not been abated, he shall immediately order a cessation of *the operation* or the portion thereof relevant to the violation. Such cessation order remains in effect until the commissioner or his authorized representative determines that the violation has been abated or until modified, vacated, or terminated by the commissioner or his authorized representative pursuant to subsection (5). In the order of cessation issued under this subsection, the commissioner shall determine the steps necessary to abate the

HeinOnline -- 1981 vol. I 782 1981

violation in the most expeditious manner possible and shall include the necessary measures in the order.

(3) When, on the basis of an inspection, the commissioner or his authorized representative determines that a pattern of violations of any requirements of this part or any permit conditions required by this part exists or has existed and if the commissioner or his authorized representative also finds that such violations are caused by the unwarranted failure of the permittee to comply with any requirements of this part or any permit conditions or that such violations are willfully caused by the permittee, the commissioner or his authorized representative shall forthwith issue an order to the permittee to show cause as to why the permit should not be suspended or revoked and shall provide opportunity for a public hearing. If a hearing is requested, the commissioner shall inform all interested parties of the time and place of the hearing. Upon the permittee's failure to show cause as to why the permit should not be suspended or revoked, the commissioner or his authorized representative shall forthwith suspend or the board shall revoke the permit. When a permit has been revoked, the board may order the performance bond forfeited.

(4) Any additional permits held by an operator whose mining permit has been revoked shall be suspended and the operator is not eligible to receive another permit or to have the suspended permits reinstated until he has complied with all the requirements of this part in respect to former permits issued him. An operator who has forfeited a bond is not eligible to receive another permit unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator has paid into the reclamation account a sum together with the value of the bond the board finds adequate to reclaim the lands. The department may not issue any additional permits to an operator who has repeatedly been in noncompliance or violation of this part.

(5) Notices and orders issued pursuant to this section shall set forth with reasonable specificity the nature of the violation and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the operation to which the notice or order applies. Each notice or order issued under this section shall be given promptly to the permittee or his agent by the department or the commissioner or his authorized representative who issues the notice or order. All such notices and orders must be in writing and be signed by the authorized representatives. Any notice or order issued pursuant to this section may be modified, vacated, or terminated by the commissioner or his authorized representative, provided that any notice or order issued pursuant to this section that requires cessation of mining by the operator expires within 30 days of actual notice to the operator unless a public hearing is held at the site or within such reasonable proximity to the site that any viewings of the site can be conducted during the course of public hearing.

(6) *A person* issued a notice or an order of *cessation* pursuant to this section or any person having an interest that is or may be adversely affected by an order or by modification, vacation, or termination of an order may apply to the department for review of that order within 30 days

HeinOnline -- 1981 vol. I 783 1981

of its issuance or within 30 days of its modification, vacation, or termination. Upon receipt of the application, the department shall make an investigation. The investigation shall provide an opportunity for public hearing at the request of the applicant or the person having an interest who is or may be adversely affected to enable the applicant or the person to present information relating to the issuance and continuance of the notice or order or the modification, vacation, or termination of it. The filing of an application for review under this subsection may not operate as a stay of any order or notice. The department shall make findings of fact and issue a written decision incorporating an order vacating, affirming, modifying, or terminating the order.

(7) Whenever an order is issued under this section or as the result of any administrative proceeding under this part, at the request of any person, a sum equal to the aggregate amount of all costs, expenses, and attorney fees as determined by the department to have been reasonably incurred by such person for or in connection with his participation in such proceedings, including any judicial review of agency actions, may be assessed against either party as the court, resulting from judicial review, or the department, resulting from administrative proceedings, considers proper.

(8) In order to protect the stability of the land, the commissioner or his authorized representative shall order cessation of underground coal mining under urbanized areas, cities, towns, and communities and adjacent to industrial or commercial buildings, major impoundments, or permanent streams if he finds imminent danger to inhabitants of the urbanized areas, cities, towns, and communities."

Section 5. Section 82-4-254, MCA, is amended to read:

"82-4-254. Violation — penalty. (1) A person or operator who violates any of the provisions of this part, rules or orders adopted under this part, or term or condition *of a permit* and any director, officer, or agent of a corporation who willfully authorizes, orders, or carries out a violation shall pay a civil penalty of not less than $100 or more than $5,000 for the violation and an additional civil penalty of not less than $100 or more than $5,000 for each day during which a violation continues and may be enjoined from continuing such violations as hereinafter provided in this section. Any person or operator who fails to correct a violation within the period permitted by law, rule of the board or department, or order of the commissioner shall be assessed a penalty of not less than $750 for each day during which such failure or violation continues. The period permitted for correction of a violation shall not, in the case of any review proceeding under 82-4-251(6), end until entry of a final order suspending the abatement requirements or until entry of an order of court ordering suspension of the abatement requirements.

(2) The department shall notify the person or operator of the violation. The person or operator shall by filing a written request within 20 days of receipt of the notice of violation be entitled to a hearing on the issues of whether the alleged violation has occurred and whether the penalty proposed to be assessed is proper. The department shall issue a statement of

HeinOnline -- 1981 vol. I 784 1981

proposed penalty no more than 10 days after notice of violation. After the hearing or after the time for requesting a hearing has expired, the board shall make findings of fact and shall issue a written decision as to the occurrence of the violation and the amount of penalty warranted and shall order the payment of a penalty in that amount. The person or operator shall remit the amount of the penalty within 30 days of the order. If the person or operator wishes to obtain judicial review of the assessment, he shall submit with the penalty a statement that the penalty is being paid under protest and the department shall hold the payment in escrow until judicial review is complete. Any person or operator who fails to request and submit testimony at the hearing provided for in this subsection or who fails to pay the assessed penalty under protest within 30 days of the order assessing the penalty forfeits his right to seek judicial review of the violation or penalty determinations. These penalties are recoverable in any action brought in the name of the state of Montana by the attorney general in the district court of the first judicial district of this state, in and for the county of Lewis and Clark, or the district having jurisdiction over the defendant.

(3) The attorney general shall, upon request of the commissioner, sue for the recovery of the penalties provided for in this section and bring an action for a restraining order or temporary or permanent injunction against an operator or other person who:

(a) violates, threatens to violate, or fails or refuses to comply with any order or decision issued under this part;

(b) interferes with, hinders, or delays the department in carrying out the provisions of the part;

(c) refuses to admit an authorized representative of the department to the permit area;

(d) refuses to permit inspection of the permit area by an authorized representative of the department;

(e) refuses to furnish any information or report requested by the department in furtherance of the provisions of this part;

(f) refuses to permit access to and copying of such records as the department determines to be necessary in carrying out the provisions of this part.

(4) Any relief granted by a court under subsection (3)(a) continues in effect until the completion or final termination of all proceedings for review of such under this part unless, prior thereto, the district court granting the relief sets it aside or modifies it.

(5) A person who violates any of the provisions of this part or any determination or order adopted under this part, or who willfully violates any permit condition issued under this part is guilty of a misdemeanor and

Be it enacted by the Legislature of the State of Montana:

Section 1. **Warrant for distraint.** (1) A warrant for distraint is an order, under the official seal of the department of revenue, directed to a sheriff of any county of Montana or to any agent authorized by law to collect a tax. The order commands the recipient to levy upon and sell the real and personal property of a delinquent taxpayer.

(2) Upon filing the warrant as provided in [section 4], there is a lien against all real and personal property of the delinquent taxpayer located in the county where the warrant is filed. The resulting lien is treated in the same manner as a properly docketed judgment lien, and the department may collect delinquent taxes and enforce the tax lien in the same manner as a judgment is enforced.

(3) A warrant may be issued for the amount of unpaid tax plus penalty, if any, and accumulated interest. The lien is for the amount indicated on the warrant plus accrued interest from the date of the warrant.

Section 2. **Issuance of warrant.** (1) If a tax, other than inheritance or estate tax, administered and collected by the department is not paid within 30 days of the due date, the department may issue a notice to the taxpayer notifying him that unless payment is received within 30 days of the date of the notice, a warrant for distraint may be issued. Thirty days after the date of the notice, the department may issue a warrant if payment is not received.

(2) Use of the procedure to issue a warrant under this section does not preclude use of the procedure under [section 3] if the department determines that it is appropriate to utilize [section 3].

Section 3. **Emergency issuance of warrant.** (1) The department may issue a warrant for distraint without waiting for the expiration of either 30-day period provided for in [section 2] if:

(a) the department determines that the collection of the tax is or may be jeopardized because of the delay imposed by the waiting period; or

(b) the tax involved is a tax considered to be held in trust by the taxpayer under state law.

HeinOnline -- 1981 vol. I 787 1981

(2) Whenever the provisions of this section are utilized, the department must notify the taxpayer that warrants have been issued.

Section 4. **Filing with district court.** (1) After issuing a warrant, the department may file the warrant with the clerk of a district court. The clerk shall file the warrant in the judgment docket, with the name of the taxpayer listed as the judgment debtor.

(2) A copy of the filed warrant may be sent by the department to the sheriff or agent authorized to collect the tax.

Section 5. **Hearing.** (1) Except as provided in [section 7], a taxpayer has the right to request a hearing on the matter of tax liability prior to execution on a filed warrant for distraint.

(2) The department must provide notice of the right to hearing to the taxpayer. A request for a hearing must be made in writing within 30 days of the date of the notice. This notice may be given prior to the notice referred to in [section 2]. If a written request for a hearing is received, the warrant may not be executed upon until after the date the hearing is held or, if the taxpayer fails to attend a scheduled hearing, the date the hearing is scheduled.

(3) The hearing is subject to the contested case provisions of the Montana Administrative Procedure Act. Before a decision may be appealed to the district court, an appeal must first be taken to the state tax appeal board. A request for a hearing must be in writing in order to postpone execution on a warrant.

Section 6. **Execution upon warrant.** (1) Upon receipt of a copy of the filed warrant and notice from the department that the applicable hearing provisions have been complied with, the sheriff or agent authorized to collect the tax shall proceed to execute upon the warrant in the same manner as prescribed for execution upon a judgment.

(2) A notice of levy may be made by means of a certified letter by an agent authorized to collect the tax. An agent is not entitled to any fee or compensation in excess of actual expenses incurred in enforcing the warrant.

(3) A sheriff or agent shall return a warrant, along with any funds collected, within 90 days of the date of the warrant.

(4) If the warrant is returned not satisfied in full, the department has the same remedies to collect the deficiency as are available for any civil judgment.

Section 7. **Emergency execution upon warrant.** (1) The department may execute upon a filed warrant for distraint without providing an opportunity for a hearing prior to execution if the department determines that the collection of the tax is jeopardized because of the delay imposed by the hearing requirement.

(2) When the provisions of this section are utilized, the department must notify the taxpayer and inform the taxpayer that he has a right to request a hearing to be held subsequent to execution. A hearing, if desired,

HeinOnline -- 1981 vol. I 788 1981

must be requested in writing within 30 days of the date of the notice and, if requested, must be held as soon as possible. The commencement of a proceeding under [section 5] does not preclude the use of the provisions of this section if the department determines that such action is appropriate.

Section 8. **Release of lien.** (1) Upon payment in full of the unpaid tax plus penalty, if any, and accumulated interest, the department shall release the lien acquired by filing the warrant for distraint.

(2) Upon partial payment or whenever the department determines that a release or partial release of the lien will facilitate the collection of the unpaid tax, penalty, and interest, the department may release or may partially release the lien acquired by filing the warrant for distraint. The department may release the lien if it determines that the lien is unenforceable.

Section 9. **Remedy not exclusive.** The use of the warrant for distraint provided for in [sections 1 through 8] is not exclusive, and the department may use any other remedy provided by law for the collection of tax debts.

Section 10. Section 15-30-208, MCA, is amended to read:

"15-30-208. Withheld taxes held in trust for state — warrants to collect. *(1)* Every employer who deducts and withholds any amounts under the provisions of 15-30-201 through 15-30-209 shall hold the same in trust for the state of Montana.

"15-30-312. Jeopardy assessments. (1) If the department finds that the assessment or collection of the tax or a deficiency for any taxable year will be jeopardized in whole or in part by delay, it may mail or issue notice of its findings to the taxpayer, together with a demand for immediate payment of the tax or deficiency declared to be in jeopardy, including penalty and accrued interest. In the case of a tax for a current period, the department may declare the taxable period of the taxpayer immediately terminated and shall mail or issue notice of its findings to the taxpayer, together with a demand for immediate payment of the tax based on the period declared terminated.

HeinOnline -- 1981 vol. I 789 1981

Section 43. Section 40-5-224, MCA, is amended to read:

"40-5-224. Finding of support liability based upon payment of public assistance — warrant of distraint — bond to release warrant — action to collect. No further action may be taken on the warrant until final determination after fair hearing and/or appeal. The department shall in such cases make and file in the record of the fair hearing an affidavit stating the reasons upon which the belief is founded. The responsible parent

(2) The department may commence action under the provisions of this part to collect the support debt on the date of issuance of the decision resulting from the hearing."

Section 44. Section 40-5-225, MCA, is amended to read:

"40-5-225. Notice and finding of financial responsibility of responsible parent — administrative procedure. This notice and finding shall relate to the support debt accrued or accruing under this part and/or Title 53, chapter 4, including periodic payments to be made in the future for the period of time any child of the responsible parent is in need. The hearing shall be held pursuant to this part and the rules of the department, which shall provide for a fair hearing.

(2) The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action, in accordance with the provisions of the Montana Rules of Civil Procedure. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than *30* days from the date of service to request in writing a hearing, notice of which shall be served upon the department personally or by registered or certified mail. If no request is made, the notice and finding of financial responsibility becomes final. If a request is made, the execution of notice and finding of financial responsibility shall be stayed pending the decision on such hearing or any direct appeal to the courts from the decision.

(3) The notice and finding of financial responsibility shall include:

(a) the amount the department has determined the responsible parent owes, the support debt accrued or accruing, and, as appropriate, the amount to be paid thereon each month, all computable on the basis of the amount of the monthly public assistance payment previously paid or need alleged and the ability of the responsible parent to pay all or any portion of the debt;

(b) a statement of the name of the recipient or custodian and the name of any child for whom assistance is being paid or need is alleged; or a statement of the amount of periodic future support payments for which financial responsibility is found;

(c) a statement that the responsible parent may object to all or any part of the notice and finding and request a hearing to show cause why he should not be determined to be liable for any or all of the past and future debt determined and the amount to be paid thereon;

HeinOnline -- 1981 vol. I 799 1981

(d) a statement that if the responsible parent fails to request a hearing, the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed, determined, and ordered by the department and that this debt is subject to collection action;

(e) a statement that the property of the debtor, without further advance notice or hearing, will be subject to distraint and seizure and sale to satisfy the debt."

Section 45. Section 40-5-226, MCA, is amended to read:

"40-5-226. Administrative hearing — nature — place — time — determinations — failure to appear — entry of findings. (1) The administrative hearing is defined as a "contested case".

(2) The administrative hearing may be held in the county of residence or other county convenient to the responsible parent.

(3) If a hearing is requested, it shall be scheduled within 30 days.

(4) The hearing officer shall determine the liability and responsibility, if any, of the alleged responsible parent under 40-5-221 and shall also determine the amount of periodic payments to be made to satisfy past, present, or future liability under 40-5-221. In making these determinations, the hearing officer shall include in his consideration the scale of suggested minimum contributions adopted under 40-5-214.

(5) If the responsible parent fails to appear at the hearing, upon a showing of valid service, the hearing officer shall enter a decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed, determined, and subject to collection action. Within *30* days of entry of the order, the responsible parent may petition the department to vacate the order upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(6) The hearing officer shall, within 20 days of the hearing, enter findings, conclusions, and a final decision determining liability and responsibility and/or future periodic support payments. The determination of the hearing officer entered pursuant to this section shall be entered as an order unless such findings are set aside pursuant to 40-5-253 and shall limit the support debt under 40-5-221 to the amounts stated in the decision.

(7) The decision establishing liability and future periodic support payments is superseded upon entry of a district court order for support to the extent the district court order is inconsistent with the hearing order or decision. In the absence of a district court order the responsible parent may petition the department for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances to require the other party to appear and show cause why the decision previously entered should not be prospectively modified. The order to appear and show cause together with a copy of the affidavit upon which the order is based shall be served by the petitioning party on the nonmoving party in the manner of a summons in a civil action. A hearing shall

HeinOnline -- 1981 vol. I 800 1981

be set not less than 15 or more than 30 days from the date of service, unless extended for good cause shown. Prospective modification may be ordered but only upon a showing of good cause and material change of circumstances.

(8) The department, in its original determinations, and the hearing officer, in making determinations based on objections to original determinations or on petitions to modify, shall consider the standards promulgated for determination of support payments used by the district court of the county of residence of the responsible parent.

(9) Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this part without further necessity of action by the hearing officer."

Section 46. Section 40-5-241, MCA, is amended to read:

"40-5-241. Warrant for distraint. *Thirty-one* days after receipt or refusal of notice of debt under provisions of 40-5-222 or *31* days after service of notice of debt or as otherwise appropriate under the provisions of 40-5-223 and 40-5-224, the department may issue a warrant *for* distraint *based on the amount of the support debt. The warrant is subject to the provisions of [sections 1, 4, 5, 8, and 9], with references to "tax" taken to mean "support debt" and references to "taxpayer" taken to mean "person owing the support debt", as well as the provisions of this part. Notwithstanding the provisions of [subsection (3) of section 5], an appeal from a hearing may be made directly to district court, as provided in 40-5-253, and is not appealable to the state tax appeal board.*"

Section 47. Section 40-5-245, MCA, is amended to read:

"40-5-245. Satisfaction of debt after levy on property — redemption. Any person owning real property or any interest in real property against which a warrant *for* distraint has been issued and levied upon may pay the amount due, together with expenses of the proceedings and reasonable attorney fees to the department. Upon full payment the property *shall be restored* to him and all further proceedings on the warrant shall cease. The person shall also have the right within 240 days after sale of property levied upon to redeem the property by making payment to the purchaser in the amount paid by the purchaser plus interest at the statutory interest rate payable on judgments recovered in the courts of this state."

Section 48. Section 40-5-246, MCA, is amended to read:

"40-5-246. Release of distraint and return of seized property — effect. The department may at any time release a distraint on all or part of the property of the debtor or order the return *of* seized property without liability, if assurance of payment is determined to be adequate by the department or if the action will facilitate the collection of the debt. The release or return does not operate to prevent future action to collect from the same or other property."

Section 49. Section 40-5-255, MCA, is amended to read:

HeinOnline -- 1981 vol. I 801 1981

"40-5-255. Charging off child support debts as uncollectible. Any support debt due the department from a responsible parent which the department determines uncollectible may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset. In the event a warrant *for* distraint has been filed and the support debt has subsequently been charged off as uncollectible, the department shall issue a release of lien. At any time after 6 years from the date a support debt was incurred, the department may charge off as uncollectible any support debt upon which the department finds there is no available, practical, or lawful means by which the debt may be collected. No proceedings or action under the provisions of this part may be begun after expiration of the 6-year period to institute collection of a support debt. Nothing herein may be construed to render invalid or nonactionable a warrant *for* distraint filed with the clerk of court prior to the expiration of the 6-year period or an assignment of earnings executed prior to the expiration of the 6-year period."

Section 50. Section 40-5-256, MCA, is amended to read:

"40-5-256. Employee debtor rights protected — limitation. No employer may discharge or prejudice an employee for reason that an assignment of earnings has been presented in settlement of a support debt or that a warrant *for* distraint has been served against the employee's earnings. This provision does not apply if more than three warrants are served upon the same employer within any period of 12 consecutive months."

Section 51. Section 69-1-226, MCA, is amended to read:

"69-1-226. Failure to pay fee — penalty and interest — collection of fee. (1) If a regulated company or an officer or employee of a regulated company files the statement required by 69-1-223(2) but fails, neglects, or refuses to pay the fee due within the time required, the department of revenue may after the time for payment has expired add to the fee due, in addition to any other penalty provided by law, a penalty of 10% thereof plus interest at the rate of 1% per month or fraction of month computed on the total amount of the fee and penalty. Interest is computed from the date the fee is due to the date of payment.

(2) The department of revenue shall mail to the regulated company a letter setting forth the amount of the fee, penalty, and interest and notifying the company that payment of the full amount of the fee, penalty, and interest must be remitted within 15 days of the regulated company's receipt of the letter; otherwise a *warrant for distraint* may be filed.

(3) The 10% penalty may be waived by the department of revenue if reasonable cause for failure and neglect to make payment is provided to the department."

Section 52. Section 69-1-227, MCA, is amended to read:

"69-1-227. Warrant for distraint. *If the fee imposed by this part is not paid when due, the department may issue a warrant for distraint as provided in [sections 1 through 9].* The *resulting* lien has precedence over any claim, lien, or demand thereafter filed and recorded."

(3) If any dealer is originally registered 6 months after the time of registration as set by law, the registration or license fee for the remainder of such year shall be one-half of the regular fee above given.

(4) A dealer in motor vehicles, *recreational vehicles,* or trailers who shall maintain more than one place of business or who shall maintain any branch establishment or establishments must register and pay a registration or license fee for each such place of business or establishment.

An applicant for a renewal of a used motor vehicle dealer license shall certify under oath that he has sold more than five used motor vehicles during the preceding calendar year or pay an additional $300 before he may be licensed.

(6) Demonstrator plates provided for in subsection (2)(a)(ii) may be used only as follows:

Section 4. Section 61-4-103, MCA, is amended to read:

"61-4-103. Assignment of dealer plates. (1) Upon the licensing of a dealer as a new motor vehicle dealer, used motor vehicle dealer, *recreational vehicle dealer,* or trailer, semitrailer, or special mobile equipment dealer, or a dealer of the motorcycle-type vehicle, the division shall assign to such dealer a distinctive serial license number as a dealer and after payment of fees furnish every qualified dealer in motor vehicles with *such* sets of number plates as required according to need, which need shall be justified by the dealer with the initial application for license and each renewal. Assigned number plates shall be similar to number plates furnished to owners of motor vehicles but shall bear thereon, in addition to the serial number assigned such dealer, the letter "D" if the dealer is authorized to sell new motor vehicles (including trucks and truck trailers); *the letters "RV" if the dealer is authorized to sell recreational vehicles;* the letters "UD" if the dealer is authorized to sell used motor vehicles (including used trucks and used truck trailers); the letters "DTR" if the dealer is authorized to sell trailers, semitrailers, or special mobile equipment (new or used); and the letters "MCD" if the dealer is authorized to sell vehicles of the motorcycle type (new or used).

(2) With the exception of a dealer authorized to sell new motor vehicles (including trucks and truck trailers) and to use the "D" plate *or demonstrator plate,* no dealer authorized to transact business under the provisions of this section may offer for sale or trade any vehicle described in this section except such vehicles as are authorized by the plates assigned to him. If an applicant wishes to sell more than one type of vehicle, he shall make application for each separate authorization. No plate assigned to a dealer may be used on any vehicle other than the type described in this section. A dealer authorized to sell new motor vehicles and assigned a "D" plate *or demonstrator plate* is authorized to sell both new and used motor vehicles (including trucks and truck trailers), and *such* plates may be displayed on either new or used motor vehicles by a licensed dealer in new vehicles.

(3) The division shall cause to be placed on each set of license plates issued to a dealer a serial number assigned to each dealer and the actual number of license plates issued to each dealer. The number of the dealer shall follow the prefix of the county, and the number of plates issued the dealer shall follow the prefix of the county and the number of the dealer, the dealer's number to be separated from the county prefix by a dash, and the number of plates issued to a dealer to be separated from the dealer's number by a dash, as follows: dealer number 4 in Lewis and Clark County

HeinOnline -- 1981 vol. I 811 1981

would be numbered 5-4, and if the dealer were issued three sets of plates, they would be numbered consecutively as follows, 5-4-1, 5-4-2, and 5-4-3.

(4) Dealers properly licensed under this section are authorized to use and display dealer's license plates on any motor vehicle held for bona fide sale or used in the conduct of the dealer's business in selling or demonstrating motor vehicles *and operated by or under the control of the dealer, his officers or employees. For purposes of this provision, "officers and employees" include only such persons listed on the manufacturer's franchise agreement or the importer's distribution agreement and, their spouses, or such other persons upon whom the dealer has paid social security taxes as a full-time employee.* No dealer's license plate shall be used or displayed on vehicles normally used for hire, lease, or rental or for purposes not incident to the business of a motor vehicle dealer. Each dealer is accountable for each plate issued and shall certify quarterly to the division the disposition of each dealer plate assigned to the dealer, including the name, address, and occupation of the person primarily using each plate.

(5) If it shall appear to the satisfaction of the division, from information furnished to it by the sheriff or any other law enforcement officer, that any such dealer has been improperly licensed, has used the dealer's license in a manner other than the one herein authorized, or is not qualified as a dealer under the requirements of this section, the division may revoke such dealer's license. No person, firm, corporation, or association shall, for commission or profit, engage in the business of buying, selling, exchanging, or acting as a broker of new motor vehicles, trailers, or semitrailers unless duly licensed in compliance with this section (except trailers having an unladen weight of less than 500 pounds)."

Section 5. **Codification instruction.** Section 1 is intended to be codified as an integral part of Title 61, chapter 1, part 1, and the provisions of Title 61 apply to section 1.

The member and the employer must pay the regular contribution on the termination pay; or

(iii) exclude the termination pay from the average final compensation. No contribution is required of either the employer or member.

"20-10-142. Schedule of maximum reimbursement for individual transportation. The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product so obtained, and multiplying the difference by *20* cents provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if such schools are operated by different school districts, the total amount of the reimbursement shall be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian shall be separately reimbursed for transporting the eligible transportee or transportees to each school;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section shall be limited to one round trip per day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), no reimbursement may be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement per day of attendance shall be determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 3 miles from the product so obtained, and multiplying the difference by *20* cents provided that:

(a) if the eligible transportees transported attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and.

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian shall be separately reimbursed for transportation to each bus.

(3) Where, due to excessive distances, impassable roads, or other special circumstances of isolation the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, his parent or guardian may request an increase in the reimbursement rate. Such a request for increased rates due to isolation shall be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances which exist to justify the increase. Before any increase rate due to isolation can be paid to the requesting parent or guardian, such rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the county transportation committee and the superintendent of public instruction, the trustees shall pay such increased rate due to isolation. The increased rate shall be 1 ½ times the rate prescribed in subsection (1) above.

(4) When the isolated conditions of the household where an eligible transportee resides require such eligible transportee to live away from the household in order to attend school, he shall be eligible for the room and board reimbursement. Approval to receive the room and board reimbursement shall be obtained in the same manner prescribed in subsection (3) above. The per diem rate for room and board shall be *$5* for one eligible transportee and *$3* for each additional eligible transportee of the same household.

HeinOnline -- 1981 vol. I 834 1981

(5) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate shall be the cost of such study, provided that the course of instruction is approved by the trustees and supervised by the district."

AN ACT TO ALLOW TAXPAYERS TO PURSUE DECLARATORY JUDGMENT PROCEEDINGS TO TEST THE VALIDITY OF TAX LEVIES; PROVIDING AN EXCEPTION FROM THE REQUIREMENT OF PAYMENT OF TAXES UNDER PROTEST; PROVIDING FOR RELIEF TO ALL AFFECTED TAXPAYERS IF THE CHALLENGED LEVY IS DECLARED ILLEGAL; AND AMENDING SECTIONS 15-1-401, 15-1-402, AND 15-1-404, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Alternative remedy.** (1) An aggrieved taxpayer may, in lieu of proceeding under 15-1-401 or 15-1-402, bring a declaratory judgment action in the district court seeking a declaration that a tax levied by

HeinOnline -- 1981 vol. I 842 1981

the state or one of its subdivisions was illegally or unlawfully imposed or exceeded the taxing authority of the entity imposing the tax.

(2) The action must be brought within 90 days of the imposition of the tax. The court shall consolidate all actions brought under subsection (1) which challenge the same tax levy. The decision of the court shall apply to all similarly situated taxpayers except those taxpayers who are excluded under [section 2].

Section 2. **Procedure.** (1) Except as provided in subsection (2), an action pursuant to [section 1] is subject to the provisions of Title 27, chapter 8.

(2) In lieu of the requirement of 27-8-301, a party bringing an action under [section 1] may elect to use:

(a) the procedures available under the Montana Rules of Civil Procedure for bringing a class action, Title 25, chapter 20, rule 23; or

(b) the procedure provided for in subsection (3).

(3) (a) A party bringing an action under [section 1] may elect to give notice as provided in this subsection. A party so electing must publish notice that an action has been brought. The notice must be published at least once each week for 4 consecutive weeks in a newspaper of general circulation published in the county where the action is commenced and in other counties within the jurisdiction of the taxing authority. The notice shall advise each similarly situated taxpayer that:

(i) the court will exclude him from the class if he so requests by a specific date;

(ii) the judgment, whether favorable or not, will include all similarly situated taxpayers who do not request to be excluded; and

(iii) any similarly situated taxpayer who does not request exclusion may, if he desires, enter an appearance.

(b) The court shall exclude a taxpayer from an action brought pursuant to [section 1] if the person bringing the action publishes notice as provided in subsection (3) of this section and the taxpayer requests to be excluded by the date specified in the notice.

(c) An election to give notice under subsection (3) of this section does not prevent any party to the action from serving process on other interested parties.

(4) In a proceeding under [section 1] all issues shall be tried by the court.

Section 3. **Remedy.** If the district court determines that the tax was illegally or unlawfully imposed or exceeded the taxing authority of the entity imposing the tax, the judgment may direct:

(1) that the revenue collected under the illegal tax be directly refunded to the taxpayers who have paid the illegal tax and who have not been excluded from the action;

HeinOnline -- 1981 vol. I 843 1981

(2) that the revenue collected under the illegal tax be used to reduce a similar levy in the ensuing tax year; or

(3) such other remedy as the court considers appropriate.

Section 4. **Tax to be paid.** The taxes that are being challenged under [section 1] must be paid when due as a condition of continuing the action.

Section 5. Section 15-1-401, MCA, is amended to read:

"15-1-401. Payment of license fees under protest — action to recover. (1) Whenever any license fee or tax is demanded of any person for the use and benefit of the state of Montana and the same is considered unlawful by the person from whom the same is demanded, such person may *proceed under [section 1] or may* pay the same, or so much thereof as may be considered unlawful, under written protest, specifying the grounds of protest, to the state agency or officer responsible for collecting the license fee or tax.

(2) The person paying or his legal representative may bring an action in a court of competent jurisdiction against the state agency or officer responsible for collecting the license fee or tax to recover the same, without interest. Any action instituted to recover any license fee or tax paid under protest must be commenced and summons and copy of complaint served within 60 days after the date of payment thereof to the state agency or officer responsible for collecting the license fee or tax. If such action is decided adversely to the state, the state treasurer shall, upon receiving a copy of the final judgment in such action, refund such license fee or tax to the person in whose favor such judgment is rendered."

Section 6. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest — action to recover. (1) In all cases of levy of taxes, licenses, or other demands for public revenue which are deemed unlawful by the party whose property is thus taxed or from whom such tax or license is demanded or enforced, such party *may proceed under [section 1] or* may, before such tax or license becomes delinquent, pay under written protest such portions of such tax or license deemed unlawful to the officers designated and authorized to collect the same, specifying the grounds of protest. Thereupon the party so paying or his legal representatives may bring an action in any court of competent jurisdiction against the officers to whom said license or tax was paid or against the county or municipality in whose behalf the same was collected and the department of revenue. Both the officers to whom the license fee or tax was paid or the county or municipality in whose behalf the same was collected and the department of revenue must be served with summons and complaint within the time prescribed. Any action instituted to recover any such portions of license or tax paid under protest shall be commenced and summons served within 90 days after the date of payment of the same. When any such license or tax is payable in installments, the first installment portion of such tax or license as may be deemed unlawful may be paid under written protest and suit commenced and summons served to recover the same within the time herein prescribed, and if any subsequent installment of such license or tax shall

HeinOnline -- 1981 vol. I 844 1981

become due or payable before the final determination of the suit commenced to recover the first installment portion paid under protest, then such subsequent installment portion deemed unlawful may also be paid under written protest and no suit or action need be commenced to recover the same, but the determination of the suit or action commenced to recover the first installment portion paid under protest shall determine the right of the party paying such subsequent installment to have the same or any part thereof refunded to him. All such portions of licenses and taxes when so paid under protest shall be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as protest fund and shall be invested in interest-bearing deposits in local banks or savings and loan associations and retained in such protest fund until the final determination of any suit or action to recover the same. Nothing contained herein prohibits the investment of the moneys of this fund in the state unified investment program. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(2) If no action is commenced within the time herein specified or if such action be commenced and finally determined in favor of the county or municipality or treasurer thereof, the amount of such protested portions of the license or tax shall be taken from such protest fund and deposited to the credit of the fund or funds to which the same property belongs, but if such action is finally determined adversely to such county or municipality or the treasurer thereof, then the treasurer shall, upon receiving a certified copy of the final judgment in said action, refund to the person in whose favor such judgment is rendered the amount of such protested portions of the license or tax, with costs of suit and interest at the rate currently paid on short-term interest-bearing time deposits in banks in the county or 5% a year, whichever is greater, from the date of payment under protest. If such action was commenced for the purpose of recovering the first installment portions of any such license or tax and any subsequent installment thereof has been paid under protest as herein provided, then the county treasurer shall, at the time of refunding the amount of such first installment required by such judgment, also refund such portion of any subsequent installment as the person holding such judgment is entitled to recover, together with interest thereon at the rate of 6% a year from the date of payment under protest."

Section 7. Section 15-1-404, MCA, is amended to read:

"15-1-404. Other remedies superseded. The *remedies* hereby provided shall supersede the remedy of injunction and all other remedies which might be invoked to prevent the collection of taxes or licenses alleged to be irregularly levied or demanded, except in unusual cases where the *remedies* hereby provided *are* deemed by the court to be inadequate."

Section 8. **Codification instruction.** Sections 1 through 4 are intended to be codified as an integral part of Title 15, chapter 1, part 4, and the provisions of Title 15, chapter 1, part 4, apply to sections 1 through 4.

Section 9. **Effective date.** This act is effective on July 1, 1981.

Approved April 21, 1981.

Section 12. Section 33-2-705, MCA, is amended to read:

"33-2-705. Report on premiums and other consideration — tax. (1) Each authorized insurer and each formerly authorized insurer with respect to premiums so received while an authorized insurer in this state shall file with the commissioner, on or before March 1 each year, a report (except as to wet marine and transportation insurance taxed under subsection *(4)* below) in form as prescribed by the commissioner showing total direct premium income, including policy, membership, and other fees, premiums paid by application of dividends, refunds, savings, savings coupons, and similar returns or credits to payment of premiums for new or additional or extended or renewed insurance, charges for payment of premium in installments, and all other consideration for insurance from all kinds and classes of insurance whether designated as a premium or otherwise, received by it during the preceding calendar year on account of policies covering property, subjects, or risks located, resident, or to be performed in Montana, with proper proportionate allocation of premium as to such property, subjects, or risks in Montana insured under policies or contracts covering property, subjects, or risks located or resident in more than one state, after deducting from such total direct premium income applicable cancellations, returned premiums, the unabsorbed portion of any deposit premium, the amount of reduction in or refund of premiums allowed to industrial life policyholders for payment of premiums direct to an office of the insurer, all policy dividends, refunds, savings, savings coupons, and other similar returns paid or credited to policyholders with respect to such policies. As to title insurance, "premium" includes only the risk portion of the charge for such insurance. No deduction shall be made of the cash surrender values of policies. Considerations received on annuity contracts shall not be included in total direct premium income and shall not be subject to tax.

(2) Coincident with the filing of the tax report referred to in subsection (1) above, each such insurer shall pay to the commissioner a tax upon such net premiums. This tax may be computed in either of the following ways:

(a) (i) A domestic insurer may choose to compute its tax based on the percentage of its admitted assets invested in Montana securities according to the following schedule:

(A) 2 ¾ % of net premiums if the insurer has 0% of its admitted assets invested in Montana securities;

(B) 2 ¼ % of net premiums if the insurer has at least 25% of its admitted assets invested in Montana securities;

(C) 1 ¾ % of net premiums if the insurer has at least 50% of its admitted assets invested in Montana securities;

(D) 1 ¼ % of net premiums if the insurer has at least 75% of its admitted assets invested in Montana securities; and

(E) ¾ % of net premiums if the insurer has 100% of its admitted assets invested in Montana securities.

(ii) "Admitted assets" are those assets allowed in 33-2-501.

(iii) An insurer choosing this method of computation must itemize its Montana securities on a detailed schedule attached to its annual tax report.

(b) (i) If the method provided for in subsection (a) is not used, the insurer shall compute its tax at the rate of 2 ¾ % of the net premiums.

(ii) An insurer choosing this method and having not less than 50% of its paid-in capital stock invested in Montana securities is allowed to deduct whatever tax it may have already paid to the state of Montana and its political subdivisions, during the same calendar year as to which premium tax is being paid, from the amount otherwise due under this section.

(3) For the purpose of subsection (2):

(a) "paid-in capital stock" as to a mutual or reciprocal insurer shall be deemed to be an amount equal to 10% of the insurer's assets; and

(b) "Montana securities" shall be deemed to include only general obligations of the state of Montana or of its political subdivisions, mortgage loans secured by a first lien upon real estate located in Montana, and real estate located in Montana owned by the insurer, all if otherwise lawful investments of the insurer under this code.

(4) (a) On or before March 1 of each year each insurer shall file with the commissioner, on forms as prescribed and furnished or accepted by him, a report of its gross underwriting profit on wet marine, *inland marine,* and transportation insurance, *authorized* in 33-1-209 *and [sections 1 through 9]*, written in this state during the calendar year next preceding and shall at the same time pay to the commissioner a tax of ¾ of 1% of such gross underwriting profit.

(b) Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such wet marine and transportation insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include for computation of the tax prescribed by this subsection (3) the amounts refunded, credited, or paid as participation dividends or savings by such insurers to the holders of such contracts.

(5) That portion of the tax paid hereunder by an insurer on account of premiums received for fire insurance shall be separately specified in the

report as required by the commissioner, for apportionment as provided by law. Where insurance against fire is included with insurance of property against other perils at an undivided premium, the insurer shall make such reasonable allocation from such entire premium to the fire portion of the coverage as shall be stated in such report and as may be approved or accepted by the commissioner.

(6) With respect to authorized insurers the premium tax provided by this section shall be payment in full and in lieu of all other demands for any and all state, county, city, district, municipal, and school taxes, licenses, fees, and excises of whatever kind or character, excepting only those prescribed by this code, taxes on real and tangible personal property located in this state, and taxes payable under 50-3-109.

(7) The commissioner may suspend or revoke the certificate of authority of any insurer which fails to pay its taxes as required under this section."

Section 13. Section 33-17-504, MCA, is amended to read:

"33-17-504. Issuing license — limitations. The commissioner may issue an insurance consultant's license to any natural person who has complied with the requirements of this chapter with respect to either life insurance, meaning all of those kinds of insurance authorized in 33-1-207, 33-1-208, 33-20-1001, 33-21-103, 33-22-501, and 33-22-601, or general insurance, meaning all of those kinds of insurance authorized in 33-1-206, 33-1-207, 33-1-209 through 33-1-212, *and [sections 1 through 9],* as specified in such license."

Section 14. **Codification instruction.** Sections 1 through 9 are intended to be codified as an integral part of Title 33, chapter 1, part 2, and the provisions of Title 33 apply to sections 1 through 9.

Approved April 21, 1981.

No person may provide physical facilities for or act as a second or principal in any prizefight or public sparring, boxing, or wrestling match or exhibition, knowing or having reasonable cause to believe that the sponsor or promotor of such event does not have a permit issued and in effect as provided in this section.

(2) A local government may permit and regulate prizefights or public sparring, boxing, or wrestling matches or exhibitions subject to the following:

(a) The local government governing body must, prior to the issuance of any permit, adopt rules, by ordinance or resolution, governing prizefights and public sparring, boxing, and wrestling matches. The resolution shall set forth the classification of a shareholder who may certify; the purpose or purposes for which the certification may be made; the form of certification and information to be contained therein; if the certification is with respect to a record date or closing of the stock transfer books, the time after the record date or closing of the stock transfer books within which the certification must be received by the corporation; and such other provisions with respect to the procedure as are considered necessary or desirable. HeinOnline -- 1981 vol. I 878 1981

Section 4. **Indemnification of directors and officers.** (1) As used in this section, the following definitions apply:

(a) "Director" means any person who is or was a director of the corporation and any person who, while a director of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, other enterprise, or employee benefit plan.

(b) "Corporation" includes any domestic or foreign predecessor entity of the corporation in a merger, consolidation, or other transaction in which the predecessor's existence ceased upon consummation of such transaction.

(c) "Expenses" include attorneys' fees.

(d) "Official capacity" means:

(i) when used with respect to a director, the office of director in the corporation; and

(ii) when used with respect to a person other than a director as contemplated in subsection (9), the elective or appointive office in the corporation held by the officer or the employment or agency relationship undertaken by the employee or agent in behalf of the corporation, but in each case does not include service for any other foreign or domestic corporation or any partnership, joint venture, trust, other enterprise, or employee benefit plan.

(e) "Party" includes a person who was, is, or is threatened to be made a named defendant or respondent in a proceeding.

(f) "Proceeding" means any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative.

(2) (a) A corporation may indemnify any person made a party to any proceeding by reason of the fact that he is or was a director if:

(i) he conducted himself in good faith; and

(ii) he reasonably believed:

(A) in the case of conduct in his official capacity with the corporation, that his conduct was in its best interests; and

(B) in all other cases, that his conduct was at least not opposed to its best interests; and

(iii) in the case of any criminal proceeding, he had no reasonable cause to believe his conduct was unlawful.

(b) Indemnification may be made against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by the person in connection with the proceeding. However, if the proceeding was by or in the right of the corporation, indemnification may be made only against such reasonable expenses and shall not be made in respect to any proceeding in which the person shall have been adjudged to be liable to the corporation. The termination of any proceeding by judgment, order, settlement,

HeinOnline -- 1981 vol. I 879 1981

conviction, or upon a plea of nolo contendere or its equivalent may not, of itself, be determinative that the person did not meet the requisite standard of conduct set forth in this subsection.

(3) A director may not be indemnified under subsection (2) in respect to any proceeding charging improper personal benefit to him, whether or not involving action in his official capacity, in which he has been adjudged to be liable on the basis that personal benefit was improperly received by him.

(4) (a) Unless limited by the articles of incorporation:

(i) a director who has been wholly successful, on the merits or otherwise, in the defense of any proceeding referred to in subsection (2) shall be indemnified against reasonable expenses incurred by him in connection with the proceeding; and

(ii) a court of appropriate jurisdiction, upon application of a director and such notice as the court shall require, may order indemnification in the following circumstances:

(A) if it determines a director is entitled to reimbursement under subsection (4)(a)(i), the court shall order indemnification, in which case the director shall be entitled to recover the expenses of securing such reimbursement; or

(B) if it determines that the director is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not he has met the standards of conduct set forth in subsection (2) or has been adjudged liable under subsection (3), the court may order such indemnification as the court considers proper, except that indemnification with respect to any proceeding by or in the right of the corporation or in which liability has been adjudged pursuant to subsection (3) shall be limited to expenses.

(b) A court of appropriate jurisdiction may be the same court in which the proceeding involving the director's liability took place.

(5) (a) No indemnification under subsection (2) may be made by the corporation unless authorized in the specific case after a determination has been made that indemnification of the director is permissible in the circumstances because he has met the standards of conduct set forth in subsection (2). Such determination shall be made:

(i) by the board of directors by a majority vote of a quorum consisting of directors not at the time parties to the proceeding; or

(ii) if such a quorum cannot be obtained, then by a majority vote of a committee of the board, duly designated to act in the matter by a majority vote of the full board, in which designation directors who are parties may participate, consisting solely of two or more directors not at the time parties to the proceeding; or

(iii) by special legal counsel selected by the board of directors or a committee thereof by vote as set forth in (a)(i) or (a)(ii) of subsection (5) or, if the requisite quorum of the full board cannot be obtained and such

HeinOnline -- 1981 vol. I 880 1981

committee cannot be established, then by a majority vote of the full board, in which selection directors who are parties may participate; or

(iv) by the shareholders.

(b) Authorization of indemnification and determination as to reasonableness of expenses shall be made in the same manner as the determination that indemnification is permissible, except that if the determination that indemnification is permissible is made by special legal counsel, authorization of indemnification and determination as to reasonableness of expenses shall be made in a manner specified in subsection (5)(a)(iii) for the selection of such counsel. Shares held by directors who are parties to the proceeding may not be voted on the subject matter under this subsection.

(6) Reasonable expenses incurred by a director who is a party to a proceeding may be paid or reimbursed by the corporation in advance of the final disposition of such proceeding upon receipt by the corporation of:

(a) a written affirmation by the director of his good faith belief that he has met the standard of conduct necessary for indemnification by the corporation as authorized in this section; and

(b) a written undertaking by or on behalf of the director to repay such amount if it is ultimately determined that he has not met such standard of conduct and after a determination that the facts then known to those making the determination would not preclude indemnification under this section. The undertaking required by this subsection shall be an unlimited general obligation of the director but need not be secured and may be accepted without reference to financial ability to make the repayment. Determinations and authorizations of payments under this subsection shall be made in the manner specified in subsection (5).

(7) No provision for the corporation to indemnify or to advance expenses to a director who is made a party to a proceeding, whether contained in the articles of incorporation, the bylaws, a resolution of shareholders or directors, an agreement, or otherwise, except as contemplated by subsection (10), is valid unless consistent with this section or, to the extent that indemnity hereunder is limited by the articles of incorporation, consistent therewith. Nothing contained in this section limits the corporation's ability to pay or reimburse expenses incurred by a director in connection with his appearance as a witness in a proceeding at a time when he has not been made a named defendant or respondent in the proceeding.

(8) For purposes of this section, the corporation shall be considered to have requested a director to serve an employee benefit plan where the performance by him of his duties to the corporation also imposes duties on or otherwise involves services by him to the plan or participants or beneficiaries of the plan. Excise taxes assessed on a director with respect to an employee benefit plan pursuant to applicable law shall be considered fines. Action taken or omitted by him with respect to an employee benefit plan in the performance of his duties for a purpose reasonably believed by him to be in the interest of the participants and beneficiaries of the plan shall be considered to be for a purpose that is not opposed to the best interests of the corporation.

HeinOnline -- 1981 vol. I 881 1981

(9) Unless otherwise limited by the articles of incorporation:

(a) an officer of the corporation shall be indemnified as and to the extent provided in subsection (4) for a director and shall be entitled to seek indemnification pursuant to the provisions of subsection (4) to the same extent as a director;

(b) a corporation has the power to indemnify and to advance expenses to an officer, employee, or agent of the corporation to the same extent that it may indemnify and advance expenses to a director pursuant to this section; and

(c) a corporation, in addition, has the power to indemnify and to advance expenses to an officer, employee, or agent who is not a director to such further extent, consistent with law, as may be provided by its articles of incorporation, bylaws, general or specific action of its board of directors, or contract.

(10) A corporation has the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the corporation or who, while a director, officer, employee, or agent of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, other enterprise or of an employee benefit plan, against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this section.

(11) Any indemnification of or advance of expenses to a director in accordance with this section, if arising out of a proceeding by or in the right of the corporation, shall be reported in writing to the shareholders with the notice of the next shareholders' meeting or before.

Section 5. **Loans to employees and directors.** A corporation may not lend money to or use its credit to assist its directors without authorization in the particular case by its shareholders but may lend money to and use its credit to assist any officer or employee of the corporation or of a subsidiary, including any such officer or employee who is a director of the corporation, if the board of directors decides that such loan or assistance may benefit the corporation.

Section 6. Section 35-1-202, MCA, is amended to read:

"35-1-202. Articles of incorporation. (1) The articles of incorporation shall set forth:

(a) the name of the corporation;

(b) the period of duration, which may be perpetual;

HeinOnline -- 1981 vol. I 882 1981

(d) the aggregate number of shares which the corporation shall have authority to issue *and*, if such shares are to be divided into classes, the number of shares of each class;

(e) if the shares are to be divided into classes, the designation of each class and a statement of the preferences, limitations, and relative rights in respect of the shares of each class;

(f) if the corporation is to issue the shares of any preferred or special class in series, then the designation of each series and a statement of the variations in the relative rights and preferences as between series insofar as the same are to be fixed in the articles of incorporation and a statement of any authority to be vested in the board of directors to establish series and fix and determine the variations in the relative rights and preferences as between series;

(a) the direction of the management of the business and the regulation of the affairs of the corporation;

(b) the definition, limitation, and regulation of the powers of the corporation, the directors, and the shareholders or any class of the shareholders, including restrictions on the transfer of shares;

(c) the par value of any authorized shares or class of shares;

(d) any provision that, under this chapter, is required or permitted to be set forth in the bylaws.

(3) It shall not be necessary to set forth in the articles of incorporation any of the corporate powers enumerated in this chapter."

Section 7. Section 35-1-206, MCA, is amended to read:

"35-1-206. Power to amend articles of incorporation. (1) A corporation may amend its articles of incorporation from time to time in any and as many respects as may be desired so long as its articles of incorporation as amended contain only such provisions as might be lawfully contained in original articles of incorporation at the time of making such amendment and if a change in shares or the rights of shareholders or an exchange, reclassification, or cancellation of shares or rights of shareholders is to be made, such provisions as may be necessary to effect such change, exchange, reclassification, or cancellation.

HeinOnline -- 1981 vol. I 883 1981

(2) In particular and without limitation upon such general power of amendment, a corporation may amend its articles of incorporation from time to time so as to:

Section 8. Section 35-1-207, MCA, is amended to read:

"35-1-207. Procedure to amend articles of incorporation. (1) Amendments to the articles of incorporation shall be made in the following manner:

(a) *If shares have been issued, the* board of directors shall adopt a resolution setting forth the proposed amendment and directing that it be submitted to a vote at a meeting of shareholders, which may be either an annual or a special meeting. *If no shares have been issued, the amendment shall be adopted by resolution of the board of directors and the provisions for adoption by shareholders shall not apply. If the corporation has only one class of shares outstanding, an amendment solely to change the number of authorized shares to effectuate a split of or stock dividend in the corporation's own shares or solely to do so and to change the number of authorized shares in proportion thereto may be adopted by the board of directors and the provisions for adoption by shareholders do not apply, unless otherwise provided by the articles of incorporation. The resolution may incorporate the proposed amendment in restated articles of incorporation that contain a statement that, except for the designated amendment, the restated articles of incorporation correctly set forth without change the corresponding provisions of the articles of incorporation as theretofore amended and that the restated articles of incorporation, together with the designated amendment, supersede the original articles of incorporation and all amendments thereto.*

(b) Written notice setting forth the proposed amendment or a summary of the changes to be effected thereby shall be given to each shareholder of record entitled to vote thereon within the time and in the manner provided in this chapter for the giving of notice of meetings of shareholders. If the meeting be an annual meeting, the proposed amendment or such summary may be included in the notice of such annual meeting.

(c) At such meeting a vote of the shareholders entitled to vote thereon shall be taken on the proposed amendment. The proposed amendment shall be adopted upon receiving the affirmative vote of the holders of a majority of the shares entitled to vote thereon, unless any class of shares is entitled to vote thereon as a class, in which event the proposed amendment shall be adopted upon receiving the affirmative vote of the holders of a majority of the shares of each class of shares entitled to vote thereon as a class and of the total shares entitled to vote thereon.

(2) Any number of amendments may be submitted to the shareholders and voted upon by them at one meeting."

(5) change the shares of such class into the same or a different number of shares of the same class or another class or classes;

(6) create a new class of shares having rights and preferences prior and superior to the shares of such class or increase the rights and preferences *or the number of authorized shares* of any class having rights and preferences prior or superior to the shares of such class;

(2) No amendment shall affect any existing cause of action in favor of or against such corporation or any pending suit to which such corporation shall be a party or the existing rights of persons other than shareholders. In the event the corporate name shall be changed by amendment, no suit brought by or against such corporation under its former name shall abate for that reason."

Section 12. Section 35-1-212, MCA, is amended to read:

"35-1-212. Amendment of articles of incorporation in reorganization proceedings. (1) Whenever a plan of reorganization of a corporation has been confirmed by decree or order of a court of competent jurisdiction in proceedings for the reorganization of such corporation pursuant to the provisions of any applicable statute of the United States relating to reorganizations of corporations, the articles of incorporation of the corporation may be amended in the manner provided in this section in as many respects as may be necessary to carry out the plan and put it into effect, so long as the articles of incorporation as amended contain only such provisions as might be lawfully contained in original articles of incorporation at the time of making such amendment.

(2) In particular and without limitation upon such general power of amendment, the articles of incorporation may be amended for such purpose so as to:

(a) change the corporate name, period of duration, or corporate purposes of the corporation;

(b) repeal, alter, or amend the bylaws of the corporation;

(b) Duplicate originals of the articles of amendment shall be delivered to the secretary of state. If the secretary of state finds that the articles of amendment conform to law, he shall, when all fees have been paid as in this chapter prescribed:

(ii) file one of such duplicate originals in his office;

(iii) issue a certificate of amendment to which he shall affix the other duplicate original.

(c) The certificate of amendment, together with the duplicate original of the articles of amendment affixed thereto by the secretary of state, shall be returned to the corporation or its representative.

(4) *The amendment becomes effective upon* the issuance of the certificate of amendment by the secretary of state *or on such later date, not more than 30 days subsequent to the filing thereof with the secretary of state, as may be provided for in the articles of amendment,* without any action thereon by the directors or shareholders of the corporation and with the same effect as if the amendments had been adopted by unanimous action of the directors and shareholders of the corporation."

(1) A corporation may, by action taken in the same manner as required for amendment of articles of incorporation, adopt restated articles of incorporation. The restated articles of incorporation may contain any changes in the articles of incorporation that could be made by amendment regularly adopted. Adoption of restated articles of incorporation containing any such changes shall have the effect of amending the existing articles of incorporation to conform to the restated articles of incorporation without further action of the board of directors or shareholders. Restated articles of incorporation

HeinOnline -- 1981 vol. I 888 1981

shall contain a statement that they supersede the theretofore existing articles of incorporation and amendments thereto. Restated articles of incorporation shall contain all the statements required by this chapter to be included in original articles of incorporation except that:

(a) the restated articles of incorporation shall set forth the amount of its stated capital at the time of the adoption of the restated articles of incorporation;

(b) in lieu of setting forth the address of the initial registered office and the name of the initial registered agent at such address, there shall be set forth the address, including street and number, if any, of the registered office and the name of the registered agent at such address at the time of the adoption of the restated articles of incorporation; and

(c) no statement need be made with respect to the names and addresses of directors constituting the initial board of directors or the names and addresses of the incorporators.

(2) Restated articles of incorporation when executed and filed in the manner prescribed in this chapter for articles of amendment shall supersede the theretofore existing articles of incorporation and amendments thereto.

(3) The restated articles of incorporation when filed shall be accompanied by a statement, executed in duplicate by the corporation by its president or a vice-president and by its secretary or an assistant secretary and verified by one of the officers signing such statement, setting forth the following:

Section 15. Section 35-1-301, MCA, is amended to read:

"35-1-301. Corporate name. *(1)* The corporate name:

(a) shall contain the word "corporation", "company", "incorporated", or "limited" or shall contain an abbreviation of one of such words;

(i) the written consent of such other corporation or holder of a reserved or registered name to use the name or a deceptively similar name with one or more words added to make such name distinguishable from such other name; or

(ii) a certified copy of a final decree of a court of competent jurisdiction establishing the prior right of the applicant to the use of such name in this state.

(2) A corporation with which another corporation, domestic or foreign, is merged or that is formed by the reorganization or consolidation of one or more domestic or foreign corporations or upon a sale, lease, or other disposition to or exchange with a domestic corporation of all or substantially all the assets of another corporation, domestic or foreign, including its name, may have the same name as that used in this state by any of such corporations if such other corporation was organized under the laws of or is authorized to transact business in this state."

Board of directors. *(1) All corporate powers shall be exercised by or under authority of and the* business and affairs of a corporation shall be managed *under the direction of* a board of directors *except as may be otherwise provided in this chapter or the articles of incorporation. If any such provision is made in the articles of incorporation, the powers and duties conferred or imposed upon the board of directors by this chapter shall be exercised or performed to such extent and by such person or persons as shall be provided in the articles of incorporation.* Directors need not be residents of this state or shareholders of the corporation unless the articles of incorporation or bylaws so require. The articles

HeinOnline -- 1981 vol. I 890 1981

of incorporation or bylaws may prescribe other qualifications for directors. The board of directors shall have authority to fix the compensation of directors unless otherwise provided in the articles of incorporation.

(2) A director shall perform his duties as a director, including his duties as a member of any committee of the board upon which he may serve, in good faith, in a manner he reasonably believes to be in the best interests of the corporation, and with such care as an ordinarily prudent person in a like position would use under similar circumstances.

(3) (a) In performing his duties, a director is entitled to rely on information, opinions, reports, or statements, including financial statements or other financial data, in each case prepared or presented by:

(i) one or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the matters presented;

(ii) counsel, public accountants, or other persons as to matters that the director reasonably believes to be within such person's professional or expert competence; or

(iii) a committee of the board upon which he does not serve, duly designated in accordance with a provision of the articles of incorporation or the bylaws, as to matters within its designated authority, which committee the director reasonably believes to merit confidence.

(b) A director may not be considered to be acting in good faith if he has knowledge concerning the matter in question that would cause such reliance to be unwarranted.

(c) A person who so performs his duties has no liability by reason of being or having been a director of the corporation.

(4) A director of a corporation who is present at a meeting of its board of directors at which action on any corporate matter is taken is presumed to have assented to the action taken unless his dissent is entered in the minutes of the meeting or unless he files his written dissent to such action with the secretary of the meeting before the adjournment thereof or forwards the dissent by registered mail to the secretary of the corporation immediately after the adjournment of the meeting. Such right to dissent does not apply to a director who voted in favor of such action."

The* number of directors shall be fixed by *or in the manner provided in the articles of incorporation or* the bylaws, except as to the number constituting the initial board of directors which number shall be fixed by the articles of incorporation. The number of directors may be increased or decreased from time to time by amendment to *or in the manner provided in the articles of incorporation or* the bylaws, but no decrease shall have the effect of shortening the term of any incumbent director. In the absence

HeinOnline -- 1981 vol. I 891 1981

of a bylaw fixing the number of directors, the number shall be the same as that stated in the articles of incorporation.

(2) The names and addresses of the members of the first board of directors shall be stated in the articles of incorporation. Such persons shall hold office until the first annual meeting of shareholders and until their successors shall have been elected and qualified. At the first annual meeting of shareholders and at each annual meeting thereafter, the shareholders shall elect directors to hold office until the next succeeding annual meeting, except in case of the classification of directors as permitted by this chapter. Each director shall hold office for the term for which he is elected and until his successor shall have been elected and qualified."

Section 18. Section 35-1-404, MCA, is amended to read:

"35-1-404. Place and notice of directors' meetings. (1) Meetings of the board of directors, regular or special, may be held either within or without this state.

(2) Regular meetings of the board of directors *or any committee designated thereby* may be held with or without notice as prescribed in the bylaws. Special meetings of the board of directors *or any committee designated thereby* shall be held upon such notice as is prescribed in the bylaws. Attendance of a director at a meeting shall constitute a waiver of notice of such meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at nor the purpose of any regular or special meeting of the board of directors *or any committee designated thereby* need be specified in the notice or waiver of notice of such meeting unless required by the bylaws.

(3) Except as may be otherwise restricted by the articles of incorporation or bylaws, members of the board of directors or any committee designated thereby may participate in a meeting of such board or committee by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time, and participation by such means constitutes presence in person at a meeting."

Section 19. Section 35-1-406, MCA, is amended to read:

"35-1-406. Action by directors without a meeting. (1) *Unless otherwise provided by the articles of incorporation or bylaws, any* action required by this chapter to be taken at a meeting of the directors of a corporation or any action which may be taken at a meeting of the directors *or of a committee* may be taken without a meeting if a consent in writing setting forth the action so taken shall be signed by all of the directors *or all of the members of the committee, as the case may be,* entitled to vote *on* the subject matter thereof.

(2) Such consent shall have the same effect as a unanimous vote and may be stated in any articles or document filed with the secretary of state under this chapter."

HeinOnline -- 1981 vol. I 892 1981

Section 20. Section 35-1-407, MCA, is amended to read:

"35-1-407. Executive and other committees. (1) If the articles of incorporation or the bylaws so provide, the board of directors, by resolution adopted by a majority of the full board of directors, may designate from among its members an executive committee and one or more other committees each of which, to the extent provided in such resolution or in the articles of incorporation or the bylaws of the corporation, shall have and may exercise all the authority of the board of directors, *except that no* such committee shall have the authority *to:*

(a) authorize distributions;

(b) approve or recommend to shareholders actions or proposals required by this chapter to be approved by shareholders;

(c) designate candidates for the office of director, for purposes of proxy solicitation or otherwise, or fill vacancies on the board of directors or any committee thereof;

(d) amend the bylaws;

(e) approve a plan of merger not requiring shareholder approval;

(f) authorize or approve the reacquisition of shares unless pursuant to a general formula or method specified by the board of directors; or

(g) authorize or approve the issuance or sale of or any contract to issue or sell shares or designate the terms of a series of a class of shares, except that the board of directors, having acted regarding general authorization for the issuance or sale of shares or any contract therefor and, in the case of a series, the designation thereof may, pursuant to a general formula or method specified by the board by resolution or by adoption of a stock option or other plan, authorize a committee to fix the terms of any contract for the sale of the shares and to fix the terms upon which such shares may be issued or sold, including without limitation the price, the dividend rate, provisions for redemption, sinking fund, conversion, voting or preferential rights, and provisions for other features of a class of shares or a series of a class of shares, with full power in such committee to adopt any final resolution setting forth all the terms thereof and to authorize the statement of the terms of a series for filing with the secretary of state under this chapter.

(2) The designation of any such committee, the delegation thereto of authority, *or the action by such committee pursuant to such authority does not alone constitute compliance by any member of the board of directors not a member of the committee in question with his responsibility to act in good faith, in a manner he reasonably believes to be in the best interests of the corporation, and with such care as an ordinarily prudent person in a like position would use under similar circumstances."*

Section 21. Section 35-1-408, MCA, is amended to read:

"35-1-408. Vacancies and removal of directors. (1) Any vacancy occurring in the board of directors may be filled by the affirmative vote of a majority of the remaining directors though less than a quorum of the

HeinOnline -- 1981 vol. I 893 1981

board of directors. A director elected to fill a vacancy shall be elected for the unexpired term of his predecessor in office. Any directorship to be filled by reason of an increase in the number of directors may be filled by the board of directors for a term of office continuing only until the next election of directors by the shareholders. Any directorship to be filled by reason of the removal of one or more directors by the shareholders may be filled by election by the shareholders at the meeting at which the director or directors are removed.

(2) At a meeting called expressly for that purpose, directors may be removed in the manner provided in this section. *Any director or the* entire board of directors may be removed, with or without cause, by a vote of the holders of two-thirds of the shares then entitled to vote at an election of directors unless otherwise provided by the articles of incorporation or bylaws. If the corporation has fewer than 100 shareholders, the entire board of directors will be removed by a vote of a majority of the shares then entitled to vote.

(3) If less than the entire board is to be removed, no one of the directors may be removed if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire board of directors or, if there be classes of directors, at an election of the class of directors of which he is a part."

Section 22. Section 35-1-409, MCA, is amended to read:

"35-1-409. Liability of directors in certain cases. (1) In addition to any other liabilities, *a director* who *votes* for or *assents* to *any* distribution contrary to the provisions of this chapter or contrary to any restrictions contained in the articles of incorporation shall, *unless he complies with the standard provided in this chapter for the performance of the duties of directors,* be liable to the corporation, *jointly and severally with all other directors so voting or assenting,* for the amount or value of such *distribution* in excess of the amount of such distribution which could have been *made* without a violation of the provisions of this chapter or the restrictions in the articles of incorporation.

(2) Any director against whom a claim shall be asserted under or pursuant to this section for the *making* of a distribution and who shall be held liable thereon shall be entitled to contribution from the shareholders who accepted or received any such *distribution,* knowing such distribution to have been made in violation of this chapter, in proportion to the amounts received by them respectively.

(3) Any director against whom a claim shall be asserted under or pursuant to this section shall be entitled to contribution from *any* other directors who voted for or assented to the action upon which the claim is asserted *and who did not comply with the standard provided in this chapter for the performance of the duties of a director.*"

Section 23. **Director — conflicts of interest.** (1) No contract or other transaction between a corporation and one or more of its directors or any other corporation, firm, association, or entity in which one or more of its directors are directors or officers or are financially interested is

HeinOnline -- 1981 vol. I 894 1981

either void or voidable because of such relationship or interest or because such director or directors are present at the meeting of the board of directors or a committee thereof which authorizes, approves, or ratifies such contract or transaction or because his or their votes are counted for such purposes if:

(a) the fact of such relationship or interest is disclosed or known to the board of directors or committee which authorizes, approves, or ratifies the contract or transaction by a vote or consent sufficient for the purpose without counting the votes or consents of such interested directors;

(b) the fact of such relationship or interest is disclosed or known to the shareholders entitled to vote and they authorize, approve, or ratify such contract or transaction by vote or written consent, in which vote or consent such interested directors may participate to the extent that they are also shareholders; or

(c) the contract or transaction is fair and reasonable to the corporation.

(2) Common or interested directors may be counted in determining the presence of a quorum at a meeting of the board of directors or a committee thereof which authorizes, approves, or ratifies such contract or transaction.

Section 24. Section 35-1-501, MCA, is amended to read:

"35-1-501. Meetings of shareholders. (1) Meetings of shareholders may be held at such place, either within or without this state, as may be provided in the bylaws. In the absence of any such provision, all meetings shall be held at the registered office of the corporation.

(2) An annual meeting of the shareholders shall be held at such time as may be provided in the bylaws. *If the annual meeting is not held within any 18-month period, the district court with jurisdiction for the location of the corporation's registered office or principal place of business may, on application of any shareholder, summarily order a meeting to be held.* Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the corporation.

(3) Special meetings of the shareholders may be called by the president, the board of directors, the holders of not less than *one-tenth* of all the shares entitled to vote at the meeting, or such other officers or persons as may be provided in the articles of incorporation or the bylaws."

Section 25. Section 35-1-506, MCA, is amended to read:

"35-1-506. Voting of shares — proxies. (1) Each outstanding share, regardless of class, shall be entitled to one vote, and each fractional share shall be entitled to a corresponding fractional vote on each matter submitted to a vote at a meeting of shareholders, except to the extent that the voting rights of the shares of any class or classes are limited or denied by the articles of incorporation as permitted by this chapter.

(2) Neither shares of its own stock held by the corporation in a fiduciary capacity nor shares held by another corporation if a majority of the

HeinOnline -- 1981 vol. I 895 1981

shares entitled to vote for the election of directors of such other corporation is held by the corporation shall be voted at any meeting or counted in determining the total number of outstanding shares at any given time.

(3) *(a)* A shareholder may vote either in person or by proxy executed in writing by the shareholder or by his duly authorized attorney-in-fact.

(b) No proxy shall be valid after 11 months from the date of its execution unless otherwise provided in the proxy. *Every proxy is revocable at the pleasure of the shareholder executing it, except as otherwise provided in this section.*

(c) The authority of the holder of a proxy to act may not be revoked by the incompetence or death of the shareholder who executed the proxy unless, before the authority is exercised, written notice of an adjudication of such incompetence or of such death is received by the corporate officer responsible for maintaining the list of shareholders.

(d) Except when another provision has been made by written agreement between the parties, the record holder of shares, which he holds as pledgee or otherwise as security or which belong to another, shall issue a proxy to vote or take other action thereon to the pledgor or to such owner of such shares, upon demand therefor and payment of necessary expenses thereof.

(e) A shareholder may not sell his vote or issue a proxy to vote to any person for any sum of money or anything of value, except as authorized in this section and 35-1-508.

(f) A proxy that is entitled "irrevocable proxy" and that states that it is irrevocable is irrevocable when it is held by any of the following or a nominee of any of the following:

(i) a pledgee;

(ii) a person who has purchased or agreed to purchase the shares;

(iii) a creditor or creditors of the corporation who extend or continue credit to the corporation in consideration of the proxy if the proxy states that it was given in consideration of such extension or continuation of credit, the amount thereof, and the name of the person extending or continuing credit;

(iv) a person who has contracted to perform services as an officer of the corporation, if:

(A) a proxy is required by the contract of employment; and

(B) the proxy states that it was given in consideration of such contract of employment, the name of the employee, and the period of employment contracted for; or

(v) a person designated by or under an agreement under 35-1-508(3).

(g) Notwithstanding a provision in a proxy stating that it is irrevocable, the proxy becomes revocable after the pledge is redeemed, the debt of the corporation is paid, the period of employment provided for in the

contract of employment has terminated, or the agreement under 35-1-508(3) has terminated; and in a case provided for in (iii) or (iv) of subsection (3)(f), it becomes revocable 5 years after the date of the proxy or at the end of the period, if any, specified therein, whichever period is less, unless the period of irrevocability is renewed from time to time by the execution of a new irrevocable proxy as provided in this section. This subsection does not affect the duration of a revocable proxy under subsection (3)(b).

(h) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a purchaser of shares without knowledge of the existence of the provision unless the existence of the proxy and its irrevocability are noted conspicuously on the certificate representing such shares.

(4) At each election for directors every shareholder entitled to vote at such election shall have the right to vote, in person or by proxy, the number of shares owned by him for as many persons as there are directors to be elected and for whose election he has a right to vote or to cumulate his votes by giving one candidate as many votes as the number of such directors multiplied by the number of his shares shall equal or by distributing such votes on the same principle among any number of such candidates.

(5) Shares standing in the name of another corporation, domestic or foreign, may be voted by such officer, agent, or proxy as the bylaws of such corporation may prescribe or, in the absence of such provision, as the board of directors of such corporation may determine.

(6) Shares held by an administrator, executor, guardian or conservator may be voted by him, either in person or by proxy, without a transfer of such shares into his name.

(7) Shares standing in the name of a trustee may be voted by him, either in person or by proxy, but no trustee shall be entitled to vote shares held by him without a transfer of such shares into his name.

(8) Shares standing in the name of a receiver may be voted by such receiver, and shares held by or under the control of a receiver may be voted by such receiver without the transfer thereof into his name if authority so to do be contained in an appropriate order of the court by which such receiver was appointed.

(9) A shareholder whose shares are pledged shall be entitled to vote such shares until the shares have been transferred into the name of the pledgee, and thereafter the pledgee shall be entitled to vote the shares so transferred.

(10) On and after the date on which written notice of redemption of redeemable shares has been mailed to the holders thereof and a sum sufficient to redeem such shares has been deposited with a bank or trust company with irrevocable instruction and authority to pay the redemption price to the holders thereof upon surrender of certificates therefor, such shares shall not be entitled to vote on any matter and shall not be deemed to be outstanding shares."

Section 26. Section 35-1-508, MCA, is amended to read:

HeinOnline -- 1981 vol. I 897 1981

"35-1-508. Voting trusts and agreements among shareholders. (1) Any number of shareholders of a corporation may create a voting trust for the purpose of conferring upon a trustee or trustees the right to vote or otherwise represent their shares, for a period of not to exceed 10 years, by entering into a written voting trust agreement specifying the terms and conditions of the voting trust, by depositing a counterpart of the agreement with the corporation at its registered office, and by transferring their shares to such trustee or trustees for the purposes of the agreement. *Such trustee or trustees shall keep a record of the holders of voting trust certificates evidencing a beneficial interest in the voting trust, giving the names and addresses of all such holders and the number and class of the shares for which the voting trust certificates held by each are issued, and such trustee or trustees shall deposit a copy of such record with the corporation at its registered office.*

(2) The counterpart of the voting trust agreement *and the copy of such record* so deposited with the corporation shall be subject to the same right of examination by a shareholder of the corporation, in person or by agent or attorney, as are the books and records of the corporation, and *such counterpart and such copy of such record* shall be subject to examination by any holder of *record of* voting trust *certificates*, either in person or by agent or attorney, at any reasonable time for any proper purpose.

(3) Agreements among shareholders regarding the voting of their shares are valid and enforceable in accordance with the terms of the agreements. Such agreements are not subject to the provisions of this section regarding voting trusts."

Section 27. Section 35-1-509, MCA, is amended to read:

"35-1-509. Action by shareholders without a meeting. (1) Any action required by this chapter to be taken at a meeting of the shareholders of a corporation or any action which may be taken at a meeting of the shareholders may be taken without a meeting if a consent in writing setting forth the action so taken shall be signed by all of the shareholders entitled to vote with respect to the subject matter thereof.

(2) Such consent shall have the same effect as a unanimous vote *of shareholders* and may be stated *as such* in any articles or document filed with the secretary of state under this chapter."

Section 28. Section 35-1-511, MCA, is amended to read:

"35-1-511. Shareholders' preemptive rights. The shareholders of a corporation shall have no preemptive right to acquire unissued shares of the corporation or obligations of the corporation convertible into such shares, except to the extent, if any, that such right is provided in the articles of incorporation."

Section 29. **Control of directors by shareholders.** (1) A provision in the articles of incorporation otherwise prohibited by law because it improperly restricts the board of directors in its management of the business of the corporation or improperly transfers to one or more shareholders or to one or more persons or corporations to be selected by him or them

HeinOnline -- 1981 vol. I 898 1981

all or any part of such management otherwise within the authority of the board under this chapter shall nevertheless be valid:

(a) if all the incorporators or holders of record of all outstanding shares, whether or not having voting power, have authorized such provision in the articles of incorporation or an amendment thereof; and

(b) if, subsequent to the adoption of such provision, shares are transferred or issued only to persons who had knowledge or notice thereof or consented in writing to such provision.

(2) A provision authorized by subsection (1) is valid only if no shares of the corporation are listed on a national securities exchange or regularly quoted in an over-the-counter market by one or more members of a national or affiliated securities association.

(3) Except as provided in subsection (4), an amendment to strike out a provision authorized by subsection (1) shall be authorized at a meeting of shareholders by vote of the holders of two-thirds of all outstanding shares entitled to vote thereon or by the holders of such greater proportion of shares as may be required by the articles of incorporation for that purpose.

(4) Alternatively, if a provision authorized by subsection (1) has ceased to be valid under this section, the board may authorize articles of amendment under 35-1-209, eliminating the provision. Such articles shall set forth the event by reason of which the provision ceased to be valid.

(5) The effect of any provision authorized by subsection (1) is to relieve the directors and impose upon the shareholders authorizing the provision or consenting thereto the liability for managerial acts or omissions that is imposed on directors by this chapter to the extent that and so long as the discretion or powers of the board in its management of corporate affairs is controlled by any such provision.

(6) If the articles of incorporation of any corporation contain a provision authorized by subsection (1), the existence of the provision must be noted conspicuously on the face or back of every certificate for shares issued by such corporation.

Section 30. Section 35-1-601, MCA, is amended to read:

"35-1-601. Authorized shares. (1) Each corporation shall have power to create and issue the number of shares stated in its articles of incorporation. Such shares may be divided into one or more classes with such designations, preferences, limitations, and relative rights as shall be stated in the articles of incorporation. The articles of incorporation may limit or deny the voting rights of or provide special voting rights for the shares of any class to the extent not inconsistent with the provisions of this chapter or the *Constitution* of *the State of* Montana.

(2) Without limiting the authority herein contained, a corporation, when so provided in its articles of incorporation, may issue shares of preferred or special classes:

HeinOnline -- 1981 vol. I 899 1981

(a) subject to the right of the corporation to redeem any of such shares at the price fixed by the articles of incorporation for the redemption thereof;

(b) entitling the holders thereof to cumulative, noncumulative, or partially cumulative dividends;

(c) having preference over any other class or classes of shares as to the payment of dividends;

(d) having preference in the assets of the corporation over any other class or classes of shares upon the voluntary or involuntary liquidation of the corporation;

(e) convertible into shares of any other class or into shares of any series of the same or any other class, except a class having prior or superior rights and preferences as to dividends or distribution of assets upon liquidation.

(3) When authorized by its articles of incorporation to do so, a corporation may issue bonds, debentures, or other obligations convertible into shares of any class in the amounts and on such terms and conditions as may be provided by resolutions of the board of directors."

Section 31. Section 35-1-602, MCA, is amended to read:

"35-1-602. Issuance of shares of preferred or special classes in series — filing of statement. (1) If the articles of incorporation so provide, the shares of any preferred or special class may be divided into and issued in series. If the shares of any such class are to be issued in series, then each series shall be so designated as to distinguish the shares thereof from the shares of all other series and classes. Any or all of the series of any such class and the variations in the relative rights and preferences as between different series may be fixed and determined by the articles of incorporation, but all shares of the same class shall be identical except as to the following relative rights and preferences as to which there may be variations between different series:

(a) the rate of dividend;

(b) whether shares may be redeemed and, if so, the redemption price and the terms and conditions of redemption;

(c) the amount payable upon shares in event of voluntary and involuntary liquidation;

(d) sinking fund provisions, if any, for the redemption or purchase of shares;

(e) the terms and conditions, if any, on which shares may be converted;

(f) voting rights, if any.

(2) If the articles of incorporation shall expressly vest authority in the board of directors, then, to the extent that the articles of incorporation shall not have established series and fixed and determined the variations in the relative rights and preferences as between series, the board of directors shall have authority to divide any or all of such classes into series and,

HeinOnline -- 1981 vol. I 900 1981

within the limitations set forth in this section and in the articles of incorporation, fix and determine the relative rights and preferences of the shares of any series so established.

(3) In order for the board of directors to establish a series where authority so to do is contained in the articles of incorporation, the board of directors shall adopt a resolution setting forth the designation of the series and fixing and determining the relative rights and preferences thereof or so much thereof as shall not be fixed and determined by the articles of incorporation.

(4) Prior to the issue of any shares of a series established by resolution adopted by the board of directors, the corporation shall file in the office of the secretary of state a statement setting forth:

(a) the name of the corporation;

(b) a copy of the resolution establishing and designating the series and fixing and determining the relative rights and preferences thereof;

(c) the date of adoption of such resolution;

(d) that such resolution was duly adopted by the board of directors.

(5) Such statement shall be executed in duplicate by the corporation by its president or a vice-president and by its secretary or an assistant secretary and verified by one of the officers signing such statement and shall be delivered to the secretary of state. If the secretary of state finds that such statement conforms to law, he shall, when all fees have been paid as in this chapter prescribed:

(a) endorse on each of such duplicate originals the word "filed" and the month, day, and year of the filing thereof;

(b) file one of such duplicate originals in his office;

(c) return the other duplicate original to the corporation or its representative.

(6) Upon the filing of such statement by the secretary of state, the resolution establishing and designating the series and fixing and determining the relative rights and preferences thereof shall become effective and shall constitute an amendment of the articles of incorporation."

Section 32. Section 35-1-605, MCA, is amended to read:

"35-1-605. Issuance of shares. *Subject to any restrictions in the articles of incorporation:*

(1) shares may be issued for such consideration *as may be authorized by the board of directors establishing a price in money or other consideration, a minimum price, general formula, or method by which the price will be determined; and*

(2) upon authorization by the board of directors, the corporation may issue its own shares in exchange for or in conversion of its outstanding shares or distribute its own shares pro rata to its shareholders or the shareholders of one or more classes or series to effectuate stock dividends

HeinOnline -- 1981 vol. I 901 1981

or splits, and any such transaction does not require consideration provided that no such issuance of shares of any class or series may be made to the holders of shares of any other class or series unless it is either expressly provided for in the articles of incorporation or is authorized by an affirmative vote or the written consent of the holders of at least a majority of the outstanding shares of the class or series in which the distribution is to be made."

Section 33. Section 35-1-606, MCA, is amended to read:

"**35-1-606. Modes of payment for shares.** (1) The consideration for the issuance of shares may be paid, in whole or in part, in money, in other property, tangible or intangible, or in labor or services actually performed for the corporation. When payment of the consideration for which shares are to be issued shall have been received by the corporation, *subject to the provisions of 35-1-604,* such shares shall be nonassessable.

(2) Neither promissory notes nor future services shall constitute payment or part payment for shares of a corporation.

(3) In the absence of fraud in the transaction, the judgment of the board of directors or the shareholders, as the case may be, as to the value of the consideration received for shares shall be conclusive."

Section 34. Section 35-1-607, MCA, is amended to read:

"**35-1-607. Stock rights and options.** (1) Subject to any provisions in respect thereof set forth in its articles of incorporation, a corporation may create and issue, whether or not in connection with the issuance and sale of any of its shares or other securities, rights or options entitling the holders thereof to purchase from the corporation shares of any class or classes. Such rights or options shall be evidenced in such manner as the board of directors shall approve and, subject to the provisions of the articles of incorporation, shall set forth the terms upon which, the time or times within which, and the price or prices at which such shares may be purchased from the corporation upon the exercise of any such right or option.

(2) If such rights or options are to be issued to directors, officers, or employees as such of the corporation or of any subsidiary thereof and not to the shareholders generally, their issuance shall be approved by the affirmative vote of the holders of a majority of the shares entitled to vote thereon or shall be authorized by and consistent with a plan theretofore approved by such a vote of shareholders.

(3) In the absence of fraud in the transaction, the judgment of the board of directors as to the adequacy of the consideration received for such rights or options shall be conclusive."

Section 35. Section 35-1-610, MCA, is amended to read:

"**35-1-610. Shares represented by certificates and uncertificated shares.** (1) The shares of a corporation shall be represented by certificates *or shall be uncertificated shares. Certificates shall be* signed by the *chairman or vice-chairman of the board of directors or*

HeinOnline -- 1981 vol. I 902 1981

the president or a vice-president and *by the treasurer or an assistant treasurer or* the secretary or an assistant secretary of the corporation and may be sealed with the seal of the corporation or a facsimile thereof. *Any or all of the* signatures upon a certificate may be *facsimiles.* In case any officer, *transfer agent, or registrar* who has signed or whose facsimile signature has been placed upon such certificate shall have ceased to be such officer, *transfer agent, or registrar* before such certificate is issued, it may be issued by the corporation with the same effect as if he were such officer, *transfer agent, or registrar* at the date of its issue.

(2) Every certificate representing shares issued by a corporation which is authorized to issue shares of more than one class shall set forth upon the face or back of the certificate or shall state that the corporation will furnish to any shareholder, upon request and without charge, a full statement of:

(a) the designations, preferences, limitations, and relative rights of the shares of each class authorized to be issued; and

(b) if the corporation is authorized to issue any preferred or special class in series, the variations in the relative rights and preferences between the shares of each such series so far as the same have been fixed and determined and the authority of the board of directors to fix and determine the relative rights and preferences of subsequent series.

(3) Each certificate representing shares shall state upon the face thereof:

(a) that the corporation is organized under the laws of this state;

(b) the name of the person to whom issued;

(c) the number and class of shares and the designation of the series, if any, which such certificate represents.

(4) No certificate shall be issued for any share until *the consideration established for its issuance has been paid.*

(5) Unless otherwise provided by the articles of incorporation or bylaws, the board of directors of a corporation may provide by resolution that some or all of any or all classes and series of its shares shall be uncertificated shares, provided that such resolution shall not apply to shares represented by a certificate until such certificate is surrendered to the corporation. Within a reasonable time after the issuance or transfer of uncertificated shares, the corporation shall send to the registered owner thereof a written notice containing the information required to be set forth or stated on certificates pursuant to subsections (2) and (3). Except as otherwise expressly provided by law, the rights and obligations of the holders of uncertificated shares and the rights and obligations of the holders of certificates representing shares of the same class and series must be identical."

Section 36. Section 35-1-611, MCA, is amended to read:

"35-1-611. Issuance of fractional shares or scrip. A corporation may:

(1) issue *fractions of a* share, *either represented by a certificate or uncertificated;*

(2) arrange for the disposition of fractional interests by those entitled thereto;

(3) pay in money the fair value of fractions of a share as of the time when those entitled to receive such fractions are determined; or

(4) issue scrip in registered or bearer form which shall entitle the holder to receive a certificate for a full share *or an uncertificated full share* upon the surrender of such scrip aggregating a full share. A certificate for a fractional share *or an uncertificated fractional share* shall, but scrip shall not unless otherwise provided therein, entitle the holder to exercise voting rights, to receive dividends thereon, and to participate in any of the assets of the corporation in the event of liquidation. The board of directors may cause such scrip to be issued subject to the condition that it shall become void if not exchanged for certificates representing full shares *or uncertificated full shares* before a specified date or subject to the condition that the shares for which such scrip is exchangeable may be sold by the corporation and the proceeds thereof distributed to the holders of such scrip or subject to any other conditions which the board of directors may deem advisable."

Section 37. Section 35-1-612, MCA, is amended to read:

"35-1-612. Power of corporation to acquire its own shares. (1) A corporation shall have the *power* to acquire its own shares. *All of its own shares acquired by a corporation, upon acquisition, constitute authorized but unissued shares unless the articles of incorporation provide that they may not be reissued, in which case the authorized shares shall be reduced by the number of shares acquired.*

(2) *If the number of authorized shares is reduced by an acquisition, the corporation shall, no later than the time it files its next annual report under this chapter with the secretary of state, file a statement of cancellation showing the reduction in the authorized shares. The statement of cancellation shall be executed in duplicate by the corporation by its president or a vice-president and by its secretary or an assistant secretary and verified by one of the officers signing such statement and shall set forth:*

(a) the name of the corporation;

(b) the number of acquired shares canceled, itemized by classes and series; and

(c) the aggregate number of authorized shares, itemized by classes and series, after giving effect to such cancellation.

(3) Duplicate originals of such statement shall be delivered to the secretary of state. If the secretary of state finds that such statement conforms to law, he shall, when all fees and franchise taxes have been paid as prescribed in this chapter:

(a) endorse on each of such duplicate originals the word "Filed" and the month, day, and year of the filing thereof;

HeinOnline -- 1981 vol. I 904 1981

(b) file one of such duplicate originals in his office; and

(c) return the other duplicate original to the corporation or its representative."

Section 38. **Restriction on transfer of shares.** (1) A written restriction on the transfer or registration of transfer of shares of a corporation, if permitted by this section and noted conspicuously on the certificate representing such shares, may be enforced against the holder of the restricted shares or any successor or transferee of the holder, including an executor, administrator, trustee, guardian, or other fiduciary entrusted with like responsibility for the person or estate of the holder. Unless noted conspicuously on the certificate, a restriction, even though permitted by this section, is ineffective except against a person with actual knowledge of the restriction.

(2) A restriction on the transfer or registration of transfer of shares of a corporation may be imposed by the articles of incorporation, the bylaws, or an agreement among any number of shareholders or among such holders and the corporation. No restriction so imposed is binding with respect to shares issued prior to the adoption of the restriction unless the holders of the shares are parties to an agreement or voted in favor of the restriction.

(3) A restriction on the transfer of shares of a corporation is permitted by this section if it:

(a) obligates the holder of the restricted shares to offer to the corporation, to any other holders of shares of the corporation, to any other person, or to any combination of the foregoing a prior opportunity, to be exercised within a reasonable time, to acquire the restricted shares;

(b) obligates the corporation, any holder of shares of the corporation, any other person, or any combination of the foregoing to purchase the shares which are the subject of an agreement respecting the purchase and sale of the restricted shares;

(c) requires the corporation or the holder of any class of shares of the corporation to consent to any proposed transfer of the restricted shares or to approve the proposed transferee of the restricted shares; or

(d) prohibits the transfer of the restricted shares to designated persons or classes of persons, and the designation is not manifestly unreasonable.

(4) Any restriction on the transfer of the shares of a corporation for the purpose of maintaining its status as an electing small business corporation under subchapter S of the United States Internal Revenue Code (26 U.S.C.A. 1371, et seq.) is conclusively presumed to be for a reasonable purpose.

(5) Any other lawful restriction on transfer or registration of transfer of shares is permitted by this section.

(6) Except as otherwise provided in this section, the transfer of shares and the certificates representing such shares are governed by Title 30, chapter 8.

HeinOnline -- 1981 vol. I 905 1981

Section 39. **Distributions to shareholders.** (1) Subject to any restrictions in the articles of incorporation, the board of directors may authorize and the corporation may make distributions, except that no distribution may be made if, after giving effect thereto, either:

(a) the corporation would be unable to pay its debts as they become due in the usual course of its business; or

(b) the corporation's total assets would be less than the sum of its total liabilities and, unless the articles of incorporation permit otherwise, the maximum amount that then would be payable in any liquidation in respect of all outstanding shares having preferential rights in liquidation.

(2) Determinations under subsection (1)(b) may be based upon:

(a) financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances; or

(b) a fair valuation or other method that is reasonable in the circumstances.

(3) In the case of a purchase, redemption, or other acquisition of a corporation's shares, the effect of a distribution must be measured as of the date money or other property is transferred or debt is incurred by the corporation or as of the date the shareholder ceases to be a shareholder of the corporation with respect to such shares, whichever is earlier. In all other cases, the effect of a distribution shall be measured as of the date of its authorization if payment occurs within 120 days after the authorization date or as of the date of payment if payment occurs more than 120 days after the authorization date.

(4) Indebtedness of a corporation incurred or issued to a shareholder in a distribution in accordance with this section must be on a parity with the indebtedness of the corporation to its general unsecured creditors except to the extent subordinated by agreement.

Section 40. Section 35-1-801, MCA, is amended to read:

"35-1-801. Procedure for merger, consolidation, and share exchange. (1) *(a)* Any two or more domestic corporations may merge into one of such corporations pursuant to a plan of merger approved in the manner provided in this chapter.

(b) The board of directors of each corporation shall, by resolution adopted by each such board, approve a plan of merger setting forth:

(i) the names of the corporations proposing to merge and the name of the corporation into which they propose to merge, which is hereinafter designated as the surviving corporation;

(ii) the terms and conditions of the proposed merger;

(iii) the manner and basis of converting the shares of each corporation into shares or other securities or obligations of the surviving corporation or any other corporation or, in whole or in part, into cash or other property;

(iv) a statement of any changes in the articles of incorporation of the surviving corporation to be effected by such merger;

(v) such other provisions with respect to the proposed merger as are deemed necessary or desirable.

(2) (a) Any two or more domestic corporations may consolidate into a new corporation pursuant to a plan of consolidation approved in the manner provided in this chapter.

(b) The board of directors of each corporation shall, by resolution adopted by each board, approve a plan of consolidation setting forth:

(i) the names of the corporations proposing to consolidate and the name of the new corporation into which they propose to consolidate, which is hereinafter designated as the new corporation;

(ii) the terms and conditions of the proposed consolidation;

(iii) the manner and basis of converting the shares of each corporation into shares or other securities or obligations of the new corporation or any other corporation or, in whole or in part, into cash or other property;

(iv) with respect to the new corporation, all of the statements required to be set forth in articles of incorporation for corporations organized under this chapter; and

(v) such other provisions with respect to the proposed consolidation as are considered necessary or desirable.

(3) (a) All the issued or all the outstanding shares of one or more classes of any domestic corporation may be acquired through the exchange of all shares of such class or classes by another domestic or foreign corporation pursuant to a plan of exchange approved in the manner provided in this chapter.

(b) The board of directors of each corporation shall, by resolution adopted by each such board, approve a plan of exchange setting forth:

(i) the name of the corporation the shares of which are proposed to be acquired by exchange and the name of the corporation to acquire the shares of such corporation in the exchange, which is hereinafter designated as the acquiring corporation;

(ii) the terms and conditions of the proposed exchange;

(iii) the manner and basis of exchanging the shares to be acquired for shares, obligations, or other securities of the acquiring corporation or any other corporation or, in whole or in part, for cash or other property; and

(iv) such other provisions with respect to the proposed exchange as are considered necessary or desirable.

(c) The procedure authorized by this section does not limit the power of a corporation to acquire all or part of the shares of any class or classes of a corporation, through a voluntary exchange or otherwise, by agreement with the shareholders."

HeinOnline -- 1981 vol. I 907 1981

Section 41. Section 35-1-803, MCA, is amended to read:

"35-1-803. Approval of shareholders required. (1) The board of directors of each corporation, *in the case of a merger or consolidation, and the board of directors of the corporation the shares of which are to be acquired in the case of an exchange,* upon approving such plan of merger, plan of consolidation, *or exchange,* shall by resolution direct that the plan be submitted to a vote at a meeting of shareholders, which may be either an annual or a special meeting.

(2) Written notice shall be given to each shareholder of record, whether or not entitled to vote at such meeting, not less than 30 days before such meeting, in the manner provided in this chapter for the giving of notice of meetings of shareholders and, whether the meeting be an annual or a special meeting, shall state that the purpose or one of the purposes is to consider the proposed plan of merger, consolidation, *or exchange.* A copy or a summary of the plan of merger, consolidation, *or exchange,* as the case may be, shall be included in or enclosed with such notice.

(3) At each such meeting a vote of the shareholders shall be taken on the proposed plan. The plan shall be approved upon receiving the affirmative vote of the holders of two-thirds of the shares entitled to vote thereon of each such corporation, unless any class of shares of any such corporation is entitled to vote thereon as a class, in which event, as to such corporation, the plan shall be approved upon receiving the affirmative vote of the holders of two-thirds of the shares of each class of shares entitled to vote thereon as a class and of the total shares entitled to vote thereon. Any class of shares of any such corporation shall be entitled to vote as a class if the plan contains any provision which, if contained in a proposed amendment to articles of incorporation, would entitle such class of shares to vote as a class *or, in the case of an exchange, if the class is included in the exchange.*

(4) After *the* approval by a vote of the shareholders of each *of these corporations* and at any time prior to the filing of the articles of merger, consolidation, *or exchange,* the merger, consolidation, *or exchange* may be abandoned pursuant to provisions therefor, if any, set forth in the plan.

(5) (a) Notwithstanding the provisions of subsections (1) through (3), submission of a plan of merger to a vote at a meeting of shareholders of a surviving corporation is not required if:

(i) the articles of incorporation of the surviving corporation do not differ except in name from those of the corporation before the merger;

(ii) each holder of shares of the surviving corporation that were outstanding immediately before the effective date of the merger is to hold the same number of shares with identical rights immediately after;

(iii) the number of voting shares outstanding immediately after the merger plus the number of voting shares issuable on conversion of other securities issued by virtue of the terms of the merger and on exercise of rights and warrants so issued will not exceed by more than 20% the number of voting shares outstanding immediately before the merger; and

HeinOnline -- 1981 vol. I 908 1981

(iv) the number of participating shares outstanding immediately after the merger plus the number of participating shares issuable on conversion of other securities issued by virtue of the terms of the merger and on exercise of rights and warrants so issued will not exceed by more than 20% the number of participating shares outstanding immediately before the merger.

(b) As used in subsection (5)(a):

(i) "voting shares" means shares which entitle their holders to vote unconditionally in elections of directors;

(ii) "participating shares" means shares which entitle their holders to particpate without limitation in distribution of earnings or surplus."

(1) Upon *receiving the approvals required by 35-1-801 and 35-1-803*, articles of merger, articles of consolidation, *or exchange* shall be executed in duplicate by each corporation by its president or a vice-president and by its secretary or an assistant secretary and verified by one of the officers of each corporation signing such articles and shall set forth:

(a) the plan of merger, consolidation, *or exchange*;

(b) as to each corporation, *either:*

(c) as to each corporation *the approval of whose shareholders is required*, the number of shares voted for and against such plan, respectively, and, if the shares of any class are entitled to vote as a class, the number of shares of each such class voted for and against such plan, respectively.

(2) Duplicate originals of the articles of merger, consolidation, *or exchange* shall be delivered to the secretary of state. If the secretary of state finds that such articles conform to law, he shall, when all fees have been paid as *prescribed* in this chapter:

(b) file one of such duplicate originals in his office;

(c) issue a certificate of merger, consolidation, *or exchange* to which he shall affix the other duplicate original.

(3) The certificate of merger, consolidation, *or exchange,* together with the duplicate original of the articles of merger or articles of consolidation

(b) file one of such duplicate originals in his office; and

(c) issue a certificate of merger to which he shall affix the other duplicate original.

(5) The certificate of merger, together with the duplicate original of the articles of merger affixed thereto by the secretary of state, shall be returned to the surviving corporation or its representative."

"35-1-806. Effect of merger, consolidation, or exchange. (1) *A merger, consolidation, or exchange becomes effective upon* the issuance of *a* certificate of merger, consolidation, *or exchange* by the secretary of state *or on a later date, not more than 30 days subsequent to the filing thereof with the secretary of state, as provided for in the plan.*

(2) When *a* merger or consolidation has *become effective*:

(a) *the* several corporations parties to the plan of merger or consolidation shall be a single corporation, which, in the case of a merger, shall be that corporation designated in the plan of merger as the surviving corporation and, in the case of a consolidation, shall be the new corporation provided for in the plan of consolidation;

(b) *the* separate existence of all corporations parties to the plan of merger or consolidation, except the surviving or new corporation, shall cease;

(c) *the* surviving or new corporation shall have all the rights, privileges, immunities, and powers and shall be subject to all the duties and liabilities of a corporation organized under this chapter;

(d) *the* surviving or new corporation shall thereupon and thereafter possess all the rights, privileges, immunities, and franchises, as well of a public as of a private nature, of each of the merging or consolidating corporations. All property, real, personal, and mixed, and all debts due on whatever account, including subscriptions to shares, and all other choses in action and all and every other interest of or belonging to or due to each of the corporations so merged or consolidated shall be taken and deemed to be transferred to and vested in such single corporation without further act or deed. The title to any real estate or any interest therein vested in any of such corporations shall not revert or be in any way impaired by reason of such merger or consolidation.

(e) *the* surviving or new corporation shall thenceforth be responsible and liable for all the liabilities and obligations of each of the corporations so merged or consolidated. Any claim existing or action or proceeding pending by or against any of such corporations may be prosecuted as if such merger or consolidation had not taken place or such surviving or new corporation may be substituted in its place. Neither the rights of creditors nor any liens upon the property of any such corporation shall be impaired by such merger or consolidation.

(f) *in* the case of a merger, the articles of incorporation of the surviving corporation shall be deemed to be amended to the extent, if any, that changes in its articles of incorporation are stated in the plan of merger. In the case of a consolidation, the statements set forth in the articles of consolidation and which are required or permitted to be set forth in the articles of incorporation of corporations organized under this chapter shall be deemed to be the original articles of incorporation of the new corporation.

(3) When a merger, consolidation, or exchange has become effective, the shares of the corporation or corporations party to the plan that are to be converted or exchanged under the terms of the plan shall cease to exist, in the case of a merger or consolidation, or be considered to be

exchanged, in the case of an exchange. The holders of such shares are thereafter entitled to only the shares, obligations, other securities, cash, or other property into which they have been converted or for which they have been exchanged in accordance with the plan and subject to any rights under 35-1-810."

Section 45. Section 35-1-807, MCA, is amended to read:

"**35-1-807. Merger, consolidation, or exchange of shares between domestic and foreign corporations.** One or more foreign corporations and one or more domestic corporations may be merged, consolidated, *or participate in an exchange* in the following manner if such merger, consolidation, *or exchange* is permitted by the laws of the state under which each such foreign corporation is organized:

(1) Each domestic corporation shall comply with the provisions of this chapter with respect to the merger, consolidation, *or exchange*, as the case may be, of domestic corporations, and each foreign corporation shall comply with the applicable provisions of the laws of the state under which it is organized.

(2) If the surviving or new corporation *in a merger or consolidation* is to be governed by the laws of any state other than this state, it shall comply with the provisions of this chapter with respect to foreign corporations if it is to transact business in this state, and in every case it shall file with the secretary of state of this state:

(a) an agreement that it may be served with process in this state in any proceeding for the enforcement of any obligation of any domestic corporation which is a party to such merger or consolidation and in any proceeding for the enforcement of the rights of a dissenting shareholder of any such domestic corporation against the surviving or new corporation;

(b) an irrevocable appointment of the secretary of state of this state as its agent to accept service of process in any such proceeding; and

(c) an agreement that it will promptly pay to the dissenting shareholders of any such domestic corporation the amount, if any, to which they shall be entitled under the provisions of this chapter with respect to the rights of dissenting shareholders."

Section 46. Section 35-1-808, MCA, is amended to read:

"**35-1-808. Sale of assets in regular course of business and mortgage or pledge of assets.** The sale, lease, exchange, or other disposition of all or substantially all the property and assets of a corporation in the usual and regular course of its business and the mortgage or pledge of any or all property and assets of a corporation whether or not in the usual and regular course of business may be made upon such terms and conditions and for such consideration, which may consist in whole or in part of money or property, real or personal, including shares, *obligations, or other securities* of any other corporation, domestic or foreign, as shall be authorized by its board of directors. In any such case no authorization or consent of the shareholders shall be required."

Section 47. Section 35-1-809, MCA, is amended to read:

HeinOnline -- 1981 vol. I 912 1981

"35-1-809. Sale of assets not in regular course of business — shareholder approval. A sale, lease, exchange, or other disposition of all or substantially all the property and assets, with or without the good will, of a corporation, if not in the usual and regular course of its business, may be made upon such terms and conditions and for such consideration, which may consist in whole or in part of money or property, real or personal, including shares, *obligations, or other securities* of any other corporation, domestic or foreign, as may be authorized in the following manner:

(1) The board of directors shall adopt a resolution recommending such sale, lease, exchange, or other disposition and directing the submission thereof to a vote at a meeting of shareholders, which may be either an annual or a special meeting.

(2) Written notice shall be given to each shareholder of record, whether or not entitled to vote at such meeting, not less than 30 days before such meeting, in the manner provided in this chapter for the giving of notice of meetings of shareholders and, whether the meeting be an annual or a special meeting, shall state that the purpose or one of the purposes is to consider the proposed sale, lease, exchange, or other disposition.

(3) At such meeting the shareholders may authorize such sale, lease, exchange, or other disposition and may fix, or may authorize the board of directors to fix, any or all of the terms and conditions thereof and the consideration to be received by the corporation therefor. Such authorization shall require the affirmative vote of the holders of two-thirds of the shares of the corporation entitled to vote thereon, unless any class of shares is entitled to vote thereon as a class, in which event such authorization shall require the affirmative vote of the holders of two-thirds of the shares of each class of shares entitled to vote as a class thereon and of the total shares entitled to vote thereon.

(4) After such authorization by a vote of shareholders, the board of directors nevertheless in its discretion may abandon such sale, lease, exchange, or other disposition of assets, subject to the rights of third parties under any contracts relating thereto, without further action or approval by shareholders."

Section 48. Section 35-1-810, MCA, is amended to read:

"35-1-810. Right of shareholders to dissent and obtain payment for shares. (1) Any shareholder of a corporation shall have the right to dissent from, *and to obtain payment for his shares in the event of,* any of the following corporate actions:

(a) any plan of merger or consolidation to which the corporation is a party, *except as provided in subsection (3)*;

(b) any sale or exchange of all or substantially all of the property and assets of the corporation not made in the usual and regular course of its business, including a sale in dissolution but not including a sale pursuant to an order of a court having jurisdiction in the premises or a sale for cash on terms requiring that all or substantially all of the net proceeds of sale be distributed to the shareholders in accordance with their respective interests within 1 year after the date of sale;

HeinOnline -- 1981 vol. I 913 1981

(c) any plan of exchange to which the corporation is a party as the corporation whose shares are to be acquired;

(d) any amendment of the articles of incorporation which affects the rights appurtenant to the shares of the dissenting shareholder materially and adversely in that it:

(i) alters or abolishes a preferential right of such shares;

(ii) creates, alters, or abolishes a right in respect of the redemption of such shares, including a provision respecting a sinking fund for the redemption or repurchase of such shares;

(iii) alters or abolishes a preemptive right of the holder of such shares to acquire shares or other securities;

(iv) excludes or limits the right of the holder of such shares to vote on any matter or to cumulate his votes, except as such right may be limited by dilution through the issuance of shares or other securities with similar voting rights; or

(e) any other corporate action taken pursuant to a shareholder vote with respect to which the articles of incorporation, the bylaws, or a resolution of the board of directors directs that dissenting shareholders have a right to obtain payment for their shares.

(2) *(a)* A *record holder of shares may assert dissenters' rights* as to less than all of the shares registered in his name *only if he dissents with respect to all the shares beneficially owned by any one person and discloses the names and addresses of the persons on whose behalf he dissents.* In that event, his rights shall be determined as if the shares as to which he has dissented and his other shares were registered in the names of different shareholders.

(b) A beneficial owner of shares who is not the record holder may assert dissenters' rights with respect to shares held on his behalf and shall be treated as a dissenting shareholder under the terms of this section and [section 49] if he submits to the corporation at the time of or before the assertion of these rights a written consent of the record holder.

(3) The *right to obtain payment under* this section shall not apply to the shareholders of the surviving corporation in a merger if a vote of the shareholders of such corporation is not necessary to authorize such merger.

(4) A shareholder of a corporation who has a right under this section to obtain payment for his shares has no right at law or in equity to attack the validity of the corporate action that gives rise to his right to obtain payment nor to have the action set aside or rescinded, except when the corporate action is unlawful or fraudulent with regard to the complaining shareholder or to the corporation."

Section 49. **Procedures for protection of dissenters' rights.** (1) As used in this section:

(a) "Dissenter" means a shareholder or beneficial owner who is entitled to and does assert dissenters' rights under 35-1-810 and who has performed every act required up to the time involved for the assertion of such rights.

(b) "Corporation" means the issuer of the shares held by the dissenter before the corporate action, or the successor of that issuer by merger or consolidation.

(c) "Fair value" of shares means their value immediately before the effectuation of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of such corporate action unless such exclusion would be inequitable.

(d) "Interest" means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at such rate as is fair and equitable under all the circumstances.

(2) If a proposed corporate action which would give rise to dissenters' rights under 35-1-810(1) is submitted to a vote at a meeting of shareholders, the notice of meeting shall notify all shareholders that they have or may have a right to dissent and obtain payment for their shares by complying with the terms of this section and shall be accompanied by a copy of 35-1-810 and this section.

(3) If the proposed corporate action is submitted to a vote at a meeting of shareholders, any shareholder who wishes to dissent and obtain payment for his shares must file with the corporation, prior to the vote, a written notice of intention to demand that he be paid fair compensation for his shares if the proposed action is effectuated and shall refrain from voting his shares in approval of such action. A shareholder who fails in either respect acquires no right to payment for his shares under this section or 35-1-810.

(4) If the proposed corporate action is approved by the required vote at a meeting of shareholders, the corporation shall mail a further notice to all shareholders who gave due notice of intention to demand payment and who refrained from voting in favor of the proposed action. If the proposed corporate action is to be taken without a vote of shareholders, the corporation shall send a notice of the adoption of the plan of corporate action to all shareholders who are entitled to dissent and demand payment for their shares. The notice shall:

(a) state where and when a demand for payment must be sent and certificates of certificated shares must be deposited in order to obtain payment;

(b) inform holders of uncertificated shares to what extent transfer of shares will be restricted from the time that demand for payment is received;

(c) supply a form for demanding payment, which includes a request for certification of the date on which the shareholder, or the person on whose behalf the shareholder dissents, acquired beneficial ownership of the shares; and

(d) be accompanied by a copy of 35-1-810 and this section. The time set for the demand and deposit may not be less than 30 days from the mailing of the notice.

HeinOnline -- 1981 vol. I 915 1981

(5) A shareholder who fails to demand payment or fails (in the case of certificated shares) to deposit certificates as required by a notice pursuant to subsection (4) has no right under this section or 35-1-810 to receive payment for his shares. If the shares are not represented by certificates, the corporation may restrict their transfer from the time of receipt of demand for payment until effectuation of the proposed corporate action or the release of restrictions under the terms of subsection (6). The dissenter retains all other rights of a shareholder until those rights are modified by effectuation of the proposed corporate action.

(6) (a) Within 60 days after the date set for demanding payment and depositing certificates, if the corporation has not effectuated the proposed corporate action and remitted payment for shares pursuant to subsection (6)(c), it shall return any certificates that have been deposited and release uncertificated shares from any transfer restrictions imposed by reason of the demand for payment.

(b) When uncertificated shares have been released from transfer restrictions and deposited certificates have been returned, the corporation may at any later time send a new notice conforming to the requirements of subsection (4), with like effect.

(c) Immediately upon effectuation of the proposed corporate action or upon receipt of demand for payment if the corporate action has already been effectuated, the corporation shall remit to dissenters who have made demand and, if their shares are certificated, have deposited their certificates, the amount that the corporation estimates to be the fair value of the shares, with interest if any has accrued. The remittance shall be accompanied by:

(i) the corporation's closing balance sheet and statement of income for a fiscal year ending not more than 16 months before the date of remittance, together with the latest available interim financial statement;

(ii) a statement of the corporation's estimate of fair value of the shares; and

(iii) a notice of the dissenter's right to demand supplemental payment.

(7) (a) If the corporation fails to remit as required by subsection (6) or if the dissenter believes that the amount remitted is less than the fair value of his shares or that the interest is not correctly determined, he may send the corporation his own estimate of the value of the shares or of the interest and demand payment of the deficiency.

(b) If the dissenter does not file such an estimate within 30 days after the corporation's mailing of its remittance, he shall be entitled to no more than the amount remitted.

(8) (a) Within 60 days after receiving a demand for payment pursuant to subsection (7), if any such demands for payment remain unsettled, the corporation shall file in an appropriate court a petition requesting that the fair value of the shares and interest thereon be determined by the court.

(b) An appropriate court is the district court in the county of this state where the registered office of the corporation is located. If, in the case of

HeinOnline -- 1981 vol. I 916 1981

a merger, consolidation, or exchange of shares, the corporation is a foreign corporation without a registered office in this state, the petition shall be filed in the county where the registered office of the foreign corporation was last located.

(c) All dissenters, wherever residing, whose demands have not been settled shall be made parties to the proceeding as in an action against their shares. A copy of the petition shall be served on each such dissenter. If a dissenter is a nonresident, the copy may be served on him by registered or certified mail or by publication as provided by law.

(d) The jurisdiction of the court is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers shall have such power as may be specified in the order of their appointment or in any amendment thereof. The dissenters shall be entitled to discovery in the same manner as parties in other civil suits.

(e) All dissenters who are made parties shall be entitled to judgment for the amount by which the fair value of their shares is found to exceed the amount previously remitted, with interest.

(f) If the corporation fails to file a petition as provided in subsection (8)(a), each dissenter who made a demand and who has not already settled his claim against the corporation shall be paid by the corporation the amount demanded by him, with interest, and may sue therefor in an appropriate court.

(9) (a) The costs and expenses of any proceeding under subsection (8), including the reasonable compensation and expenses of appraisers appointed by the court, shall be determined by the court and assessed against the corporation, except that any part of the costs and expenses shall be apportioned and assessed as the court may consider equitable against all or some of the dissenters who are parties and whose action in demanding supplemental payment the court finds to be arbitrary, vexatious, or not in good faith.

(b) Fees and expenses of counsel and of experts for the respective parties may be assessed as the court considers equitable against the corporation and in favor of any or all dissenters if the corporation failed to comply substantially with the requirements of this section. The fees and expenses shall be assessed against either the corporation or a dissenter in favor of any other party if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith in respect to the rights provided by this section and 35-1-810.

(c) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated and should not be assessed against the corporation, it may award to these counsel reasonable fees, to be paid out of the amounts awarded to the dissenters who were benefited.

(10) (a) Notwithstanding the foregoing provisions of this section, the corporation may elect to withhold the remittance required by subsection (6) from any dissenter with respect to shares of which the dissenter, or the

HeinOnline -- 1981 vol. I 917 1981

person on whose behalf the dissenter acts, was not the beneficial owner on the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action. With respect to such shares, the corporation shall, upon effectuating the corporate action, state to each dissenter its estimate of the fair value of the shares, state the rate of interest to be used, explaining the basis thereof, and offer to pay the resulting amounts on receiving the dissenter's agreement to accept them in full satisfaction.

(b) If the dissenter believes that the amount offered is less than the fair value of the shares and interest determined according to this section, he may, within 30 days after the date of mailing of the corporation's offer, mail the corporation his own estimate of fair value and interest and demand their payment. If the dissenter fails to do so, he is entitled to no more than the corporation's offer.

(c) If the dissenter makes a demand as provided in subsection (b), the provisions of subsections (8) and (9) apply to further proceedings on the dissenter's demand.

Section 50. Section 35-1-901, MCA, is amended to read:

"35-1-901. Voluntary dissolution by incorporators or initial board of directors — filing of articles of dissolution. A corporation which has not commenced business and which has not issued any shares may be voluntarily dissolved by its incorporators at any time in the following manner:

(1) Articles of dissolution shall be executed in duplicate by a majority of the incorporators *or initial board of directors* and verified by them and shall set forth:

(a) the name of the corporation;

(b) the date of issuance of its certificate of incorporation;

(2) Duplicate originals of the articles of dissolution shall be delivered to the secretary of state. If the secretary of state finds that the articles of dissolution conform to law, he shall, when all fees have been paid as in this chapter prescribed:

(a) endorse on each of such duplicate originals the word "filed" and the month, day, and year of the filing thereof;

(b) file one of such duplicate originals in his office;

HeinOnline -- 1981 vol. I 918 1981

(c) issue a certificate of dissolution to which he shall affix the other duplicate original.

(3) The certificate of dissolution, together with the duplicate original of the articles of dissolution affixed thereto by the secretary of state, shall be returned to the incorporators, *the board of directors,* or their representative. Upon the issuance of such certificate of dissolution by the secretary of state, the existence of the corporation shall cease."

Section 51. Section 35-1-1002, MCA, is amended to read:

"35-1-1002. Activities not to be considered transacting business. Without excluding other activities which may not constitute transacting business in this state, a foreign corporation shall not be considered to be transacting business in this state for the purposes of this chapter by reason of carrying on in this state any one or more of the following activities:

(7) creating, as borrower or lender, or acquiring indebtedness or mortgages or other security interests in real or personal property;

(8) securing or collecting debts or enforcing any rights in property securing the same;

(a) a resolution of its board of directors adopting a fictitious name for use in transacting business in this state, which fictitious name is not deceptively similar to the name of any domestic corporation, to that of any foreign corporation authorized to transact business in this state, or to any name reserved or registered as provided in this chapter and which fictitious name is registered as an assumed business name under the provisions of Title 30, chapter 13, part 2;

The secretary of state shall maintain records sufficient to support the fees established under this section.*"

Section 60. Section 35-1-1205, MCA, is amended to read:

"35-1-1205. License fees payable by foreign corporation. (1) The secretary of state shall charge and collect from each foreign corporation at the time of filing an application for a certificate of authority to transact business in this state the sum of $50 as an initial license fee.

(2) Thereafter the secretary of state shall fix the license fee for each foreign corporation as follows:

(a) He shall first ascertain the license fee which a newly organized domestic corporation would be required to pay under the preceding section if it had authorized shares in an amount equal to the *number of authorized shares* of the reporting foreign corporation shown by its filed annual report.

(b) Said amount shall be multiplied by a fraction, the numerator of which shall be the sum of the value of the property of the corporation located in this state and the gross receipts of the corporation derived from its business transacted within this state, and the denominator of which shall be the sum of the value of all of its property wherever located and the gross receipts of the corporation derived from its business wherever transacted. The amounts used in determining the numerator and denominator shall be determined from the corporation's filed annual report.

(c) From the product of such multiplication, there shall be deducted the aggregate amount of license fee theretofore paid by the corporation and the remainder, if any, shall be the amount of additional fee to be paid by the corporation.

(3) The secretary of state shall enter the amount of any additional license fee in the records of the corporation in his office and shall mail a

notice of the amount of such additional license fee to the corporation at its registered office in this state. The additional license fee shall be paid by the corporation to the secretary of state within 30 days after the mailing of the notice. Failure to pay such additional license fee within said 30-day period shall render such corporation liable to the secretary of state for a penalty equal to 10% of the amount of the additional license fee, together with interest at the rate of ½ of 1% per month on the fee plus penalty until paid.

(4) Foreign corporations which entered Montana for the transaction of business prior to December 31, 1968, shall be entitled to employ within this state an amount of capital equal to the greatest amount employed in the state during the period of their qualification prior to December 31, 1968, without the payment of additional fees."

CHAPTER NO. 477

AN ACT TO ALLOW THE DEPARTMENT OF REVENUE TO WAIVE INTEREST UPON DELINQUENT TAXES AND PENALTIES IN CERTAIN CASES AND TO EXTEND THE PERIOD BEFORE A PENALTY MAY BE ASSESSED; AMENDING SECTIONS 15-1-206, 15-30-142, AND 15-30-323, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-206, MCA, is amended to read:

"15-1-206. Waiver and abatement of penalties — interest. *(1)* The department may, in its discretion, waive the assessment of penalty for the late filing of any tax statement or return required to be filed with the department when the filing is done within 5 days of the date specified for filing the return or statement and for the late payment of any tax collected by the department when the payment is made within 5 days of the date specified for payment of the tax.

(2) Whenever the department waives or abates a penalty provided for in this title, it also may, in its discretion, waive or abate interest not to exceed $100 due upon the tax.

(3) Whenever the department is notified of a change in federal taxable income as the result of a federal adjustment or upon filing an amended federal return, as provided for in 15-30-304, the department shall abate the interest on the additional tax liability from the date the department is notified until the department sends the statement of increased tax liability to the taxpayer.

(4) The department may waive or abate interest accrued prior to July 1, 1981, on additional individual income tax liability for tax years beginning after December 31, 1978, and on or before December 31, 1979, due to the refund of Alaska personal income tax during the period January 1, 1980, through December 31, 1980."

Section 2. Section 15-30-142, MCA, is amended to read:

"15-30-142. Returns and payment of tax — penalty and interest — refunds — credits. (1) Every single individual and every married individual not filing a joint return with his or her spouse and having a gross income for the taxable year of more than $940 and married individuals not filing separate returns and having a combined gross income for the taxable year of more than $1,880 shall be liable for a return to be filed on such forms and according to such rules as the department may prescribe. The gross income amounts referred to in the preceding sentence shall be increased by $800 for each additional personal exemption allowance the taxpayer is entitled to claim for himself and his spouse under 15-30-112(3) and (4). A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for

HeinOnline -- 1981 vol. I 926 1981

himself and his spouse under the provisions of 15-30-112(2), (3), and (4), as prorated according to 15-30-112(6).

(2) In accordance with instructions set forth by the department, every taxpayer who is married and living with husband or wife and is required to file a return may, at his or her option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department so consents.

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld as provided by 15-30-202 and/or any payment made by reason of an estimated tax return provided for in 15-30-241; provided, however, the tax so computed is greater by $1 than the amount withheld and/or paid by estimated return as provided in this chapter. If the amount of tax withheld and/or payment of estimated tax exceeds by more than $1 the amount of income tax as computed, the taxpayer shall be entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount theretofore paid, the excess shall be paid by the taxpayer to the department within *60* days after notice of the amount of the tax as computed, with interest added at the rate of 9% per annum or fraction thereof on the additional tax. In such case there shall be no penalty because of such understatement, provided the deficiency is paid within *60* days after the first notice of the amount is mailed to the taxpayer."

Section 3. Section 15-30-323, MCA, is amended to read:

"15-30-323. Penalty for deficiency. (1) If the payment required by 15-30-142(6) is not made within *60* days or if the understatement is due to negligence on the part of the taxpayer but without fraud, there shall be added to the amount of the deficiency 5% thereof; provided, however, that no deficiency penalty shall be less than $2. Interest will be computed at the rate of 9% per annum or fraction thereof on the additional assessment. Except as otherwise expressly provided in this subsection, the interest shall in all cases be computed from the date the return and tax were originally due as distinguished from the due date as it may have been extended to the date of payment.

(2) If the time for filing a return is extended, the taxpayer shall pay in addition interest thereon at the rate of 9% per annum from the time

HeinOnline -- 1981 vol. I 927 1981

when the return was originally required to be filed to the time of payment."

Section 4. **Effective date.** This act is effective on passage and approval.

Approved April 21, 1981.

Adjusted gross income from sources within and without this state shall be allocated and apportioned under rules prescribed by the department.

(2) In the case of a taxpayer other than a resident of this state who is a resident of a state that imposes a tax on the income of natural persons residing within that state, the deductions allowed in computing net income are restricted to those directly connected with the production of Montana income.

(3) In the case of a taxpayer other than a resident of this state who is a resident of a state that does not impose a tax on the income of natural persons residing within that state, the deductions allowed in computing net income are restricted to the greater of those directly relating to the production of Montana income or a prorated amount of those allowed under 15-30-121. For the purposes of this subsection, deductions allowed under 15-30-121 apply only to earned income and must be prorated according to the ratio that the taxpayer's Montana earned income bears to his federal earned income.

(4) A temporary resident shall be allowed those deductions *and the credit under [section 1]* allowed a resident to the extent that such deductions *or credit* were actually incurred or expended in the state of Montana during the course of his residency.

(5) For the purposes of this section, "earned income" shall be defined as the same term is defined in section 43 of the Internal Revenue Code, or as that section may subsequently be amended."

HeinOnline -- 1981 vol. I 934 1981

Section 5. Section 15-32-103, MCA, is amended to read:

"15-32-103. Deduction for energy-conserving investments. (1) In addition to all other deductions from gross corporate income allowed in computing net income under chapter 31, part 1, a taxpayer may deduct a portion of his expenditure for a capital investment in a building for an energy conservation purpose, in accordance with the following schedule:

20% of next $1,000 expended	20% of next $2,000 expended
10% of next $1,000 expended	10% of next $2,000 expended

(2) This tax treatment is subject to approval of the department of an application as provided in 15-32-106 and may not be claimed for so much of the expenditure and capital investment as is financed by a state, federal, or private grant for energy conservation."

Section 6. Section 15-32-104, MCA, is amended to read:

"15-32-104. Limitations on deduction and credit. Tax treatment under 15-32-103 *and [section 1]* is limited to:

Section 7. Section 15-32-105, MCA, is amended to read:

"15-32-105. Application to new construction — rules. (1) It is the intent of the legislature that no deduction *or credit* under this part be allowed for capital investment for an energy conservation practice in the new construction of a building if that capital investment would have been made under established standards of new construction. The department of revenue shall adopt rules to implement this legislative intent. Such rules shall be based on the best currently available methods of analysis, including those of the national bureau of standards, the department of housing and urban development, and other federal agencies and professional societies and materials developed by the department. Provisions shall be made for an annual updating of rules and standards as required.

(2) The department may adopt rules to define standard components of conventional buildings and to establish other necessary elements of the definition of passive solar system consistent with the intent of 15-32-102."

Section 8. Section 15-32-106, MCA, is amended to read:

HeinOnline -- 1981 vol. I 935 1981

"15-32-106. Procedure for obtaining benefit of deduction or credit. The department of revenue shall provide forms on which a taxpayer may apply for tax treatment under 15-32-103 *or [section 1].* Application shall be made to the department of revenue. The department of revenue shall approve an application which demonstrably promotes energy conservation or utilizes a recognized nonfossil form of energy generation. The department of revenue may refer an application involving energy generation to the department of natural resources and conservation for its advice, and the department of natural resources and conservation shall respond within 60 days. The department of revenue may refer an application involving energy conservation to the department of administration for its advice, and the department of administration shall respond within 60 days. Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** (1) As used in [sections 1 through 7], the term "drug paraphernalia" means all equipment, products, and materials of any kind that are used, intended for use, or designed for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body a dangerous drug. It includes but is not limited to:

(a) kits used, intended for use, or designed for use in planting, propagating, cultivating, growing, or harvesting of any species of plant that is a dangerous drug or from which a dangerous drug can be derived;

HeinOnline -- 1981 vol. I 936 1981

(b) kits used, intended for use, or designed for use in manufacturing, compounding, converting, producing, processing, or preparing dangerous drugs;

(c) isomerization devices used, intended for use, or designed for use in increasing the potency of any species of plant that is a dangerous drug;

(e) scales and balances used, intended for use, or designed for use in weighing or measuring dangerous drugs;

(f) dilutents and adulterants, such as quinine hydrochloride, mannitol, mannite, dextrose, and lactose, used, intended for use, or designed for use in cutting dangerous drugs;

(g) separation gins and sifters used, intended for use, or designed for use in removing twigs and seeds from or in otherwise cleaning or refining marijuana;

(h) blenders, bowls, containers, spoons, and mixing devices used, intended for use, or designed for use in compounding dangerous drugs;

(i) capsules, balloons, envelopes, and other containers used, intended for use, or designed for use in packaging small quantities of dangerous drugs;

(j) containers and other objects used, intended for use, or designed for use in storing or concealing dangerous drugs;

(k) objects used, intended for use, or designed for use in ingesting, inhaling, or otherwise introducing marijuana, cocaine, hashish, hashish oil, or other dangerous drug as defined by 50-32-101 into the human body, such as:

(i) metal, wooden, acrylic, glass, stone, plastic, or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls;

(ii) water pipes;

(iii) carburetion tubes and devices;

(7) instructions, oral or written, provided with the object concerning its use;

(8) descriptive materials accompanying the object which explain or depict its use;

(9) national and local advertising concerning its use;

Section 4. **Manufacture or delivery of drug paraphernalia.** It is unlawful for any person to deliver, possess with intent to deliver, or manufacture with intent to deliver drug paraphernalia, knowing or under circumstances where one reasonably should know that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a dangerous drug. Any person who violates this section is guilty of a misdemeanor and upon conviction shall be imprisoned in the county jail for not more than 6 months, fined not more than $500, or both.

Section 5. **Delivery of drug paraphernalia to a minor.** Any person 18 years of age or over who violates [section 4] by delivering drug paraphernalia to a person under 18 years of age who is at least 3 years his junior is guilty of a misdemeanor and upon conviction shall be imprisoned in the county jail for not more than 1 year, fined not more than $1,000, or both.

Section 6. **Advertisement of drug paraphernalia.** It is unlawful for any person to place in any newspaper, magazine, handbill, or other publication any advertisement, knowing or under circumstances where one reasonably should know that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as drug paraphernalia. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-5-206, MCA, is amended to read:

"41-5-206. Transfer to criminal court. (1) After a petition has been filed alleging delinquency, the court may, upon motion of the county attorney, before hearing the petition on its merits, transfer the matter of prosecution to the district court if:

(a) the youth charged was 16 years of age or more at the time of the conduct alleged to be unlawful and the unlawful act is one or more of the following:

(i) criminal homicide as defined in 45-5-101;

(ii) arson as defined in 45-6-103;

(iii) aggravated assault as defined in 45-5-202;

(iv) robbery as defined in 45-5-401;

(v) burglary or aggravated burglary as defined in 45-6-204;

(vi) sexual intercourse without consent as defined in 45-5-503;

HeinOnline -- 1981 vol. II 946 1981

(viii) possession of explosives as defined in 45-8-335;

(ix) criminal sale of dangerous drugs for profit as included in 45-9-101;

(x) attempt as defined in 45-4-103 of any of the acts enumerated in subsections (1)(a)(i) through (1)(a)(ix);

(b) a hearing on whether the transfer should be made is held in conformity with the rules on a hearing on a petition alleging delinquency, except that the hearing will be to the youth court without a jury;

(c) notice in writing of the time, place, and purpose of the hearing is given to the youth, his counsel, and his parents, guardian, or custodian at least 10 days before the hearing; and

(d) the court finds upon the hearing of all relevant evidence that there are reasonable grounds to believe that:

(i) the youth committed the delinquent act alleged;

(ii) the seriousness of the offense and the protection of the community require treatment of the youth beyond that afforded by juvenile facilities; and

(iii) the alleged offense was committed in an aggressive, violent, or premeditated manner.

(2) In transferring the matter of prosecution to the district court, the court *may* also consider the following factors:

(a) the sophistication and maturity of the youth, determined by consideration of his home, environmental situation, and emotional attitude and pattern of living;

(b) the record and previous history of the youth, including previous contacts with the youth court, law enforcement agencies, youth courts in other jurisdictions, prior periods of probation, and prior commitments to juvenile institutions. *However, lack of a prior juvenile history with youth courts will not of itself be grounds for denying the transfer.*

(c) the severity of the offense;

(d) the prospects for adequate protection of the public and the likelihood of reasonable rehabilitation of the youth by the use of procedures, services, and facilities currently available to the youth court.

(3) Upon transfer to district court, the judge shall make written findings of the reasons why the jurisdiction of the court was waived and the case transferred to district court.

(4) The transfer terminates the jurisdiction of the court over the youth with respect to the acts alleged in the petition. No youth may be prosecuted in the district court for a criminal offense originally subject to the jurisdiction of the youth court unless the case has been transferred as provided in this section.

(5) Upon order of the court transferring the case to the district court, the county attorney shall file the information against the youth without unreasonable delay.

HeinOnline -- 1981 vol. II 947 1981

(6) Any offense not enumerated in subsection (1)(a) that arises during the commission of a crime enumerated in subsection (1)(a) may be:

(a) tried in youth court;

(b) transferred to district court with an offense enumerated in subsection (1)(a), upon motion of the county attorney and acceptance by the district court judge.

(7) If a youth is found guilty in district court of any of the offenses enumerated in subsection (1)(a) of this section and is sentenced to the state prison, his commitment shall be to the department of institutions which shall confine the youth in whatever institution it considers proper."

Section 2. Section 41-5-304, MCA, is amended to read:

"41-5-304. Fingerprints and photographs. (1) Title 46 shall apply to all law enforcement investigations relating to a complaint alleging a delinquent youth or youth in need of supervision, except that:

(a) no youth may be fingerprinted or photographed for criminal identification purposes except by order of the youth court judge;

(b) no fingerprint records or photographs may be filed with the federal bureau of investigation, the Montana department of justice, or any other than the originating agency, except for sending the fingerprints or photographs to any law enforcement agency for comparison purposes in the original investigation.

(2) *Fingerprint* records and photographs *shall* be retained by the originating agency *only until the youth reaches the age of majority unless the judge orders the records destroyed at an earlier date. Any such record may be used by the originating agency for comparison and identification purposes in any other investigation only when probable cause is established before the youth court judge that the youth is a principal suspect.*"

Section 3. Section 41-5-403, MCA, is amended to read:

"41-5-403. Disposition permitted under informal adjustment. (1) The following dispositions may be imposed by informal adjustment:

(a) probation;

(b) placement of the youth in a licensed foster home or other home approved by the court;

(c) placement of the youth in a private agency responsible for the care and rehabilitation of such a youth, including but not limited to a district youth guidance home;

(d) transfer of legal custody of the youth to the department of institutions, provided that such commitment does not authorize the department of institutions to place the youth in a state youth correctional facility, and such commitment may not exceed a period of 6 months without a subsequent order of the court, after notice and hearing;

(e) restitution upon approval of the youth court judge.

HeinOnline -- 1981 vol. II 948 1981

(2) In determining whether restitution is appropriate in a particular case, the following factors may be considered in addition to any other evidence:

(a) age of the youth;

(b) ability of the youth to pay;

(c) ability of the parents or legal guardian to pay;

(d) amount of damage to the victim; and

(e) legal remedies of the victim, *however the ability of the victim or his insurer to stand any loss may not be considered in any case.*"

Section 4. Section 41-5-511, MCA, is amended to read:

"**41-5-511. Right to counsel.** In all proceedings following the filing of a petition alleging a delinquent youth or youth in need of supervision, the youth and the parents or guardian of the youth shall be advised by the court or, in the absence of the court, by its representative that the youth may be represented by counsel at all stages of the proceedings. If counsel is not retained or if it appears that counsel will not be retained, counsel shall be appointed for the youth *if the parents and the youth are unable to provide counsel* unless the right to appointed counsel is waived by the youth and the parents or guardian. Neither the youth nor his parent or guardian may waive counsel after a petition has been filed if commitment to a state correctional facility or to the department of institutions for a period of more than 6 months may result from adjudication."

Section 5. Section 41-5-522, MCA, is amended to read:

(6) In determining whether restitution, as authorized by 41-5-523(1)(f), is appropriate in a particular case, the following factors may be considered in addition to any other evidence:

(a) age of the youth;

(b) ability of the youth to pay;

(c) ability of the parents or legal guardian to pay;

(d) amount of damage to the victim; and

(6) Any defense based upon this section is an affirmative defense."

Section 6. Section 45-2-104, MCA, is amended to read:

(3) The timing and procedure used in performing an abortion under subsection (1)(c) of this section must be such that the viability of the fetus is not intentionally or negligently endangered, as the term "negligently" is defined in 45-2-101*(37)*. The fetus may be intentionally endangered or destroyed only if necessary to preserve the life or health of the mother.

(4) No physician, facility, or other person or agency shall engage in solicitation, advertising, or other form of communication having the purpose of inviting, inducing, or attracting any person to come to such physician, facility, or other person or agency to have an abortion or to purchase abortifacients.

"19-3-201. Contracts with political subdivisions. (1) Any municipal corporation, county, or public agency in the state may become a contracting employer and make all or specified groups of its employees members of the retirement system by a contract entered into between the board and the legislative body of said contracting employer, subject to the provisions of this chapter. The contract may include any provisions which are consistent with this chapter and necessary in the administration of the retirement system as it affects the contracting employer and its employees.

(2) The approval of the contract shall be subject to the following provisions, in addition to the other provisions of this chapter:

(a) The legislative body of the contracting employer shall adopt a resolution giving notice of intention to approve the contract and containing a summary of the major provisions of the retirement system. The contract shall not be approved unless the employees proposed to be included in the retirement system adopt the proposal by a majority affirmative vote in a secret ballot. The ballot at such election shall include the summary of the retirement system as set forth in the resolution. The election shall be conducted as prescribed by the legislative body of the contracting employer. Approval of the contract shall be by ordinance adopted by the affirmative vote of two-thirds of the members of the legislative body, not less than 20 days after the adoption of the resolution or by an ordinance adopted by a majority vote of the electorate of the contracting employer voting thereon.

(b) The contract shall specify that all employees of the contracting employer or such groups of employees as agreed to between the board and the contracting employer shall become members. The groups of employees to be included shall be by departments, duties, age, or other similar classifications and not by individual employees. The board shall have the right to disapprove any classification into groups if, in its opinion, said classification affects adversely the interest of the retirement system. Membership in the retirement system shall be compulsory for all employees included under the contract.

(c) The contract may be amended in the manner prescribed in this section for the original approval of contracts. Groups of excluded employees may be subsequently included by amendment.

(3) The termination of the contract shall be subject to the following provisions, in addition to the other provisions of this chapter:

(a) The legislative body of a contracting employer shall adopt a resolution giving notice to its employees that it intends to terminate retirement coverage.

(b) All employees covered under the retirement system shall receive notice of the termination resolution and be permitted to vote for or against the resolution by secret ballot.

(c) If a majority of covered employees votes for termination, the legislative body, not less than 20 days after the approval of the resolution by the employees, may adopt by a ⅔ majority a resolution terminating

P.E.R.S. coverage effective the last day of that month and forward the resolution and a certified copy of the election results to the board.

(d) Upon receipt of the termination resolution, the board may request an actuarial valuation of the liabilities of the terminating agency to the retirement system, and the board may withhold approval of the termination of contract until satisfactory arrangements are made to provide funding for any excess accrued liabilities not previously funded by the terminating agency."

Section 3. Section 19-3-605, MCA, is amended to read:

"**19-3-605. Transfer between funds.** Any fund out of which payments are made under the provisions of this chapter may be reimbursed to the extent of such payments by transfer of a sufficient sum for the reimbursement from another fund or funds under the control of the same disbursing officer. (3) The board may, in its discretion, withhold, for not more than 1 year after a member last rendered service, all or part of his accumulated contributions if after a previous discontinuance of service he withdrew all or part of his contributions and failed to redeposit such withdrawn amount in the retirement fund as provided in 19-3-704.

(4) An employer who has an employment-related claim against a terminating member may, within 30 days after the date of termination, submit to the board a written request, signed by the employer and the member, authorizing the payment of all or any part of the accumulated contributions of the member directly to the employer to satisfy the claim in whole or in part. The request, if timely submitted, is sufficient authority for the department of administration to make such direct payment to the employer as part of the member's refund. The total of the payments made to the employer and those made to the member may not exceed the member's accumulated contributions."

Section 5. Section 19-3-805, MCA, is amended to read:

"**19-3-805. Employer contribution to administrative expense.** (1) The board may assess and the department of administration shall collect a fee from each employer for the purpose of defraying the administrative expense of this chapter, not to exceed 0.3% of gross compensation.

(2) The early retirement allowance shall be determined as prescribed in 19-3-904 with the exception that the allowance must be reduced as follows:

(a) by ½ of 1% multiplied by the number of months up to a maximum of 60 months by which the retirement date precedes the date on which he would have retired had he attained 60 years of age or had he completed 30 years of creditable service; and

(b) by 3/10 of 1% multiplied by the number of months in excess of the 60 months in subsection (2)(a) but not to exceed 60 additional months that the retirement date precedes the date on which he would have retired had he attained 60 years of age or had completed 30 years of creditable service."

Section 8. Section 19-3-1103, MCA, is amended to read:

"19-3-1103. Disability allowance reduced by earnings. *(1)* Should the recipient of a retirement allowance because of disability engage in a gainful occupation during any month other than as an employee as defined in 19-3-104, the amount of his retirement allowance for that month shall be reduced to an amount which, when added to the compensation earned by him in that occupation, shall not exceed the amount of his monthly compensation at the time of his retirement.

Section 15. Section 67-11-303, MCA, is amended to read:

"67-11-303. Bonds and obligations. (1) An authority may borrow money for any of its corporate purposes and issue its bonds therefor, including refunding bonds, in such form and upon such terms as it may determine, payable out of any revenues of the authority, including revenues derived from:

(a) an airport or air navigation facility or facilities;

(b) taxes levied pursuant to 67-11-301 or other law for airport purposes;

(c) grants or contributions from the federal government; or

(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that no such bonds may be issued at any time if the total amount of principal and interest to become due in any year on such bonds and on any then outstanding bonds for which revenues from the same source or sources are pledged exceeds the amount of such revenues to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenues from the pledged source in such year at least equal to the amount of such principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest at a rate not exceeding *the limitation of 17-5-102.* Except as otherwise provided herein, any bonds issued pursuant to this chapter by an authority may be payable as to principal and interest solely from revenues

HeinOnline -- 1981 vol. II 1005 1981

of the authority and shall state on their face the applicable limitations or restrictions regarding the source from which such principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of any such bonds, the authority or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenues referred to in this chapter, prior to the payment of current costs of operation and maintenance of the facilities.

(6) Subject to the conditions stated in this subsection (6), the governing body of any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, may by resolution covenant that in the event that at any time all revenues, including taxes, appropriated and collected for such bonds are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the municipality for the payment of such deficiency; and may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on such bonds, it will levy a general tax upon all the taxable property in the municipality for the payment of such deficiency, and such taxes are not subject to any limitation of rate or amount applicable to other municipal taxes but are limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenues appropriated for such bonds in such manner as the municipalities may determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. No such resolution becomes effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for that purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election is governed, to the extent applicable, by [7-7-4227 through 7-7-4234] for an election called by cities and towns, and [7-7-2229 through 7-7-2236] for an election called by counties. If a majority of the electors voting thereon vote against approval of the resolution, the municipality has no authority to make the covenant or to levy a tax for the payment of deficiencies pursuant to this section, but such municipality or authority may nevertheless issue bonds under this chapter payable solely from the sources referred to in subsection (1) above."

Section 16. Section 69-4-332, MCA, is amended to read:

HeinOnline -- 1981 vol. II 1006 1981

"**69-4-332. Issuance of bonds.** (1) After the expiration of 30 days from the date of the adoption of the ordinance levying the assessments, the governing body may issue negotiable, interest-bearing bonds in a principal amount not exceeding the unpaid balance of the assessments levied. Whenever any ordinance authorizing the issuance of any bonds pursuant to the improvement contemplated shall have been adopted, such ordinance shall be published once in a newspaper in which the original notice of hearing was published.

(2) The bonds shall bear interest at *a rate* not exceeding *the limitations of 17-5-102*, payable as specified by the governing body over a period not exceeding 20 years. The bonds shall be of such form and denomination and shall be payable in principal and interest at such times and place and shall be sold, authorized, and issued in such manner as the governing body may determine. The bonds shall be dated no earlier than the date on which the special assessment shall begin to bear interest and shall be secured by and payable from the levy and collection of the special assessments in anticipation of the collection of which they are issued. Any premium received on the sale of the bonds may be applied as other bond proceeds, or if not so applied, the same shall be placed in the fund for the payment of principal of and interest on the bonds.

(3) The bonds shall be signed by a member of the governing body designated by the governing body and shall be countersigned by the appropriate treasurer, with the corporate seal thereto affixed as appropriate, and attested to by the clerk of the governing body. Interest may be evidenced by interest coupons attached to such bonds and signed by a facsimile signature of one of the individuals who signed the bond."

Section 17. **Effect on bonds previously authorized.** If prior to [the effective date of this act] a political subdivision was authorized to issue bonds pursuant to a law that limited the rate of interest on the bonds, it may issue all of the bonds so authorized under the provisions of 17-5-102 even if the rate of interest on the bonds exceeds the maximum rate permissible prior to [the effective date of this act].

Section 18. Redemption of bonds — optional method. Between the effective date and termination date of this act, a governing body in connection with the issuance of bonds may, at its option, provide that such bonds shall be redeemable at such time or times and upon such terms and conditions as the governing body shall deem to be in the best interest of the public, notwithstanding any statutory provision to the contrary.

Section 19. **Codification instruction.** Sections 17 and 18 are intended to be codified as an integral part of Title 17, chapter 5, part 1.

Section 20. **Suspension.** The operation of sections 7-7-2208 and 7-7-4207, MCA, is suspended until July 1, 1983.

Section 21. **Effective date — termination.** This act is effective on passage and approval and terminates on July 1, 1983.

Approved April 23, 1981.

CHAPTER NO. 501

AN ACT TO GENERALLY REVISE THE PROCEDURE FOR PAYMENT OF TAXES AND LICENSE FEES UNDER PROTEST; TO ALLOW THE STATE TAX APPEAL BOARD TO ORDER REFUND OF PROTESTED TAXES AND LICENSE FEES IN CERTAIN CASES; AMENDING SECTIONS 15-1-402, 15-1-403, 15-2-303, AND 15-16-601, MCA; AND REPEALING SECTIONS 15-1-401, 15-15-105, AND 15-15-106, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** It is the purpose of [this act] to insure an orderly procedure for the payment of taxes and license fees under protest that may be appealed to a county or state tax appeal board and to insure that a taxpayer has exhausted all available remedies prior to filing an appeal in district court.

Section 2. **Board may order refund.** (1) In any appeal before the state tax appeal board when a taxpayer has paid taxes or license fees under written protest and the taxes or license fees are held by the treasurer of a unit of local government in a protest fund, the state tax appeal board shall enter judgment, exclusive of costs, if the board finds that the taxes or license fees should be refunded.

(2) The state tax appeal board's judgment issued pursuant to subsection (1) shall be held in abeyance:

(a) until the time period for appeal specified in 15-1-402(4) has passed; or

(b) if the final decision of the state tax appeal board has been appealed in accordance with 15-2-303.

Section 3. Section 15-16-601, MCA, is amended to read:

"15-16-601. Taxes or penalties illegally collected to be refunded. (1) *(a)* Any taxes, per centum, and costs paid more than once or erroneously or illegally collected or any amount of tax paid for which a taxpayer is entitled to a refund under 15-16-612 or any part or portion of taxes paid which were mistakenly computed on government bonus or subsidy received by the taxpayer may, by order of the board of county commissioners, be refunded by the county treasurer. Whenever any payment shall have been made to the state treasurer as provided in 15-1-504 and it shall afterwards appear to the satisfaction of the board of county commissioners that a portion of the money so paid should be refunded as herein provided, said board of county commissioners may refund such portion of said taxes, penalties, and costs so paid to the state treasurer, and upon the rendering of the report required by 15-1-505 the county clerk and recorder shall certify to the state auditor, in such form as the state auditor may prescribe, all amounts so refunded, and in the next settlement of the county treasurer with the state, the state auditor shall give the county treasurer credit for the state's portion of the amounts so refunded.

HeinOnline -- 1981 vol. II 1008 1981

(b) When any part of the taxes, penalties, or costs hereinbefore referred to were levied in behalf of any school district or municipal or other public corporation and collected by the county treasurer, the same may be refunded upon the order of the board of county commissioners.

(c) No order for the refund of any taxes, *license fees,* per centum, or costs under this section shall be made except upon a claim therefor, verified by the person who has paid such tax, *license fee,* penalty, or costs or his guardian or, in case of his death, by his executor or administrator, which claim must be filed within 10 years after the date when the second half of such taxes would have become delinquent if the same had not been paid.

(d) All refunds ordered to be paid by the board of county commissioners shall be paid by the county treasurer out of the general fund of the county, and the county treasurer shall then make such transfers from other county funds and from state, school district, and other public corporation funds in his possession as may be necessary to reimburse the county general fund for payments made therefrom on account of such other funds.

(2) Upon the entering of judgment under [section 2], the county commissioners of the affected county shall order a refund of such portion of the taxes or license fees as the state tax appeal board has judged should be refunded."

Section 4. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of taxes under protest — action to recover. (1) *The person upon whom a tax or license fee is being imposed may, before the tax or license fee becomes delinquent, pay under written protest that portion of the tax or license fee protested. The payment must:*

(a) be made to the officer designated and authorized to collect it; and

(b) specify the grounds of protest.

(2) After having exhausted the administrative appeals available under Title 15, chapters 2 and 15, a person or his legal representative may bring an action in any court of competent jurisdiction against the officers to whom said tax *or license fee* was paid or against the county or municipality in whose behalf the same was collected and the department of revenue.

(3) Both the officers to whom the tax *or license fee* was paid or the county or municipality in whose behalf the same was collected and the department of revenue must be served with *timely* summons and complaint within the time prescribed.

(4) Any action instituted to recover any such portions of tax *or license fee* paid under protest shall be commenced and summons *timely* served within *60* days after the date of *the final decision of the state tax appeal board.*

(5) When any *protested* tax *or license fee* is payable in installments, then *any* subsequent installment portion *considered* unlawful *by the state*

tax appeal board need not be paid and no action *or suit* need be commenced to recover the same, but the determination of the action *or suit* commenced to recover the first installment portion paid under protest shall determine the right of the party paying such subsequent installment to have the same or any part thereof refunded to him *or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.*

(6) All portions of taxes *and license fees* paid under protest *to a county or municipality* shall be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as *a* protest fund and shall be invested in interest-bearing deposits in local banks or savings and loan associations and retained in such protest fund until the final determination of any action *or suit* to recover the same.

(7) Nothing contained herein prohibits the investment of the *money* of this fund in the state unified investment program. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(8) (a) If no action is commenced within the time herein specified or if such action *is* commenced and finally determined in favor of the county or municipality or treasurer thereof, the amount of the protested portions of the tax *or license fee* shall be taken from *the* protest fund and deposited to the credit of the fund or funds to which the same property belongs.

(b) If such action is finally determined adversely to *a* county or municipality or the treasurer thereof, then the treasurer shall, upon receiving a certified copy of the final judgment in said action *from the state tax appeal board, or from the district or supreme court, as appropriate, if the final action of the state tax appeal board is appealed in the time prescribed,* refund to the person in whose favor such judgment is rendered the amount of such protested portions of the tax *or license fee,* with costs of suit and interest at the rate currently paid on short-term interest-bearing time deposits in banks in the county or 5% a year, whichever is greater, from the date of payment under protest. If such action was commenced for the purpose of recovering the first installment portions of any such tax *or license fee* and any subsequent installment thereof has been paid under protest as herein provided, then the county treasurer shall, at the time of refunding the amount of such first installment required by such judgment, also refund such portion of any subsequent installment as the person holding such judgment is entitled to recover, together with interest thereon at the rate of 6% a year from the date of payment under protest."

Section 5. Section 15-1-403, MCA, is amended to read:

"15-1-403. Assessment for taxation — increase over statement of owner. (1) Whenever any person has delivered to the department of revenue or its agent a sworn statement of his property subject to taxation as now provided by law and giving the estimated value of such property and the department or its agent shall increase such estimated value or add other property to such assessment list, the agent shall, at least 10 days prior to the meeting of the county tax appeal board, give to

HeinOnline -- 1981 vol. II 1010 1981

such person written notice of such change, which notice shall be substantially in the following form:

(Date) .....

Mr. .....:

(2) Such person may then appear before the county tax appeal board and contest the same. If the assessment of any such person has been added to or changed, either by the department or by the county tax appeal board, and such person has not been notified thereof and given an opportunity to contest the same before the county tax appeal board, the tax on such increased value or added property shall, upon such facts being established, be adjudged by the *state tax appeal board* to be void, and such facts and all questions relating thereto, when said tax has been paid under protest, may be heard and determined in the action provided for in 15-1-402."

Section 6. Section 15-2-303, MCA, is amended to read:

"15-2-303. Judicial review of contested cases. (1) Any party to an appeal before the state tax appeal board who is aggrieved by a final decision in a contested case is entitled to judicial review under this part.

(2) Proceedings for review shall be instituted by filing a petition in district court in the county wherein the taxable property or some portion thereof is located (except the taxpayer may, at his option, file in the district court of the first judicial district) and serving a copy of the petition on the state tax appeal board within *60* days after service of the final decision of the state tax appeal board or, if a rehearing is requested, within *60* days after the decision thereon. All parties to the appeal shall cause to be served on the state tax appeal board a copy of all pleadings and documents they shall file in such proceedings.

CHAPTER NO. 503

AN ACT TO PROVIDE FOR HYDROELECTRIC POWER GENERATION AT APPROPRIATE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION WATER PROJECTS; PROVIDING FOR THE LEASE OF SUCH PROJECTS FOR THE PURPOSE OF POWER GENERATION; SPECIFICALLY AUTHORIZING THE CONSTRUCTION AND OPERATION OF SUCH FACILITIES BY THE DEPARTMENT IF NO LEASE IS CONSUMMATED; AND ESTABLISHING THE METHOD OF SALE OF POWER GENERATED AT SUCH FACILITIES.

WHEREAS, the availability of energy from traditional sources is diminishing; and

WHEREAS, the demand for energy from the state's citizens is increasing, due to population growth and economic expansion; and

HeinOnline -- 1981 vol. II 1013 1981

WHEREAS, because of newly developing technology and increasing energy costs, small-scale hydroelectric power generation is becoming an economically feasible additional source of energy; and

WHEREAS, the state of Montana currently owns and controls many water projects which may have potential capacity for the small-scale generation of hydroelectric energy; and

WHEREAS, it is in the best interest of the people of Montana to utilize Montana's water resources to the fullest extent possible.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Survey of power generation capacity.** The department shall study the economic and environmental feasibility of constructing and operating a small-scale hydroelectric power generating facility on each of the water projects under its control and shall periodically update such studies as the cost of the electrical energy increases. In determining whether small-scale hydroelectric generation may be economically feasible on a particular project, the department shall consider:

(1) the estimated cost of construction of a facility;

(2) the estimated cost of maintaining, repairing, and operating the facility;

(3) the estimated cost of tying into an existing power distribution channel;

(4) the ability of public utilities or rural electric cooperatives to lease and operate such a facility;

(5) the debt burden to be serviced;

(6) the revenue expected to be derived; and

(7) the likelihood of a reasonable rate of return on the investment.

Section 2. **Lease of sites to public utilities or electric cooperatives — first option.** (1) If after completion of the feasibility study of a particular project the board determines that hydroelectric power generation at the project would be feasible and in the best interest of the people of the state of Montana, it shall publish notice and make the site available for lease for the purpose of small-scale hydroelectric power generation pursuant to [sections 2 through 8].

(2) In issuing a notice of availability of a site for lease under this section, the board shall include in the notice any reasonable conditions it may find necessary in order to protect the interests of the state.

Section 3. **Receipt of applications.** (1) Applications for lease may be submitted by any public utility, as defined in 69-3-101, or electric cooperative, organized under Title 35, chapter 18, that sells power to Montana customers or by any Montana corporation proposing to use a substantial portion of the electricity to be generated in its own operation.

HeinOnline -- 1981 vol. II 1014 1981

(2) The board shall consider only applications received within 180 days after the final publication of the notice.

(3) Applications must include a statement of the capability of the applicant to achieve the annual production output estimated by the department, the estimated time to make the project operational, the bid amount of the royalty, and any other information that the board requests.

Section 4. **Determinations by the board.** (1) Within a reasonable time following the conclusion of the lease application period, the board shall hold a hearing to examine all applications that have been received for the lease of the project.

(2) Within 180 days following the conclusion of the lease application period, the board must reject any or all applications or must award a lease to the party whose offer, considered in its totality, is the most advantageous to the state.

(3) The decision must include a determination that the potential developer will provide an adequate royalty payment, is capable of carrying out the proposed development, can provide efficient and reliable service, and intends in good faith without unnecessary delay to proceed with the development.

(4) If all lease applications are rejected, the department may negotiate with all applicants on an equal basis in an effort to arrive at an acceptable application.

Section 5. **Lease conditions.** (1) The lessee must pay a royalty to the state as required in the lease.

(2) The board may authorize provisions in the lease that offer economic incentives for rapid development of the project or impose economic penalties for delays in development, which may include cancellation of the lease.

Section 6. **Compliance with federal law.** If the project must hold a license, permit, or exemption under federal law, the license, permit, or exemption shall be held by the department.

Section 7. **Duration of lease.** The term of the lease may not exceed the term of the license, permit, or exemption held by the department under [section 6] and may in no event exceed 55 years.

Section 8. **Duties of the department.** The department has primary responsibility for supervision of any such lease. Any disputes that arise between the department and the lessee may be appealed to the board, upon written petition of either party.

Section 9. **Power generation by department authorized.** (1) If no lease applications are received under [section 3] or if the board rejects all lease applications under [section 4], the department may proceed to obtain any necessary license, permit, or exemption under federal law and commence construction and operation of a small-scale hydroelectric generation facility pursuant to the provisions of this chapter. Construction may not commence until such time as the department has clear and convincing

HeinOnline -- 1981 vol. II 1015 1981

evidence that construction is economically feasible and is the most practical means by which the facility could be developed.

(2) Financing of construction and operation of the facility shall be accomplished in a manner determined by the board to be most feasible.

(3) The department may not sell power generated at a facility except to a public utility, a rural electrical cooperative, or a federal power-marketing agency organized in Montana and selling power to Montana customers.

Section 10. **Sale of power.** If the operator of a small-scale hydroelectric generation facility under this chapter and a public utility or an electric cooperative are unable to mutually agree to a contract for the sale of electricity or a price for the electricity purchased by the utility or electric cooperative, the public service commission shall require the utility or electric cooperative to purchase the power under rates and terms established as provided in [sections 11 through 13].

Section 11. **Determination by the public service commission.** A determination of the rates and terms under which the power must be purchased shall be made by the public service commission upon petition of the facility operator or a public utility or electric cooperative or during a rate proceeding involving the review of rates paid for electricity purchased from the facility. The commission shall render a decision within 120 days from receipt of the petition or before the completion of the rate review proceeding. The rate and terms of the determination must be according to the standards specified in [section 12].

Section 12. **Standards for the determination.** (1) The standards for the determination provided for in [section 11] by the public service commission shall include the following:

(a) Long-term contracts for the purchase of electricity by the utility or electric cooperative from a small-scale hydroelectric facility under this chapter shall be encouraged in order to enhance the economic feasibility of such facilities.

(b) The rates paid by a utility or electric cooperative to a small-scale hydroelectric facility may not exceed, over the term of the purchase contract, the incremental cost to the utility or electric cooperative of the electricity that, but for the purchase from the small-scale hydroelectric facility, the utility or electric cooperative would generate or purchase from another source.

(c) The rates to be paid by a utility or an electric cooperative for power purchased from a small-scale hydroelectric facility shall be established with consideration of the availability and reliability of the power produced.

(2) The commission may set these rates by use of any of the following methods:

(a) the levelized avoided cost over the term of the contract;

HeinOnline -- 1981 vol. II 1016 1981

(b) the cost of production for the small-scale hydroelectric facility plus a just and reasonable return; or

(c) any other method that will promote the development of small-scale hydroelectric facilities.

Section 13. **Purchase of power by electric cooperative not agreeing to be bound by public service commission determination.** If any electric cooperative wishing to purchase power from a small-scale hydroelectric facility under this chapter refuses to submit to the ratemaking authority of the public service commission established in [section 11], then the rate for such cooperative may be determined by the federal energy regulatory commission upon proper petition. The facility shall sell power in accordance with such determination, so long as the rates and terms so established will allow the facility a reasonable return.

Section 14. **Codification instruction.** Sections 1 through 13 are intended to be codified as an integral part of Title 85, chapter 1, and the provisions of Title 85, chapter 1, apply to sections 1 through 13.

Approved April 23, 1981.

CHAPTER NO. 504

AN ACT TO REVISE THE METHOD OF DISINCORPORATION OF A MUNICIPALITY; PROVIDING FOR A DISINCORPORATION ELECTION UPON TWO-THIRDS VOTE OF THE CITY GOVERNING BODY; AMENDING SECTION 7-2-4902, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-2-4902, MCA, is amended to read:

"7-2-4902. Disincorporation by election. (1) Any city or town may be disincorporated in the manner hereafter provided.

(2) If the registered electors of a city or town equal in number to 20% of the number of electors voting at the last regular municipal election petition the board of county commissioners of the county where the city or town is situated to disincorporate the city or town, *or if the city governing body by a two-thirds vote of all its members resolves to disincorporate, then* the board shall order, within 60 days, that a special election be held within the city or town on the question of disincorporating the city or town. The day for holding the election shall be not less than 60 days or more than 120 days after the board orders the election."

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose and policies.** (1) The legislature finds and declares that in order that the people of Montana may enjoy the full economic and recreational benefits of the state's water resources, the state must establish this long-term water development program providing financial and administrative assistance to private, local, and state entities for water resource development projects and activities.

(2) The purpose of the water development program is to further the state's policies, set forth in 85-1-101, regarding the conservation, development, and beneficial use of water resources.

(3) The legislature recognizes that water is one of the most valuable and important renewable resources in Montana; therefore, it is appropriate that a portion of the taxes on the removal of nonrenewable resources be dedicated to the conservation, development, and beneficial use of water resources.

(4) The development of water resources is of a high priority because a large portion of Montana's present and future economy is based either directly or indirectly on the wise use of water.

(5) This water development program is an integral part of the implementation and development of the comprehensive, coordinated, multiple-use water resources plan known as the "state water plan".

Section 2. **Objectives.** The department shall administer a water development program to accomplish such objectives as rehabilitation of state-owned water projects and works; promotion of private, local government, and state water development; development of water-based recreation and the protection of water resources for the benefit of agriculture, flood control, and other uses; development of offstream and tributary storage; and development of state-tribal, state-federal, and state-tribal-federal

HeinOnline -- 1981 vol. II 1018 1981

water projects. The storage of water for existing and future beneficial uses shall be given the highest priority unless a water development project or activity designed to accomplish another objective is demonstrated to be more beneficial to a greater number of people. The water development program is the key implementation portion of the state water plan and shall be administered to accomplish the objectives of the plan.

Section 3. Section 85-1-102, MCA, is amended to read:

water development project or activity to be constructed, developed, and operated in Montana.

(2) An application for a loan or grant must be in the form prescribed by the board and contain or be accompanied by any information necessary to adequately describe the proposed project or activity and necessary for evaluation of the proposed project or activity under the criteria set out in [sections 10 and 11].

Section 10. **Eligibility for a loan or grant to a private person.** The department may not award a grant or loan to a private person unless the department finds, based on the application and the department's investigation and evaluation of the proposal, that:

(1) the proposed water development project or activity:

(a) will promote, enhance, or advance the purpose, policies, and objectives of the water development program;

(b) will be constructed, developed, and operated within the state of Montana;

(c) will be economically feasible. (A project or activity is economically feasible if the project benefits exceed the project costs. The department shall consider only tangible benefits and costs in calculating economic feasibility.)

(d) will be an efficient use of natural resources including water, energy, land, and air. (An efficient use is one that minimizes waste.)

(e) will provide multipurpose facilities to the extent practicable;

(f) will comply with statutory and regulatory standards protecting the quality of resources such as air, water, land, fish, wildlife, and recreational opportunities;

(4) if the application is for a loan, the applicant is credit-worthy and able and willing to enter into a contract with the department for loan repayment and construction or development of the proposed water development project or activity; and

HeinOnline -- 1981 vol. II 1023 1981

(5) if the application is for a grant, the applicant is able and willing to enter into a contract with the department for construction or development of the proposed water development project or activity.

Section 11. **Evaluation of grants and loans to private persons.** The department shall consider the following criteria and preferences in evaluating applications and selecting the recipients of grants and loans for water development projects and activities that are eligible for funding under [section 10]:

(1) The extent and desirability of the public benefits that will be provided must be considered.

(2) A water development project or activity that will be used as part of a family farm shall be given preference. A family farm is one devoted primarily to agriculture under the ownership and operation of a resident Montana family.

(3) A water development project or activity that will utilize or develop water reserved under 85-2-316 shall be given preference.

(4) The department, to the extent practicable, shall attempt to achieve geographic balance in the promotion of water development projects and activities through the awarding of loans and grants to private persons.

(5) The extent to which the water development project or activity will fully utilize water resources and promote the conservation and efficient use of the water resource shall be evaluated and considered.

(6) Projects or activities that could not be accomplished without the assistance of a loan or grant shall be given preference.

(7) The department shall give due consideration to any other factor that, in the department's judgment, is important to the evaluation of the water development project or activity in light of the purposes, policies, and objectives of the water development program.

Section 12. **Department to solicit views.** The department shall solicit and consider in its evaluation of proposed projects and activities the views of interested and affected departments, boards, agencies, commissions, and other subdivisions of the state, including local political subdivisions, of the federal government, and of other interested and affected persons.

Section 13. **Rulemaking authority.** The board shall adopt rules:

(1) prescribing the form and content of applications for grants and loans;

(2) governing the application of the criteria for awarding loans and grants to private persons;

(3) providing for the servicing of loans including arrangements for obtaining security interests and the establishment of reasonable fees or charges to be made; and

(4) describing the terms and conditions for making grants and loans, the security instruments, and the agreements necessary.

HeinOnline -- 1981 vol. II 1024 1981

Section 14. **Limits on loans.** (1) No loan for a water development project or activity may be made from the water development earmarked or clearance account that exceeds the least of $100,000, 10% of the estimated total funds potentially available for loans in the water development earmarked and clearance accounts in the biennium in which the loan will be made, or 80% of the fair market value of the security given therefor. In determining the fair market value for the security given for a loan, the department shall consider appraisals made by qualified appraisers and other factors it considers important.

(2) The period for repayment of loans may not exceed 30 years.

(3) The board shall from time to time establish the interest rate at which loans may be made under [sections 1, 2, and 4 through 23].

Section 15. **Limits on grants from water development earmarked account.** The maximum grant awarded to a private person may not exceed 5% of the estimated total funds potentially available in the water development earmarked account for grants in the biennium in which the grant will be made or 25% of the total project cost, whichever is less.

Section 16. **Security interests.** The state has a lien upon a project constructed with money from the water development earmarked or clearance account for the amount of the loan and interest due the state. This lien may attach to any project facilities, equipment, easements, real property, and property of any kind or nature owned by the debtor, including all water rights. The department shall file with the county clerk and recorder of each county in which a part of the project is located either a financing statement or a real estate mortgage covering the loan, its amount, terms, and a description of the security. The county clerk and recorder shall record and index the lien as other liens are required by law to be recorded and indexed. The lien shall be valid until paid in full or otherwise discharged. The lien shall be foreclosed in accordance with applicable state law governing foreclosure of mortgages and liens.

Section 17. **Administration of loans and grants.** The department shall:

(1) administer the loan and grant program established by [sections 1, 2, and 4 through 23];

(2) service loans made or contract and pay for the servicing of loans, including arrangements for obtaining security interests; and

(3) collect reasonable fees or charges for the servicing of loans, including arrangements for obtaining security interests.

Section 18. **Issuing bonds.** (1) When authorized by the legislature and within the limits of the authorization and within the further limitations established in this section, the board of examiners may issue and sell water development bonds of the state in the amount and manner it considers necessary and proper to finance the water development loan program. The full faith and credit and taxing powers of the state are pledged for the prompt and full payment of all bonds so issued and interest and redemption premiums payable thereon according to their terms.

HeinOnline -- 1981 vol. II 1025 1981

(2) Each series of water development bonds may be issued by the board of examiners, upon request of the board of natural resources and conservation, at public or private sale, in such denominations and forms, whether payable to bearer with attached interest coupons or registered as to principal or as to both principal and interest, with such provisions for conversion or exchange and for the issuance of notes in anticipation of the issuance of definitive bonds, bearing interest at such rate or rates, maturing at such rate or rates, maturing at such time or times not exceeding 30 years from date of issue, subject to optional or mandatory redemption at such earlier times and prices and upon such notice, with such provisions for payment and discharge by the deposit of funds or securities in escrow for that purpose, and payable at the office of such banking institution or institutions within or outside the state, as the board of examiners shall determine subject to the limitations contained in this section.

(3) In the issuance of each series of water development bonds, the interest rates and the maturities and any mandatory redemption provisions thereof shall be established in such manner that the funds then specifically pledged and appropriated by law to the water development sinking account will in the judgment of the board of examiners be received in an amount sufficient in each year to pay all principal, redemption premiums, and interest due and payable in that year with respect to that and all prior series of such bonds, except outstanding bonds as to which the obligation of the state has been discharged by the deposit of funds or securities sufficient for their payment in accordance with the terms of the resolutions by which they are authorized to be issued.

(4) In all other respects, the board of examiners is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment. Such bonds and any interest coupons appurtenant thereto must be signed by the members of the board of examiners, and the bonds must be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

(5) There is created a water development clearance account within the bond proceeds and insurance clearance fund established in 17-2-102.

(6) All proceeds of bonds issued under this section, other than refunding bonds, must be deposited in the water development clearance account established in subsection (5), except that any principal and accrued interest received in repayment of a loan made from the proceeds of bonds issued under this section must be deposited in the water development sinking account and must be applied to the payment, redemption premiums, and interest on the particular bond issue from whose proceeds the loan was made. All proceeds of refunding bonds must be deposited in the water development sinking account and applied to the payment and redemption of outstanding bonds issued under this section as directed by the board, whether at maturity or on any earlier date on which they may be prepaid according to their terms.

HeinOnline -- 1981 vol. II 1026 1981

(7) All actions taken by the board of examiners under this section or [section 20] must be authorized by a vote of a majority of the members of the board of examiners.

Section 19. **Bond proceeds only for loans.** Water development bond proceeds may be used only for the purpose of making loans as provided in the water development program.

Section 20. **Sinking fund account — pledge and administration of sufficient balance.** (1) The legislature may levy, impose, assess, and pledge and appropriate to the water development sinking account any tax, charge, fee, rental, or other income from any designated source. The state reserves the right to modify from time to time the nature and amount of special taxes and other revenues pledged and appropriated to the water development sinking account, provided that the aggregate resources so pledged and appropriated are determined by the legislature to be sufficient for the prompt and full payment of the principal of and interest and redemption premiums when due on all bonds payable from that account and provided that the pledge of the full faith and credit and taxing powers of the state for the security of all such bonds shall be and remain irrevocable until they are fully paid.

(2) Money in the water development sinking account must be used first to pay interest, principal, and redemption premiums when due and payable with respect to water development bonds; second to accumulate a reserve for the further security of such payments, to the amount required each month to meet those payments due within 12 months thereafter; and third to restore the reserve to this amount after each payment.

(3) After the reserve provided for in subsection (2) has been accumulated in the water development sinking account, money at any time received in the water development sinking account in excess of that amount must be transferred by the treasurer to the water development earmarked account. If the balance on hand at any time in the water development sinking account is not sufficient to accumulate required reserves under subsection (2) and is not restored to the required amount within 3 months thereafter from funds specifically pledged and appropriated to the water development sinking account, the treasurer in accordance with the pledge of the full faith and credit and taxing powers of the state shall transfer an amount sufficient to restore the required balance from the general fund to the water development sinking account.

Section 21. **Water development refunding bonds.** (1) The board of examiners may issue refunding bonds at such times and in such amounts, if any, as may be necessary to pay principal or interest due that cannot be paid from funds then on hand in the water development sinking account. The board of examiners may also issue refunding bonds to refund outstanding bonds before maturity for the purpose of extending the maturities thereof so far as determined by the board of examiners to be necessary to assure that the funds then pledged to the water development sinking account will be sufficient for payment of principal and interest due in subsequent years. The board of examiners may also issue refunding bonds to refund outstanding bonds before maturity for the purpose of

HeinOnline -- 1981 vol. II 1027 1981

reducing the interest cost or the total amount of principal and interest payable thereon.

(2) No refunding bonds may be issued and sold more than 3 months before all bonds refunded thereby mature or are called for redemption unless the proceeds thereof, with any other funds in the water development sinking account that are needed and available for the purpose or securities purchased from such proceeds and other funds, are deposited with a suitable banking institution within or outside the state, in escrow, for the retirement of the refunded bonds at maturity or at a prior date or dates on which they have been called for redemption in accordance with their terms, in an amount and in a manner sufficient under the provisions securing the refunded bonds, so that the state's obligation to pay the same, from sources other than the escrow fund, is discharged.

(3) No new debt may be created by the issuance of refunding bonds in accordance with this section, but such refunding bonds shall evidence the debt previously created and shall be secured by the pledge of the full faith and credit and taxing powers of the state and by the further provisions of this part in the same manner as the bonds refunded thereby.

Section 22. **Report to the legislature.** The department shall prepare a biennial report to the legislature describing the status of the water development program. The report must describe ongoing projects and activities and those which have been completed during the biennium. The report must also describe proposed projects and activities for the coming biennium and recommendations for necessary appropriations. A copy of the report shall be submitted to the president of the senate and the speaker of the house and to such other members as may request a copy.

Section 23. **Penalty.** No member, officer, attorney, or other employee of the board or the department may, directly or indirectly, be the beneficiary of or receive any fee, commission, gift, or other consideration for or in connection with any transaction or business under [sections 1, 2, and 4 through 23] other than the salary, fee, or other compensation as he may receive as a member, officer, attorney, or employee. A person convicted of violating any provision of this section shall be punished by a fine not to exceed $2,000 or be imprisoned for not to exceed 2 years, or both.

Section 24. **State of Montana coal severance tax bonds.** [Sections 24 through 42] provide for the issuance of state of Montana coal severance tax bonds (also referred to as coal severance tax bonds in [sections 24 through 42]) to finance water resource development projects and activities in the state designed to provide, during and after extensive coal mining, a healthy economy, the alleviation of social and economic impacts created by coal development, and a clean and healthful environment for present and future generations.

Section 25. **Purpose and intent.** (1) The purpose of the coal severance tax trust fund bond provisions of [sections 24 through 42] is to establish the authority to issue and sell coal severance tax bonds that have been approved by act of the legislature for financing specific water resource development projects and activities in the state authorized by the legislature and to guarantee redemption of such bonds by revenue derived from

HeinOnline -- 1981 vol. II 1028 1981

the receipts from the coal severance tax imposed by Title 15, chapter 35, part 1, and such other money as the legislature may from time to time determine.

(2) The legislature intends that projects to be financed by coal severance tax bonds include water resource development projects and activities as part of the water development program established in [sections 1, 2, and 4 through 23]. The legislature further intends that the income from water resource development projects and activities in excess of the amount required for debt service and operation and maintenance of those projects and activities be deposited in the water development earmarked account established in [section 5].

Section 26. **Coal severance tax trust subfunds.** (1) The trust established under Article IX, section 5, of the Montana constitution shall be composed of the following subfunds:

(a) a coal severance tax bond subfund into which the constitutionally dedicated receipts from the coal severance tax shall be deposited;

(b) a coal severance tax permanent subfund; and

(c) a coal severance tax income subfund.

(2) On each December 31 and June 30 the state treasurer shall transfer to the coal severance tax permanent subfund all money in the coal severance tax bond subfund except the amount necessary to meet all principal and interest payments on bonds payable from the coal severance tax bond subfund on the next ensuing semiannual payment date.

Section 27. **Investment of funds.** (1) Money in the coal severance tax bond subfund, the coal severance tax permanent subfund, and the coal severance tax income subfund must be invested in accordance with the investment standards for coal severance tax funds except as provided in subsection (2). Income and earnings from all subfunds must be transferred to and retained in the coal severance tax income subfund.

(2) Beginning on July 1, 1983, the legislature shall appropriate 15% of the income and earnings from all subfunds to be deposited to the coal severance tax permanent subfund each year. The funds appropriated to the coal severance tax permanent subfund under this subsection may not be further appropriated except by vote of three-fourths of the members of each house of the legislature.

Section 28. **Pledge of coal severance tax bond subfund.** The money in the coal severance tax bond subfund is pledged to the payment of the principal and interest on all state of Montana coal severance tax bonds. All bonds issued after [the effective date of sections 24 through 42] wherein the money in the coal severance tax bond subfund is pledged for their retirement shall be called "state of Montana coal severance tax bonds".

Section 29. **Authority to issue coal severance tax bonds.** The board of examiners, upon approval of the legislature as hereinafter provided, shall issue and sell coal severance tax bonds to finance such

HeinOnline -- 1981 vol. II 1029 1981

approved water resource development projects and activities when authorized to do so by any law that sets out the amount and purpose of the issue. Each project or activity shall be separately approved as to amount by a two-thirds vote of each house of the legislature.

Section 30. **Board of examiners to issue bonds.** The board of examiners may issue and sell coal severance tax bonds, and no other agency of the state is so authorized. Any action taken by the board of examiners under [sections 24 through 42] must be approved by a majority vote of its members.

Section 31. **Special fund revenues.** (1) If a law authorizing a coal severance tax bond issue for a specific purpose and in a specific amount contemplates the pledge and receipt of revenues, assets, or money other than or in addition to the money in the coal severance tax bond subfund, then the money derived from such pledged revenues, assets, and money must be paid into a special bond account for the benefit of such bonds, which must be part of the sinking fund of the state treasury fund structure.

(2) Money must be withdrawn from the coal severance tax bond account and paid to the special bond fund as necessary to provide for payment of principal and interest on the coal severance tax bonds secured by a pledge of the special account.

Section 32. **Continued tax deposit limit on additional bonds.** (1) The legislature shall provide for the continued assessment, levy, collection, and deposit into the coal severance tax bond subfund of the coal severance tax which, together with such other revenues, assets, and money as may be deposited to one or more special bond accounts pledged for the benefit of coal severance tax bonds, will be sufficient to produce an amount that is at least the amount necessary to pay, when due, the annual debt service charges on all outstanding coal severance tax bonds.

(2) The board of examiners may issue no coal severance tax bonds unless the aggregate amount of coal severance tax bonds outstanding, including the proposed issue and any other coal severance tax bonds authorized but not yet issued, can be serviced with no more than two-thirds of the annual deposits into the coal severance tax bond subfund, as determined by the average of the deposits during the preceding 3 fiscal years, together with the average of the aggregate amount of revenues, assets, or money deposited in one or more special bond accounts used to pay debt service on outstanding coal severance tax bonds during the preceding 3 fiscal years.

(3) The provisions of this section may not be modified so as to reduce the security for any coal severance tax bonds while such bonds are outstanding.

Section 33. **Form — principal and interest — fiscal agent — deposit of proceeds.** (1) Each series of coal severance tax bonds must be issued by the board of examiners at public or private sale, in such denominations and form, whether payable to bearer or registered as to principal or both principal and interest, with such provisions for the conversion or exchange, bearing interest at such rate or rates, maturing at

HeinOnline -- 1981 vol. II 1030 1981

such times not exceeding 40 years from date of issue, subject to redemption at such earlier times and prices and upon such notice, and payable at the office of such fiscal agency of the state as the board of examiners shall determine subject to the limitations contained in [sections 24 through 42].

(2) In all other respects the board of examiners is authorized to prescribe the form and terms of the bonds and shall do whatever is lawful and necessary for their issuance and payment.

(3) Coal severance tax bonds and any interest coupons appurtenant thereto shall be signed by the members of the board of examiners, and the bonds shall be issued under the great seal of the state of Montana. The bonds and coupons may be executed with facsimile signatures and seal in the manner and subject to the limitations prescribed by law. The state treasurer shall keep a record of all such bonds issued and sold.

(4) The board of examiners is authorized to employ a fiscal agent to assist in the performance of its duties hereunder.

(5) All proceeds of a state of Montana coal severance tax bonds issue shall be deposited in a bond proceeds and insurance clearance fund account established for that bond issue, except that any premiums and accrued interest received shall be deposited in a sinking fund account established for that bond issue.

Section 34. **Trust indenture.** In the discretion of the board of examiners, a series of coal severance tax bonds may be secured by a trust indenture by and between the board of examiners and a trustee, which may be any trust company or bank having the powers of a trust company within or outside of the state. Each trust indenture or an executed counterpart thereof shall be filed in the office of the secretary of state of Montana. The filing of a trust indenture or an executed counterpart thereof in the office of the county clerk of the county in which the property covered by the trust indenture is located is constructive notice of its contents to all persons from the time of the filing, and the recording of the trust indenture or its contents is not necessary.

Section 35. **Provisions for protecting bondholders.** Either the legislative act providing for the issuance of coal severance tax bonds or the trust indenture may contain provisions for protecting and enforcing the rights and remedies of the bondholders as are reasonable, proper, and not in violation of law, including covenants setting forth the duties of the state, the board of examiners, and the departments, boards, or agencies of state government in relation to the acquisition, construction, improvement, maintenance, operation, repair, and insurance of the projects financed with the proceeds of coal severance tax bonds and the custody, safeguarding, and application of all money. The trust indenture may set forth the rights and remedies of the bondholders as is customary in trust indentures, deeds of trusts, and mortgages securing bonds or debentures of corporations. No enumeration of particular powers granted by this section impairs any general grant of power contained in [sections 24 through 42].

Section 36. **Personal liability — suit to compel performance.** (1) The members of the board of examiners and officers and employees of

HeinOnline -- 1981 vol. II 1031 1981

the departments, boards, or agencies of state government are not personally liable or accountable by reason of the issuance of or on any coal severance tax bond issued by the board of examiners.

(2) Any holder of coal severance tax bonds or any person or officer being a party in interest, subject to any applicable coal severance tax agreements or trust indentures, may sue to enforce and compel the performance of the coal severance tax bond provisions as set out in [sections 24 through 42].

Section 37. **Negotiability of bonds.** Coal severance tax bonds issued are negotiable instruments under the Uniform Commercial Code, subject only to the provisions for registration of bonds.

Section 38. **Signatures of board members.** In the case any member of the board of examiners whose signature appears on coal severance tax bonds or coupons ceases to be a member before the delivery of the bonds, his signature is nevertheless valid and sufficient for all purposes, the same as if the member had remained in office until delivery.

Section 39. **Refunding obligations.** (1) The state board of examiners may provide for the issuance of refunding obligations for refunding any obligations then outstanding that have been issued under [sections 24 through 42], including the payment of any redemption premium and any interest accrued or to accrue to the date of redemption of the obligations. The issuance of refunding obligations, the maturities and other details, the rights of the holders, and the rights, duties, and obligations of the state are governed by the appropriate provisions of [sections 24 through 42] that relate to the issuance of obligations.

(2) Refunding obligations issued as provided in subsection (1) may be sold or exchanged for outstanding obligations issued under [sections 24 through 42]. The proceeds may be applied to the purchase, redemption, or payment of outstanding obligations. Pending the application of the proceeds of refunding obligations, with other available funds, to the payment of principal, accrued interest, and any redemption premium on the obligations being refunded and, if permitted in the resolution authorizing the issuance of the refunding obligations or in the trust agreement securing them, to the payment of interest on refunding obligations and expenses in connection with refunding, the proceeds may be invested as provided in Title 17, chapter 6.

Section 40. **Pledge of the state.** In accordance with the constitutions of the United States and the state of Montana, the state pledges that it will not in any way impair the obligations of any agreement between the state and the holders of notes and bonds issued by the state.

Section 41. **Tax exemption of bonds — legal investments.** (1) All coal severance tax bonds, their transfer, and their income, including any profits made on their sale, are exempt from taxation by the state or any political subdivisions or other instrumentality of the state, excepting inheritance, estate, and gift taxes.

(2) Coal severance tax bonds are legal investments for any person or board charged with investment of public funds and are acceptable as security for any deposit of public money.

HeinOnline -- 1981 vol. II 1032 1981

Section 42. **Limitation on amount of coal severance tax bonds issued.** No more than $250 million worth of coal severance tax bonds may be issued for water development projects and activities.

Section 43. Section 15-35-108, MCA, is amended to read:

"15-35-108. Disposal of severance taxes. Severance taxes collected under the provisions of this chapter are allocated as follows:

(1) To the trust fund created by Article IX, section 5, of the Montana constitution, 25% of total collections a year. After December 31, 1979, 50% of coal severance tax collections are allocated to this trust fund. The trust fund moneys shall be deposited in the fund established under 17-6-203(5) and invested by the board of investments as provided by law.

(2) Coal severance tax collections remaining after allocation to the trust fund under subsection (1) are allocated in the following percentages of the remaining balance:

Thereafter, all net earnings and all receipts shall be appropriated by the legislature and expended, provided that the balance in the account may never be less than $100 million.

Section 45. Section 85-1-301, MCA, is amended to read:

"85-1-301. Water conservation revenue bonds. (1) The board is hereby authorized to provide, by resolution, at one time or from time to time, for the issuance of water conservation revenue bonds of the state for the purpose of paying the cost, as hereinabove defined, of any one or more such public works, the principal and interest of which bonds shall be payable solely from the special fund herein provided for such payment. Such bonds shall mature at such time or times, not more than 40 years from their date or dates, as may be fixed by such resolution but may be made redeemable before maturity at the option of the state, to be exercised by the board, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the rate of interest such bonds shall bear; the time or times of payment of such interest; the form of the bonds and the interest coupons to be attached thereto; and the manner of executing the bonds and coupons and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest thereof, which may be at any bank or trust company within or without the state.

(2) Provisions may be made for the registration of any of the bonds in the name of the owner as to principal alone or as to both principal and interest. (1) In the development of the natural resources of the state, it is essential to distinguish between those which are and those which are not renewable; to make proper charges through taxation and otherwise for the depreciation of nonrenewable resources; and to invest a proper proportion of the tax and other revenues from nonrenewable resources in the replacement thereof with developments of renewable natural resources that will preserve for the citizens the benefit of the state's natural heritage and to ensure that the quality of

HeinOnline -- 1981 vol. II 1035 1981

existing public resources such as land, air, fish, wildlife, and recreational opportunities are not significantly diminished by developments supported by this part.

(2) In order to finance such developments, it is necessary to borrow in anticipation of the receipt of the revenues so that replacement will not lag behind consumption. The purpose of this part is to provide a procedure for borrowing in the most economical way for this purpose, to authorize the creation of debt to finance the first stage of the program, and to describe the types of projects, loans, and grants to be included in the program."

Section 48. Section 90-2-111, MCA, is amended to read:

(5) The department may adopt rules as required to govern the terms and conditions for making grants pursuant to this section."

Section 49. Section 90-2-124, MCA, is amended to read:

"90-2-124. Appropriation of coal severance tax. The state pledges and appropriates and directs to be credited to the sinking fund account, as received, *1 ¼%* of all money from time to time received from the collection of the severance tax and remaining after allocation of such tax to the trust fund established under section 5, Article IX, of the Montana constitution and such additional amount thereof, if any, as may be required from time to time to provide sufficient funds for the purposes stated in 90-2-123(2), provided that no more than *1 ¼%* of such tax collections shall be deemed to be pledged for the purpose of 90-2-121(3)."

Section 50. **Codification instruction.** Sections 1, 2, and 4 through 23 are intended to be codified as an integral part of Title 85, chapter 1, and

HeinOnline -- 1981 vol. II 1036 1981

the provisions of Title 85, chapter 1, apply to sections 1, 2, and 4 through 23.

Section 51. **Severability.** If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-204, MCA, is amended to read:

"16-4-204. Contents of license — posting — privilege — transfer — expiration. (1) Every license issued under this part shall set forth the name of the person to whom issued, the location, by street and number or other appropriate specific description of location if no street address exists, of the premises where the business is to be carried on under said license, and such other information as the department shall deem necessary. If the licensee is a partnership or if more than one person has any

(3) A license may be transferred to the executor or administrator of the estate of any deceased licensee when such estate consists in whole or in part of the business of selling liquor under a license, and in such event the license may descend or be disposed of with the business to which it is applicable under appropriate probate proceedings.

(4) In the event of a major loss or damage to licensed premises by unforeseen natural causes or in case of expiration of lease of the licensed premises or in the event of eviction or increase of rent by the landlord (in case of rented licensed premises) or in case of proposed removal of license to premises as substantially suited for the retail liquor business as the premises vacated, the licensee may apply to the department for a transfer of the license to different premises. The catered event must be within 100 miles of the licensee's regular place of business. If obtained, the licensee shall display in a prominent place on those premises, the written approval from the department for each event which is catered pursuant to this subsection.

(d) The licensee shall file with each application for an event to be catered a written statement of approval of the premises where the event is to be held issued by the department of health and environmental sciences.

(e) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-6-103.

(f) The sale of alcoholic beverages pursuant to a catering endorsement is subject to the provisions of 16-3-306, unless entities named in 16-3-306 give their written approval.

(8) Except as above provided, no license shall be transferred or sold nor shall it be used for any place of business not described in the license; provided, however, that such license may be subject to mortgage and other valid liens, in which event the name of the mortgagee, upon application to and approval of the department, must be endorsed on the license.

Such plat must show the location and general design of the buildings and other improvements to be built in said area in which resort retail liquor licenses are to or may be located. A master plan for the development of the area may be filed by the resort developer in satisfaction of this section.

(6) Upon such filing the department shall forthwith schedule a public hearing to be held in Helena, Montana, to determine whether the facility proposed by the resort developer or landowner is a resort area within the meaning of the rules of the department. (7) Persons may present statements to the department at the hearing in person or in writing in opposition or support of the plat.

(8) Within 30 days of the hearing, the department shall accept or reject the plat. If rejected the department must state its reasons and set forth the conditions, if any, under which the plat will be accepted, and the decision of the department may be reviewed pursuant to the review procedure set forth in 16-4-406.

HeinOnline -- 1981 vol. II 1050 1981

(1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities

HeinOnline -- 1981 vol. II 1058 1981

and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by congress, as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than one retail beer license, which may not be used in conjunction with a retail all-beverages license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities or towns, one beer license for each 500 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities, two additional retail beer licenses for the first 2,000 inhabitants or major fraction thereof and one additional retail beer license for each additional 2,000 inhabitants, which may not be used in conjunction with retail all-beverages licenses;

(b) the number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail beer licenses that may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured *over the shortest public road or highway* from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of such city or town.

(c) retail beer licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations;

(d) such limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof or for use at premises situated within any unincorporated town shall be as determined by the department in the exercise of its sound discretion, except that no retail beer license may be issued for any premises so situated unless the department determines that the issuance of such license is required by public convenience and necessity.

HeinOnline -- 1981 vol. II 1059 1981

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The division may issue such amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. A person holding a beer-and-wine license may sell wine for consumption on the premises. Nonretention of the beer license, for whatever reason, shall mean automatic loss of the wine amendment license.

(3) A retail license to sell beer or table wine, or both, in the original packages for off-premises consumption only may be issued to any person, firm, or corporation who is approved by the department as a fit and proper person, firm, or corporation to sell beer or table wine, or both, and whose premises proposed for licensing are operated as a bona fide grocery store or a drugstore licensed as a pharmacy. The number of such licenses that the department may issue is not limited by the provisions of subsection (1) of this section but shall be determined by the department in the exercise of its sound discretion, and the department may in the exercise of its sound discretion grant or deny any application for any such license or suspend or revoke any such license for cause."

Section 3. Section 16-4-201, MCA, is amended to read:

"16-4-201. All-beverages license quota. (1) Except as otherwise provided by law, a license to sell liquor, beer, and wine at retail (an all-beverages license) in accordance with the provisions of this code and the rules of the department may be issued to any person who is approved by the department as a fit and proper person to sell such beverages, except that the number of all-beverages licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of such cities and towns shall be determined on the basis of population as shown by the most recent official United States census authorized by congress, as follows:

(a) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of such towns, not more than two retail licenses;

(b) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 3,000 inhabitants and within a distance of 5 miles from the corporate limits of such cities and towns, three retail licenses for the first 1,000 inhabitants and one retail license for each additional 1,000 inhabitants;

(c) in incorporated cities of over 3,000 inhabitants and within a distance of 5 miles from the corporate limits thereof, five retail licenses for the first 3,000 inhabitants and one retail license for each additional 1,500 inhabitants.

(2) The number of the inhabitants in such cities and towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits thereof, shall govern the number of retail licenses that

HeinOnline -- 1981 vol. II 1060 1981

may be issued for use within such cities and towns and within a distance of 5 miles from the corporate limits thereof. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail licenses that may be issued for use in both of such municipalities and within a distance of 5 miles from their respective corporate limits shall be determined on the basis of the combined populations of both of such municipalities and may not exceed the foregoing limitations. Notwithstanding the preceding sentence, the total population for determining the quota of a city may include with the city's population the population residing outside but within 5 miles of the city limits in a case where the number of persons residing outside but within 5 miles of the city exceeds the number of persons residing within the city. Such a determination may be made only upon a special census taken by the department or its agent at the expense of the applicant for a license under this section. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town shall be measured *over the shortest public road or highway* from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

(3) Retail all-beverages licenses of issue on March 7, 1947, and which are in excess of the foregoing limitations shall be renewable, but no new licenses may be issued in violation of such limitations.

(4) Such limitations do not prevent the issuance of a nontransferable and nonassignable (as to ownership only) retail license to any post of a nationally chartered veterans' organization or any lodge of a recognized national fraternal organization if such veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949.

(5) The number of retail all-beverages licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits thereof may not be more than one license for each 750 population of the county after excluding the population of incorporated cities and incorporated towns in such county."

Section 4. Section 16-4-501, MCA, is amended to read:

"16-4-501. License and permit fees. (1) Each beer licensee licensed to sell either beer or table wine only, or both beer and table wine, under the provisions of this code, shall pay an annual license fee as follows:

(c) except as hereinafter provided, for each license in incorporated cities with a population of more than 5,000 and less than 10,000 or within a distance of 5 miles thereof, measured *over the shortest public road or highway* from the nearest entrance of the premises to be licensed to the nearest boundary of such city, $650;

(2) A limited partnership is formed at the time of the filing of the certificate of limited partnership in the office of the secretary of state or at any later time specified in the certificate of limited partnership if, in each case, there has been substantial compliance with the requirements of this section.

(c) the amendments to the certificate.

(2) An amendment to a certificate of limited partnership reflecting the occurrence of the event or events must be filed within 30 days after the happening of any of the following events:

(b) the admission of a new partner;

(c) the withdrawal of a partner; or

(d) the continuation of the business under [section 47(3)] after an event of withdrawal of a general partner.

(3) A certificate of limited partnership must be amended promptly by any general partner upon becoming aware that any statement therein was false when made or that any arrangements or other facts described have changed, making the certificate inaccurate in any respect, but amendments to show changes of addresses of limited partners need be filed only once every 12 months.

(4) A certificate of limited partnership may be amended at any time for any other proper purpose the general partners may determine.

(5) No person is liable because an amendment to a certificate of limited partnership has not been filed to reflect the occurrence of any event referred to in subsection (2) of this section if the amendment is filed within the 30-day period specified in subsection (2).

Section 13. **Cancellation of certificate.** A certificate of limited partnership must be canceled upon the dissolution and the commencement of winding up of the limited partnership and at any other time there are no remaining limited partners. A certificate of cancellation must be filed in the office of the secretary of state and shall set forth:

(1) the name of the limited partnership;

(2) the date of filing of the certificate of limited partnership;

(3) the reason for filing the certificate of cancellation;

(4) the effective date (which must be a date certain) of cancellation if it is not to be effective upon the filing of the certificate; and

Section 14. **Execution of certificates.** (1) Each certificate required by [sections 11 through 19] to be filed in the office of the secretary of state shall be executed in the following manner:

(a) Each original certificate of limited partnership must be signed by each partner named therein.

(b) Each certificate of amendment must be signed by at least one general partner and by each other partner who is designated in the certificate

HeinOnline -- 1981 vol. II 1071 1981

as a new partner or whose contribution is described as having been increased.

(c) Each certificate of cancellation must be signed by each general partner.

(2) Any person may sign a certificate by an attorney-in-fact, but any power of attorney to sign a certificate relating to the admission or increased contribution of a partner must specifically describe the admission or increase.

(3) The execution of a certificate by a general partner constitutes an affirmation under the penalties of perjury that the facts stated therein are true.

Section 15. **Amendment or cancellation by judicial act.** If the persons required by [section 14] to execute any certificate of amendment or cancellation fail or refuse to do so, any other partner and any assignee of a partnership interest who is adversely affected by the failure or refusal may petition the district court to direct the amendment or cancellation. If the court finds that the amendment or cancellation is proper and that the persons so designated have failed or refused to execute the certificate, it shall order the secretary of state to record an appropriate certificate of amendment or cancellation.

Section 16. **Filing in the office of the secretary of state.** (1) Two signed copies of the certificate of limited partnership and of any certificates of amendment or cancellation (or of any judicial decree of amendment or cancellation) must be delivered to the secretary of state. A person who executes a certificate as an agent or fiduciary need not exhibit evidence of his authority as a prerequisite to filing. Unless the secretary of state finds that any certificate does not conform to law, upon receipt of all filing fees required by law the secretary of state shall:

(a) endorse on each duplicate original the word "filed" and the day, month, and year of the filing thereof;

(b) file one duplicate original in his office; and

(c) return the other duplicate original to the person who filed it or his representative.

(2) Upon the filing of a certificate of amendment (or judicial decree of amendment) in the office of the secretary of state, the certificate of limited partnership is amended as set forth therein; and upon the effective date of a certificate of cancellation (or a judicial decree thereof), the certificate of limited partnership is canceled.

Section 17. **Liability for false statement in certificate.** If any certificate of limited partnership or certificate of amendment or cancellation contains a false statement, one who suffers loss by reliance on the statement may recover damages for the loss from:

(1) any person actually executing the certificate or causing another to execute it on his behalf who knew and any general partner who knew or

HeinOnline -- 1981 vol. II 1072 1981

should have known the statement to be false at the time the certificate was executed; and

(2) any general partner who thereafter knew or should have known that any arrangements or other facts described in the certificate have changed, making the statement inaccurate in any respect, within a sufficient time before the statement was relied upon to have reasonably enabled that general partner to cancel or amend the certificate or to file a petition for its cancellation or amendment under [section 15].

Section 18. **Constructive notice.** The fact that a certificate of limited partnership is on file in the office of the secretary of state is constructive notice that the partnership is a limited partnership and that the persons designated therein as limited partners are limited partners but is not constructive notice of any other fact.

Section 19. **Delivery of certificates to limited partners.** Upon the return by the secretary of state pursuant to [section 16] of any certificate marked "filed", the general partners shall promptly deliver or mail a copy of the certificate to each limited partner unless the partnership agreement provides otherwise.

Section 20. **Admission of additional limited partners.** (1) After the filing of a limited partnership's original certificate of limited partnership, a person may be admitted as a new limited partner:

(a) in the case of a person acquiring a partnership interest directly from the limited partnership, upon compliance with the partnership agreement or, if the partnership agreement does not so provide, upon the written consent of all partners; and

(b) in the case of an assignee of a partnership interest of a partner who has the power, as provided in [section 45], to grant the assignee the right to become a limited partner, upon the exercise of that power and compliance with any conditions limiting the grant or exercise of the power.

(2) In each case under subsection (1), the person acquiring the partnership interest becomes a limited partner only upon amendment of the certificate of limited partnership reflecting that fact.

Section 21. **Voting.** Subject to the provisions of [section 22], the partnership agreement may grant to all or a specified group of the limited partners the right to vote (on a per capita or any other basis) upon any matter.

Section 22. **Liability to third parties.** (1) Except as provided in subsection (4), a limited partner as such is not liable for the obligations of a limited partnership unless, in addition to the exercise of his rights and powers as a limited partner, he takes part in the control of the business. However, if the limited partner's participation in the control of the business is not substantially the same as the exercise of the powers of a general partner, he is liable only to persons who transact business with the limited partnership with actual knowledge of his participation in control.

(2) A limited partner does not participate in the control of the business within the meaning of subsection (1) solely by doing one or more of the following:

HeinOnline -- 1981 vol. II 1073 1981

(a) being a contractor for or an agent or employee of the limited partnership or of a general partner;

(b) consulting with and advising a general partner with respect to the business of the limited partnership;

(c) acting as surety for the limited partnership;

(d) approving or disapproving an amendment to the partnership agreement; and

(e) voting on one or more of the following matters:

(i) the dissolution and winding up of the limited partnership;

(ii) the sale, exchange, lease, mortgage, pledge, or other transfer of all or substantially all of the assets of the limited partnership other than in the ordinary course of its business;

(iii) the incurrence of indebtedness by the limited partnership other than in the ordinary course of its business;

(iv) a change in the nature of the business; or

(v) the removal of a general partner.

(3) The enumeration in subsection (2) does not mean that the possession or exercise of any other powers by a limited partner constitutes participation by him in the business of the limited partnership.

(4) A limited partner who knowingly permits his name to be used in the name of the limited partnership, except under circumstances permitted by [sections 5(2)(a) and 5(2)(b)], is liable to creditors who extend credit to the limited partnership without actual knowledge that the limited partner is not a general partner.

Section 23. **Person erroneously believing himself a limited partner.** (1) Except as provided in subsection (2), a person who makes a contribution to a business enterprise and erroneously and in good faith believes that he has become a limited partner in the enterprise is not a general partner in the enterprise and is not bound by its obligations by reason of making the contribution, receiving distributions from the enterprise, or exercising any rights of a limited partner if, on ascertaining the mistake, he:

(a) causes an appropriate certificate of limited partnership or a certificate of amendment to be executed and filed; or

(b) withdraws from future equity participation in the enterprise.

(2) Any person who makes a contribution of the kind described in subsection (1) is liable as a general partner to any third party who transacts business with the enterprise before the person withdraws and an appropriate certificate if any is filed to show the withdrawal or before an appropriate certificate is filed to show his status as a limited partner and, in the case of an amendment, after expiration of the 30-day period for filing an amendment relating to the person as a limited partner under [section 12],

HeinOnline -- 1981 vol. II 1074 1981

but in each case only if the third party actually believed in good faith that the person was a general partner at the time of the transaction.

Section 24. **Right to information.** Each limited partner has the right to:

(1) inspect and copy any of the partnership records required by [section 8] to be maintained; and

(2) obtain from the general partners from time to time upon reasonable demand:

(a) true and full information regarding the state of the business and financial condition of the limited partnership;

(b) promptly after becoming available, a copy of the limited partnership's federal, state, and local income tax returns for each year; and

(c) any other information regarding the affairs of the limited partnership as is just and reasonable.

Section 25. **Admission.** After the filing of a limited partnership's original certificate of limited partnership, new general partners may be admitted only with the specific written consent of each partner.

Section 26. **When person ceases to be general partner of limited partnership.** Except as otherwise approved by the specific written consent, at the time, of all partners, a person ceases to be a general partner of a limited partnership on the happening of any of the following events:

(1) the general partner withdraws from the limited partnership as provided in [section 35];

(2) the general partner ceases to be a member of the limited partnership as provided in [section 43];

(3) the general partner is removed as a general partner in accordance with the partnership agreement;

(4) unless otherwise provided in the certificate of limited partnership, the general partner:

(a) makes an assignment for the benefit of creditors;

(b) files a voluntary petition in bankruptcy;

(f) seeks, consents to, or acquiesces in the appointment of any trustee, receiver, or liquidator of the general partner or of all or any substantial part of his properties;

HeinOnline -- 1981 vol. II 1075 1981

(5) unless otherwise provided in the certificate of limited partnership, if, within 120 days after the commencement of any proceeding against the general partner seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar relief under any statute, law, or administrative rule, the proceeding has not been dismissed or if, within 90 days after the appointment without his consent or acquiescence of any trustee, receiver, or liquidator of the general partner or of all or any substantial part of his properties, the appointment is not vacated or stayed or if, within 90 days after the expiration of any stay, the appointment is not vacated;

(6) in the case of a general partner who is a natural person:

(a) his death; or

(b) the entry by a court of competent jurisdiction adjudicating him incompetent to manage his person or his property;

(7) in the case of a general partner who is acting as such in the capacity of a trustee of a trust, the termination of the trust (but not merely the substitution of a new trustee);

(8) in the case of a general partner that is a partnership, the dissolution and commencement of winding up of the partnership;

(9) in the case of a general partner that is a corporation, the filing of a certificate of dissolution or its equivalent for the corporation or the revocation of its charter; and

(10) in the case of an estate, the distribution by the fiduciary of all of the estate's interest in the partnership.

Section 27. **General powers and liabilities.** Except as otherwise provided in [this act] and in the partnership agreement, a general partner of a limited partnership has all the rights and powers and is subject to all the restrictions and liabilities of a partner in a partnership without limited partners.

Section 28. **Contributions by a general partner.** A general partner may make contributions to a limited partnership and share in the profits and losses of and in distributions from the limited partnership as a general partner. A general partner may also make contributions to and share in profits, losses, and distributions as a limited partner. A person who is both a general partner and a limited partner has all the rights and powers and is subject to all the restrictions and liabilities of a general partner and also has, except as otherwise provided in the partnership agreement, all powers and is subject to the restrictions of a limited partner to the extent he is participating in the partnership as a limited partner.

Section 29. **Voting.** The partnership agreement may grant to all or a specified group of general partners the right to vote (on a per capita or any other basis), separately or with all or any class of the limited partners, on any matter.

Section 30. **Form of contributions.** The contribution of a partner may be in cash, property, or services rendered or a promissory note or other obligation to contribute cash or property or to perform services.

HeinOnline -- 1981 vol. II 1076 1981

Section 31. **Liability for contributions.** (1) Except as otherwise provided in the certificate of limited partnership, a partner is liable to the limited partnership for any promise to contribute cash or property or to perform services regardless of whether he is personally unable to perform because of disability, death, or any other reason. If a partner does not make the required contribution of property or services, he is obligated at the option of the limited partnership to contribute cash equal to that portion of the value (as stated in the certificate of limited partnership) of the stated contribution that has not been made.

(2) Unless otherwise provided in the partnership agreement, the obligation of a partner to make a contribution or return money or other property paid or distributed in violation of [this act] may be compromised only by consent of all of the partners. Notwithstanding a compromise so authorized, a creditor of a limited partnership who extends credit or whose claim arises after the filing of the certificate of limited partnership or an amendment thereto which, in either case, reflects the obligation and before the amendment or cancellation thereof to reflect the compromise may enforce the precompromise obligation.

Section 32. **Allocation of profits and losses.** The profits and losses of a limited partnership must be allocated among the partners and among classes of partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, profits and losses must be allocated on the basis of the value (as stated in the certificate of limited partnership) of the contributions actually made by each partner to the extent they have not been returned.

Section 33. **Allocation of distributions.** Distributions of cash or other assets of a limited partnership must be allocated among the partners and among classes of partners in the manner provided in the partnership agreement. If the partnership agreement does not so provide, distributions must be made on the basis of the value (as stated in the certificate of limited partnership) of the contributions actually made by each partner to the extent they have not been returned.

Section 34. **Interim distributions.** Except as otherwise provided in [sections 34 through 41], a partner is entitled to receive distributions from a limited partnership before his withdrawal from the limited partnership and before the dissolution and winding up thereof:

(1) to the extent and at the times or on the happening of the events specified in the partnership agreement; and

(2) if any distribution constitutes a return of any part of his contribution under [section 41(3)], to the extent and at the time or on the happening of the events specified in the certificate of limited partnership.

Section 35. **Withdrawal of general partner.** A general partner may withdraw from a limited partnership at any time by giving written notice to the other partners, but if the withdrawal violates the partnership agreement, the limited partnership may recover from the withdrawing general partner damages for breach of the partnership agreement and offset the damages against the amount otherwise distributable to him.

HeinOnline -- 1981 vol. II 1077 1981

Section 36. **Withdrawal of limited partner.** A limited partner may withdraw from a limited partnership at the time or on the happening of the events specified in the certificate of limited partnership and in accordance with any procedures provided in the partnership agreement. If the certificate of limited partnership does not specify the time or the events on the happening of which a limited partner may withdraw from the limited partnership or a definite time for the dissolution and winding up of the limited partnership, a limited partner may withdraw from the limited partnership upon not less than 6 months' prior written notice to each general partner at his address on the books of the limited partnership at its office in this state.

Section 37. **Distributions upon withdrawal.** Except as provided in [sections 34 through 41], upon withdrawal any withdrawing partner is entitled to receive any distributions to which he is entitled under the partnership agreement and, if not provided, he is entitled to receive, within a reasonable time after withdrawal, the fair value of his interest in the limited partnership as of the date of withdrawal, based upon his right to share in distributions from the limited partnership.

Section 38. **Distributions in kind.** Except as provided in the certificate of limited partnership, a partner, regardless of the nature of his contribution, has no right to demand and receive any distribution from a limited partnership in any form other than cash. Except as provided in the partnership agreement, a partner may not be compelled to accept a distribution of any asset in kind from a limited partnership to the extent that the percentage of the asset distributed to him exceeds a percentage of that asset which is equal to the percentage in which he shares in distributions from the limited partnership.

Section 39. **Right to distributions.** At the time a partner becomes entitled to receive a distribution, he has the status of and is entitled to all of the remedies available to a creditor of the limited partnership with respect to the distribution.

Section 40. **Limitations on distributions.** A partner may not receive a distribution from a limited partnership to the extent that, after giving effect to the distribution, all liabilities of the limited partnership other than liabilities to partners on account of their partnership interests exceed the fair value of the partnership's assets.

Section 41. **Liability upon return of contributions.** (1) If a partner has received the return of any part of his contribution without violation of the partnership agreement or [this act], for a period of 1 year thereafter he is liable to the limited partnership for the amount of his contribution returned, but only to the extent necessary to discharge the limited partnership's liabilities to creditors who extended credit to the limited partnership during the period the contribution was held by the partnership.

(2) If a partner has received the return of any part of his contribution in violation of the partnership agreement or [this act], for a period of 6 years thereafter he is liable to the limited partnership for the amount of the contribution wrongfully returned.

HeinOnline -- 1981 vol. II 1078 1981

(3) A partner has received a return of his contribution to the extent that a distribution to him reduces his share of the fair value of the net assets of the limited partnership below the value (as set forth in the certificate of limited partnership) of his contributions which have not theretofore been distributed to him.

Section 42. **Nature of partnership interest.** A partnership interest is a partner's share of the profits and losses of a limited partnership and the right to receive distributions of partnership assets. A partnership interest is personal property.

Section 43. **Assignment of partnership interest.** Except as otherwise provided in the partnership agreement, a partnership interest is assignable in whole or in part. An assignment of a partnership interest does not dissolve a limited partnership or entitle the assignee to become a partner or to exercise any of the rights thereof. An assignment only entitles the assignee to receive, to the extent assigned, any distributions to which the assignor would be entitled. Except as otherwise provided in the partnership agreement, a partner ceases to be a partner upon assignment of all his partnership interest.

Section 44. **Rights of creditors.** On due application to a court of competent jurisdiction by any judgment creditor of a partner, the court may charge the partnership interest of the partner with payment of the unsatisfied amount of the judgment debt, with interest thereon. To the extent so charged, the judgment creditor has only the rights of an assignee of the partnership interest. [This act] does not deprive any partner of the benefit of any exemption laws applicable to his partnership interest.

Section 45. **Right of assignee to become limited partner.** (1) An assignee of a partnership interest, including an assignee of a general partner, may become a limited partner if and to the extent that:

(a) the assignor gives the assignee that right in accordance with authority described in the certificate of limited partnership; or

(b) in the absence of that authority, all other partners consent.

(2) An assignee who has become a limited partner has, to the extent assigned, all the rights and powers and is subject to all the restrictions and liabilities of a limited partner under the partnership agreement and [this act]. An assignee who becomes a limited partner is also liable for the obligations of his assignor to make and return contributions as provided in [sections 34 through 41], but the assignee is not obligated for liabilities unknown to the assignee at the time he became a limited partner and which could not be ascertained from the certificate of limited partnership.

(3) If an assignee of a partnership interest becomes a limited partner, the assignor is not released from the liability to the limited partnership under [sections 17 and 31].

Section 46. **Power of estate of deceased or incompetent partner.** If a partner who is a natural person dies or a court of competent jurisdiction adjudges him to be incompetent to manage his person or his property, the partner's personal representative, guardian, conservator, or

HeinOnline -- 1981 vol. II 1079 1981

other legal representative may exercise all of the partner's rights for the purpose of settling his estate or administering his property, including any power the partner had to give an assignee the right to become a limited partner. If a partner that is a corporation, trust, or other entity other than a natural person is dissolved or terminated, those powers may be exercised by the legal representative or successor of the partner.

Section 47. **Nonjudicial dissolution.** A limited partnership is dissolved and its affairs must be wound up on the occurrence of the first of the following:

(1) at the time or on the happening of the events specified in the certificate of limited partnership;

(2) on the unanimous written consent of all partners;

(3) on the happening of an event of withdrawal of a general partner unless at the time there is at least one other general partner and the certificate of limited partnership permits the business of the limited partnership to be carried on by the remaining general partner and he does so, but the limited partnership may not be dissolved or wound up by reason of any event of withdrawal if, within 90 days after the withdrawal, all partners agree in writing to continue the business of the limited partnership and to the appointment of one or more new general partners if necessary or desired; or

(4) on entry of a decree of judicial dissolution in accordance with [section 48].

Section 48. **Dissolution by decree of court.** On application by or for a partner, the district court may decree a dissolution of a limited partnership whenever it is not reasonably practicable to carry on the business in conformity with the partnership agreement.

Section 49. **Winding up.** Unless otherwise provided in the partnership agreement, the general partners who have not wrongfully dissolved the limited partnership or, if none, the limited partners may wind up the limited partnership's affairs; but any partner, his legal representative, or his assignee, upon cause shown, may obtain winding up by the district court.

Section 50. **Distribution of assets.** Upon the winding up of a limited partnership, the assets shall be distributed as follows:

(1) to creditors, including partners who are creditors (to the extent otherwise permitted by law), in satisfaction of liabilities of the limited partnership other than liabilities for distributions to partners pursuant to [section 34 or 37];

(2) except as otherwise provided in the partnership agreement, to partners and ex-partners in satisfaction of liabilities for distributions pursuant to [section 34 or 37]; and

(3) except as otherwise provided in the partnership agreement, to partners first for the return of their contributions and second respecting their partnership interests, in the proportions in which the partners share in distributions.

HeinOnline -- 1981 vol. II 1080 1981

Section 51. **Law governing.** Subject to the constitution and public policy of this state, the laws of the state under which a foreign limited partnership is organized govern its organization and internal affairs and the liability of its limited partners, and a foreign limited partnership may not be denied registration by reason of any difference between those laws and the laws of this state.

Section 52. **Registration.** Before transacting business in this state, a foreign limited partnership must register with the secretary of state. In order to register, a foreign limited partnership shall submit to the secretary of state in duplicate an application for registration as a foreign limited partnership, signed and sworn to by a general partner and setting forth:

(1) the name of the foreign limited partnership and, if different, the name under which it proposes to transact business and register in this state;

(2) the state in which it was formed and date of its formation;

(3) the general character of the business it proposes to transact in this state;

(4) the name and address of any agent for service of process on the foreign limited partnership whom the foreign limited partnership desires to appoint, which agent must be an individual resident of this state, a domestic corporation, or a foreign corporation authorized to do business in this state and with a place of business in this state;

(5) a statement that the secretary of state is appointed the agent of the foreign limited partnership for service of process if no agent has been appointed pursuant to subsection (4) or, if appointed, the agent's authority has been revoked or the agent cannot be found or served with the exercise of reasonable diligence;

(6) the address of the office required to be maintained in the state of its organization by the laws of that state or, if not so required, of the principal office of the foreign limited partnership; and

(7) if the certificate of limited partnership filed in the foreign limited partnership's state of organization is not required to include the names and business addresses of the partners, a list of the names and addresses.

Section 53. **Issuance of registration.** (1) If the secretary of state finds that an application for registration conforms to law and all requisite fees have been paid, he shall:

(a) endorse on the application the word "filed" and the month, day, and year of the filing thereof;

(b) file in his office one of the duplicate originals of the application; and

(c) issue a certificate of registration to transact business in this state.

(2) The certificate of registration, together with one duplicate original of the application, must be returned to the person who filed the application or his representative.

HeinOnline -- 1981 vol. II 1081 1981

Section 54. **Name.** A foreign limited partnership may register with the secretary of state under any name (whether or not it is the name under which it is registered in its state of organization) that includes the words "limited partnership" and that could be registered by a domestic limited partnership.

Section 55. **Changes and amendments.** If any statement in a foreign limited partnership's application for registration was false when made or any arrangements or other facts described have changed, making the application inaccurate in any respect, the foreign limited partnership shall promptly file in the office of the secretary of state a certificate, signed and sworn to by a general partner, correcting the statement.

Section 56. **Cancellation of registration.** A foreign limited partnership may cancel its registration by filing with the secretary of state a certificate of cancellation, signed and sworn to by a general partner. A cancellation does not terminate the authority of the secretary of state to accept service of process on the foreign limited partnership with respect to claims for relief arising out of the transaction of business in this state.

Section 57. **Transaction of business without registration.** (1) A foreign limited partnership transacting business in this state without registration may not maintain any action, suit, or proceeding in any court of this state until it has registered.

(2) The failure of a foreign limited partnership to register in this state does not impair the validity of any contract or act of the foreign limited partnership and does not prevent the foreign limited partnership from defending any action, suit, or proceeding in any court of this state.

(3) A limited partner of a foreign limited partnership is not liable as a general partner of the foreign limited partnership solely by reason of the foreign limited partnership's transacting business in this state without registration.

(4) A foreign limited partnership, by transacting business in this state without registration appoints the secretary of state as its agent for service of process with respect to claims for relief arising out of the transaction of business in this state.

Section 58. **Action by attorney general.** The attorney general may bring an action to restrain a foreign limited partnership from transacting business in this state in violation of [sections 51 through 58].

Section 59. **Right of action.** A limited partner may bring a derivative action in the right of a limited partnership to recover a judgment in its favor if the general partners having authority to do so have refused to bring the action or an effort to cause those general partners to bring the action is not likely to succeed.

Section 60. **Proper plaintiff.** In a derivative action, the plaintiff must be a partner at the time of bringing the action and at the time of the transaction of which he complains or his status as a partner must have devolved upon him by operation of law or pursuant to the terms of the partnership agreement from a person who was a partner at the time of the transaction.

HeinOnline -- 1981 vol. II 1082 1981

Section 61. **Pleading.** In any derivative action, the complaint shall set forth with particularity the effort of the plaintiff to secure initiation of the action by a general partner having authority to do so or the reasons for not making the effort.

Section 62. **Expenses.** If a derivative action is successful, in whole or in part, or anything is received by the plaintiff as a result of a judgment, compromise, or settlement of an action or claim, the court may award the plaintiff reasonable expenses, including reasonable attorney's fees, and shall direct him to account to the limited partnership for the remainder of the proceeds so received by him.

Section 63. **Saving clause.** (1) This act does not impair the obligation of any contract existing on [the effective date of this act] or affect any rights accrued, duties incurred, or proceedings begun before [the effective date of this act].

(2) A limited partnership formed under any statute of this state before [the effective date of this act] may elect to be governed by [this act]. The general partner or partners may make the election for the limited partnership at any time on or after [the effective date of this act] by complying with [section 11] of [this act], except that the limited partners shall not be required to execute a new certificate of limited partnership. Notwithstanding such election by the general partner or partners:

(a) [sections 30, 31, and 41] apply only to contributions and distributions made after the date of the election;

(b) [section 45] applies only to assignments made after the date of the election; and

(c) [section 50] does not change the priority of creditors for transactions entered into before the date of the election.

(3) A limited partnership formed under any statute of this state before [the effective date of this act], until or unless it elects to be governed by [this act], shall be governed by 35-12-101 through 35-12-403, or other applicable prior law.

Section 64. **Repealer.** Sections 35-12-101 through 35-12-403, MCA, are repealed.

Section 65. **Secretary of state authorized and required to establish fees commensurate with costs.** The secretary of state is authorized and required to set filing fees reasonably related to the costs of processing the applications and certificates. The secretary of state may establish fees for filing a certificate of limited partnership, certificate of amendment, certificate of cancellation, an application to reserve a name, a notice of transfer of a reserved name, an application for registration of a foreign limited partnership, a certificate of cancellation or correction of a foreign limited partnership or filing any other statement or report of a domestic or foreign limited partnership. The secretary of state shall maintain records sufficient to support the fee charged for the filing requirements.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 27-1-703, MCA, is amended to read:

"27-1-703. Multiple defendants jointly and severally liable — right of contribution. (1) Whenever the negligence of *any party* in any action is an issue, each party *against whom recovery may be allowed* is jointly and severally liable for the amount *that may be* awarded to the claimant but has the right of contribution from any other *person whose negligence may have contributed as a proximate cause to the injury complained of.*

(2) On motion of any party against whom a claim is asserted for negligence resulting in death or injury to person or property, any other person whose negligence may have contributed as a proximate cause to the injury complained of may be joined as an additional party to the action. (3) If for any reason all or part of the contribution from a party liable for contribution cannot be obtained, each of the other parties against whom recovery is allowed is liable to contribute a proportional part of the unpaid portion of the noncontributing party's share and may obtain judgment in a pending or subsequent action for contribution from the noncontributing party."

Section 2. **Applicability.** This act shall apply only to causes of action arising after the effective date of this act.

CHAPTER NO. 524

AN ACT TO ALLOW THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO SUSPEND ACTION ON APPLICATIONS AND TO CLOSE A SOURCE WITHIN THE MILK RIVER BASIN TO APPLICATIONS FOR A PERMIT TO APPROPRIATE WATER IN THE BASIN UNDER CERTAIN CONDITIONS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Milk River Basin — suspension of action on permits — proposal.** (1) In order to balance the need for the continued development of Montana's water and for protection of existing rights in the Milk

HeinOnline -- 1981 vol. II 1084 1981

River Basin, the department may suspend action on a class of applications or may close a source in the basin and refuse to accept a class of applications, or both, for a permit under this part to appropriate from that source in the basin.

(2) Suspension or closure, or both, may only be proposed by the department.

(3) The proposal must state the source in the basin and class of applications for which suspension or closure, or both, is being proposed and any of the following allegations:

(a) that the frequency of occurrence of unappropriated waters is such that:

(i) any new appropriation from the source for the class of applications will adversely affect the rights of a prior appropriation from the source; or

(ii) any new appropriation from the source for the class of applications will interfere unreasonably with another planned use or development for which a permit has been given or for which water has been reserved in the source; or

(b) that significant disputes or enforcement problems regarding priority of rights or amounts or duration of water in use by appropriators are in progress or will arise.

Section 2. **Hearing — order.** (1) The department shall conduct a hearing on the proposed suspension or closure, or both. Notice of the hearing must be published at least once in each week for 3 successive weeks, not less than 30 days before the date of the hearing, in a newspaper of general circulation in the county or counties in which the source is located. The department shall serve by mail a copy of the notice and proposal not less than 30 days before the hearing upon each person or public agency known from the examination of the records of the department to be a claimant, appropriator, or permitholder of water in the source.

(2) The department may by order suspend action on and shall close the source and refuse to accept a class of applications if it finds on the basis of the hearing that there is substantial evidence in support of the allegations required by [section 1] to be contained in the proposal.

(3) As part of fulfilling the requirements of 2-4-623, the order must define the source and must state the class of applications to which the suspension or closure, or both, applies.

(4) Upon adoption of the order, the department shall refuse to accept any application for a permit under this part for the class of application for which closure is ordered under this section and [section 1]. If the order suspends action on pending applications, the department shall notify the applicant that action on his application is suspended.

(5) Upon notice under 85-2-307 of intent to combine the hearings under 85-2-309 with the hearings under this section, the department may suspend action on pending applications of the class until the hearing is conducted under this section and, as part of its final order, may grant,

HeinOnline -- 1981 vol. II 1085 1981

deny, or condition the applications under 85-2-306(2), 85-2-310, and 85-2-311 or continue the suspension under this section.

Section 3. **Request to modify suspension — order.** (1) A person or public agency may request that an order be modified or revoked. The request must contain allegations supported by substantial evidence showing that the criteria in 85-2-311 can be met for an application or a class of applications from the source. If not so supported, the department may reject the request without a hearing.

(2) The department may by order after a hearing modify or revoke any order made as provided in [sections 1 and 2] upon such notice and in such manner as is reasonable under the circumstances.

Section 4. **Codification instruction.** Sections 1 through 3 are intended to be codified as an integral part of Title 85, chapter 2, part 3, and the provisions of Title 85, chapter 2, apply to sections 1 through 3.

(a) the procedures available under the Montana Rules of Civil Procedure for bringing a class action, Title 25, chapter 20, rule 23; or

(b) the procedure provided for in subsection (3).

(3) (a) A party bringing an action under [section 1] may elect to give notice as provided in this subsection. A party so electing must publish notice that an action has been brought. The notice must be published at least once each week for 4 consecutive weeks in a newspaper of general circulation published in the county where the action is commenced and in other counties within the jurisdiction of the taxing authority. The notice shall advise each similarly situated taxpayer that:

(i) the court will exclude him from the class if he so requests by a specific date;

(4) In a proceeding under [section 1] all issues shall be tried by the court.

Section 3. **Remedy.** (1) If the district court determines that the challenged rule or procedure is improper it may direct:

(a) that the assessment be changed for the taxpayer or taxpayers who brought the action as well as all similarly situated taxpayers; or

(b) such other remedy as the court considers appropriate.

(2) The remedy directed by the district court may apply only to taxes imposed during or after the year the rule or procedure is challenged. The remedy may not apply to the application or implementation of the rule or procedure as it applies to taxes imposed in years prior to the challenge under [section 1].

HeinOnline -- 1981 vol. II 1089 1981

Section 4. **Tax to be paid.** A tax which is based on the rule or procedure being challenged under [section 1] and which becomes due before the final determination of the validity of the rule or procedure must be paid when due as a condition of continuing the action.

Section 5. Section 15-15-101, MCA, is amended to read:

"15-15-101. County tax appeal board — meetings and compensation. (1) The board of county commissioners of each county shall appoint a three-member county tax appeal board, with the members to serve staggered terms of 3 years each. The members of each county tax appeal board shall be residents of the county in which they serve. Travel expenses and compensation shall be paid from the appropriation to the state tax appeal board. Office space and equipment for the county tax appeal boards shall be furnished by the county. All other incidental expenses shall be paid from the appropriation of the state tax appeal board.

(2) The county tax appeal board must meet on the third Monday of April in each year to hear protests concerning assessments made by the department of revenue. It must continue in session for that purpose from time to time until the business of hearing protests is disposed of, but not later than 60 days after the department of revenue or its agent:

(a) has mailed notice of classification and appraisal to all property owners as required in 15-7-102; and

(b) has notified the county tax appeal board that classification and appraisal notices have been mailed to all property owners.

(3) In connection with any such appeal, the county tax appeal board may change any assessment or fix the assessment at some other level. The county clerk shall publish a notice to taxpayers, giving the time the county tax appeal board will meet to hear protests concerning assessments and the latest date the county tax appeal board may take applications for such hearings. The notice shall be published in a newspaper if any is printed in the county or, if none, then in such manner as the board may direct. The notice shall be published at least 7 days prior to the first meeting of the county tax appeal board.

(4) Challenges to a department of revenue rule governing the assessment of property or to an assessment procedure shall apply only to the taxpayer bringing the challenge and may not apply to all similarly situated taxpayers unless an action is brought in the district court as provided in [sections 1 through 4]."

At a time appointed by the judge and within said 10-day period they shall hear the allegations and evidence of all persons interested in each of the several parcels of land.

(2) Such hearing shall be attended by and presided over by the presiding judge who shall make all necessary rulings upon procedure and the admissibility of evidence.

(3) At the conclusion of the aforesaid hearing, the court or judge shall instruct the commissioners as to the law applicable to their deliberations and shall instruct them that their duty is to determine, solely upon the basis of said examination of lands, the evidence produced at the hearing or hearings, and the instructions of the court, the following:

(a) the *current fair market* value of the property sought to be appropriated and all improvements thereon pertaining to the realty and of each and every separate estate and interest therein. If it consists of different parcels, the *current fair market* value of each parcel and each estate or interest therein must be separately assessed.

(b) if the property sought to be appropriated constitutes only a part of a larger parcel, the depreciation in *current fair market* value which will accrue to the portion not sought to be condemned by reason of its severance from the portion sought to be condemned and the construction of the improvements in the manner proposed by the plaintiff;

(c) separately, how much the portion not sought to be condemned and each estate or interest therein will be benefited, if at all, by the construction of the improvements proposed by the plaintiff; and if the benefit shall be equal to the amount assessed under subsection (3)(b), the owner of the parcel shall be allowed no compensation except the value of the portion taken; but if the benefits shall be less than the amount assessed under subsection (3)(b), the former shall be deducted from the latter, and the remainder shall be the only amount allowed in addition to the *current fair market* value;

This shall not be construed to limit the amount of compensation payable by the department of highways under the provisions of any legislation enacted pursuant to the federal Highway Beautification Act of 1965.

(2) If an order be made letting the plaintiff into possession, as provided in 70-30-311, the full amount finally awarded shall draw interest at the rate of 10% per annum from the date on which the property owner surrenders possession of the property in accordance with the terms of such order to the earlier of the following dates:

(4) None of the amount finally awarded shall draw interest after the date on which the right to appeal to the Montana supreme court expires.

(5) No improvements put upon the property subsequent to the date of the service of summons shall be included in the assessment of compensation or depreciation in *current fair market* value, nor shall the same be used as the basis of computing such compensation or depreciation."

HeinOnline -- 1981 vol. II 1107 1981

(2) If the money be not so paid or deposited, the defendants may have execution as in civil cases, and if the money cannot be made on execution, the court or judge, upon a showing to that effect, must set aside and annul the entire proceedings and restore possession of the property to the defendant if possession has been taken by the plaintiff."

Section 4. **Current fair market value.** Current fair market value is the price that would be agreed to by a willing and informed seller and buyer, taking into consideration, but not limited to, the following factors:

WHEREAS, Montana's predominantly agricultural economy is dependent on fertile soil; and

WHEREAS, saline seep has damaged 500,000 acres of our state and is continuing to claim more than 20,000 acres a year; and

WHEREAS, strip mining for coal is decreasing, at least temporarily, the acres of grazing land in the state; and

WHEREAS, erosion, overgrazing, and intensive cropping are depleting our soils faster than inorganic fertilizers can renew them; and

WHEREAS, organic matter properly aged and applied to the soil can dramatically increase the fertility of soil; and

WHEREAS, solid waste disposal by industry and municipalities is presently an expensive and potential environmentally hazardous undertaking; and

WHEREAS, the economic and environmental burden of disposing of such solid wastes may be partially offset through the use of such wastes by an active organic fertilizer processing industry in Montana; and

WHEREAS, tax incentives are needed to initially assist and stimulate the production and use of organic fertilizer and soil amendments produced from industrial and municipal wastes.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** The purpose of [sections 1 through 5] is to promote the use of organic matter produced by Montana industries and municipalities to revitalize Montana lands and to assist in making organic fertilizer economically competitive with inorganic fertilizer.

Definitions and rate of tax.** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced sufficient in quantity to justify the marketing of the same must, except as provided in 15-36-121, each year when engaged in or carrying on any such business in this state pay to the department of revenue for the exclusive use and benefit of the state of Montana a severance tax computed at the following rates:

(a) 5% of the total gross value of all the *petroleum and other mineral or crude oil produced by* such person from each lease or *unit on or after April 1, 1981, and on or before March 31, 1983, and 6% of the total gross value of all the petroleum and other mineral or crude oil produced by such person from each lease or unit thereafter*; but in determining the amount of such tax there shall be excluded from consideration all petroleum or other crude or mineral oil produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such petroleum or crude or mineral oil;

(b) 2.65% of the total gross value of natural gas produced from each lease or unit; but in determining the amount of such tax there shall be excluded from consideration all gas produced and used by such person during such year in connection with his operations in prospecting for, developing, and producing such gas or petroleum or crude or mineral oil; and there shall also be excluded from consideration all gas recycled or reinjected into the ground.

HeinOnline -- 1981 vol. II 1114 1981

(2) Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil well or to work in or about any oil well or prospect or explore for or do any work for the purpose of developing any petroleum or other mineral or crude oil to pay such severance tax, nor may any work done or the drilling of any well or wells for the purpose of prospecting or exploring for petroleum or other mineral or crude oils or for the purpose of developing same be considered to be the engaging in or carrying on of any such business. If, in the doing of any such work, in the drilling of any oil well, or in such prospecting, exploring, or development work, any merchantable or marketable petroleum or other mineral or crude oil in excess of the quantity required by such person for carrying on such operation is produced sufficient in quantity to justify the marketing of the same, such work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of such business within this state within the meaning of this section.

(3) Every person required to pay such tax hereunder shall pay the same in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of such extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the aforesaid interests that are owned by the federal, state, county, or municipal governments shall be exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under said lease or leases or division of proceeds orders or other contracts."

Section 2. **Applicability.** This act applies to crude oil produced on or after April 1, 1981.

Section 3. **Immediate effective date.** This act is effective on passage and approval of Senate Bill 200.

Section 4. **Severability.** (1) If a part of this act is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this act is invalid in one or more of it applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(2) If application of the severance tax rate imposed by this act on oil produced prior to the effective date of this act is found to be invalid, the severance tax imposed by this act applies to oil produced on or after the effective date of this act.

Approved April 29, 1981.

If the application is for a combination of two or more facilities, the department shall make its report to the board within the greater of the lengths of time provided for in this subsection for either of the facilities.

(5) The departments of highways; community affairs; fish, wildlife, and parks; state lands; revenue; and public service regulation shall report to the department information relating to the impact of the proposed site on each department's area of expertise. The report may include opinions as to the advisability of granting, denying, or modifying the certificate. (1) Upon receipt of the department's report submitted under 75-20-216, the board shall set a date for a hearing to begin not more than 120 days after the receipt. Except for those hearings involving applications submitted for facilities as defined in (b) and (c) of 75-20-104(10), certification hearings shall be conducted by the board in the county seat of Lewis and Clark County or the county in which the facility or the greater portion thereof is to be located.

(2) Except as provided in 75-20-221(2), the department shall act as the staff for the board throughout the decisionmaking process and the board

may request the department to present testimony or cross-examine witnesses as the board considers necessary and appropriate.

(3) At the request of the applicant, the *department of health and the board of health* shall hold any required permit hearings required under laws administered by those agencies in conjunction with the board certification hearing. In such a conjunctive hearing the time periods established for reviewing an application and for issuing a decision on certification of a proposed facility under this chapter supersede the time periods specified in other laws administered by the *department of health and the board of health*."

Section 6. Section 75-20-220, MCA, is amended to read:

"75-20-220. Hearing examiner — restrictions — duties. (1) If the board appoints a hearing examiner to conduct any certification proceedings under this chapter, the hearing examiner may not be a member of the board, an employee of the department, or a member or employee of the department of health or board of health. A hearing examiner, if any, shall be appointed by the board within 20 days after the department's report has been filed with the board. If a hearing is held before the board of health *or the department of health*, the board and the board of health *or the department of health* shall mutually agree on the appointment of a hearing examiner to preside at both hearings.

(2) A prehearing conference shall be held following notice within 60 days after the department's report has been filed with the board.

(3) The prehearing conference shall be organized and supervised by the hearing examiner.

(4) The prehearing conference shall be directed toward a determination of the issues presented by the application, the department's report, and an identification of the witnesses and documentary exhibits to be presented by the active parties who intend to participate in the hearing.

(5) The hearing examiner shall require the active parties to submit, in writing, and serve upon the other active parties, all direct testimony which they propose and any studies, investigations, reports, or other exhibits that any active party wishes the board to consider. These written exhibits and any documents that the board itself wishes to use or rely on shall be submitted and served in like manner, at least 20 days prior to the date set for the hearing. For good cause shown, the hearing examiner may allow the introduction of new evidence at any time.

(6) The hearing examiner shall allow discovery which shall be completed before the commencement of the hearing, upon good cause shown and under such other conditions as the hearing examiner shall prescribe.

(7) Public witnesses and other interested public parties may appear and present oral testimony at the hearing or submit written testimony to the hearing examiner at the time of their appearance. These witnesses are subject to cross-examination.

(8) The hearing examiner shall issue a prehearing order specifying the issues of fact and of law, identifying the witnesses of the active parties,

HeinOnline -- 1981 vol. II 1125 1981

(9) At the conclusion of the hearing, the hearing examiner shall declare the hearing closed and shall, within 60 days of that date, prepare and submit to the board and in the case of a conjunctive hearing, within 90 days to the board and the board of health *or department of health* proposed findings of fact, conclusions of law, and a recommended decision.

(10) The hearing examiner appointed to conduct a certification proceeding under this chapter shall insure that the time of the proceeding, from the date the department's report is filed with the board until the recommended report and order of the examiner is filed with the board, does not exceed 9 calendar months unless extended by the board for good cause.

(11) The board or hearing examiner may waive all or a portion of the procedures set forth in subsections (2) through (8) of this section to expedite the hearing for a facility when the department has recommended approval of a facility and no objections have been filed."

Section 7. Section 75-20-304, MCA, is amended to read:

"75-20-304. Waiver of provisions of certification proceedings. (1) The board may waive compliance with any of the provisions of 75-20-216 through 75-20-222, 75-20-501, and this part if the applicant makes a clear and convincing showing to the board at a public hearing that an immediate, urgent need for a facility exists and that the applicant did not have knowledge that the need for the facility existed sufficiently in advance to fully comply with the provisions of 75-20-216 through 75-20-222, 75-20-501, and this part.

(2) The board may waive compliance with any of the provisions of this chapter upon receipt of notice by a utility or person subject to this chapter that a facility or associated facility has been damaged or destroyed as a result of fire, flood, or other natural disaster or as the result of insurrection, war, or other civil disorder and there exists an immediate need for construction of a new facility or associated facility or the relocation of a previously existing facility or associated facility in order to promote the public welfare.

(3) The board shall waive compliance with the requirements of subsections (2)(c), (3)(b), and (3)(c) of 75-20-301 and 75-20-501(5) and the requirements of subsections (1)(a)(iv) and (v) of 75-20-211, 75-20-216(3), and 75-20-303(3)(a)(iv) relating to consideration of alternative sites if the applicant makes a clear and convincing showing to the board at a public hearing that:

(6) The applicant shall pay all expenses required to process and conduct a hearing on a waiver request under subsection (3). However, any payments made under this subsection shall be credited toward the fee paid under 75-20-215 to the extent the data or evidence presented at the hearing or the decision of the board under subsection (3) can be used in making a certification decision under this chapter.

CHAPTER NO. 540

AN ACT TO SIMPLIFY UTILIZATION OF FUNDS AVAILABLE FOR FINANCING THE FOUNDATION PROGRAM AND PERMISSIVE PORTIONS OF PUBLIC SCHOOL BUDGETS; AMENDING SECTIONS 20-9-345, 20-9-351, AND 20-9-352, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-345, MCA, is amended to read:

"**20-9-345. Distribution of excess state equalization moneys.** Moneys appropriated for foundation program purposes are exempt from the provisions of 17-2-108. Moneys appropriated for foundation program purposes shall be expended to as great an extent as possible, irrespective of the availability of foundation program revenues from other sources. Any unencumbered funds remaining in the public school equalization earmarked revenue account at the end of the fiscal year shall be *retained for funding primary and secondary education in ensuing years.*"

Section 2. Section 20-9-351, MCA, is amended to read:

"**20-9-351. Additional state levy for state deficiency.** (1) If the estimated state equalization level made under the provisions of 20-9-348 is less than 100% *or if the permissive funding level made under the provisions of 20-9-352 is less than 100%*, it shall be the duty of the director of the department of revenue to levy additional taxes in such number of mills on the taxable value of all taxable property within the state as shall be required to complete the financing of the foundation programs *prescribed under 20-9-348 and of permissive programs as prescribed under 20-9-352* of all elementary districts or all high school districts of the state.

(2) The state treasurer shall keep a separate accounting of the proceeds realized from these mill levies *and shall deposit such proceeds in the earmarked revenue account established under 20-9-343.* The superintendent of public instruction shall apportion the proceeds of the mill levies to the elementary districts of the state or the high school districts of the state, whichever the case may be, on the following basis:

(a) determine the total amount required from this source of revenue by the several elementary or high school districts of the state;

HeinOnline -- 1981 vol. II 1128 1981

(b) determine the total amount of moneys available for this source of revenue;

(c) calculate the percentage the amount determined in subsection (2)(b) is of the amounts determined separately in subsection (2)(a) for all elementary or all high school districts;

(d) multiply each elementary district or each high school district requirement for this source of revenue by the percentage calculated in subsection (2)(c).

(3) When the total amount of the proceeds realized from these mill levies is greater than the requirements of all the elementary districts or high school districts of the state, whichever the case may be, the excess amount of moneys shall be retained by the state for reduction of the ensuing year's additional state levy for elementary schools or high schools or, if there is no additional state levy under this section, the excess may be *retained in* the state equalization aid account for the reduction of the legislative appropriation.

(4) The apportionment of state moneys under this section shall be known as the "additional state levy for state deficiency", and it shall be the last source of revenue in calculating the financing of the *foundation and permissive programs for* elementary and high school *districts.*

(5) The superintendent of public instruction shall compute the budgeted requirement for this source of revenue for each district and shall supply the total state requirements for the elementary district and the high school district programs to the director of the department of revenue on the second Monday of August."

Section 3. Section 20-9-352, MCA, is amended to read:

"20-9-352. Permissive amount and permissive levy. (1) Whenever the trustees of any district shall deem it necessary to adopt a general fund budget in excess of the foundation program amount but not in excess of the maximum general fund budget amount for such district as established by the schedules in 20-9-316 through 20-9-321, the trustees shall adopt a resolution stating the reasons and purposes for exceeding the foundation program amount. Such excess above the foundation program amount shall be known as the "permissive amount", and it shall be financed by a levy on the taxable value of all taxable property within the district as prescribed in 20-9-141, supplemented with revenue from a levy on all the taxable property in the state.

(2) The district levies to be set for the purpose of funding the permissive amount are determined as follows:

(a) For each elementary school district, the county commissioners shall annually set a levy not exceeding 9 mills on all the taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive amount to the maximum permissive amount by 9 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency

HeinOnline -- 1981 vol. II 1129 1981

shall be paid to the district from the earmarked revenue fund according to the provisions of *20-9-351 and subsection (3)* of this section.

(b) For each high school district, the county commissioners shall annually set a levy not exceeding 6 mills on all taxable property in the district for the purpose of funding the permissive amount of the district. The permissive levy in mills shall be obtained by multiplying the ratio of the permissive levy to the maximum permissive amount by 6 or by using the number of mills which would fund the permissive amount, whichever is less. If the amount of revenue raised by this levy is not sufficient to fund the permissive amount in full, the amount of the deficiency shall be paid to the district from the earmarked revenue fund according to the provisions of *20-9-351 and subsection (3)* of this section.

(3) Such distribution shall be made in two payments. The first payment shall be made at the same time as the first distribution of state equalization aid is made after January 1 of the fiscal year. The second payment shall be made at the same time as the last payment of state equalization aid is made for the fiscal year. If the revenue collected is not sufficient to finance the deficiencies of the districts as determined according to subsection (2), each district will receive the same percentage of its deficiency. Surplus revenue *generated by the additional state levy for state deficiency shall remain in the earmarked revenue account to be used for elementary and high school education in ensuing years.* Interest earned on investment of permissive levy funds shall be deposited to the earmarked revenue fund *as established in 20-9-343* for distribution during the next succeeding fiscal year."

Approved April 29, 1981.

CHAPTER NO. 547

AN ACT TO CONTROL AND REGULATE THE USE OF PRIVATE CONSULTANTS BY STATE AGENCIES.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** (1) It is the intent of the legislature that [this act] be interpreted in a manner that assures the greatest fair competition in the selection by state agencies of private consultants under contracts covered by [this act] and that assures that all potential providers of consulting services are afforded notice of the need for and opportunity to provide the services.

(2) [This act] is not intended to discourage the use by state agencies of private consultants if their use may reasonably be expected to result in a more efficient and less costly operation or project. [This act] is not intended to prohibit the letting of a sole-source contract for consulting services if no proposal is received from a competent, knowledgeable, and qualified private consultant at a reasonable fee, after the procedures set forth in [this act] have been followed.

Section 2. **Definitions.** As used in [this act], unless the context requires otherwise, the following definitions apply:

(1) "Consulting service" means the human service of studying or advising an agency under an independent contract. However, the term is limited to professional consulting service work provided to an agency under an independent contract with a private consultant, but does not include the making of periodic or routine reports or the collection of routine data necessary to the functioning of a state agency or its programs or necessary for the proper monitoring of private providers of human services regulated by a state agency. The term includes only services for which payment is made from funds:

(a) that are appropriated by the legislature;

(b) that are generated by statutory functions of the agency; or

(c) that are received by the state from the federal government and that are awarded to the state without requiring the state to request the funds through a grant program.

(2) "Private consultant" means an entity that performs consulting services other than a state agency or employee.

(3) "State agency" means any state department, commission, board, office, institution, facility, or other agency, including a university system or an institution of higher education.

Section 3. **Exemptions.** [This act] does not apply to employment of:

(1) registered professional engineers, surveyors, real estate appraisers, or registered architects concerned with the study, design, or construction of state facilities or highways;

HeinOnline -- 1981 vol. II 1155 1981

(2) physicians, dentists, or other medical, dental, or health-care providers; and

(3) expert witnesses hired for use in litigation, hearings officers hired in rulemaking and contested case proceedings under the Montana Administrative Procedure Act, or attorneys as specified by executive order of the governor.

Section 4. **Use and selection of private consultants.** (1) A state agency may use a private consultant only if:

(a) there is a substantial need for the consulting services; and

(b) the state agency cannot adequately perform the consulting services with its own personnel.

(2) In selecting a private consultant, a state agency shall:

(a) base its choice on demonstrated competence, knowledge, and qualifications and on the reasonableness of the proposed fee for the services; and

(b) when other considerations are equal, give a preference to a private consultant who is a bona fide resident of Montana as defined in 18-2-401 and whose principal place of business is within the state or who will manage the consulting engagement wholly from one of its offices within the state.

Section 5. **Information relating to consultant studies.** (1) After a state agency contracts to use a private consultant, the state agency shall, upon request, supply the legislative fiscal analyst and the office of budget and program planning with a brief resume of the results accomplished by the private consultant.

(2) Copies of all documents, films, recordings, or reports of intangible results shall be filed with the central office of the state agency or repository designated by the state agency.

(3) As part of the biennial budgetary hearing process conducted by the legislative fiscal analyst and the office of budget and program planning, a state agency shall upon request supply the legislative fiscal analyst and the office of budget and program planning with reports on what action was taken in response to the recommendations of any private consultant employed by the state agency.

Section 6. **Solicitation of bids.** (1) In order to contract with a private consultant, a state agency shall establish a bid list in its central office or in another appropriate division or unit of the state agency. Any private consultant who desires to submit bids to that agency to provide consulting services may request in writing the agency place him on the agency's bid list.

(2) Whenever it is reasonably foreseeable that a proposed contract for private consultant services will exceed $5,000, the state agency shall notify all private consultants who have requested to be placed on the agency's bid list. The notice shall contain the following:

HeinOnline -- 1981 vol. II 1156 1981

(a) a notice of invitation for offers of consulting services;

(b) the name and address of the person within the agency to be contacted by a private consultant wishing to make an offer;

(c) the closing date for receipt of offers of consulting services;

(d) the procedures and specifications upon which the agency will award the contract for consulting services; and

(e) any other information that the agency believes pertinent.

(3) In addition to the notification required in subsection (2), the state agency, in its discretion, may solicit bids for consultant services by advertisement or other means.

(4) An agency need not follow the provisions of this section in bona fide emergency situations.

Section 7. **Restriction on former employees.** A principal or officer of a consulting firm or an individual who offers to perform a consulting service for a state agency and who has been employed by the agency or by another state agency at any time during the 2 years preceding the making of the offer shall disclose in the offer the nature of the previous employment with the agency or the other state agency and the date of termination of the employment.

Section 8. **Contract in violation void.** (1) If a state agency contracts to use a private consultant without complying with the requirements of [section 6] or if a person contracts to perform a consulting service for a state agency without complying with the requirements of [section 7], the contract is void.

(2) If a contract is void under this section, the state or state agency may not make any payments under the contract from any state or federal funds held in or outside the state treasury if violation of [this act] was caused by the consultant.

(3) If a contract is void under this section because of a violation of [this act] by the state agency, the state shall pay the consultant for all work performed up to the date that the consultant is informed in writing of the violation by the state agency.

Approved April 29, 1981.

(1) Every single individual and every married individual not filing a joint return with his or her spouse and having a gross income for the taxable year of more than *$1,000, as adjusted under the provisions of subsection (7),* and married individuals not filing separate returns and having a combined gross income for the taxable year of more than *$2,000, as adjusted under the provisions of subsection (7),* shall be liable for a return to be filed on such forms and according to such rules as the department may prescribe. The gross income amounts referred to in the preceding sentence shall be increased by $800, *as adjusted under the provisions of 15-30-112(7) and (8),* for each additional personal exemption allowance the taxpayer is entitled to claim for himself and his spouse under 15-30-112(3) and (4). A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for himself and his spouse under the provisions of 15-30-112(2), (3), and (4), as prorated according to 15-30-112(6).

(2) In accordance with instructions set forth by the department, every taxpayer who is married and living with husband or wife and is required to file a return may, at his or her option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department so consents.

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld as provided by 15-30-202 and/or any payment made by reason of an estimated tax return provided for in 15-30-241; provided, however, the tax so computed is greater by $1

HeinOnline -- 1981 vol. II 1161 1981

than the amount withheld and/or paid by estimated return as provided in this chapter. If the amount of tax withheld and/or payment of estimated tax exceeds by more than $1 the amount of income tax as computed, the taxpayer shall be entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount theretofore paid, the excess shall be paid by the taxpayer to the department within 30 days after notice of the amount of the tax as computed, with interest added at the rate of 9% per annum or fraction thereof on the additional tax. In such case there shall be no penalty because of such understatement, provided the deficiency is paid within 30 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the taxable year. These adjusted amounts are effective for that taxable year, and persons having gross incomes less than these adjusted amounts are not required to file a return."

Section 4. Section 9, Chapter 698, Laws of 1979 is amended to read:

"Section 9. **Deductions for exemptions in 1979 and 1980.** The exemption amounts allowed in 15-30-112 are increased for taxable years beginning after December 31, 1978, and before January 1, 1980, by *$250 and for taxable years beginning after December 31, 1979, and before January 1, 1981, by $450.*"

CHAPTER NO. 566

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [Sections 1 through 52] may be cited as the "Montana Firefighters' Unified Retirement Act".

Section 2. **Purpose — application of prior law.** (1) Because cities other than those of the first or second class currently have fire department relief associations, the legislature finds and declares that the law regarding these associations cannot be repealed. It is the express intention of the legislature to allow two separate and distinct retirement systems to exist. The first, which includes fire department relief associations, applies to cities other than those of the first or second class that wish to adopt it. The second, created by [sections 1 through 52], applies to cities of the first or second class and those other cities that wish to adopt it. The purpose of the second system is to provide equity and security for retired firefighters who served cities of the first and second class and other cities electing to join the plan by creating a centrally administered system responsible for continuing all retirement payments from the assets of the system.

HeinOnline -- 1981 vol. II 1192 1981

(2) Title 19, chapter 11, may not be applied in any way to a city operating under the plan created by [sections 1 through 52] except as otherwise provided.

Section 3. **Retirement system established.** A firefighters' unified retirement system is established and governed by the provisions of [sections 1 through 52].

Section 4. **Definitions.** Unless the context requires otherwise, the following definitions apply in [sections 1 through 52]:

(5) "Employer" means any city that is of the first or second class or that elects to join this plan under [section 8].

(6) "Final average salary" means the monthly compensation of a member hired on or after July 1, 1981, averaged over the last 36 months of his active service or, if he has not been a member that long, over the period of his membership.

(11) "Member contributions" means the total of the deductions from a member's compensation made during a period of active membership under [sections 1 through 52] or made under a prior plan and transferred to this plan, standing to his credit, together with the interest thereon.

(12) "Membership service" means a period of employment with an employer occurring after July 1, 1981, during which the withholdings required by [sections 1 through 52] have been made from a member's monthly compensation and credited to his member contributions account.

Pro rata credit shall be granted for employment on a part-time basis or for employment over a period of less than a complete fiscal year.

(13) "Minimum retirement date" means the first day of the month coinciding with or immediately following, if none coincides, the date on which a member becomes both age 50 or older and completes 10 or more years of credited service.

(14) "Monthly compensation" means:

(a) for a full-paid firefighter, the regular monthly compensation, excluding overtime, holiday payments, shift differential payments, compensatory time payments, and payments in lieu of sick leave, paid by an employer for his service as a firefighter;

(b) for a part-paid firefighter employed by a city of the second class, 15% of the average regular monthly compensation, excluding overtime, holiday payments, shift differential payments, compensatory time payments, and payments in lieu of sick leave, paid to all newly confirmed, active firefighters employed by cities of the second class on July 1 of each year.

(15) Any reference to "municipality", "city", or "town" includes those jurisdictions which, prior to the effective date of a county-municipal consolidation, were incorporated municipalities, subsequent districts created for urban firefighting services, or the entire county included in the county-municipal consolidation.

(16) "Part-paid firefighter" means a person employed under 7-33-4109 who receives compensation in excess of $300 a year for his service as a firefighter.

(21) "Retirement date" means the date on which the first payment of the retirement or disability benefits of a member or a beneficiary is payable.

(22) "Totally and permanently disabled" means that the board, upon certification by a licensed and practicing physician, has determined that a member's disability is of such a nature as to permanently impair his ability to discharge his normal duties as a firefighter.

Section 5. **Participation in plan by first- and second-class cities.** Cities of the first and second class that employ full-paid firefighters must participate in the plan. If a city of the first or second class is

HeinOnline -- 1981 vol. II 1194 1981

reduced to a city of the third class or a town under 7-1-4118, it must continue to participate in the plan as long as it has retired firefighters or beneficiaries eligible to receive retirement benefits.

Section 6. **Transfer of assets and liabilities from prior plans.** All funds and obligations constituting the assets and liabilities of prior plans, regardless of their form or who holds them, must be transferred to the account provided for in [section 22]. The board shall determine the amounts to be apportioned to each account on [the effective date of this section], and the department of administration and the boards of trustees of the fire department relief associations shall transfer such amounts to the appropriate accounts on July 1, 1981.

Section 7. **Effect on members of prior plans.** A firefighter hired before July 1, 1981, who was a member of a prior plan and who becomes a member of this plan retains all rights and benefits accrued under a prior plan.

Section 8. **Election to join plan — transfer of assets.** (1) Except for cities with only volunteer firefighters, a city other than one described in [section 5] may, after July 1, 1981, elect to join the plan by passing an ordinance stating the election and the consent of the city to be bound by the provisions of [sections 1 through 52]. The fire department relief association of the city may pass a resolution to the same effect. Upon the enactment of the ordinance and passage of the resolution, the provisions of [sections 1 through 52] become applicable to the city. Any city that enacts such an ordinance and in which the fire department relief association passes such a resolution shall send certified copies thereof to the board and shall, as soon as possible thereafter, deposit with the board all cash and securities held by its fire department relief association. The value of the securities shall be determined by the board.

(2) The board of trustees of the fire department relief association as of the effective date of the election shall certify the proportion, if any, of the funds of the association that represents the accumulated contributions of the active members and the relative shares of the members as of that date. Following the transfer of the cash and securities required by subsection (1) and the certification required by this subsection, the fire department relief association may conclude its affairs. The shares of the members shall be charged to the employer and credited to the respective individual accounts of the members in the plan and administered as if the contributions had been made during membership in the plan. Any excess of employer credits over charges under this section will be offset, with interest, against future required employer contributions. Any excess of employer charges over credits under this section are payable by the employer, with interest, on a basis determined by the procedure described in [section 24].

Section 9. **Penalty for fraud.** (1) No person may knowingly make any false statement or permit to be falsified any records of the plan in an attempt to defraud the plan.

(2) A person who violates any of the provisions of subsection (1) is guilty of a misdemeanor and upon conviction shall be punished by a fine

HeinOnline -- 1981 vol. II 1195 1981

not exceeding $500 or imprisonment in the county jail for a term not exceeding 6 months, or both.

Section 10. **Firemen's association to advise board.** The Montana state firemen's association shall serve as an advisor to the board and may meet quarterly with the board to discuss matters relating to the administration of [sections 1 through 52]. The association may review all medical and legal information available to the board relating to service, disability, and survivorship benefits for members of the plan.

Section 11. **Power and duties of board.** The powers and duties of the board include:

(1) administering, interpreting, and enforcing the provisions of [sections 1 through 52];

(2) establishing uniform rules to administer the provisions of [sections 1 through 52];

(3) determining the conditions under which persons may become members of and receive benefits under the retirement system; and

(4) determining allowances for retirement and disability under [sections 1 through 52].

Section 12. **Department to provide forms — information from employers.** The department of administration shall prepare such forms as it finds necessary for the employers to complete to provide all the information necessary to administer [sections 1 through 52], and the cities shall give the department of administration all data necessary to carry out the purpose and intent of [sections 1 through 52].

Section 13. **Administrative expenses.** (1) The expense of administering [sections 1 through 52], exclusive of the payment of retirement allowances and other benefits, may be paid from the fund.

(2) Before July 15 of each year, the board may compute the administrative costs for the immediately preceding fiscal year and transfer that amount from the fund to the public employees' retirement system account in the agency fund.

Section 14. **Active membership.** (1) A full-paid firefighter becomes an active member under the plan:

(a) on the first day of his employment by an employer;

(b) on July 1, 1981, if he is employed by an employer on that date; or

(c) in the case of an employer that elects to join the plan as provided in [section 8], on the effective date of such election if he is employed by the employer on that date.

(2) Upon becoming eligible for membership, he shall complete the forms and furnish any proof required by the board.

(3) A part-paid firefighter may elect to become a member of the plan by filing a membership application with the board.

HeinOnline -- 1981 vol. II 1196 1981

Section 15. **Ineligibility for other retirement plans.** No active member is eligible to be covered under any other mandatory retirement plan for firefighters to which an employer is required to contribute on his behalf while he is eligible to be covered by this plan.

Section 16. **Inactive membership.** (1) An active member becomes an inactive member upon the occurrence of the earliest of the following:

(a) the date he ceases to be employed by an employer and becomes entitled to a retirement allowance;

(b) the 31st day of an approved absence from active duty with an employer; or

(c) the date he ceases to be employed because of a reduction of the number of firefighters in the fire department as provided in 7-33-4125.

(2) An inactive member becomes an active member on the day he returns to active duty with an employer. Upon again becoming an active member, his retirement allowance, if any, shall cease being paid to him until he again becomes an inactive member.

Section 17. **Termination of employment prior to retirement.** (1) Except as provided in subsection (2), an active member may withdraw the amount of his member contributions, plus regular interest as determined by the board, in lieu of all other benefits under the plan upon his termination of employment prior to his retirement. If an active member's employment terminates by reason of his death, his beneficiaries are entitled to the benefits prescribed in [section 44].

(2) If a member has 10 years or more of creditable service before termination, he may keep his contributions on deposit and be eligible for a service retirement at age 50.

Section 18. **Cessation of membership.** A member shall cease to be a member upon the occurrence of the earlier of the following:

(1) the date he withdraws his member contributions in lieu of all other benefits under the plan;

(2) the date of his death.

Section 19. **Credited service to be cumulative.** A member is entitled to benefits upon the entire period of his credited service without regard to the number of employers by whom he was employed or the number of periods of his employment so that no duplication of credited service occurs.

Section 20. **Military service.** (1) A firefighter inducted into the armed forces of the United States may:

(a) continue his payments into the account during his military service; or

(b) within 2 years after his return to active firefighter status, contribute to the account an amount equal to the membership contributions that he would have made had he been a firefighter during the time of his military service.

HeinOnline -- 1981 vol. II 1197 1981

(2) If a member chooses one of the options in subsection (1) and meets its requirements, he shall receive credit for his service in the armed forces of the United States as if it were service as a firefighter.

Section 21. **Election to qualify previous military service.** (1) A member with 15 years or more of service may, at any time prior to his retirement, make a written election with the board to qualify all or any portion of his active service in the armed forces of the United States for the purpose of calculating retirement benefits, up to a maximum of 5 years, if he is not otherwise eligible to receive credit. To qualify this service he must contribute to the account the actuarial cost of granting the service to be determined by the board based on his compensation and normal contribution rate as of his 16th year and as many succeeding years as are required to qualify this service, with interest from the date he becomes eligible for this benefit to the date he contributes. He may not qualify more of his military service than he has service in excess of 15 years. Military service purchased under this section may not be used in determining eligibility for a service retirement requiring a minimum of 10 years of service.

(2) If a member has retired from active duty in the armed forces of the United States with normal service retirement benefits, he may not qualify his military service under subsection (1). However, a member who is serving or has served in the military reserves with the expectation of receiving a military service pension may qualify his active military service under subsection (1) if his active duty in the armed forces of the United States is not more than 25% of the total of all his years of military service, including reserve and active duty time.

Section 22. **Retirement account.** Beginning July 1, 1981, an account in the agency fund shall be maintained on behalf of the plan. The state treasurer is the custodian of the account subject to the exclusive administrative control of the board.

Section 23. **Management of funds by department of administration.** Except as otherwise provided in [sections 1 through 52], the department of administration, through the administrator and the board of investments, shall administer, invest, account for, and treat the funds deposited with it under [sections 1 through 52] according to the rules addressing the public employees' retirement system, insofar as these rules are not inconsistent with those promulgated and adopted by the board. The contributions of the state, employers, and members paid to the administrator under [sections 1 through 52] may be commingled for investment purposes.

Section 24. **Unfunded liabilities.** (1) The legislature finds and declares that many cities operating under prior plans have excess and unfunded liabilities, and the liabilities cannot be amortized by the percentage contributions set forth in [sections 1 through 52].

(2) The administrator shall, on or before October 1, 1984, determine the excess and unfunded liability of each city participating in the plan created by [sections 1 through 52]. The determination must be negotiated between each city and the administrator. Each city determined by the

HeinOnline -- 1981 vol. II 1198 1981

administrator to have an excess and unfunded liability under a prior plan that, as of July 1, 1984, is not funded by sums on deposit or funds available for deposit with the administrator shall pay an additional sum over a period of time to amortize its excess liability as determined by agreement between the city and the administrator.

(3) Each city determined by the administrator to be paying an amount in excess of the amount necessary to amortize its liabilities under the prior plan and under [sections 1 through 52] shall receive a credit in the accounts of the administrator for the excess payments.

(4) For each city with an unfunded liability, any portion of the member, employer, and state contributions that exceeds the amount necessary to maintain the current level of unfunded liability must be applied to the reduction of the unfunded liability.

Section 25. **Actuarial valuation.** The board shall engage the services of a qualified actuary to conduct an actuarial valuation of the plan in each even-numbered year. It shall include the actuary's determination of the financial condition of the plan, the level of annual contributions required to maintain the plan on an actuarially sound basis, and if applicable, the level of annual contributions required to amortize the excess and unfunded liabilities described in [section 24]. A qualified actuary is one who is a member of the American academy of actuaries or of any organization considered by the board to have similar standards.

Section 26. **Transfer of dormant member account.** The board may, in its discretion, transfer member contributions to the employer's account if the member's contribution account has been dormant for a period of 10 years. No right of the member may be jeopardized by such a transfer, and the member contributions shall be transferred back to the member's name upon his subsequent reinstatement as an active member.

Section 27. **Member contributions.** Each employer shall retain from the monthly compensation of each active member a sum equal to 7% of his monthly compensation for his services as a firefighter and shall report and remit on a monthly basis:

(1) 6% of the monthly compensation of each member to the administrator for deposit in the fund; and

(2) 1% of the monthly compensation of each member to the Montana state firemen's association for the payment of premiums on a group life and accidental death and dismemberment insurance policy for members and to defray expenses incurred by the association when representing members of the plan.

Section 28. **Vesting and withdrawal of contributions.** A member is at all times fully vested in the deductions paid to the administrator and made from his compensation as a member or as a member of a prior plan standing to his credit and may, at his discretion, withdraw the full amount of these deductions upon his termination of employment in accordance with [section 17] and forfeit all rights and interest with respect to any benefits that would otherwise become payable under the plan.

HeinOnline -- 1981 vol. II 1199 1981

Section 29. **Redeposit of amounts withdrawn upon reinstatement.** (1) Upon reinstatement to active membership, a member may redeposit in the fund, in one lump sum or in installments not to exceed 12 monthly or 24 semimonthly installments, an amount equal to the member contributions that he withdrew plus an amount equal to the interest that would have been credited to his account had he not withdrawn his member contributions. If a member makes such a redeposit, his credited service shall be reinstated.

(2) If an active member does not elect to make the redeposit provided for in subsection (1), he forfeits his credited service for the period attributable to the withdrawn member contributions.

Section 30. **State contribution.** The state shall make its contributions through the state auditor from the premium taxes on the insurance risks enumerated in 19-11-512. These payments shall be made annually to the administrator after the end of each fiscal year but no later than September 1 from the gross premium taxes after deduction for cancellations and returned premiums. The administrator shall notify the auditor of the annual compensation, excluding overtime, holiday payments, shift differential payments, compensatory time payments, and payments in lieu of sick leave, paid to all active members during the preceding year, and effective July 1, 1981, the state's contribution is 12% of this compensation. This contribution shall increase to 15% effective July 1, 1982, and to 18% effective July 1, 1983. As soon as practicable after receipt of the state contribution, the administrator shall deposit it with the state treasurer.

Section 31. **Employer contribution.** Each employer shall make its contribution on behalf of members through the city treasurer or other appropriate official from money available to the city for this purpose. Effective July 1, 1981, the employer's contribution is 12% of the total monthly compensation paid to all active members during the preceding month. This contribution shall increase to 15% effective July 1, 1982, and to 18% effective July 1, 1983. All contributions are payable monthly to the administrator who shall, as soon as practicable after their receipt, deposit them with the state treasurer.

Section 32. **Taxing authority of employers.** (1) For the purpose of making contributions required of a city under [sections 1 through 52], whenever the demand for deposits of such contributions cannot be met within the general taxing authority and other revenues available to the city for that purpose, the appropriate authority of the city may levy any additional tax authorized by law until the general taxing authority and other revenue available for that purpose is sufficient to meet the demand.

(2) "General taxing authority", as used in this section, means that levy which the city may make under the all-purpose levy or under multiple-purpose levies, if the city is using multiple-purpose levies.

(3) No provision of any statute relating to the all-purpose levy may be so construed as to limit the additional taxing authority created by this section.

Section 33. **Other money credited as employer contributions.** All gifts, bequests, and emoluments given to an employer or member for

HeinOnline -- 1981 vol. II 1200 1981

the benefit of the plan or because of any member's service as a firefighter, except when specifically allowed to be retained by the member by his employer, shall be paid to the administrator. The administrator shall credit them to the fund and, as soon as practicable after their receipt, deposit them with the state treasurer. Such amounts are employer contributions but are in addition to the amounts required by [section 31].

Section 34. **Eligibility for service retirement.** The following members are eligible for service retirement:

(1) a member who has reached age 50 and has completed 10 years or more in the aggregate as a firefighter in any capacity or rank;

(2) a member who has reached mandatory retirement age under [section 35] regardless of his number of years of service.

Section 35. **Mandatory retirement.** (1) An active member must retire on the first day of the month coinciding with or immediately following, if none coincides, the date on which he reaches age 65.

(2) A member who reaches mandatory retirement age may not be allowed creditable service for services rendered after the mandatory retirement date or contribute to the retirement system after this date.

Section 36. **Application for service retirement.** On or after a member's minimum retirement date and prior to his mandatory retirement date, he may retire on a service retirement allowance by making written application to the employer. The employer shall forward the application to the board not less than 30 days or more than 90 days before the elected retirement date. The application shall state the elected retirement date.

Section 37. **Amount of retirement allowance.** (1) (a) A member hired before July 1, 1981, who is eligible under [subsection (1) of section 34] and who elects to retire after completing 20 years of service and reaching age 50 as an active firefighter shall receive a service retirement allowance equal to one-half the monthly compensation last received by the member for his service as an active firefighter. A member who completes more than 20 years of service shall receive an additional 1% of his final monthly compensation for each year in excess of 20, up to a maximum of 60% of the monthly compensation last received by the member.

(b) A member hired before July 1, 1981, who is eligible under [subsection (1) of section 34] and who elects to retire after completing 10 years or more of service but has not both completed 20 years of service and reached age 50 as an active firefighter shall receive a service retirement allowance equal to 2% of the monthly compensation last received by the member for each year of service up to a maximum of 60% of his final monthly salary.

(i) If the member dies after he is permanently separated from service and before he both reaches age 50 and completes 20 years of service as an active firefighter, the allowance prescribed in subsection (1)(b) must be made to the surviving spouse beginning on the date the firefighter would have both reached his 50th birthday and completed 20 years of service as an active firefighter and terminating upon the surviving spouse's death or

HeinOnline -- 1981 vol. II 1201 1981

remarriage. If there is no surviving spouse or if the surviving spouse dies or remarries and if the firefighter leaves one or more dependent children, the children are entitled to receive the allowance as long as they remain dependent as defined in [section 4].

(ii) If the firefighter dies after he both reaches age 50 and completes 20 years of service as an active firefighter, the payments must be made to the surviving spouse or children as provided in subsection (1)(b)(i).

(2) A member hired on or after July 1, 1981, who:

(a) is eligible under [subsection (1) of section 34] shall receive a service retirement allowance equal to 2% of his final average salary for each year of service up to a maximum of 30 years of service;

(b) is eligible under [subsection (2) of section 34] shall receive a service retirement allowance equal to one-half his final average salary;

(c) is retired under [subsection (2) of section 34] and who was theretofore eligible at his option to be retired under [subsection (1) of section 34] but elected to serve additional years shall be paid for the additional years over his original eligibility at the rate prescribed in subsection (2)(a).

Section 38. **Board's determination of disability.** The board shall determine whether a member has become totally and permanently disabled. In making this determination, the board, any board member, or any authorized representative of the board may order medical examinations, conduct hearings, administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and documents considered necessary as evidence in connection with the claim for disability retirement. The board shall secure medical service and advice necessary to carry out the purposes of this section and shall pay compensation for those medical services and advice.

Section 39. **Eligibility for disability retirement.** If a member is determined by the board to be totally and permanently disabled, he is entitled to receive a disability retirement allowance, regardless of the length of his service, beginning the first day after the date on which he became totally and permanently disabled.

Section 40. **Amount of disability retirement allowance.** (1) A member hired before July 1, 1981, who is eligible under [section 39]:

(a) before completing 20 years of service shall receive a disability retirement allowance equal to one-half the monthly compensation last received by the member for his services as an active firefighter;

(b) after completing 20 years or more of service shall receive the disability retirement allowance provided in subsection (1)(a) increased at a rate of 1% for each year in excess of 20, up to a maximum of 60% of the monthly compensation last received by the member.

(2) A member hired on or after July 1, 1981, who is eligible under [section 39]:

HeinOnline -- 1981 vol. II 1202 1981

(a) before completing 25 years of service shall receive a disability retirement allowance equal to one-half his final average salary;

(b) after completing 25 years or more of service shall receive the disability retirement allowance provided in subsection (2)(a) increased at a rate of 2% for each year in excess of 25, up to a maximum of 5 years of additional service.

Section 41. **Medical examination of disability retiree — cancellation of allowance.** (1) The board in its discretion may require the recipient of a disability retirement allowance to undergo a medical examination at the board's expense. The examination must be made by a physician or surgeon at the recipient's place of residence or at another place mutually agreed on. Based on the results of the examination, the board shall determine whether the recipient has the physical or mental capacity to perform the duties required by his position. If the board determines that the recipient is not incapacitated or if the recipient refuses to submit to a medical examination, his disability retirement allowance shall be canceled. The board shall notify the recipient of this determination and the cancellation of his allowance.

(2) The cancellation of a disability allowance because a member is no longer incapacitated does not prejudice any right of the member to a service retirement benefit.

Section 42. **Reinstatement upon termination of allowance.** (1) (a) An inactive member whose disability retirement allowance is canceled as provided in [section 41] shall be reinstated to the position held by him immediately before his retirement or to a position in the same classification with duties within his capacity if an appropriate vacancy exists within his fire department. The board shall advise the employer that the disability retirement allowance has been canceled and that the inactive member is eligible for reinstatement to duty. The fact that he was retired for disability may not prejudice any right to reinstatement to duty which the inactive member may have or claim to have.

(b) If no appropriate vacancy exists within an inactive member's fire department when his disability allowance is canceled under [section 41], his allowance must be reinstated until a vacancy occurs.

(2) The city may request a medical or psychological review as to the ability of the member to return to work as a firefighter. If the board's findings are upheld, the city shall pay the costs of the review.

(3) If the inactive member again becomes an active member by returning to active work for an employer within 30 days following his receipt of notice under [section 41], he shall be considered to have been continuously employed during the term of his disability. If the inactive member fails to become an active member by returning to active work for an employer within 30 days following receipt of this notice, his termination of employment shall be considered to have occurred as of his disability retirement date and the retirement allowance, if any, to which he becomes entitled on his service retirement shall be determined accordingly.

Section 43. **Payment of service or disability allowance upon death of member.** A member's service or disability allowance shall be

HeinOnline -- 1981 vol. II 1203 1981

paid first to the member during his lifetime and, upon his death, to his surviving spouse as long as such spouse remains unmarried. If upon a member's death he leaves no surviving spouse, or upon the death or remarriage of a surviving spouse, his allowance shall be paid to his dependent children as long as they remain dependent as defined in [section 4].

Section 44. **Survivorship allowance.** (1) (a) Upon the death before retirement of an active member hired before July 1, 1981, his surviving spouse, if there is one, shall, as long as such spouse remains unmarried, receive a survivorship allowance equal to one-half the monthly compensation last received by the member for his service as an active firefighter. If the member leaves one or more dependent children, then, upon his death if he leaves no surviving spouse or upon the death or remarriage of the surviving spouse, his dependent children shall collectively receive the same allowance that a surviving spouse would have received as long as the children remain dependent as defined in [section 4].

(b) If the deceased member completed over 20 years of service, the survivorship allowance provided in subsection (1)(a) must be increased at a rate of 1% for each year in excess of 20, up to a maximum of 60% of the monthly compensation last received by the member.

(2) Upon the death before retirement of a member hired on or after July 1, 1981, his surviving spouse, if there is one, shall, as long as such spouse remains unmarried, receive a survivorship allowance equal to one-half of the member's final average salary. If the firefighter leaves one or more dependent children, then, upon his death if he leaves no surviving spouse or upon the death or remarriage of the surviving spouse, his dependent children shall collectively receive the same allowance that a surviving spouse would have received, as long as the children remain dependent as defined in [section 4].

Section 45. **Payment of death benefits in absence of spouse or child.** If a member dies without leaving a surviving spouse or children, the administrator shall compute the total contributions made to the fund by the deceased member, and if the deceased member had designated a beneficiary in writing to the administrator, the administrator shall issue a warrant for the amount of the total contributions payable to that beneficiary. If the deceased member had not nominated a beneficiary, the contributions shall be paid to his estate.

Section 46. **Allowance adjustment.** (1) For a member hired on or after July 1, 1973, but before July 1, 1981, and his surviving spouse or dependent children, the service retirement allowance provided in [subsection (1)(a) of section 37], the disability retirement allowance provided in [subsection (1) of section 40], and the survivorship allowance provided in [subsection (1) of section 44] may not be less than one-half the monthly compensation paid to a newly confirmed, active firefighter of a city that last employed him as a firefighter, as provided each year in the budget of that city.

(2) For a member hired on or after July 1, 1981, and his surviving spouse or dependent children, the disability retirement allowance provided in [subsection (2) of section 40] and the survivorship allowance provided

HeinOnline -- 1981 vol. II 1204 1981

in [subsection (2) of section 44] may not be less than one-half the monthly compensation paid to a newly confirmed, active firefighter of a city that last employed him as a firefighter, as provided each year in the budget of that city.

Section 47. **Retirement allowances to be monthly and fixed.** The retirement allowances granted under the provisions of [sections 1 through 52] shall be paid in monthly installments and may not be increased or decreased, except as specifically provided in [sections 1 through 52].

Section 48. **Correction of erroneous payments.** If any change in records fraudulently made or any mistake in records inadvertently made results in any member, survivor, or beneficiary receiving more or less than he was entitled to, then, on the discovery of the error, the board shall correct the error and adjust the payments to the member, survivor, or beneficiary in an equitable manner.

Section 49. **Exemption from taxes.** Any money received as a retirement allowance in accordance with the provisions of [sections 1 through 52] is exempt from any state or municipal tax.

Section 50. **Protection from legal process — unassignability.** The benefits payable under [sections 1 through 52] are not subject to the claims of any creditor of a member, beneficiary, or survivor or to attachment, garnishment, or other legal or equitable process. No member, beneficiary, or survivor may alienate, anticipate, commute, pledge, encumber, assign, or sell any of such benefits.

Section 51. **Withholding of group insurance premium from retirement benefit.** A retiree who is a participant in an employee group insurance plan that permits participation in the group plan following retirement may elect to have the monthly premium for such group insurance withheld by the administrator and paid directly by the administrator to the insurance carrier. To qualify for this withholding, a retiree must be a participant in a group insurance plan available to the employees of his former employer. No withholding may be made for any retiree covered by an individual insurance policy.

Section 52. **Supplement to certain retirement allowances.** The plan shall pay to each firefighter retired before July 1, 1973, or his surviving spouse and children a monthly retirement allowance of not less than one-half the regular monthly salary paid to a confirmed active firefighter of the city that last employed him as a firefighter, as provided each year in the budget of that city. In the case of volunteer firefighters, the retirement allowance may not exceed $75 per month. Distribution of the funds provided for this purpose under 19-11-606(1) shall be made as follows:

(1) At the beginning of each fiscal year the administrator shall request and the state auditor shall issue from the earmarked revenue fund and deliver to the administrator an amount certified to be equal to the total annual dollar difference between what the retirees or their surviving spouses and children received from the fund and one-half of the salary paid by the respective city or town to a confirmed active firefighter for the fiscal year just preceding.

HeinOnline -- 1981 vol. II 1205 1981

(2) The administrator shall use the funds to increase the monthly retirement allowances of the retirees or their surviving spouses and children to an amount equal to one-half of the salary that was paid to a confirmed active firefighter in the respective city or town for the preceding year.

Section 53. Section 19-9-1007, MCA, is amended to read:

"19-9-1007. Supplement to certain pensions. (1) The payment for each fiscal year to the police officers, spouses, or minor children described in subsections (2)(a) through (2)(c) may be not less than one-half of the base salary paid in the previous calendar year in the appropriate city or town to newly confirmed police officers, except that for the fiscal year beginning July 1, 1979, all retirees and their beneficiaries who received a supplement to their retirement allowance on July 1, 1978, and are receiving an allowance on July 1, 1979, shall receive a 3% increase in their retirement allowance in lieu of any other increase.

(2) On or before April 1 of each year, the department of administration shall make a report to the state auditor including the following information:

(a) the names of all police officers who are receiving payments from the plan as of the date of the report and were receiving payments from a prior plan before July 1, 1975;

(b) the names of all spouses or minor children who are receiving payments from the plan because of the death of a police officer who was receiving payments from a prior plan before July 1, 1975;

(c) the names of all spouses or minor children who are receiving payments from the plan and who were receiving payments from a prior plan before July 1, 1975, or in the case of minor children, whose parent, the spouse of a police officer, was receiving payments from a prior plan before July 1, 1975;

(d) for the purpose of determining the base figure for the computations set forth in subsection (3), the following information relating to the base fiscal year commencing July 1, 1976:

(i) the amount of the payments made in the base fiscal year to each police officer described in subsection (2)(a);

(ii) the amount of the payments made in the base fiscal year to each spouse or minor child (or children) described in subsection (2)(b) or (2)(c);

(iii) upon the death after April 18, 1977, of any police officer on the retired list who was receiving payments from a prior plan before July 1, 1975, and who is survived by a spouse or minor children entitled to receive payments from the plan, the amount which would have been paid to an eligible spouse of such police officer had that spouse been receiving payments in the base fiscal year;

(e) the base salary for the previous calendar year of a newly confirmed police officer of each city or town participating in the plan.

HeinOnline -- 1981 vol. II 1206 1981

(3) The state auditor shall, upon receipt of the report referred to in subsection (2), compute the difference between each amount reported under subsections (2)(d)(i) through (2)(d)(iii) and one-half the base salary for the previous calendar year of a newly confirmed police officer of the appropriate city or town. The difference shall be paid by the state auditor out of the premium tax collected on insurance sold in this state to insure against the risks enumerated in 19-11-512*(3)* to the administrator no later than May 31 of each year. This payment is in addition to the payment to be made by the state auditor under 19-9-702. The administrator shall use the funds received under this subsection to supplement the monthly payments to persons described in subsections (2)(a) through (2)(c) so that the requirements of subsection (1) are met.

(4) In addition to the payments made by the auditor as provided in subsection (3), the auditor shall make annual payments of $100,000 on or before June 30 of each year until the sum of $500,000 has been paid to the administrator for deposit in the retirement account. These payments are to be made to reimburse the retirement account for funds advanced to implement this section.

(5) If more than one minor child is entitled to supplementary payments under this section by virtue of the death of a common parent police officer, the minimum payment to such minor children under this section shall be determined as if there were one such minor child and the supplementary payment shall be made to the minor children collectively."

In the execution of such warrants, a notice of levy issued by the department's authorized agent may be served by certified mail.

CHAPTER NO. 571

AN ACT TO EXEMPT CERTAIN CAPITAL GAINS AND DIVIDEND INCOME FROM PERSONAL INCOME TAX OR CORPORATE TAX FOR INVESTMENTS IN SMALL BUSINESS INVESTMENT COMPANIES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** This [act] may be cited as the "Small Business Investment Incentive Act".

Section 2. **Purpose.** The purpose of this [act] is to encourage private sector investment in venture capital firms called small business investment

HeinOnline -- 1981 vol. II 1213 1981

companies, which are organized for the purpose of diversifying and strengthening employment opportunities of companies within Montana. This [act], by establishing limited tax exemptions, demonstrates a recognition by the legislature that significant incentives must be offered to attract private risk capital to manufacturing, agricultural, and timber product processing companies when the alternative investments for private risk capital are natural resource ventures, which often yield extremely high rates of return. The legislature further recognizes the necessity of tax incentives for investors in manufacturing, agricultural, and timber product processing given the hardship caused many Montana communities by their reliance on an economic base dominated by single, large industries.

Section 3. **Definition.** For the purposes of this [act], "small business investment company" or "SBIC" means a small business investment company as defined in section 103 of the federal Small Business Investment Act of 1958, as amended.

Section 4. **Reporting — recordkeeping by the department.** The chairman or president of each small business investment company shall report on a form established by the department on a monthly basis the name of each investor, the amount of the investment made, and the date of investment.

Section 5. **Rulemaking authority.** The department of revenue may adopt rules necessary to carry out the provisions of this [act].

Section 6. **Capital gains — dividends exempted.** Any capital gains or dividend income realized by an individual or a corporation from an investment in an SBIC organized in accordance with this [act] is exempt from taxation under the provisions of Title 15, chapters 30 and 31.

Section 7. **Effective date.** This act is effective on passage and approval.

Approved April 29, 1981.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-14-301, MCA, is amended to read:

"7-14-301. Local option motor fuel tax authorized. (1) The people of a county by initiative may impose a motor fuel excise tax, *in*

increments of 1 cent per gallon, not to exceed 2 cents per gallon upon gasoline *sold to the ultimate consumer within the county* for use in motor vehicles operated upon public *highways,* streets, and roads. *The initiative must specify the tax is to be collected by the department of revenue.*

(2) *Such a motor fuel excise tax may not be assessed sooner than 90 days from the date of passage of such an initiative.*

(4) The information, recordkeeping, and examination of records provisions of Title 15, chapter 70, apply to this part.

(5) The department of revenue collecting the tax authorized under subsection (1) shall establish procedures to provide a refund to a person who has paid the excise tax but who can substantiate that the motor fuel was purchased for a use other than on public highways, streets, and roads.

(6) In this part, the terms "distributor", "gasoline", "import", "motor vehicle", "person", and "use" have the meanings ascribed to them in 15-70-201."

Section 2. Section 7-14-302, MCA, is amended to read:

"7-14-302. Use of local motor fuel excise tax revenue. (1) A county or municipality receiving revenue from the tax authorized by 7-14-301 shall use the revenue derived only for the construction, reconstruction, maintenance, and repair of public streets and roads.

(2) *A county shall contract with the department for reimbursement of the actual costs of collection. One* percent of the motor fuel *excise* tax revenue *collected* in a county is to be reimbursed *to the distributor for the cost of compliance with this part."*

Section 3. Section 7-14-303, MCA, is amended to read:

"7-14-303. Allocation of revenue and disposition of funds from county-imposed motor fuel tax. *(1)* Revenue derived from a motor fuel *excise* tax imposed by a county under 7-14-301 must be *apportioned* among the county and municipalities in the county*:*

(a) in the proportion of motor vehicles registered in the county outside of the municipalities to those registered within the municipalities during the preceding year*; or*

(b) as determined by an interlocal agreement.

(2) All taxes, interest, and penalties collected by the department of revenue under this part shall be promptly transmitted to the state treasurer who shall deposit such funds in an earmarked revenue fund to the

credit of the department of highways account. Such funds shall be paid quarterly by the state treasurer directly to the county in which the tax was imposed."

Section 4. Section 7-14-304, MCA, is amended to read:

"7-14-304. Lien for delinquent tax — interest and penalty — statute of limitations. *(1) The lien provisions of 15-70-211 apply to all delinquent motor fuel excise taxes, penalties, and interest due from a distributor under this part. Such a lien has the same force and effect as a lien for delinquent gasoline license tax imposed under Title 15, chapter 70, part 2.*

(2) Penalties and interest for any delinquent motor fuel excise tax are the same as provided for the gasoline license tax under Title 15, chapter 70, part 2.

(3) Any action to recover a delinquent motor fuel excise tax must be initiated within 3 years from the due date of the return or the date of filing the return, whichever period expires later. Upon discovery of fraud, an action must be initiated within 3 years of the discovery."

Approved April 29, 1981.

CHAPTER NO. 574

AN ACT TO PROVIDE FOR THE DEDUCTION OF CHARITABLE CONTRIBUTIONS AND GIFTS MADE BY CORPORATIONS IN COMPUTING NET INCOME AND CORPORATE LICENSE TAX LIABILITY; AMENDING SECTION 15-31-114, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-31-114, MCA, is amended to read:

"15-31-114. Deductions allowed in computing income. In computing the net income, the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

(1) All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements, or betterments made to increase the value of any property or estate, and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(b) (i) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss

HeinOnline -- 1981 vol. II 1219 1981

carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 15-31-114, over the gross income, with the modifications specified in (ii) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five taxable periods following the taxable period of such loss. A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, shall be a net operating loss carryover to each of the seven taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in (ii)(B) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable period thereafter, and the net income so computed shall not be considered to be less than zero.

(ii) The modifications referred to in (i) of this subsection shall be as follows:

(A) No net operating loss deduction shall be allowed.

(B) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(C) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(iii) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(iv) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(v) Notwithstanding the provisions of 15-31-531, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(vi) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

(3) In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of

HeinOnline -- 1981 vol. II 1220 1981

improvements; such reasonable allowance to be determined according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

(4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(5) (a) Taxes paid within the year except the following:

(i) Taxes imposed by this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(iv) Taxes imposed by any other state or country upon or measured by net income or profits.

(b) Taxes deductible under this part shall be construed to include taxes imposed by any county, school district, or municipality of this state.

(6) That portion of an energy-related investment allowed as a deduction under 15-32-103.

(7) (a) Except as provided in subsection (b), charitable contributions and gifts that qualify for deduction under section 170 of the Internal Revenue Code, as amended.

(b) The public service commission shall not allow in the rate base of a regulated corporation the inclusion of contributions made under subsection (7)."

Approved April 29, 1981.

CHAPTER NO. 575

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 1-11-101, MCA, is amended to read:

"**1-11-101. Definitions.** As used in this chapter, the following definitions apply:

(1) "Code" or "codes" means the Revised Codes of Montana, 1947, the pocket supplements thereto, and the replacement volumes.

(2) "Recodify" means to compile, arrange, rearrange, and prepare for publication. It includes, without changing the meaning, effect, or intent of any law:

(a) correcting or changing punctuation, capitalization, spelling, grammatical construction, and numbering as required by uniform literary and bill drafting practice;

(b) substituting the appropriate new code division reference for reference to a section of, to a part of, or to an entire "act";

(c) substituting calendar date for "effective date", "hereafter", and similar terms;

(d) creating new titles, chapters, parts, sections, or other divisions of the code;

(e) changing or inserting language made necessary because of rearrangement;

(f) eliminating redundant words;

(g) when given direction or authority by another statute, correcting inaccurate or obsolete references to:

(i) titles of officers or agencies, such as those changed by executive reorganization statutes;

(ii) other code sections, such as those which have been repealed or repealed and replaced;

(h) changing inaccurate terminology to comply with statutory definitions or short form amendments, such as those found in 1-1-202(7) or 3-11-101(2);

Section 2. Section 1-11-103, MCA, is amended to read:

"1-11-103. Effect of Montana Code Annotated. (1) The Montana Code Annotated shall be enacted as a reenactment of the Revised Codes of Montana, 1947, and the supplements thereto.

(2) The enactment of the Montana Code Annotated shall not:

(b) affect an act done, right accrued, or obligation incurred or imposed by law prior to the effective date of the Montana Code Annotated;

(c) affect any action, suit, or proceeding pending on such effective date;

HeinOnline -- 1981 vol. II 1222 1981

(d) repeal statutes of a nongeneral, nonpermanent nature such as severability, construction, validating, repealing, or similar statutes omitted from the Montana Code Annotated.

(3) The Montana Code Annotated shall be given effect as a continuation of the Revised Codes of Montana and not as a new enactment. A defect in title of any act set out in prior laws and reenacted by the Montana Code Annotated is cured by such enactment.

(4) No implication or presumption of legislative construction is to be drawn from the classification or arrangement of the Montana Code Annotated.

(5) Unless specifically *and expressly* adopted as *part of the law* by the legislature, annotations, code commissioner notes, catchlines, or other editorial material included in the Montana Code Annotated may not be construed as part of the legislative text but are only for the purpose of convenience, orderly arrangement, and information.

(6) After enactment, the Montana Code Annotated, including all subsequent replacement volumes, shall be prima facie the official laws of Montana. In case of any inconsistency in meaning arising through omission or otherwise between the provisions of the Montana Code Annotated and the corresponding portion of the official enrolled bill on file with the secretary of state, effect shall be given to the official enrolled bill."

Section 3. Section 2-15-132, MCA, is amended to read:

"2-15-132. Rights to property. The department or unit thereof that succeeds to all or part of the functions of an agency under *a reorganization within the executive branch* also succeeds to the rights to all real and personal property of that agency relating to the functions or parts of functions transferred. The property includes real property, records, office equipment, supplies, contracts, books, papers, documents, maps, appropriations, accounts within and without the state treasury, funds, vehicles, and all other similar property. However, the department or unit may not use or divert moneys in a fund or account for a purpose other than provided by law. The governor shall resolve any conflict as to the proper disposition of the property, and his decision is final. This section does not apply to property owned by the federal government."

Section 4. Section 2-15-133, MCA, is amended to read:

"2-15-133. Rules and orders. The department or unit thereof that succeeds to all or part of the functions of an agency under *a reorganization within the executive branch* also succeeds to the rules and orders of that agency relating to the functions or parts of functions transferred. The rules and orders of any agency in effect before the effective date of the transfer remain in effect until amended, repealed, superseded, or nullified by proper authority or by law."

Section 5. Section 2-15-134, MCA, is amended to read:

"2-15-134. Legal proceedings. The transfer or abolition of an agency or function *by a reorganization within the executive branch* does not affect the validity of any judicial or administrative proceeding pending

HeinOnline -- 1981 vol. II 1223 1981

or which could have been commenced before the effective date of the transfer or abolition, and the department or unit which succeeds to the functions of an agency relating to the proceeding shall be substituted as a party in interest."

Section 6. Section 2-15-135, MCA, is amended to read:

"2-15-135. Rights and duties under existing transactions. The rights, privileges, and duties of the holders of bonds and other obligations issued and of the parties to contracts, leases, indentures, and other transactions entered into before the effective date of *a* transfer of functions *by a reorganization within the executive branch*, by the state or by any agency, officer, or employee thereof, and covenants and agreements as set forth therein remain in effect, and none of those rights, privileges, duties, covenants, or agreements are impaired or diminished by reason of the transfer of the functions of an agency or the abolition of an agency. The department or unit which succeeds to the functions of an agency is substituted for that agency and succeeds to its rights and duties under the provisions of those bonds, contracts, leases, indentures, and other transactions."

Section 7. Section 2-15-136, MCA, is amended to read:

"2-15-136. References. Unless inconsistent with this chapter, if an agency is abolished or if a function of an agency is transferred to another agency, references to the abolished agency or to the agency whose functions were transferred in any law, contract, or other document shall apply to the agency which succeeds to the functions which were transferred."

Section 8. Section 2-15-137, MCA, is amended to read:

"2-15-137. Federal aid. If any part of *a reorganization within the executive branch* is ruled to be in conflict with federal requirements which are a prescribed condition to the receipt of federal aid by the state, an agency, or a political subdivision, that part of *the reorganization* has no effect and the governor may issue an executive order which substitutes for that part to the extent necessary to effectuate the receipt of federal aid. The order is effective until the legislature again acts upon the matter."

Section 9. **Effective date.** Sections 3 through 8 are effective on passage and approval.

Section 10. Section 2-15-201, MCA, is amended to read:

"2-15-201. Powers and duties of governor. In addition to the duties prescribed by the constitution, the governor shall perform the following duties:

(1) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this *part*, a domestic insurer may also:

(a) invest, in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of 5% of such insurer's assets or 50% of such insurer's surplus as regards policyholders, provided that after such investments the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of such investments, there shall be included total net moneys or other consideration expended and obligations assumed in the

acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of such subsidiary, whether or not represented by the purchase of capital stock or issuance of other securities, and all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus of a subsidiary subsequent to its acquisition or formation.

(b) if the insurer's total liabilities, as calculated for national association of insurance commissioners annual statement purposes, are less than 10% of assets, invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided that after such investment the insurer's surplus as regards policyholders, considering such investment as if it were a disallowed asset, will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(c) invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided that each such subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in this section. The total investment of the insurer shall include:

(i) any direct investment by the insurer in an asset;

(ii) the insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of such subsidiary.

(d) with the approval of the commissioner, invest any amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after such investment, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs;

(e) invest any amount in the common stock, preferred stock, debt obligations, or other securities of any subsidiary exclusively engaged in holding title to or holding title to and managing or developing real or personal property if, after considering as a disallowed asset so much of the investment as is represented by subsidiary assets which if held directly by the insurer would be considered as a disallowed asset, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs and if following such investment all voting securities of such subsidiary would be owned by the insurer.

(2) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subsection (1) hereof are not subject to any of the otherwise applicable restrictions or prohibitions contained in this *part* applicable to such investments of insurers.

(3) Whether any investment pursuant to subsection (1) meets the applicable requirements thereof is to be determined immediately after

HeinOnline -- 1981 vol. II 1270 1981

such investment is made, taking into account the then outstanding principal balance on all previous investments in debt obligations and the value of all previous investments in equity securities as of the date they were made.

(4) If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within 3 years from the time of the cessation of control or within such further time as the commissioner may prescribe, unless at any time after such investment shall have been made, such investment shall have met the requirements for investment under any other section of this *part* and the insurer has notified the commissioner thereof."

Section 143. Section 33-2-1345, MCA, is amended to read:

"33-2-1345. Powers of liquidator. (1) The liquidator may:

(a) appoint a special deputy to act for him under this part and determine his reasonable compensation. The special deputy has all powers of the liquidator granted by this section. The special deputy shall serve at the pleasure of the liquidator.

(b) employ agents, legal counsel, actuaries, accountants, appraisers, consultants, and other personnel necessary to assist in the liquidation;

(c) fix the reasonable compensation of employees and agents, legal counsel, actuaries, accountants, appraisers, and consultants with the approval of the court;

(d) pay reasonable compensation to persons appointed and defray from the funds or assets of the insurer all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of the insurer. If the property of the insurer does not contain sufficient cash or liquid assets to defray the costs incurred, the commissioner may advance the costs so incurred out of any appropriation for the maintenance of the commissioner's office. Any amounts so advanced for expenses of administration shall be repaid to the commissioner for the use of his office out of the first available money of the insurer.

(e) hold hearings, subpoena witnesses to compel their attendance, administer oaths, examine any person under oath, and compel any person to subscribe to his testimony after it has been correctly reduced to writing and in connection therewith require the production of any books, papers, records, or other documents which he considers relevant to the inquiry;

(f) collect all debts and money due and claims belonging to the insurer, wherever located, and for this purpose:

(i) institute timely action in other jurisdictions in order to forestall garnishment and attachment proceedings against such debts;

(ii) do such other acts as are necessary to collect, conserve, or protect its assets or property, *including selling, compounding, compromising or assigning debts for collection purposes on* such terms and conditions as he considers best; and

HeinOnline -- 1981 vol. II 1271 1981

(iii) pursue any creditor's remedies available to enforce his claims;

(g) conduct public and private sales of the property of the insurer;

(h) use assets of the estate of an insurer under a liquidation order to transfer policy obligations to a solvent assuming insurer if the transfer can be arranged without prejudice to applicable priorities under 33-2-1371;

(i) acquire, encumber, lease, improve, sell, or transfer any property of the insurer at its market value or upon such terms and conditions as are fair and reasonable. He shall also have power to execute, acknowledge, and deliver any and all deeds, assignments, releases, and other instruments necessary or proper to effectuate any sale of property or other transaction in connection with the liquidation.

(j) borrow money on the security of the insurer's assets or without security and execute and deliver all documents necessary to that transaction for the purpose of facilitating the liquidation;

(k) enter into such contracts as are necessary to carry out the order to liquidate and affirm or disavow any contracts to which the insurer is a party;

(l) continue to prosecute and institute in the name of the insurer or in his own name any and all suits and other legal proceedings, in this state or elsewhere, and abandon the prosecution of claims he considers unprofitable to pursue further. If the insurer is dissolved under 33-2-1344, he shall have the power to apply to any court in this state or elsewhere for leave to substitute himself for the insurer as plaintiff.

(m) prosecute any action which may exist in behalf of the creditors, members, policyholders, or shareholders of the insurer against any officer of the insurer or any other person;

(n) remove any or all records and property of the insurer to the offices of the commissioner or to such other place as may be convenient for the purposes of efficient and orderly execution of the liquidation. Guaranty associations and foreign guaranty associations shall have such reasonable access to the records of the insurer as is necessary for them to carry out their statutory obligations.

(o) deposit in one or more banks in this state such sums as are required for meeting current administration expenses and dividend distributions;

(p) invest all sums not currently needed, unless the court orders otherwise;

(q) file any necessary documents for record in the office of any county clerk and recorder in this state or elsewhere where property of the insurer is located;

(r) assert all defenses available to the insurer as against third persons, including statutes of limitation, statutes of frauds, and the defense of usury. A waiver of any defense by the insurer after a petition in liquidation has been filed shall not bind the liquidator. Whenever a guaranty association or foreign guaranty association has an obligation to defend any suit,

HeinOnline -- 1981 vol. II 1272 1981

the liquidator shall give precedence to such obligation and may defend only in the absence of a defense by such guaranty associations.

(s) exercise and enforce all the rights, remedies, and powers of any creditor, shareholder, policyholder, or member, including any power to avoid any transfer or lien that may be given by the general law and that is not included with 33-2-1351 through 33-2-1357;

(t) intervene in any proceeding wherever instituted that might lead to the appointment of a receiver or trustee and act as the receiver or trustee whenever the appointment is offered;

(u) enter into agreements with any receiver or commissioner of any other state relating to the rehabilitation, liquidation, conservation, or dissolution of an insurer doing business in both states;

(v) exercise all powers now held or hereafter conferred upon receivers by the laws of this state not inconsistent with the provisions of this part.

(2) The enumeration in this section of the powers and authority of the liquidator shall not be construed as a limitation upon him, nor shall it exclude in any manner his right to do such other acts not herein specifically enumerated or otherwise provided for as may be necessary for the accomplishment of or in aid of the purpose of liquidation."

Section 144. Section 33-2-1382, MCA, is amended to read:

"33-2-1382. Ancillary formal proceedings. (1) If a domiciliary liquidator has been appointed for an insurer not domiciled in this state, the commissioner may file a petition with the district court requesting appointment as ancillary receiver in this state:

(a) if he finds that there are sufficient assets of the insurer located in this state to justify the appointment of an ancillary receiver;

(b) if the protection of creditors or policyholders in this state so requires.

(2) The court may issue an order appointing an ancillary receiver in whatever terms it considers appropriate. The filing or recording of the order with the *county clerk and* recorder imparts the same notice as a deed, bill of sale, or other evidence of title duly filed or recorded.

(3) When a domiciliary liquidator has been appointed in a reciprocal state, then the ancillary receiver appointed in this state may, whenever necessary, aid and assist the domiciliary liquidator in recovering assets of the insurer located in this state. The ancillary receiver shall, as soon as practicable, liquidate from their respective securities those special deposit claims and secured claims which are proved and allowed in the ancillary proceedings in this state and shall pay the necessary expenses of the proceedings. He shall promptly transfer all remaining assets, books, accounts, and records to the domiciliary liquidator. Subject to this section, the ancillary receiver and his deputies shall have the same powers and be subject to the same duties with respect to the administration of assets as a liquidator of an insurer domiciled in this state.

HeinOnline -- 1981 vol. II 1273 1981

(4) When a domiciliary liquidator has been appointed in this state, ancillary receivers appointed in reciprocal states shall have, as to assets and books, accounts, and other records in their respective states, corresponding rights, duties, and powers to those provided in subsection (3) for ancillary receivers appointed in this state."

(2) The policy may also provide that no designation or change of beneficiary shall be binding on the insurer until endorsed on the policy by the insurer and that the insurer may refuse to endorse the name of any proposed beneficiary who does not appear to the insurer to have an insurable interest in the life of the insured.

(3) The policy may also provide that if the beneficiary designated in the policy does not make a claim under the policy or does not surrender the policy with due proof of death within the period stated in the policy, which shall not be less than 30 days after the death of the insured, or if the beneficiary is the estate of the insured or is a minor or dies before the insured or is not legally competent to give a valid release, then the insurer may make any payment thereunder to the *personal representative* of the insured or to any relative of the insured by blood or legal adoption or connection by marriage or to any person appearing to the insurer to be equitably entitled thereto by reason of having been named beneficiary or by reason of having incurred expense for the maintenance, medical attention, or burial of the insured.

Section 168. Section 39-51-1213, MCA, is amended to read:

"39-51-1213. Classification of employers for experience rating purposes. (1) The division shall for each calendar year classify employers in accordance with their actual experience in the payment of contributions and with respect to benefits charged against their accounts, with contribution rates reflecting benefit experience. Each employer's rate for a calendar year shall be determined on the basis of his record as of July 1 of the preceding calendar year.

(2) In making the classification, each eligible and deficit employer's contribution rate is determined in the manner set forth below for the calendar year 1980 and for each calendar year thereafter:

(a) Each employer is given an "experience factor" which is contributions paid minus benefits charged on each employer's account since July 1, 1976, divided by his average annual taxable payroll rounded to the next lower dollar amount for the 3 fiscal years immediately preceding the computation date. The computation of the "experience factor" shall be to six decimal places.

HeinOnline -- 1981 vol. II 1283 1981

(b) Schedules shall be prepared listing all eligible and deficit employers in inverse numerical order of their experience factors. There shall be listed on such schedules for each employer in addition to the experience factor:

(i) the amount of his taxable payroll for the fiscal year ending on the computation date; and

(ii) the cumulative total consisting of the sum of the employer's taxable payroll for the fiscal year ending on the computation date and the corresponding taxable payrolls for all other employers preceding him on the schedules.

(3) The cumulative taxable payroll amounts listed on the schedules provided for in 39-51-1218 shall be segregated into groups that will yield approximately the average tax rate according to the tax schedule assigned for that particular taxable year. Each group shall be identified by the rate class number listed in the table which represents the percentage limits of each group. Each employer on the schedules is assigned that contribution rate opposite his rate class for the tax schedule in effect for the taxable year.

(4) (a) If the grouping of rate classes requires the inclusion of exactly one-half of an employer's taxable payroll, the employer is assigned the lower of the two rates designated for the two classes in which the halves of his taxable payroll are so required.

(b) If the group of rate classes requires the inclusion of a portion other than exactly one-half of an employer's taxable payroll, the employer is assigned the rate designated for the class in which the greater part of his taxable payroll is so required.

(c) If one or more employers on the schedules have experience factors identical to that of the last employer included in a particular rate class, all such employers are included in and assigned the contribution rate specified for such class, notwithstanding the provisions of *39-51-1214*.

(5) If the taxable payroll amount or the experience factor or both such taxable payroll amount and experience factor of any eligible or deficit employer listed on the schedules is changed, the employer is placed in that position on the schedules which he would have occupied had his taxable payroll amount or experience factor as changed been used in determining his position in the first instance, but such change does not affect the position or rate classification of any other employer listed on the schedules and does not affect the rate determination for previous years."

for dissolution, *declaration of invalidity*, or separate maintenance. The pendency of a dissolution, *declaration of invalidity*, or separate maintenance action may not operate as a bar to the instituting of proceedings for conciliation under this chapter.

(3) Whenever any action for dissolution, *declaration of invalidity*, or separate maintenance is filed in the district court and it appears to the court at any time during the pendency of the action that there is any minor child of the spouses or of either of them whose welfare may be adversely affected by the dissolution or *declaration of invalidity* of the marriage or the disruption of the household and that there appears to be some reasonable possibility of a reconciliation being effected, the case may be transferred to the conciliation court for proceedings for reconciliation of the spouses or amicable settlement of issues in controversy, in accordance with the provisions of this chapter."

The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenues from the pledged source in such year at least equal to the amount of such principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest at a rate not exceeding 10% a year. Except as otherwise provided herein, any bonds issued pursuant to this chapter by an authority may be payable as to principal and interest solely from revenues of the authority and shall state on their face the applicable limitations or restrictions regarding the source from which such principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

In the event more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenues appropriated for such bonds in such manner as the municipalities may determine. The resolution shall state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. No such resolution becomes effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for that purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor thereof. The notice and conduct of the election is governed, to the extent applicable, *as provided for municipal general obligation bonds in chapter 7, part 42,* for an election called by cities and towns, and *as provided for county general obligation bonds in chapter 7, part 22,* for an election called by counties. Section 5. **Continuing group coverage after termination.** A person covered by a group hospital or medical service plan contract, issued or renewed by a health service corporation after October 1, 1981, may, for a period of 1 year with the consent of the employer or the trustees, continue coverage under the group contract during his employment notwithstanding any reduction of his regular work schedule to less than the minimum time required to qualify for membership in the group, and the premium charged him shall be equal to that charged the members of the group.

The prisoner starts serving the new sentence when the original sentence has expired or when he is released on parole under chapter 23, part 2, of this title in regard to the original sentence, whichever is sooner. In the latter case, the sentences run concurrently from the time of his release on parole."

AN ACT TO PROVIDE PROPERTY TAX RELIEF TO CERTAIN HOMEOWNERS AND RENTERS BY MEANS OF A CREDIT AGAINST INDIVIDUAL INCOME TAX LIABILITY; PROVIDING PENALTIES FOR FRAUDULENT CLAIMS; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 through 9], the following definitions apply:

(1) "Income" means federal adjusted gross income, without regard to loss, as that quantity is defined in the Internal Revenue Code of the

United States, plus all nontaxable income except all payments received under federal social security, including but not limited to:

(a) the gross amount of any pension or annuity (including Railroad Retirement Act benefits and veterans' disability benefits);

(b) the amount of capital gains excluded from adjusted gross income;

(c) alimony;

(d) support money;

(e) nontaxable strike benefits;

(f) cash public assistance and relief; and

(g) payments and interest on federal, state, county, and municipal bonds.

(2) "Claim period" means the tax year for individuals required to file Montana individual income tax returns and the calendar year for individuals not required to file returns.

(3) "Claimant" means an individual natural person who is eligible to file a claim under [section 2].

(4) "Household" means an association of persons who live in the same dwelling, sharing its furnishings, facilities, accommodations, and expenses. The term does not include bona fide lessees, tenants, or roomers and boarders on contract.

(5) "Household income" means all income except payments received under federal social security received by all individuals of a household while they are members of the household.

(6) "Homestead" means a single-family dwelling or unit of a multiple-unit dwelling that is subject to ad valorem taxes in Montana, owned and occupied as a residence by the owner for at least 6 months of the claim period or occupied as a dwelling of a renter or lessee for at least 6 months of the claim period, and as much of the surrounding land, but not in excess of 1 acre, as is reasonably necessary for its use as a dwelling.

(7) "Department" means the department of revenue.

(8) "Gross rent" means the total rent in cash or its equivalent actually paid during the claim period by the renter or lessee for the right of occupancy of the homestead pursuant to an arm's length transaction with the landlord.

(9) "Property tax paid" means general ad valorem taxes levied against the homestead, exclusive of special assessments, penalties, or interest and paid during the claim period.

(10) "Rent-equivalent tax paid" means 15% of the gross rent.

Section 2. **Eligibility.** In order to be eligible to make a claim under [sections 1 through 9], an individual must have reached age 62 or older during the claim period for which relief is sought and must have resided in Montana for at least 9 months of that period.

HeinOnline -- 1981 vol. II 1339 1981

Section 3. **Disallowance or adjustment of certain claims.** (1) A claim is disallowed if the department finds that the claimant received title to his homestead primarily for the purpose of receiving benefits under [sections 1 through 9].

(2) When the landlord and tenant have not dealt at arm's length and the department judges the gross rent charged to be excessive, the department may adjust the gross rent to a reasonable amount.

Section 4. **Filing date.** (1) Except as provided in subsection (2), a claim for relief must be submitted at the same time the claimant's individual income tax return is due. For an individual not required to file a tax return, the claim must be submitted on or before April 15 of the year following the year for which relief is sought.

(2) The department may grant a reasonable extension for filing a claim whenever, in its judgment, good cause exists. The department shall keep a record of each extension and the reason for granting the extension.

(3) In the event that an individual who would have a claim under [sections 1 through 9] dies before filing the claim, the personal representative of the estate of the decedent may file the claim.

Section 5. **Form of relief.** Relief under [sections 1 through 9] is a credit against the claimant's Montana individual income tax liability for the claim period. If the amount of the credit exceeds the claimant's liability under Title 15, chapter 30, the amount of the excess shall be refunded to the claimant. The credit may be claimed even though the claimant has no income taxable under Title 15, chapter 30.

Section 6. **Computation of relief.** The amount of the tax credit granted under the provisions of [sections 1 through 9] is computed as follows:

(1) In the case of a claimant who owns the homestead for which a claim is made, the credit is the amount of property tax paid less the deduction specified in subsection (3).

(2) In the case of a claimant who rents the homestead for which a claim is made, the credit is the amount of rent-equivalent tax paid less the deduction specified in subsection (3).

(3) Property tax paid and rent-equivalent tax paid are reduced according to the following schedule:

Household income	Amount of reduction
$ 0-999	$0
1,000-1,999	$0

11,000-11,999	the product of .048 times the household income
12,000 & over	the product of .050 times the household income

(4) In no case may the credit granted exceed $150.

Section 7. **Limitations.** (1) Only one claimant per household in a claim period under the provisions of [sections 1 through 9] is entitled to relief.

(2) No claim for relief may be allowed for any portion of property taxes paid or rent-equivalent taxes paid that is derived from a public rent or tax subsidy program.

Section 8. **Proof of claim.** A receipt showing property tax paid or a receipt showing gross rent paid, whichever is appropriate, must be filed with each claim. In addition, each claimant must, at the request of the department, supply all additional information necessary to support his claim.

Section 9. **Denial of claim.** A person filing a false or fraudulent claim under the provisions of [sections 1 through 9] shall be charged with the offense of unsworn falsification to authorities pursuant to section 45-7-203. If a false or fraudulent claim has been paid, the amount paid may be recovered as any other debt owed to the state. An additional 10% may be added to the amount due as a penalty. The unpaid debt shall bear interest from the date of the original payment of claim until paid, at the rate of 1% per month.

Section 10. **Codification instruction.** Sections 1 through 9 of this act are intended to be codified as an integral part of Title 15, chapter 30, and the provisions of Title 15, chapter 30, apply to sections 1 through 9.

WHEREAS, in 1977 the Montana Legislature enacted the provisions of Chapter 572, Laws of 1977, creating a small claims court within justices' courts in Montana, which provisions are codified as Title 25, chapter 35, MCA; and

WHEREAS, the small claims procedure makes no provision for a jury trial, provides that one party may not be represented by an attorney if the other party is not so represented, and provides that an appeal from the small claims court is to be tried on the record of the case and is not to be tried as a trial de novo; and

WHEREAS, the Montana Supreme Court has held in the case of *North Central Services, Inc. v. Hafdahl*, ____Mont.____, ____P2d____, (Civil No. 80-228, decided March 11, 1981), that the cumulative effect of these provisions is to deny the right to a jury trial and the right to counsel at every stage of the factual determination of a case in small claims court; and

WHEREAS, the Supreme Court therefore held section 25-35-403(2), MCA, to be unconstitutional and also held the remainder of Title 25, chapter 35, unconstitutional and void for the reason that it could not be severed from section 25-35-403(2), MCA.

THEREFORE, it is the intent of the Legislature to cure the unconstitutionality of Title 25, chapter 35, by repealing and reenacting those provisions with such changes as to cure the unconstitutionality of those provisions.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose.** It is the purpose of [this act] to provide a speedy remedy for small claims and to promote a forum in which such claims may be heard and disposed of without the necessity of a formal trial.

HeinOnline -- 1981 vol. II 1342 1981

Section 2. **Jurisdiction.** The small claims court has jurisdiction over all actions for the recovery of money or specific personal property when the amount claimed does not exceed $1,500, exclusive of costs, and the defendant can be served within the county where the action is commenced.

Section 4. **Venue.** Proper venue for actions commenced in the small claims court is the same as that provided by law for civil actions commenced in justice's court.

Section 5. **Parties — representation.** (1) Parties in the small claims court may be individuals, partnerships, corporations, unions, associations, or any other kind of organization or entity, except the state or any agency thereof.

(2) A party may not be represented by an attorney unless all parties are represented by an attorney in a small claims court.

(3) An individual may represent himself in a small claims court. A partnership may be represented by a partner or one of its employees. A union may be represented by a union member or union employee. A corporation may be represented by one of its employees. An association may be represented by one of its members or by an employee of the association. Any other kind of organization or entity may be represented by one of its members or employees.

(4) Only a party, natural or otherwise, who has been a party to the transaction with the defendant for which the claim is brought may file and prosecute a claim in the small claims court.

(5) No party may file an assigned claim in the small claims court.

(6) No party may file more than three claims in any calendar year.

(7) Notwithstanding any other provision of this section, a personal representative of a decedent's estate, a guardian, or a conservator may be a party in the small claims court.

Section 6. **Commencement of action — assistance to claimant.** (1) A small claims action is commenced whenever any person appears before a justice of the peace and executes a sworn small claims complaint in substantially the same form as set forth in [section 7].

(2) The justice shall assist any claimant in preparing his complaint or instruct his clerk to provide such assistance. The attorney general shall prepare a pamphlet explaining in plain language the procedures for prosecuting and defending a claim in small claims court and distribute copies of the pamphlet to each small claims court. The justice or his clerk shall give the plaintiff a copy when the plaintiff appears to execute his complaint, and a copy must be attached to the order of the court/notice to defendant.

HeinOnline -- 1981 vol. II 1343 1981

Section 7. **Form of complaint and order of court/notice to defendant.** The sworn complaint and order of the court shall be made on a blank substantially in the following form:

The defendant shall cause the counterclaim to be served on the plaintiff not less than 72 hours before the date set for the hearing. Service shall be made in the same manner in which service of the order of court/notice to defendant is made on the defendant. A defendant may not assert as a counterclaim any claim not arising out of the transaction or occurrence that is the subject matter of the plaintiff's claim.

HeinOnline -- 1981 vol. II 1345 1981

(2) A counterclaim or setoff may not exceed $1,500. If a counterclaim or setoff is asserted in excess of $1,500, the jurisdiction of the small claims court over the plaintiff's claim is not defeated, but the court shall limit its determination of the counterclaim or setoff to the question of whether the plaintiff's claim is discharged thereby, leaving the defendant to prosecute the balance of his claim in an appropriate justice or district court action.

(3) The counterclaim shall be made on a blank substantially in the following form:

Section 13. **Fees.** (1) The clerk of the justice's court shall collect a fee of $5:

(a) from the plaintiff upon the filing of the sworn complaint; and

Section 18. **Procedure following notice of removal — effect of failure to remove.** (1) Upon the filing of a notice of removal, the court shall give notice of that fact to all other parties to the action. All rules and statutes governing proceedings originally commenced in justice's court, including rules and statutes governing appeals from justice's court, are applicable to proceedings removed to justice's court, except that a plaintiff is not required to replead unless the court so orders and no fee shall be required of a plaintiff for the filing of a complaint if a fee for filing was paid in small claims court.

(2) Failure to request removal within the time provided in [section 17] constitutes a waiver by the defendant of his right to a trial by jury and representation by an attorney, and the justice shall inform the defendant of such fact prior to commencement of the hearing.

Section 19. **Entry of judgment.** Upon the conclusion of the case tried to the court, the justice shall make his findings and enter judgment.

Section 20. **Costs.** The prevailing party in an action before the small claims court is entitled to his costs.

Section 21. **Appeal to district court — commencement and scope of.** (1) If either party is dissatisfied with the judgment of the small claims court, he may appeal to the district court of the county where the judgment was rendered. An appeal shall be commenced by giving written notice to the small claims court and serving a copy of the notice of appeal on the adverse party within 10 days after entry of judgment.

(2) There may not be a trial de novo in the district court. The appeal shall be limited to questions of law.

Section 22. **Record on appeal.** (1) Within 30 days of the notice, the entire record of the small claims court proceedings shall be transmitted to

HeinOnline -- 1981 vol. II 1347 1981

the district court or the appeal shall be dismissed. It is the duty of the appealing party to perfect the appeal.

(2) When notice of appeal is filed, the justice shall forward the electronic recording or transcript of the stenographic record of the proceedings to the district court, together with the original papers filed, certified by him to be accurate and complete. When the record is transferred to the clerk of the district court, the justice shall notify the parties in writing.

Section 23. **Use of transcripts or tapes by district court.** The district court may hear the recording of the proceedings of the justice's court, but in its discretion it may have parts or all of the recordings transcribed at the cost of the district court. If the proceedings are stenographically taken, the notes will be transcribed in full or in designated parts as stipulated by the parties. The cost of such transcription shall be computed as prescribed by law.

Section 24. **Execution of judgment.** Proceedings to enforce or collect a judgment are governed by the laws relating to execution upon justice's court judgments.

Section 25. **Attorney's fees upon removal or appeal.** (1) If a defendant removes a matter to justice's court under the provisions of [section 17] but does not prevail in justice's court, the court may grant the plaintiff his reasonable attorney's fees, if any.

(2) If the parties are represented by counsel on appeal, the court may grant the prevailing party his reasonable attorney's fees, in addition to costs.

Section 26. Section 3-10-1001, MCA, is amended to read:

"3-10-1001. Purpose. It is the purpose of this part and *[sections 1 through 24]* to provide a speedy remedy for small claims and to promote a forum in which such claims may be heard and disposed of without the necessity of a formal trial."

(2) A district court judge may require any action filed in district court to be removed to the small claims court if the amount in controversy does not exceed *$1,500*. The small claims court shall hear any action so removed from the district court."

HeinOnline -- 1981 vol. II 1348 1981

(2) *(a) A credit or refund under the provisions of this section may be allowed only if, prior to the expiration of the period provided by 15-30-145 and by 15-30-146 during which the department may determine tax liability, the taxpayer files a claim or the department determines there has been an overpayment.*

(b) If an overpayment of tax results from a net operating loss carryback, the overpayment may be refunded or credited within the period that expires on the 15th day of the 40th month following the close of the taxable year of the net operating loss if that period expires later than 5 years from the due date of the return for the year to which the net operating loss is carried back.

AN ACT TO AMEND SECTION 2-4-307, MCA, RELATING TO OMISSIONS FROM THE ADMINISTRATIVE RULES OF MONTANA OR THE MONTANA ADMINISTRATIVE REGISTER.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-307, MCA, is amended to read:

"2-4-307. Omissions from ARM or register. *(1) An agency may adopt by reference any model code, federal agency rule, rule of any agency of this state or other similar publication if the publication of the model code, rule, or other publication* would be unduly cumbersome, expensive, or otherwise inexpedient.

(2) The model code, rule, or other publication must be adopted by reference in a rule adopted under the rulemaking procedure required by this chapter. The rule must contain a citation *to the material adopted by reference, and a statement of the* general subject matter of the omitted rule and *must state where* a copy *of the omitted material* may be obtained. *Upon request of the secretary of state, a* copy of the omitted *material must* be filed with the secretary of state.

(3) No rule originally adopting by reference any model code or rule provided for in subsection (1) of this section may adopt any later amendments or editions of the material adopted. Except as provided in subsection (5), each later amendment or edition may be adopted by reference only by following the rulemaking procedure required by this chapter.

(4) If requested by a three-fourths vote of the administrative code committee, an agency must immediately publish the full or partial text of any pertinent material adopted by reference under this section. The committee may not require the publication of copyrighted material. Publication of the text of a rule previously adopted does not affect the date of adoption of the rule, but publication of the text of a rule before publication of the notice of final adoption must be in the form of, and is considered to be, a new notice of proposed rulemaking.

(5) Whenever later amendments of federal regulations must be adopted to comply with federal law or to qualify for federal funding, only a notice of incorporation by reference of such later amendments shall be filed in the Montana Administrative Register. This notice shall contain the information required by subsection (2) of this section, and shall state the effective date of such incorporation. The effective date may be no sooner than 30 days after the date upon which the notice is published unless the 30 days causes a delay that jeopardizes compliance with federal law or qualification for federal funding in which event the effective date may be no sooner than the date of publication. A hearing is not required unless requested under 2-4-315 by either 10% or 25, whichever is less, of the persons who will be directly affected by the incorporation, by a governmental subdivision or agency, or by an association having not less than 25 members who will be directly affected. No further notice of

If the board determines that the recipient is not incapacitated or if the recipient refuses to submit to a medical examination, his retirement allowance must be canceled.

(2) The cancellation of a retirement allowance because a recipient is no longer incapacitated may not prejudice any right of the recipient to a retirement benefit other than a disability allowance.

If the recipient refuses to submit to a medical examination, his retirement allowance must be canceled when he is notified of the determination of the board.

(2) A person whose retirement allowance is canceled because he is no longer incapacitated shall be reinstated to the position held by him immediately before his retirement or to a position in the same classification within his capacity, whichever is first open. fact that he was retired for disability may not prejudice any right to reinstatement to duty which he may have or claim to have.

(3) The public body required to reinstate a person under subsection (2) may request a medical or psychological review as to the ability of the member to return to work as a member of the sheriff's department. If the board's findings are upheld, the public body shall pay the cost of the review.

(1) In addition to the payments authorized under 53-4-514 and available federal funding, the department shall pay to a licensed *or registered* day-care facility, for each child eligible to receive public financial support, a portion of the total cost of day-care as determined under subsection (2).

(2) The level of expanded day-care assistance provided under this section shall decrease as family income increases according to the following criteria:

(a) A family whose family income is 150% of the AFDC level is eligible for 100% of day-care costs.

HeinOnline -- 1981 vol. II 1385 1981

(b) A family whose family income is equal to or above 75% of the state's median income for families of like size is not eligible to receive expanded day-care assistance.

(c) A family whose family income is between the levels established under (a) and (b) above is eligible to receive expanded day-care assistance established on a 12-step progressive scale establishing income brackets and support levels as nearly equal as possible. This additional day-care assistance will provide for the gradual assumption of the total cost of day-care by the parents of eligible children based upon the 12 income brackets and support levels established.

(d) The department shall establish an expanded day-care assistance schedule in accordance with the procedures of the Montana Administrative Procedure Act.

(3) The department may transfer money between programs to *effect* the purposes of this section."

Section 18. **Penalty.** A person, group of persons, or corporation who establishes or maintains a day-care center or assists in conducting or maintaining a day-care center without first obtaining a license from the department as provided for in this part is guilty of a misdemeanor and upon conviction is punishable by a fine not to exceed $500.

Section 19. **Codification instruction.** Sections 1 and 18 are intended to be codified as an integral part of Title 53, chapter 4, part 5, and the provisions of Title 53, chapter 4, part 5, apply to sections 1 and 18.

CHAPTER NO. 607

AN ACT TO PROVIDE FOR MUNICIPAL REGULATION OF MUNICIPALLY OWNED UTILITIES; TO ESTABLISH MAXIMUM INCREASES ALLOWED; TO REQUIRE REPORTING TO THE PUBLIC SERVICE COMMISSION AND THE MONTANA CONSUMER COUNSEL; AND AMENDING SECTION 69-3-101, MCA; AND PROVIDING A PERIOD OF EFFECTIVENESS.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Municipal utilities — regulation by municipality — limitation.** A municipality has the power and authority to regulate, establish, and change, as it considers proper, rates, charges, and classifications imposed for utility services to its inhabitants and other persons served by municipal utility systems. Rates, charges, and classifications shall be reasonable and just and, except as provided in [section 5], they may not be raised to yield more than a 12% increase in total annual revenues or, in the case of mandated federal and state capital improvements, the increase may not exceed amounts necessary to meet the requirements of bond indentures or loan agreements required to finance the local government's share of the mandated improvements.

HeinOnline -- 1981 vol. II 1386 1981

Section 2. **Municipal rate hearing required — notice.** (1) If the governing body of a municipality considers it advisable to regulate, establish, or change rates, charges, or classifications imposed on its customers, it shall order a hearing to be held before it at a time and place specified.

(2) Notice of the hearing shall be published in a newspaper as provided in 7-1-4127.

(3) (a) The notice shall be published three times with at least 6 days separating each publication. The first publication may be no more than 28 days prior to the hearing, and the last publication may be no less than 3 days prior to the hearing.

(b) The notice must also be mailed at least 7 days and not more than 30 days prior to the hearing to persons served by the utility. The notice shall accompany the bill for services of that utility and must be mailed within the prescribed time period. This notice must contain an estimate of the amount the customer's average monthly bill will increase.

(4) The published notice must contain:

(a) the date, time, and place of the hearing;

(b) a brief statement of the proposed action; and

(c) the address and telephone number of a person who may be contacted for further information regarding the hearing.

(5) Notice of all hearings shall be mailed first class, postage prepaid, to the Montana consumer counsel.

Section 3. **Conduct of municipal rate hearing.** (1) At the hearing, all persons, associations, corporations or companies affected or interested, including the Montana consumer counsel, may be present and represented by counsel. The hearing may be continued from time to time by the governing body of the municipality. At the conclusion of the hearing, all interested parties shall be allowed to make such arguments as they may consider proper.

(2) Within 30 days after the hearing, the governing body of the municipality shall issue its decision. The decision is final 10 days after being filed with the municipal clerk. A copy of each revised rate schedule shall be filed with the public service commission upon final decision.

Section 4. **Annual report to public service commission.** A municipality regulating its utility services must make an annual report to the public service commission and furnish a copy thereof to the Montana consumer counsel. The report shall set forth the rates and number of users of each service and classification, all rate increases, and the total income and expenditures of the utility as provided in 69-3-203.

Section 5. **Rate increases over maximum.** If a municipal utility requires rate increases that yield an increase in total revenues in excess of 12% in any one year or rate increases for mandated federal and state capital improvements for which the increase exceeds amounts necessary to meet the requirements of bond indentures or loan agreements required to

HeinOnline -- 1981 vol. II 1387 1981

finance the local government's share of the mandated improvements, it must make application for such increases to the public service commission.

Section 6. **Rules for operation of municipal utility.** Each municipal utility shall adopt, with the concurrence of the municipal governing body, rules for the operation of the utility. The rules shall contain, at a minimum, those requirements of good practice which can be normally expected for the operation of a utility. They shall define or provide for use of meter or flat rate user charges, the classification of users, applications for service, and uses of the service. The rules shall outline the utility's procedure for discontinuance of service and reestablishment of service as well as the extension of service to users within the municipal boundaries and outside the municipal boundaries. The rule shall provide that rate increases for comparable classifications and zones outside the municipal boundaries may not exceed those set within the municipal limits under the provisions of [this act].

Section 7. **Appeals.** (1) A party to a municipal rate hearing may appeal the decision of the municipality to the district court in whose jurisdiction the municipality lies.

(2) A person may appeal the adoption or application of municipal utility rules to the district court in whose jurisdiction the municipality lies.

Section 8. Section 69-3-101, MCA, is amended to read:

"69-3-101. Meaning of term public utility. The term "public utility", within the meaning of this chapter, shall embrace every corporation, both public and private, company, individual, association of individuals, their lessees, trustees, or receivers appointed by any court whatsoever, that now or hereafter may own, operate, or control any plant or equipment, any part of a plant or equipment, or any water right within the state for the production, delivery, or furnishing for or to other persons, firms, associations, or corporations, private or municipal:

(1) heat;

(2) street-railway service;

(3) light;

(3) The department may for the protection of the occupational and public health and safety:

(a) develop and conduct programs for evaluation and control of hazards associated with the use of sources of ionizing radiation;

(b) develop programs and adopt rules with due regard for compatibility with federal programs for licensing and regulation of byproduct, source, radioactive waste, and special nuclear materials and other radioactive materials. These rules shall cover equipment and facilities, methods for transporting, handling, and storage of radioactive materials, permissible levels of exposure, technical qualifications of personnel, required notification of accidents and other incidents involving radioactive materials, survey methods and results, methods of disposal of radioactive materials, posting and labeling of areas and sources, and methods and effectiveness of controlling individuals in posted and restricted areas.

HeinOnline -- 1981 vol. II 1396 1981

Section 5. Section 75-3-202, MCA, is amended to read:

"75-3-202. Licensing and registration. (1) The department shall provide by rule for general or specific licensing of persons to receive, possess, or transfer radioactive materials and devices or equipment utilizing such materials. *However, the department of state lands may, in lieu of the department, provide for permitting for reclamation purposes of uranium and thorium mills and tailing disposal sites pursuant to Title 82, chapter 4, and this section.* The rules shall provide for amendment, suspension, or revocation of licenses pursuant to 75-3-401 and 75-3-403.

(2) Each application for a specific license shall be in writing and shall state such information as the department by rule may determine to be necessary to decide the technical, insurance, and financial qualifications or any other qualification of the applicant as the department considers reasonable and necessary to protect the occupational and public health and safety. The department may, at any time after the filing of the application and before the expiration of the license, require further written statements and may make such inspections as the department considers necessary in order to determine whether the license should be granted, denied, modified, suspended, or revoked. All applications and statements shall be signed by the applicant or licensee. The department may require an application or statement to be made under oath or affirmation.

(3) Each license shall be in such form and contain such terms and conditions as the department may by rule prescribe.

(4) No license issued pursuant to the provisions of this chapter and no right to possess or utilize sources of ionizing radiation granted by any license may be assigned or in any manner disposed of.

(5) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules or orders issued in accordance with the provisions of this chapter.

(6) The department may require registration and inspection of persons dealing with sources of ionizing radiation which do not require a specific license and may require compliance with specific safety standards to be promulgated by the department.

(7) The department is authorized to exempt certain users from the licensing or registration requirements set forth in this section when the department makes a finding that the exemption of the users will not constitute a significant risk to the health and safety of the public.

(8) Rules promulgated pursuant to this chapter may provide for recognition of such other state or federal licenses as the department considers desirable, subject to such registration requirements as the department prescribes.

(9) The department or department of state lands may charge reasonable fees for its radiation control services, including but not limited to those for the issuance of categories of specific licenses consistent with the categories established by the United States nuclear regulatory commission or any successor thereto, and for inspections of licensees. Fees for

the issuance of uranium or thorium milling or concentration licenses shall be sufficient to cover the department's or department of state lands' full costs of processing an application. The department shall establish a fee structure for such milling or concentration licenses which includes an application fee and an annual license maintenance fee. The maintenance fee shall be set at a level which, taking account of the nature and size of the various types of licenses and activities, will defray the department's costs of inspections, review, and approval of license revisions."

Section 6. **Ownership of disposal sites and byproduct material.** (1) Prior to or following the expiration of any radioactive materials license issued after July 1, 1981, the department or department of state lands may condemn the title to any land, other than land held in trust by the United States for any Indian tribe or owned by an Indian tribe and subject to a restriction against alienation imposed by the United States, or any interest therein, which is used for the disposal of byproduct material pursuant to the license, and the title to the byproduct itself, pursuant to Title 70, chapter 30. Condemnation is not allowed if the United States nuclear regulatory commission or any successor thereto determines, prior to the expiration of the license, that condemnation and transfer of either or both the land and byproduct material is not necessary to protect the public health, safety, or welfare.

(2) If the department or department of state lands condemns any interest in land or byproduct material pursuant to this section:

(a) the land or material must be maintained by the department or department of state lands in a manner to protect the public health, safety, and welfare;

(b) the department or department of state lands is authorized to undertake such monitoring, maintenance, and emergency measures as necessary to protect the public health, safety, and welfare;

(c) the transfer of title to the land or byproduct material does not relieve any licensee of liability for fraudulent or negligent acts done prior to condemnation.

Section 7. **Standards for decontamination.** (1) The department shall promulgate standards for the decontamination, decommissioning, and reclamation of any site at which ores were processed primarily for their source material content and which sites were used for disposal of byproduct material. However, the department of state lands, in lieu of the department, may promulgate standards for the reclamation of such disposal sites pursuant to Title 82, chapter 4, and this section.

(2) Any radioactive material license issued or renewed after July 1, 1981, for any activity that results in the production of byproduct material must contain such terms and provisions as the department determines necessary to insure that, prior to the expiration of the license, the licensee will comply with the decontamination, decommissioning, and reclamation standards of the department.

Section 8. **Surety requirements.** (1) Upon the condemnation of any land used for the disposal of byproduct material, the condemnation of

HeinOnline -- 1981 vol. II 1398 1981

byproduct material, or the condemnation of both such land and material, the department or department of state lands shall:

(a) require that an adequate surety, as determined by the department, be provided by the licensee in order to ensure the completion of all decontamination, decommissioning, and reclamation of sites, structures, and equipment used in conjunction with generation or disposal of byproduct material; and

(b) determine whether any long-term maintenance or monitoring of the land or byproduct material is necessary. If the maintenance or monitoring is found necessary, the licensee must make available to the department or department of state lands the funds necessary to assure the maintenance and monitoring and funds necessary to ensure compliance with standards adopted by the United States nuclear regulatory commission relating to reclamation and long-term management of the disposal site or byproduct material, or both.

(2) The funds required by this section shall include, but are not limited to, sums collected for long-term surveillance, and, if necessary, maintenance, but do not include money held as surety where no default has occurred and the reclamation or other bonded activity has been performed.

Section 9. **Requirements for persons exempt from licensing.** The department or department of state lands may, by rule or order, require persons processing ores primarily for their source material content but exempt from licensing under this chapter to conduct monitoring, perform remedial work, and comply with such measures as the department considers necessary or desirable to protect health or minimize danger to life or property.

Section 10. Section 1 of Initiative 84 is amended to read as follows:

"New Section 1. There is a new MCA section that reads as follows:

(2) In all cases where taxes or a fee in lieu of tax were required to be paid, the applicant for registration or reregistration of a motor vehicle, other than a mobile home, is not relieved of the duty of paying taxes or the fee in lieu of tax if the taxes or fees have not been paid by a prior applicant or owner."

Section 14. Section 15-24-101, MCA, is amended to read:

"15-24-101. Assessment of proportionally registered interstate motor vehicle fleets — tax payment required for registration. (1) The department of revenue shall assess, for the purpose of personal property taxes, *the taxable vehicles in* interstate motor vehicle fleets proportionally registered under the provisions of 61-3-711 through 61-3-733, and *the* assessment shall be apportioned on the ratio of total miles traveled to in-state miles traveled formula as prescribed by 61-3-721. Interstate motor vehicle fleets are assessable for taxation purposes upon application for proportional registration and *are* assessed to the persons who own or claim or in whose possession or control the fleet is at the time of the application.

(2) *With respect to any* fleet contained in an original application which has a situs for purpose of property taxation in Montana by the terms of this part or any other provision of the laws of Montana between January 1 and April 1, *the taxable vehicles are* taxed for a full year. *With respect to any* fleet contained in an original application which acquires a situs for the purpose of property taxation in Montana under the provisions of this

HeinOnline -- 1981 vol. II 1411 1981

part or any other law of the state of Montana after April 1, *the* taxes *on taxable vehicles are* apportioned as provided in 15-24-303.

(3) *With respect to any* fleet contained in a renewal application, *the taxable vehicles are* assessed and taxed for a full year.

(4) Automobiles and trucks having a rated capacity of three-quarters of a ton or less that are part of an interstate motor vehicle fleet are subject to the light vehicle license fee imposed by [section 2]. If the fleet is proportionally registered, the fee is apportioned in the same fashion as the registration fee under 61-3-721.

(5) Vehicles contained in a fleet for which current taxes, *fees, or both,* have been assessed and paid shall not be assessed *or charged fees* under this section upon presentation to the department of proof of payment of *taxes, fees, or both,* for the current registration year. The payment of personal property taxes, *fees, or both,* is a condition precedent to proportional registration or reregistration of an interstate motor vehicle fleet."

Section 15. Section 15-24-102, MCA, is amended to read:

"15-24-102. Valuation of interstate fleets — determination of aggregate tax due. The department of revenue shall assess *the taxable vehicles of* any interstate motor vehicle fleet making application for proportional registration as follows:

(1) The purchase price *of the taxable vehicles* depreciated by a schedule as prescribed by the department shall determine the depreciated value.

(2) The depreciated value multiplied by the percent of miles traveled in Montana as prescribed by 61-3-721 shall be the assessed value.

(3) The sum of the assessed value of all *taxable* vehicles included in the fleet multiplied by 16% shall be the taxable value for the entire fleet.

(4) To determine the amount of tax due, the taxable value of the entire fleet shall be multiplied by the statewide average county mill levy plus state levies as hereinafter provided."

Section 16. Section 15-24-103, MCA, is amended to read:

"15-24-103. Determination of average levy in state — application to interstate fleets — cost stated in application for registration. (1) The department of revenue shall determine the aggregate tax in the entire state for state, county, and local purposes levied on the general property of the state in the previous year, excluding special levies on property for local improvements and special state levies on livestock for bounties, inspection, and protection purposes.

(2) From the total taxable valuation of the general property of the state including net proceeds and the aggregate tax as determined, the department shall compute the average levy by dividing the aggregate tax by the total state taxable valuation. The rate so determined shall constitute the rate of taxation on the taxable value of *taxable vehicles of an interstate motor vehicle fleet.*

(3) The original cost of each *taxable* vehicle shall be included on the application for proportional registration under the provisions of 61-3-711

HeinOnline -- 1981 vol. II 1412 1981

through 61-3-733. The department shall determine the original cost when the owner does not have this information on new or used vehicles or in the case of rebuilt vehicles."

Section 17. Section 15-24-104, MCA, is amended to read:

"15-24-104. Situs in state of proportionally registered fleets. (1) For the purposes of this part, any vehicle previously registered or which has had application for registration made under the provisions of 61-3-711 through 61-3-733 is hereby declared to have a situs in the state for the purposes of taxation.

(2) The department or its designated agent shall collect the personal property taxes, *license fees, or both,* prescribed *in this part.*"

(1) for personal property taxes, according to the ratio of the taxable valuation of each county to the total state taxable valuation*; and*

(2) for light vehicle license fees, according to the ratio of light vehicle license fees, other than fees derived from interstate motor vehicle fleets, collected in each county to the sum of all such fees collected in all the counties."

Section 19. Section 15-24-301, MCA, is amended to read:

"15-24-301. Personal property brought into the state — assessment — exceptions — custom combine equipment. (1) *Except as provided in subsections (2) through (6), property* in the following cases is subject to taxation and assessment for all taxes levied that year in the county in which it is located:

(a) any personal property (including livestock) brought, driven, or coming into this state at any time during the year that is used in the state for hire, compensation, or profit;

(b) property whose owner or user is engaged in gainful occupation or business enterprise in the state; or

(c) property which comes to rest and becomes a part of the general property of the state.

(2) The taxes on this property are levied in the same manner and to the same extent, except as otherwise provided, as though the property had been in the county on the regular assessment date, provided that the property has not been regularly assessed for the year in some other county of the state.

(3) Nothing in this section shall be construed to levy a tax against a merchant or dealer within this state on goods, wares, or merchandise

HeinOnline -- 1981 vol. II 1413 1981

(4) This section does not apply to any motor vehicle brought, driven, or coming into this state by any nonresident person temporarily employed in Montana for a period not exceeding 90 days if the motor vehicle is used exclusively for transportation of such person.

(5) Agricultural harvesting machinery classified under class eight, licensed in other states, and operated on the lands of persons other than the owner of the machinery under contracts for hire shall be subject to a fee in lieu of taxation of $35 per machine for a 60-day period. The machines shall be subject to taxation under class eight only if they are sold in Montana.

(6) The provisions of this part do not apply to automobiles and trucks having a rated capacity of three-quarters of a ton or less. These vehicles are subject to the fee provided for in [section 2]."

Section 20. Section 15-30-121, MCA, is amended to read:

"**15-30-121. Deductions allowed in computing net income.** In computing net income, there are allowed as deductions:

(1) the items referred to in sections 161 and 211 of the Internal Revenue Code of 1954, or as sections 161 and 211 shall be labeled or amended, subject to the following exceptions which are not deductible:

(a) items provided for in 15-30-123;

(b) state income tax paid;

(2) federal income tax paid within the taxable year;

(3) child and dependent care expenses determined in accordance with the provisions of section 214 of the Internal Revenue Code of 1954 that were in effect for the taxable year that began January 1, 1974. However, the limitation set forth in section 214(e)(4) of the Internal Revenue Code of 1954 as that section was in effect for the taxable year that began January 1, 1974, applies only to payments made to a child of the taxpayer who is under 19 years of age at the close of the taxable year and to payments made to an individual with respect to whom a deduction is allowable under 15-30-112(5) to the taxpayer or the taxpayer's spouse.

(4) that portion of an energy-related investment allowed as a deduction under 15-32-103;

(5) in the case of an individual, political contributions determined in accordance with the provisions of section 218(a) and (b) of the Internal Revenue Code that were in effect for the taxable year ended December 31, 1978;

(6) light vehicle license fees, as provided by [section 2], paid during the taxable year."

Section 21. Section 15-31-114, MCA, is amended to read:

HeinOnline -- 1981 vol. II 1414 1981

"15-31-114. Deductions allowed in computing income. In computing the net income, the following deductions shall be allowed from the gross income received by such corporation within the year from all sources:

(1) All the ordinary and necessary expenses paid or incurred during the taxable year in the maintenance and operation of its business and properties, including reasonable allowance for salaries for personal services actually rendered, subject to the limitation hereinafter contained, rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title or in which it has no equity. No deduction shall be allowed for salaries paid upon which the recipient thereof has not paid Montana state income tax; provided, however, that where domestic corporations are taxed on income derived from without the state, salaries of officers paid in connection with securing such income shall be deductible.

(2) (a) All losses actually sustained and charged off within the year and not compensated by insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property used in the trade or business, such allowance to be determined according to the provisions of section 167 of the Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation shall be the same as the elections made for federal income tax purposes. No deduction shall be allowed for any amount paid out for any buildings, permanent improvements, or betterments made to increase the value of any property or estate, and no deduction shall be made for any amount of expense of restoring property or making good the exhaustion thereof for which an allowance is or has been made.

(b) (i) There shall be allowed as a deduction for the taxable period a net operating loss deduction determined according to the provisions of this subsection. The net operating loss deduction is the aggregate of net operating loss carryovers to such taxable period plus the net operating loss carrybacks to such taxable period. The term "net operating loss" means the excess of the deductions allowed by this section, 15-31-114, over the gross income, with the modifications specified in (ii) of this subsection. If for any taxable period beginning after December 31, 1970, a net operating loss is sustained, such loss shall be a net operating loss carryback to each of the three taxable periods preceding the taxable period of such loss and shall be a net operating loss carryover to each of the five taxable periods following the taxable period of such loss. A net operating loss for any taxable period ending after December 31, 1975, in addition to being a net operating loss carryback to each of the three preceding taxable periods, shall be a net operating loss carryover to each of the seven taxable periods following the taxable period of such loss. The portion of such loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of such loss over the sum of the net income for each of the prior taxable periods to which such loss was carried. For purposes of the preceding sentence, the net income for such prior taxable period shall be computed with the modifications specified in (ii)(B) of this subsection and by determining the amount of the net operating loss deduction without regard to the net operating loss for the loss period or any taxable

HeinOnline -- 1981 vol. II 1415 1981

period thereafter, and the net income so computed shall not be considered to be less than zero.

(ii) The modifications referred to in (i) of this subsection shall be as follows:

(A) No net operating loss deduction shall be allowed.

(B) The deduction for depletion shall not exceed the amount which would be allowable if computed under the cost method.

(C) Any net operating loss carried over to any taxable years beginning after December 31, 1978, must be calculated under the provisions of this section effective for the taxable year for which the return claiming the net operating loss carryover is filed.

(iii) A net operating loss deduction shall be allowed only with regard to losses attributable to the business carried on within the state of Montana.

(iv) In the case of a merger of corporations, the surviving corporation shall not be allowed a net operating loss deduction for net operating losses sustained by the merged corporations prior to the date of merger. In the case of a consolidation of corporations, the new corporate entity shall not be allowed a deduction for net operating losses sustained by the consolidated corporations prior to the date of consolidation.

(v) Notwithstanding the provisions of 15-31-531, interest shall not be paid with respect to a refund of tax resulting from a net operating loss carryback or carryover.

(vi) The net operating loss deduction shall not be allowed with respect to taxable periods which ended on or before December 31, 1970, but shall be allowed only with respect to taxable periods beginning on or after January 1, 1971.

(3) In the case of mines, other natural deposits, oil and gas wells, and timber, a reasonable allowance for depletion and for depreciation of improvements; such reasonable allowance to be determined according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and intangible drilling expenses for corporation license tax purposes shall be the same as the elections made for federal income tax purposes.

(4) The amount of interest paid within the year on its indebtedness incurred in the operation of the business from which its income is derived; but no interest shall be allowed as a deduction if paid on an indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business unless the income from such property or business would be taxable under this part.

(5) (a) Taxes paid within the year except the following:

(i) Taxes imposed by this part.

(ii) Taxes assessed against local benefits of a kind tending to increase the value of the property assessed.

HeinOnline -- 1981 vol. II 1416 1981

(iii) Taxes on or according to or measured by net income or profits imposed by authority of the government of the United States.

(iv) Taxes imposed by any other state or country upon or measured by net income or profits.

(b) Taxes deductible under this part shall be construed to include taxes imposed by any county, school district, or municipality of this state.

(6) Light vehicle license fees, as provided by [section 2], paid within the year.

(7) That portion of an energy-related investment allowed as a deduction under 15-32-103."

Section 22. Section 15-50-207, MCA, is amended to read:

"15-50-207. Credit against other taxes — credit for personal property taxes and certain fees. (1) The additional license fees withheld or otherwise paid as provided herein may be used as a credit on the contractor's corporation license tax provided for in chapter 31 of this title or on the contractor's income tax provided for in chapter 30, depending upon the type of tax the contractor is required to pay under the laws of the state.

(2) Personal property taxes *or light vehicle license fees, as provided by [section 2],* paid in Montana on any personal property of the contractor which is used in the business of the contractor and is located within this state may be credited against the license fees required under this chapter. However, in computing the tax credit allowed by this section against the contractor's corporation license tax or income tax, the personal property tax *or light vehicle license fee* credit against the license fees herein required shall not be considered as license fees paid for the purpose of such income tax or corporation license tax credit."

Section 23. Section 61-3-303, MCA, is amended to read:

"61-3-303. Application for registration. (1) Every owner of a motor vehicle operated or driven upon the public highways of this state shall for each motor vehicle owned, except as herein otherwise expressly provided, file or cause to be filed in the office of the county treasurer where the motor vehicle is owned or taxable an application for registration or reregistration upon a blank form to be prepared and furnished by the division. The application shall contain:

(a) name and address of owner, giving county, school district, and town or city within whose corporate limits the motor vehicle is taxable, *if taxable, or within whose corporate limits the owner's residence is located if the motor vehicle is not taxable*;

(b) name and address of the holder of any security interest in the motor vehicle;

(c) description of motor vehicle, including make, year model, engine or serial number, manufacturer's model or letter, gross weight, type of body, and if truck, the rated capacity;

HeinOnline -- 1981 vol. II 1417 1981

(d) in case of reregistration, the license number for the preceding year; and

(e) such other information as the division may require.

(2) A person who files an application for registration or reregistration of a motor vehicle, except of a mobile home as defined in 15-1-101(1), shall upon the filing of the application pay to the county treasurer:

(a) the registration fee, as provided in 61-3-311 and 61-3-321; and

(b) *unless it has been previously paid:*

(i) the personal property taxes assessed;

(ii) the new motor vehicle sales tax against the vehicle for the current year of registration *and/or the license fee imposed by [section 2];* or

(iii) in the case of a motor home, travel trailer, or camper, the fee in lieu of property tax for the current year of registration.

(3) The application may not be accepted by the county treasurer unless the payments required by subsection (2) accompany the application.

(4) The county treasurer may make full and complete investigation of the tax status of the vehicle. Any applicant for registration or reregistration must submit proof from the tax *or other appropriate* records of the proper county at the request of the county treasurer."

Section 24. Section 61-3-317, MCA, is amended to read:

"61-3-317. New registration required for transferred vehicle — grace period — penalty — display of proof of purchase. Except as otherwise provided herein, the new owner of a transferred motor vehicle shall have a grace period of 20 calendar days from the date of purchase to make application and pay the taxes, *fees, or both,* provided by part 5 of this chapter, unless the tax or fee has been paid for the year, as if the vehicle were being registered for the first time in that registration year. If the motor vehicle was not purchased from a duly licensed motor vehicle dealer as provided in this chapter, it is not a violation of this chapter or any other law for the purchaser to operate the vehicle upon the streets and highways of this state without a certificate of registration during the 20-day period, provided that at all times during that period a bill of sale or other proof of purchase reciting the date of purchase is clearly displayed in the rear window of the motor vehicle. Registration and license fees collected under 61-3-321 are not required to be paid when a license plate is transferred under this section and 61-3-335. Failure to make application within the time provided herein subjects the purchaser to a penalty of $10. The penalty shall be collected by the county treasurer at the time of registration and shall be in addition to the fees otherwise provided by law."

Section 25. Section 61-3-322, MCA, is amended to read:

(3) Every owner, upon receiving a registration receipt, shall write his signature thereon with pen and ink in the space provided. Every registration receipt or a notarized photostatic copy or a duplicate thereof furnished by the division shall at all times be carried in the vehicle to which it refers or shall be carried by the person driving or in control of such vehicle, who shall display it upon demand of a police officer or any officer or employee of the division or the highway department.

(4) The county treasurer shall daily forward to the division one copy of all applications for registration received that day.

(5) It shall not be necessary for the county treasurer to segregate the amount of taxes *or fees* for state, county, school district, and municipal purposes in the receipt."

Section 26. Section 61-3-332, MCA, is amended to read:

"61-3-332. Number plates. Distinctive registration numbers for plates assigned to motor vehicles of each of the counties in the state and those of the municipalities and school districts situated within each of said counties and those of the irrigation districts which obtain plates within each county shall begin with number one and be numbered consecutively.

(6) On all number plates assigned to motor vehicles of the truck and trailer type, other than tax-exempt trucks *that are also exempt from the light vehicle license fee as provided in subsection (2)(a) of [section 2]* and *tax exempt* trailers, there shall appear the letter "T" or the word "TRUCK" for plates assigned to trucks and the letters "TR" or the word "TRAILER" for plates assigned to trailers and housetrailers. (2) When the total indebtedness of a school district has reached the *45%* limitation prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(3) Whenever bonds are issued for the purpose of refunding bonds, any moneys to the credit of the debt service fund for the payment of the bonds to be refunded are applied towards the payment of such bonds and the refunding bond issue is decreased accordingly."

Section 62. Section 20-9-502, MCA, is amended to read:

"20-9-502. Purpose and authorization of a building reserve fund by an election. (1) The trustees of any district, with the approval of the qualified electors of the district, may establish a building reserve for the purpose of raising money for the future construction, equipping, or enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(a) the purpose or purposes for which the new or addition to the building reserve will be used;

(b) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(c) the total amount of money that will be raised during the duration of time specified in subsection (1)(b); and

(d) any other requirements under 20-20-201 for the calling of an election.

(2) The total amount of building reserve when added to the outstanding indebtedness of the district shall not be more than *45%* of the *taxable* value of the taxable property of the district. Such limitation shall be determined in the manner provided in 20-9-406. A building reserve tax authorization shall not be for more than 20 years.

HeinOnline -- 1981 vol. II 1434 1981

(3) The election shall be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election shall be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition shall be substantially in the following form:

OFFICIAL BALLOT
SCHOOL DISTRICT BUILDING RESERVE ELECTION

INSTRUCTIONS TO VOTERS: Make an X or similar mark in the vacant square before the words "BUILDING RESERVE—YES" if you wish to vote for the establishment of a building reserve (addition to the building reserve); if you are opposed to the establishment of a building reserve (addition to the building reserve) make an X or similar mark in the square before the words "BUILDING RESERVE—NO".

Shall the trustees be authorized to impose an additional levy each year for .... years to establish a building reserve (add to the building reserve) of this school district to raise a total amount of .... dollars ($....), for the purpose(s) .... (here state the purpose or purposes for which the building reserve will be used)?

☐ BUILDING RESERVE—YES.

☐ BUILDING RESERVE—NO.

(4) The building reserve proposition shall be approved if a majority of those electors voting at the election approve the establishment of or addition to such building reserve. The annual budgeting and taxation authority of the trustees for a building reserve shall be computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve shall lapse when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve shall be used for such purpose or purposes before any money realized by the bond issue is used."

Section 63. Section 85-7-2001, MCA, is amended to read:

"85-7-2001. Limitations on debt-incurring power. (1) The board of commissioners or other officers of the district may not incur any debt or liability, either by issuing bonds or otherwise, except as provided in this chapter. No irrigation district may become indebted, in any manner or for any purpose in any one year, in an amount exceeding *18.75%* of the assessed valuation of the district, except as provided in subsection (2).

(2) (a) For the purpose of organization; for any of the immediate purposes of this chapter; to make or purchase surveys, plans, and specifications; for stream gauging and gathering data; or to make any repairs occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur the indebtedness of as many dollars as there are acres in the district and may cause warrants of the district to issue therefor.

HeinOnline -- 1981 vol. II 1435 1981

(b) For the purpose of organization, for any of the immediate purposes of this chapter, or to meet the expenses occasioned by any calamity or other unforeseen contingency, the board of commissioners may, in any one year, incur (in addition to the *18.75%* limitation of subsection (1)) an additional indebtedness not exceeding *12.5%* of the assessed valuation of the district and may cause warrants of the district to issue therefor.

(c) The limitation of subsection (1) does not apply to warrants issued for unpaid interest on the valid bonds of any irrigation district.

(d) The limitation of subsection (1) does not apply to any bonds issued under this chapter pursuant to a provision which expressly supersedes the limitation.

(3) Any debt or liability incurred in excess of the limitations provided by the irrigation district laws is void."

Section 64. **Validation.** Notwithstanding any provisions of this act, any outstanding indebtedness or bond issue on January 1, 1982, of any governmental subdivision is not invalidated because of any changes in the taxable valuation of the subdivision due to removal of automobiles and trucks having a rated capacity of three-quarters of a ton or less from the tax base.

Section 65. **Codification instruction.** Sections 1 through 6 are intended to be codified as an integral part of Title 61, chapter 3, part 5, and the provisions of Title 61 apply to sections 1 through 6.

Section 66. **Effective date.** (1) Except as provided in subsection (2), this act is effective January 1, 1982.

(2) Section 5 is effective on passage and approval.

Section 67. **Appropriation.** There is appropriated from the general fund the sum of $30,000,000 for the biennium ending June 30, 1983, to the department of revenue to fund the state payment to local governments provided for in [section 6].

Approved May 7, 1981.

CHAPTER NO. 616

AN ACT TO PROVIDE THAT ONLY THE DEFENDANT IN A CRIMINAL ACTION MAY RAISE HIS LACK OF FITNESS TO PROCEED AND TO MAKE THE STATE LIABLE FOR THE COSTS OF COMMITMENT IN PLACE OF TRIAL AND IMPRISONMENT; AMENDING SECTIONS 46-14-202 AND 46-14-221, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-14-202, MCA, is amended to read:

"46-14-202. Psychiatric examination of defendant. (1) *If the defendant or his counsel files a written notice of his intent to rely on a mental disease or defect under 46-14-201 or raises the issue of his fitness to proceed,* the court shall appoint at least one qualified psychiatrist or shall request the superintendent of Warm Springs state hospital to designate at least one qualified psychiatrist, which designation may be or include himself, to examine and report upon the mental condition of the defendant.

(2) The court may order the defendant to be committed to a hospital or other suitable facility for the purpose of the examination for a period of not exceeding 60 days or such longer period as the court determines to be necessary for the purpose and may direct that a qualified psychiatrist retained by the defendant be permitted to witness and participate in the examination.

(3) In the examination any method may be employed which is accepted by the medical profession for the examination of those alleged to be suffering from mental disease or defect."

Section 2. Section 46-14-221, MCA, is amended to read:

"46-14-221. Determination of fitness to proceed — effect of finding of unfitness — expenses. (1) The issue of the defendant's fitness to proceed may be raised *only* by the defendant *or his counsel.* When the issue is raised, it shall be determined by the court. If neither the county attorney nor counsel for the defendant contests the finding of the report filed under 46-14-203, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to summon and cross-examine the psychiatrists who joined in the report and to offer evidence upon the issue.

(3) If the court determines that the defendant lacks fitness to proceed due to the fact that the person is developmentally disabled, as defined by 53-20-102, the proceeding against him shall be suspended, except as provided in subsection (4) of this section, and the court shall proceed to secure treatment as provided in chapter 20, part 1, or chapter 21, part 1, of Title 53.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution which is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the director of the department of institutions to be placed in an appropriate institution of the state department of institutions, of keeping him there, and of bringing him back are chargeable to the *state*; but the *state* may recover them from the estate of the defendant."

CHAPTER NO. 617

AN ACT TO CREATE THE HARD-ROCK MINING IMPACT BOARD; TO REQUIRE MINERAL DEVELOPERS TO SUBMIT AN ECONOMIC IMPACT PLAN TO THE BOARD; TO AUTHORIZE THE BOARD TO AWARD GRANTS TO IMPACTED UNITS OF LOCAL GOVERNMENT; TO PROVIDE FOR TAX PREPAYMENT FOR LARGE-SCALE MINERAL DEVELOPMENTS; TO PROVIDE FOR THE ISSUANCE OF EDUCATION IMPACT BONDS; AMENDING SECTIONS 15-16-201 AND 82-4-335, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Hard-rock mining impact board.** (1) There is a hard-rock mining impact board.

(2) The hard-rock mining impact board is a five-member board.

(3) The hard-rock mining impact board shall include among its members:

(a) three persons who reside in an area impacted by large-scale mineral development;

(b) no more than three persons from the same congressional districts;

(c) a representative of the hard-rock mining industry;

(d) a representative of a major financial institution in Montana;

(e) an elected school district trustee;

(f) an elected county commissioner;

(g) a member of the public-at-large.

(4) The hard-rock mining impact board is a quasi-judicial board subject to the provisions of 2-15-124 except that one of the members need not be an attorney licensed to practice law in this state and the board shall elect a chairman from among its members.

Section 2. **Declaration of necessity and purpose.** The large-scale development of mineral deposits in the state causes an influx of people into the area of the development many times larger than the number of people directly involved in the mining operation. This influx of people and the corresponding increase in demand for local government facilities and services creates a burden on the local taxpayer. There is a significant lag time between the time when additional facilities and services must be provided and the time when additional tax revenue is available as a result of the increased tax base. In addition, local government units in whatever jurisdiction the development is not located may receive substantial adverse economic impacts without benefit of a major increased tax base in the future. There is therefore a need to provide a system to assist local government units in meeting the initial financial impact of large-scale mineral development.

HeinOnline -- 1981 vol. II 1439 1981

Section 3. **Definitions.** In [section 2 through section 11] the following definitions apply:

(1) "Board" means the hard-rock mining impact board established in [section 1].

(2) "Bonds" include bonds, notes, warrants, debentures, certificates of indebtedness, temporary bonds, temporary notes, interim receipts, interim certificates, and all instruments or obligations evidencing or representing indebtedness or evidencing or representing the borrowing of money or evidencing or representing a charge, lien, or encumbrance on specific revenues, special assessments, income, or property of a political subdivision, including all instruments or obligations payable from a special fund.

(3) "Local government unit" means a political subdivision of this state, including a county, city, town, school district, or other special district that provides any of the services referred to in subsection (1)(c) of [section 8].

(4) "Large-scale mineral development" means the construction or operation of a hard-rock mine and the associated milling facility that will:

(a) employ at any given time at least 100 people; or

(b) cause, or be expected to cause, an increase in estimated population of at least 15% in a local government unit when measured against the average population of the local government unit in the 3-year period immediately preceding the commencement of the construction of the mining facility. A mining operation that would qualify as a large-scale mineral development under this subsection is not a large-scale mineral development if the mine owner and operator are small miners as defined in 82-4-303(10).

Section 4. **Chairman — meetings — facilities — funding.** (1) The board shall elect a chairman from among its members.

(2) The board shall meet as necessary or as called by the chairman or a majority of the members.

(3) The board is allocated to the department of commerce for administrative purposes only as provided in 2-15-121.

(4) The administrative and operating expenses of the board shall be paid from the revenue generated from the license tax on metal mines imposed under Title 15, chapter 37.

Section 5. **Account established.** There is within the earmarked revenue fund a hard-rock mining impact account. Moneys are payable into this account from payments made by a mining developer in compliance with the written guarantee from the developer to meet the increased costs of public services and facilities as specified in the impact plan provided for in [section 8]. The state treasurer shall draw warrants from this account upon order of the hard-rock mining impact board.

Section 6. **Hard-rock mining impact board — general powers.** (1) The board may:

(a) retain professional staff, consultants, and advisors notwithstanding the provisions of 2-15-121;

HeinOnline -- 1981 vol. II 1440 1981

(b) adopt rules governing its proceedings;

(c) award grants to local government units subject to [section 7];

(d) make payments to local government units from money paid to the hard-rock mining impact account as provided in [section 8];

(e) make determinations as provided in [section 8]; and

(f) accept grants and other funds to be used in carrying out this part.

(2) The provisions of the Montana Administrative Procedure Act apply to the proceedings and determinations of the board.

Section 7. **Basis for awarding grants.** Grants shall be awarded to local government units on the basis of:

(1) need;

(2) severity of impact from mineral development;

(3) availability of funds; and

(4) extent of local effort in meeting its needs.

Section 8. **Impact plan to be submitted.** (1) When an application for a permit is made under 82-4-335 and the permit is for a large-scale mineral development, the person seeking the permit shall submit to the affected counties and the board an impact plan describing the economic impact the large-scale mineral development will have on local government units and shall file proof of such submission to the counties with the board. The governing bodies of the affected counties shall publish notice of the submission of an impact plan at least once in a newspaper of general circulation in the county. The impact plan shall include:

(a) a timetable for development, including the opening date of the development and the estimated closing date;

(b) the estimated number of persons coming into the impacted area as a result of the development;

(c) the increased capital and operating cost to local government units for providing services, including but not limited to police and fire protection, sewage, water treatment, schools, road construction and upkeep, education, and medical care, which can be expected as a result of the development;

(d) the financial or other assistance the developer will give to local government units to meet the increased need for services.

(2) In the impact plan, the developer shall commit itself to pay all of the increased capital and net operating cost to local government units that will be a result of the development, either from tax prepayments, as provided in [section 10], special industrial educational impact bonds, as provided in [section 11], or other funds obtained from the developer and shall provide a time schedule within which it will do so.

(3) An affected local government unit shall, within 90 days after receipt of the impact plan from the developer, notify the board in writing if that

HeinOnline -- 1981 vol. II 1441 1981

local government unit objects to the impact plan, specifying the reasons why the impact plan is objected to. If no objection is received within the 90-day period, the impact plan shall be approved by the board.

(4) If objections are received from a local government unit, the board shall promptly notify the developer and forward a copy of the local government unit's objections to the developer. If within 30 days the local government unit and the developer cannot resolve the objection, the board shall conduct a hearing on the validity of the objections which shall be held in the affected county or, if objections are received from local government units in more than one county, shall be held in the county which, in the board's judgment, is more greatly affected. The provisions of the Montana Administrative Procedure Act shall apply to the conduct of the hearing. The impact plan filed by the developer shall carry no presumption of correctness at the hearing.

(5) Following the hearing, the board shall, within 60 days, make findings as to those portions of the impact plan which were objected to and, if appropriate, amend the impact plan accordingly. The findings and impact plan, as amended, shall be served by the board upon all parties. Any local government unit or the developer, if aggrieved by the decision of the board, is entitled to judicial review, as provided by Title 2, chapter 4, part 7, in the district court in and for the judicial district in which the hearing was held.

(6) The developer shall, within 30 days of receipt of the approved impact plan, provide the board with a written guaranty that the developer will make all the payments to the board required in the approved impact plan and according to the time schedule contained in the approved impact plan.

(7) The board shall deposit all payments received from the developer into the hard-rock mining impact account established by [section 5].

(8) The board shall notify the department of state lands of its receipt of the written guaranty of payment, of each required payment, and of any failure of the developer to comply with this section.

(9) Upon receipt of evidence that an affected local government unit identified in the approved impact plan is providing or is preparing to provide an additional service or facility provided for in the approved impact plan, the board shall pay to that local government unit in one sum or in parts the money from the hard-rock mining impact fund identified in the plan as the increased cost to the local government unit of providing that public service or facility.

(10) If it is determined that an objection filed by an affected local government unit under subsection (3) is valid, the local government unit shall be awarded and the developer shall pay reasonable costs and attorney fees associated with any appeals filed under this section. Any attorney fees and costs awarded shall be in addition to any amounts paid by the developer under [sections 2 through 11].

Section 9. **Permit procedure and review of impact plan to run concurrently.** It is intended that the procedure for fulfilling the permit

HeinOnline -- 1981 vol. II 1442 1981

requirement of 82-4-335 and the review of the impact plan by the board under [section 8] are to run concurrently.

Section 10. **Tax prepayment — large-scale mineral development.** (1) After permission to commence operation is granted by the appropriate governmental agency, and upon request of the board of county commissioners of a county in which a facility is to be located, a person intending to construct or locate a large-scale mineral development in this state shall prepay property taxes in an amount equal to at least three times the estimated property tax due the year the large-scale mineral development facility commences operation. This prepayment shall exclude the 6-mill university levy and may exclude the mandatory county levy for the school foundation program of 40 mills.

(2) The person who is to prepay under this section shall not be obligated to prepay the entire amount established in subsection (1) at one time. Upon request of the governing body of an affected local government unit, the person shall prepay the amount shown to be needed from time to time as determined by the board.

(3) The person who is to prepay shall guarantee to the hard-rock mining impact board, with appropriate bank guaranties as may be required by the board, that property tax prepayments will be paid as needed for expenditures created by the impacts of the large-scale mineral development.

(4) When the mineral development facilities are completed and assessed by the department of revenue, they shall be subject during the first 3 years and thereafter to taxation as all other property similarly situated, except that in each year after the start of production, the local government unit that received a property tax prepayment shall provide for repayment of prepaid property taxes in accordance with subsection (5).

(5) A local government unit that received all or a portion of the property tax prepayment under this section shall provide for repayment according to the following procedure:

(a) In each year after the commencement of mining, the local government shall:

(i) divide its budget by the average mill levy of its jurisdiction during the 3 years immediately preceding commencement of mining operations, to arrive at a taxable valuation needed to fund its budget using the average 3-year mill levy;

(ii) reduce the taxable valuation of property of a person who prepaid property taxes by the excess, if any, of the total taxable value of the taxing jurisdiction including the person's property over the taxable value determined under subsection (5)(a)(i), but in no case by an amount greater than the taxable value of the person's property.

(b) The reduction in taxable value, if any, determined under subsection (5)(a)(ii) times the average mill levy used in subsection (5)(a)(i) equals the property tax prepayment credit allowed for the taxable year for that local government unit. Any local government unit not receiving a payment shall

HeinOnline -- 1981 vol. II 1443 1981

not be affected by this section and no reduction in value shall be used in the computation of taxes due that unit of local government. In no event shall the credit allowed under this act extend more than 10 years beyond the date the prepayment is made under this section.

(c) The procedure established under subsection (5)(a) shall continue from year to year until the total credit allowed the person who prepaid property taxes equals the total property taxes prepaid.

Section 11. **Education impact bonds.** (1) When the need for new school facilities is determined, the owners of a large-scale mineral development may enter into a written agreement with the trustees of a school district that has the burden for the issuance of bonds to cover the cost of such new construction. The trustees of a school district may execute a written agreement with the owner of a large-scale mineral development for the issuance of any special industrial educational impact bonds provided for in this section.

(2) The agreement with the owners of a large-scale mineral development shall provide for a payment guarantee, in addition to the taxes imposed by the school district on property owners generally, of the principal and interest on the bonds provided for in this section. Payment will then be made by an annual special tax levy on the property of the large-scale mineral development sufficient to retire the principal and interest on these special impact bonds. The bonds shall not be an obligation of the trustees or the school district.

(3) The debt limits set forth in 20-9-406 and the provisions of 20-9-410 and 20-9-421 through 20-9-432, inclusive, do not apply to bonds issued in accordance with this section. The interest on such bonds shall not be subject to state taxes.

Section 12. Section 15-16-201, MCA, is amended to read:

"15-16-201. Tax prepayment — new industrial facilities. (1) A person intending to construct or locate a major new industrial facility, as defined in subsection (2) of this section, shall upon request of the board of county commissioners of the county in which the facility is to be located, prepay, when permission is granted to construct or locate by the appropriate governmental agency, an amount equal to three times the estimated property tax due the year the facility is completed. The person who is to prepay under this section shall not be obligated to prepay the entire amount at one time but, upon request of the board of county commissioners of the county, shall prepay only that amount shown to be needed from time to time. To assure this payment or payments, the person who is to prepay shall guarantee to the board of county commissioners and also have a bank or banks guarantee that these amounts will be paid as needed for expenditures created by the impact. When the facility is completed and assessed by the department of revenue, it shall be subject during the first 3 years and thereafter to taxation as all other property similarly situated, except that one-fifth of the amount prepaid shall be allowed as a credit against property taxes in each of the first 5 years after the start of productive operation of the facility.

HeinOnline -- 1981 vol. II 1444 1981

(2) A major new industrial facility is a manufacturing or mining facility *other than a large-scale mineral development as defined in [section 3(4)]* which will employ on an average annual basis at least 100 people in construction or operation of the facility and which will create a substantial adverse impact on existing state, county, or municipal services."

Section 13. Section 82-4-335, MCA, is amended to read:

"82-4-335. Operating permit. *(1)* No person shall engage in mining or disturb land in anticipation of mining in the state without first obtaining an operating permit from the board to do so. A separate operating permit shall be required for each mine complex. Prior to receiving an operating permit from the board, any person must pay the basic permit fee of $25 and must submit an application on a form provided by the board, which shall contain the following information and any other pertinent data required by the rules:

(a) name and address of the operator and, if a corporation or other business entity, the name and address of its principal officers, partners, and the like and its resident agent for service of process, if required by law;

(b) minerals expected to be mined;

(c) a proposed reclamation plan;

(d) expected starting date of mining;

(e) a map showing the specific area to be mined and the boundaries of the land which will be disturbed, topographic detail, the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area, location of proposed access roads to be built and the names and addresses of the surface and mineral owners of all lands within the mining area, to the extent known to applicant;

(f) types of access roads to be built and manner of reclamation of road sites on abandonment; and

(g) a plan of mining which will provide, within limits of normal operating procedures of the industry, for completion of mining and associated land disturbances.

(2) Except as provided in subsection (3), the permit provided for in subsection (1) for a large-scale mineral development as defined in [section 3] shall be conditioned to provide that mining may not commence until the hard-rock mining impact board approves the impact plan under [section 8] and until the permittee has provided a written guarantee to the department and to the hard-rock mining impact board of compliance within the time schedule with the commitment made in the impact plan approved by the hard-rock mining impact board, as provided in [section 8]. If the permittee does not comply with that commitment within the time scheduled, the board, upon receipt of written notice from the hard-rock mining impact board, shall suspend the permit until it receives written notice from the hard-rock mining impact board that the permittee is in compliance.

HeinOnline -- 1981 vol. II 1445 1981

(3) Compliance with [section 8] is not required for exploration and bulk sampling for metallurgical testing when the aggregate samples are less than 10,000 tons."

Section 14. **Coordination.** (1) If the department of commerce has not been created by executive order on the effective date of [this act] then the hard-rock mining impact board is allocated to the department of community affairs for administrative purposes until the department of commerce is created or until July 1, 1981, whichever is earlier.

(2) If Senate Bill 344 is passed and approved:

(a) the hard-rock mining impact board created by [section 1] is replaced with the hard-rock mining impact board created by [section 12 of senate bill 344].

(b) subsection 1 of [section 3] shall read:

""Board" means the hard-rock mining impact board established in [section 12 of senate bill 344]."

(c) [Section 4] is replaced with [section 16 of senate bill 344].

(d) [Section 5] is replaced with [section 14 of senate bill 344].

(e) [Section 7] is replaced with [section 18 of senate bill 344].

(f) [Section 6], [section 13], and subsections (2) and (8) of [section 8] shall not become effective.

(g) The senate standing committee amendment 30 be amended to read:

"Page 13, line 14.

Following: line 13

Insert: "(6) The developer shall, within 30 days of receipt of the approved impact plan, provide the board with a written guaranty that the developer will make all the payments to the board required in the approved impact plan and according to the time schedule contained in the approved impact plan.

(7) The board shall deposit all payments received from the developer into the hard-rock mining impact account established by [section 5].

(8) The board shall notify the department of state lands of its receipt of the written guaranty of payment, of each required payment, and of any failure of the developer to comply with this section.

(9) Upon receipt of evidence that an affected local government unit identified in the approved impact plan is providing or is preparing to provide an additional service or facility provided for in the approved impact plan, the board may pay to that local government unit in one sum or in parts the money from the hard-rock mining impact fund identified in the plan as the increased cost to the local government unit of providing that public service or facility.

(10) If it is determined that an objection filed by an affected local government unit under subsection (3) is valid, the local government unit shall

HeinOnline -- 1981 vol. II 1446 1981

Each such contract may be unilaterally terminated by the state, and each contract shall so provide upon refusal of the nonstate entity to allow access to records necessary to carry out the legislative audit and analysis functions set out in Title 5, chapters 12 and 13.

The department of highways is directed to:

(1) Develop and institute a comprehensive construction project planning system. This system will be operational no later than July 1, 1985, and will be the basis for:

(a) project scheduling
(b) project monitoring
(c) manpower planning
(d) work measurement and evaluation
(e) cash flow projections
(f) long- and short-range construction goals; and
(g) budget preparation.

(2) Utilize the partial funding method for construction projects.

(3) Institute a cash forecasting system to minimize cash reserves.

(4) Maintain a surplus of completed construction plans in order to obligate and expend the maximum amount of federal dollars available for construction during the biennium.

(5) Submit to the 1983 legislature a construction work plan for the 1985 biennium that is detailed by year, project phase, and fund. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1985 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year, fund, and project phase.

(6) Institute a maintenance management system for the maintenance division that incorporates equipment needs and usage. This system will be operational no later than July 1, 1985.

(7) Conduct a thorough assessment of equipment needs based on maintenance needs by geographic area.

(8) Submit to the 1983 legislature a maintenance work plan for all operational systems that ties directly to the maintenance division budget request for the 1985 biennium.

(9) Report quarterly to the legislative finance committee regarding the progress of the above-mentioned items.

Should additional federal money become available during the 1983 biennium for highway construction, highway earmarked funds shall be budget amended to the extent of matching requirements.

The Helena headquarters van pool project administered by the department of highways may continue in operation and is to be operated on a self-supporting basis.

Funds may be transferred between line items 1, 3, 4, 5, 6, 7, and 8 to reflect actual personal service expense. No other transfers between line items may be made. This is not to be construed as permitting the transfer of full-time equivalent employees between programs, nor may there be an increase in the total number of appropriated full-time equivalent employees.

The conservation education program is funded.

The maintenance division is directed to establish a separate revolving account to reflect collections and expenditures related to damaged structures. One million dollars per year in highway earmarked funds will be replaced with revolving authority.

If appropriated funds are not sufficient to provide medical care for all eligible persons, the department shall use the following priorities in keeping expenditures within appropriations:

Total Vocational-Technical Centers	4,415,877	2,747,824	5,020,947	3,052,001

The superintendent of public instruction may transfer funds between personal services, operations, and equipment within each vocational-education center or between vocational-education centers. The intent of the legislature is that these appropriated funds not provide for salary increases at the vocational-education centers above the state pay plan for fiscal years 1982 and 1983.

Receipt of state funds appropriated to the five technical centers is contingent upon each county in which the center resides levying 1.5 mills each fiscal year. Millage received by the centers from the 1.5 mill levy over $765,101 in fiscal 1982 and $804,733 in fiscal 1983 will revert a like amount to the general fund each year.

Item 6 is to be distributed to the Billings center if CETA funds are not available to the center in fiscal 1982.

All funds, other than plant funds and those specifically appropriated herein, may be spent and are appropriated contingent upon approval by the board of regents by July 1 of each year of a comprehensive program budget containing a detail of revenues and expenditures and anticipated fund balances of current funds, loan funds, and endowment funds. All movement of funds between the current unrestricted subfund and the designated subfund accounting entities shall be clearly identified in the state budgeting and accounting system.

Programs for the university budgets include instruction, organized research, public service, academic support, student services, institutional support, and operation and maintenance of plant.

Included within other appropriated funds to the six institutions is the sum of $12,488,450 in fiscal year 1982 and $13,579,452 in fiscal year 1983 from revenues generated under the provisions of House Bill 191, 46th legislature.

The amounts shown for critical area faculty salary adjustments are appropriated to the colleges and universities contingent upon approval by the board of regents of a salary distribution plan or negotiated agreement for each campus. It is the legislature's intent that the critical area faculty salary adjustment funds be expended in those academic disciplines where difficulty is experienced recruiting or retaining faculty due to external market conditions.

appropriated to a capital project within an agency in order to increase the appropriations of another capital project within that agency or to obtain financing to expand a project with funds which were not available for consideration by the legislature.

(4) "BPICA" means account number 06142 in the bond proceeds and insurance clearance fund; "FPRA" means federal and private revenue account; "ERA" means earmarked revenue account; and "other appropriated funds" means money other than general fund or BPICA money that accrues under provisions of law to an agency indicated herein.

CHAPTER 3
Legislative Employees

3-1. The legislature shall prescribe the compensation of the employees of each house by joint resolution. (ii) errors in numbering sections

(iii) adding or deleting underlining or lines through matter to be stricken

HeinOnline -- 1981 vol. II 1536 1981

A person may not represent himself to be a legislative aide unless he carries such identification. The sergeants-at-arms and doorkeepers shall enforce this rule. Legislative aides must be of legal age unless otherwise approved by the presiding officer.

No member may designate more than one aide without the approval of the Rules Committee of the house involved.

Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

3-12. An employee, legislative aide, or legislative intern of either house is prohibited from lobbying as defined in Section 5-7-102(1), MCA. However, such person may testify before a committee of either house on the request of the committee. Any person violating this rule shall be discharged.

HeinOnline -- 1981 vol. II 1537 1981

(7) First reading and commitment of bills

(8) Second reading of bills (Committee of the Whole)

(9) Third reading of bills and consent calendar bills

(10) Unfinished business

(11) Special orders of the day

(12) Announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the house involved shall revert to Order of Business No. 1 when reconvening after a recess.

CHAPTER 5
Motions

5-1. When a motion is made it shall be restated by the presiding officer, and, if requested by the presiding officer or a member, shall be reduced to writing and read aloud. A motion may be withdrawn by the member making it at any time before it is amended or voted upon.

5-2. When a question is under debate no motion may be made except the following privileged and subsidiary motions which have precedence in the order listed:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) question of privilege

(5) to lay on the table

(6) for the previous question

(7) to postpone to a certain day

(8) to refer or commit

(9) to amend

(10) to postpone indefinitely.

A question may be indefinitely postponed by a majority roll call vote of all members present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration made pursuant to Rule 5-4.

5-3. No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

5-4. Any member may, on the day the vote was taken or on the next day the house in which the action was taken is in session, move to reconsider the question. A motion to reconsider may not be withdrawn after

HeinOnline -- 1981 vol. II 1538 1981

such next legislative day without the unanimous consent of the house concerned, and thereafter any member may call it up for consideration; however, a motion to reconsider made after the fifty-fourth day of the session shall be disposed of when made. A motion to recall a bill from the other house constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the other house may be made only under Order of Business No. 6, and under that order of business takes precedence over all motions except motions to recess or adjourn.

5-5. When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

5-6. (1) Except as provided in subsection (2) of this rule, the effect of moving the previous question, if adopted, is to close debate immediately, to prevent the moving of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

5-7. A call of the house is not in order after the previous question is ordered, unless it appears upon an actual count by the presiding officer that a quorum is not present.

5-8. The following motions are not debatable:

(1) to adjourn

(2) for a call of the house

(3) to recess

(4) for parliamentary inquiry

(5) for suspension of the rules

(6) to lay on the table

(7) for the previous question

(8) to limit, extend the limits of, or to close debate

(9) to amend an undebatable motion

(10) to divide a question

(11) to pass business in Committee of the Whole

(12) to take from the table

(13) a decision of the presiding officer, unless appealed or unless he submits the question to the house for advice or decision

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

HeinOnline -- 1981 vol. II 1539 1981

5-9. A member may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

5-10. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

CHAPTER 6

Bills and Resolutions

A. Form of Bills — Definition of Resolutions — General Provisions

6-1. The only types of instruments other than bills which may be introduced in either house of the legislature are as follows:

(1) A simple resolution is a formalized motion passed by one house only and bears the heading "House Resolution" or "Senate Resolution". It may be used only to adopt or amend the rules of one house or to provide for the internal affairs of the house adopting it. It does not require three readings or a roll call vote. A member offering a simple resolution may read it in his place before introduction. When a simple resolution has been introduced, it shall be referred to a committee. Final action shall be taken on the Committee of the Whole report. The transmittal of copies of simple resolutions is the responsibility of the chief clerk or secretary of the house of origin.

A copy of every simple resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

(2) A joint resolution must be adopted by both houses and is not approved by the governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt or amend the joint rules;

(d) set salaries and other terms of employment for Legislative employees;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(g) submit a negotiated settlement under section 39-31-305(3), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution; and

(j) direct changes to, repeal, or direct adoption of a rule in the Montana Administrative Code. Except as otherwise provided in these rules or

HeinOnline -- 1981 vol. II 1540 1981

the Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

A copy of every joint resolution is to be transmitted after adoption to the secretary of state by the secretary of the Senate or chief clerk of the House.

6-2. All bill drafting requests shall require a legislative sponsor. Bills shall be typewritten on paper eight and one-half by eleven inches with twenty-five numbered lines, and shall be introduced in quadruplicate. Bills shall be numbered at the foot of each page (except page one) and shall have white covers of a substantial material. In sections amending existing statutes, matter to be stricken out shall be indicated with a line through the words or part to be deleted, and new matter shall be underlined. Sections of the Montana Code Annotated repealed or amended in a bill shall be stated in the title except for general appropriation bills and bills for the codification and general revision of the laws. Introduced bills will be reproduced on white paper and distributed to legislators.

6-3. No bill, except general appropriation bills, and bills for the codification and general revision of the laws, shall contain more than one subject, which shall be clearly expressed in the title. The enacting clause of every law shall be as follows: "Be it enacted by the legislature of the state of Montana".

A bill shall be used to propose amendments to the Constitution of the State of Montana and shall not be subject to the veto of the governor (Montana Constitution, Art. VI, Sec. 10(1)).

6-4. All appropriation bills shall originate in the House of Representatives.

The general appropriation bills shall embrace nothing but appropriations for the ordinary expenses of the legislative, executive, and judicial branches of state government, interest on public debt and for public schools. All other appropriations shall be made by separate bills, each embracing but one subject (Montana Constitution, Art. V, Sec. 11(4)). Appropriation bills for the operation of the legislature shall be introduced by the chairman of the House Committee on Appropriations.

6-5. Every statute, unless a different time is prescribed therein, takes effect on the first day of July of the year of its passage and approval. Every joint resolution, unless a different time is prescribed therein, takes effect from its passage (Sections 1-2-201 and 1-2-202, MCA).

B. Introduction

6-6. (1) A legislator may not request more than five bills from the Legislative Council nor may a legislator introduce more than five bills. This limit does not apply to:

(a) bills requested prior to the convening date of each session;

(b) interim committee bills;

(c) state agency bills;

HeinOnline -- 1981 vol. II 1541 1981

(d) code commissioner bills;

(e) resolutions;

(f) standing committee bills;

(g) appropriation bills; or

(h) revenue bills.

(2) Bills and joint resolutions will be checked by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. Bills will be entered on the automated bill drafting equipment, typed, and delivered in quadruplicate to the requesting legislator. A stamp shall be affixed to the original bill cover and signed to indicate Council review. If such stamp is not affixed, the bill may not be introduced.

(3) During a session a bill may be introduced by endorsing it with the name of a member and presenting it to the chief clerk or secretary in quadruplicate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill shall be introduced in the house in which the legislator whose name appears first on the bill is a member. The chief joint sponsor's name shall appear immediately to the right of the first sponsor's name. Bills, joint resolutions, and simple resolutions shall be numbered consecutively in each session of the legislature in separate series in the order of their receipt.

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department shall be so indicated following the names of the sponsors, "By Request of the ..... (Name of Agency or Committee)".

(5) Bills may be prefiled, numbered, and preprinted prior to a legislative session by the staff of the Legislative Council. Actual signatures may appear on the face of the prefiled bill or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name typed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

All prefiled bills will be made available to the public.

(6) Before introduction a joint resolution described in Joint Rule 6-1(2)(a) must be approved by the joint rules committee and each simple resolution must be approved by the rules committee of the house introducing it. A stamp indicating such approval shall be affixed to the cover of the resolution before presentation to the chief clerk of the House or secretary of the Senate.

6-7. The following schedule must be followed for submission of drafting requests and introduction of bills and resolutions.

HeinOnline -- 1981 vol. II 1542 1981

	Request Deadline 5:00 P.M. Legislative Day	Introduction Deadline 5:00 P.M. Legislative Day
General Bills and Resolutions	10	14 (or 2 legislative days after delivery if delivery is after 14th day)
Revenue Bills	17	21
Committee Bills and Resolutions	36	40
Committee Revenue Bills	62	66
Appropriation Bills	No deadline	No deadline
Interim Study Resolutions	No deadline	No deadline
Joint Resolutions Concerning Administrative Rules	No deadline	No deadline

6-8. No bill may be introduced or received in a house after that house has finally rejected a bill during that session designed to accomplish the same purpose save upon approval by the rules committee of the house in which the bill is offered for introduction or reception.

Failure to override a veto does not constitute final rejection.

6-9. At least three-fourths of a standing committee must consent to the introduction of a committee bill.

C. First Reading and Referral

6-10. No motion affecting a bill is in order on its first reading except as provided in Joint Rule 6-6.

Upon introduction or reception of a bill, the chief clerk of the House or the secretary of the Senate shall publicly post upon a listing that bill by a summary of its title in the house of origin and by a summary of its title and by its history in the second house, together with a notation of the committee to which it has been assigned, and such posting shall constitute the first reading of the bill.

6-11. No bill shall be considered or become a law unless referred to a committee and returned therefrom.

6-12. Upon introduction or reception of a bill, it shall be referred to a committee by the presiding officer.

6-13. A bill may be rereferred at any time before its passage.

D. Amendments and Substitute Bills

6-14. No law shall be revised or amended, or the provisions thereof extended by reference to its title only, but so much thereof as is revised, amended or extended shall be reenacted and published at length.

6-15. No law shall be passed except by bill, and no bill shall be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

6-16. A committee may recommend that every clause in a bill be changed and that entirely new matter be substituted so long as the new

HeinOnline -- 1981 vol. II 1543 1981

matter is relevant to the title and subject of the original bill. A substitute bill shall be considered as an amendment and not as a new bill.

6-17. The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the bill following the enacting clause and to substitute the new bill, recommending also any necessary changes in the title. If a committee report recommending a substitute for a bill originating in the other house is adopted, the substitute bill shall be printed.

6-18. Amendments to a bill by the second house shall not be further amended by the house in which the bill originated, but must either be accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated.

6-19. If a majority of a house adopts a recommendation for the passage of a bill originating in that house after it has been returned from a committee with amendments, not less than six hundred copies of the bill shall be printed on yellow paper with all amendments incorporated into the printed copies. If the bill has been returned from a committee without amendments, only the first sheet shall be printed on yellow paper, and the remainder of the text incorporated by reference to the preceding printed version of the entire bill. Bills referred to the bills committee of the house of origin for printing must be reported within three days unless further time is granted by that house.

E. Engrossing and Enrolling

6-20. When a bill has been reported favorably by Committee of the Whole of the house of origin and the report has been adopted, the bill shall be engrossed under the direction of the bills committee, and when reported correctly engrossed by the committee shall be placed on the calendar for third reading on the succeeding legislative day. Committee of the Whole amendments shall be included in the engrossed bill. Copies of the engrossed bill to be distributed to legislators will be reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without retyping, and only the first sheet shall be printed on blue paper with the remainder of the text incorporated by reference to the preceding printed version of the entire bill.

If a bill is amended by the standing committee or Committee of the Whole in the second house, the amendments will be included in a reference bill and distributed in the second house for third reading consideration. The amendments will also be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments will be distributed in the original house.

6-21. When a bill has passed both houses it shall be enrolled under the direction of the bills committee of the house of origin. An original and two duplicate typewritten copies of the bill shall be enrolled, free from all corrections and errors, with a margin of two inches at the top and one inch on each side, with twenty-five unnumbered lines to the page. In sections

HeinOnline -- 1981 vol. II 1544 1981

amending existing statutes new matter shall be underlined, and matter stricken with a line through it shall be omitted. The typewriting shall be done with a black record ribbon, pica type, on paper eight and one-half inches wide and eleven inches long. The original and two copies of the bill shall be red lined. The history of the bill shall also be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. A copy of the history shall be filed with the law library.

When the enrolling has been completed, the bill shall be examined by the sponsor and the bills committee and reported correctly enrolled.

The correctly enrolled bill shall be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day in which event it shall be signed that day. The fact of signing shall be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he shall be permitted to do so. The bill shall then be transmitted to the other house where the same procedure shall be followed.

A bill that has passed both houses of the legislature by the ninetieth day may be enrolled; clerically corrected by the presiding officers, if necessary; signed by the presiding officers; and delivered to the governor not later than 5 days after the ninetieth legislative day. All journal entries authorized under this rule will be entered on the journal for the ninetieth day.

The original and two copies signed by the presiding officer of each house shall be presented by the bills committee to the governor. The bills committee shall take a receipt from the governor and shall report to the house the day and hour of such presentation, which shall be entered in the journal. The original shall be filed with the secretary of state. Signed copies with chapter numbers assigned pursuant to Section 5-11-204, shall be filed with the clerk of the supreme court and the Legislative Council.

F. Second Reading — Committee of the Whole

6-22. All bills, except consent calendar bills, which have been reported by a committee, accepted by the house concerned and printed, shall be posted on the calendar for consideration by Committee of the Whole. The secretary of the Senate or chief clerk of the House shall record the time each bill is received and the time the bill is placed on members' desks. Until the fiftieth legislative day, one day must elapse between the time a committee approved bill is placed on the members' desks and consideration by Committee of the Whole. Bills shall be arranged on the calendar in numerical order unless they are companion bills or are otherwise ordered by the house or Committee of the Whole of the house concerned.

6-23. Every bill considered in Committee of the Whole shall be read by a summary of its title and considered section by section.

All Committee of the Whole amendments shall be prepared and delivered to the clerk for reading before the amendment is voted on. The

HeinOnline -- 1981 vol. II 1545 1981

amendment form will include the date and time of the amendment. Each rejected proposed amendment shall be identified and kept in the office of the chief clerk of the House or secretary of the Senate. Upon adjournment, the text of such amendments shall be delivered to the state archives.

6-24. Prior to adoption of a Committee of the Whole report, a member may move to segregate a bill. If the motion prevails, the bill remains on second reading.

6-25. When a Committee of the Whole report on a bill is rejected the bill shall remain on second reading.

6-26. Either house may resolve itself into a Committee of the Whole by approval of a motion for that purpose. So far as may be applicable, the rules governing each house shall be observed when that house resolves itself into a Committee of the Whole, except as follows:

(1) The only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

(2) The committee may not appoint subcommittees.

(3) The committee may not punish its members for misconduct, but may report disorder to the house concerned.

(4) Unless otherwise prescribed by either house before going into Committee of the Whole, a member may speak as often as he is recognized and for as long each time as is allowed in debate in the particular house.

6-27. After a Committee of the Whole has been formed, the presiding officer shall appoint a chairman to preside. Upon resuming the chair, the presiding officer shall receive the report of the chairman of the committee and the house shall take action on the report.

G. Third Reading — Consent Calendar — Governor's Veto

6-28. No bill shall become a law except by vote of a majority of all the members present and voting in each house, nor unless on its final passage the vote be taken by ayes and noes, and the names of those voting be entered on the journal (Montana Constitution, Art. V, Sec. 11(1) and (2)).

Any vote in one house on a bill proposing an amendment to the Montana State Constitution where the mathematical possibility exists of obtaining the necessary two-thirds vote of the legislature will cause the bill to progress as though it had received the majority vote.

HeinOnline -- 1981 vol. II 1546 1981

6-29. Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules. The first reading shall be as prescribed in Joint Rule 6-10; the second prior to debate in Committee of the Whole; and the third, which shall be by complete title, prior to final passage. No bill shall receive more than one reading on the same day except on the last legislative day. No amendment may be offered on the third reading.

6-30. (1) Each bill passed by the legislature, except bills proposing amendments to the Montana Constitution, bills ratifying proposed amendments to the United States Constitution, resolutions, and referendum measures of the legislature, shall be submitted to the governor for his signature. If he does not sign or veto the bill within five days after its delivery to him if the legislature is in session or within twenty-five days if the legislature is adjourned, it shall become a law. The governor shall return a vetoed bill to the legislature with a statement of his reasons therefor.

(2) The governor may return any bill to the legislature with his recommendation for amendment. If the legislature passes the bill in accordance with the governor's recommendation, it shall again return the bill to the governor for his reconsideration. The governor shall not return a bill for amendment a second time.

(3) If after receipt of a veto message, two-thirds of the members present approve the bill, it shall become law.

(4) If the legislature is not in session when the governor vetoes a bill, he shall return the bill with his reasons therefor to the legislature as provided by law. The legislature may reconvene to reconsider any bill so vetoed.

(5) The governor may veto items in appropriation bills, and in such instances the procedure shall be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

6-31. Upon receipt of a veto message the presiding officer shall read the message. After the reading a member may move that the governor's veto shall be overridden. A vote on the motion shall be determined by roll call. If two-thirds of the members present vote "aye" the veto is overridden. If two-thirds of the members present do not vote "aye" the veto is sustained.

6-32. If the governor returns a bill to the originating house with his recommendations for amendment, such house shall reconsider the bill under its rules relating to amendment offered in Committee of the Whole. The bill is then subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the governor's recommendations.

(b) If both houses approve the governor's recommendations the bill shall be returned to the governor for his reconsideration.

HeinOnline -- 1981 vol. II 1547 1981

(c) If both houses disapprove the governor's recommendations the bill shall be returned to the governor for his reconsideration.

(d) If one house disapproves the governor's recommendations and the other house approves, then either house may request a conference committee which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report shall be returned to the governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses the governor's recommendations shall be considered not approved and the bill shall be returned to the governor for further consideration.

H. Transmittal of Bills

6-33. Each house shall transmit to the other with any bill all relevant papers. When a house bill is transmitted from the House of Representatives to the Senate, the secretary of the Senate shall give a dated receipt for the bill to the chief clerk of the House. When a Senate bill is transmitted to the House of Representatives, the chief clerk of the House shall give a dated receipt to the secretary of the Senate.

6-34. No bills, except for appropriation bills, revenue bills and amendments considered by joint committee need to be acted upon (save for reference to a committee by the presiding officer) if transmitted from one house to the other after the forty-fifth legislative day, but shall be held pending in the house to which it is transmitted unless two-thirds of the members present and voting shall determine that the bill shall be acted upon. Amendments, except to appropriation bills and revenue bills, shall likewise be deferred for consideration if transmitted after the seventieth legislative day thereof.

A revenue bill is one which would either increase or decrease tax collections.

Appropriation and revenue bills shall be transmitted from the original house on or before the seventieth day unless two-thirds of the members present and voting in the receiving house shall determine that the bill may be transmitted after the seventieth day.

6-35. When a bill has received its third reading or has been rejected, the house that considered the bill shall as soon as possible transmit it to the other house with notice of its action.

6-36. All bills reported out of a committee of the legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, shall include a fiscal note incorporating an estimate of such effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes shall be requested by the presiding officer of either house, who shall determine the need for the note at the time of introduction, based on the Legislative Council staff recommendation.

HeinOnline -- 1981 vol. II 1548 1981

The state budget director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note and shall return the same within six days, unless further time is granted by the presiding officer or committee making the request based upon a written statement from the budget director that additional time is necessary to properly prepare the note.

A completed fiscal note shall be submitted by the budget director to the presiding officer who requested it, who shall refer it to the committee considering the bill. All fiscal notes shall be printed and placed on the members' desks.

Fiscal notes shall, where possible, show in dollar amounts the estimated increase or decrease in revenues or expenditures, costs which may be absorbed without additional funds, and long-range financial implications. No comment or opinion relative to merits of the bill shall be included; however, technical or mechanical defects may be noted.

A fiscal note also may be requested on a bill and on an amendment by:

(1) a committee considering the bill, or

(2) a majority of the members of the house in which the bill is to be considered, at the time of second reading, or

(3) the chief sponsor through the presiding officer.

The budget director shall make available on request to any member of the legislature all background information used in developing a fiscal note (Title 5, chapter 4, part 2, MCA).

CHAPTER 7
Committees

7-1. The committee on legislative administration of each house shall consider all matters concerned with seating, mileage and expenses, legislative employees, the control of the legislative property, and the budgeting for and expenditure of appropriations for the operation of the legislature, in cooperation with the Legislative Council staff.

7-2. A standing committee shall submit a written report in triplicate on all bills or matters referred to it within seven days after reference, unless at the request of the committee and for good cause shown, further time is granted by the house concerned.

7-3. If the members of a committee cannot agree on a report, the majority and minority of the committee present at a committee meeting may submit separate reports. Only one minority report may be submitted. Such reports shall be entered at length on the journal, unless otherwise ordered by the house concerned.

7-4. All committees and subcommittees shall keep minutes of their meetings and, at the close of the session, shall make an original and two complete copies and shall turn the original of the minutes over to the chief clerk of the House or secretary of the Senate for delivery to the historical society. The Legislative Council and the law library shall each be given one copy of the minutes.

HeinOnline -- 1981 vol. II 1549 1981

7-5. The committee on bills and journal, the rules committee, and conference committees may report at any time, except during a call of the house or when a vote is being taken. Reports from the bills and journal committee shall stand approved without formal action.

7-6. All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately. Meetings of the joint committee shall be held upon call of the chairman of the House Committee on Appropriations who shall be chairman of the joint committee.

7-7. The chairman of each committee has general control and direction of the hall and committee room of the committee over which he presides, subject to the control of the presiding officer under Rule 1-3. Except as provided in Joint Rule 7-6, the chairman of the Senate committee shall be chairman of all joint committees.

7-8. If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the Senate and the House of Representatives cannot agree, the other house shall appoint a committee consisting of the same number of members. The time and place of all conference committee meetings shall be agreed upon by their chairman and be announced from the rostrum. This announcement is in order at any time. Failure to make this announcement shall not affect the validity of the legislation. The conference committees, having conferred, shall report to their respective houses the result of their conference. A conference committee shall confine itself to the disputed amendment.

If either house requests a free conference committee and the other house concurs, appointments will be made the same as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

7-9. In joint committees other than conference committees, members vote individually and not by houses. Because conference committees are joint meetings of separate committees, in conference committees the committees from each house vote separately, and a majority of each committee must agree before any action may be taken.

7-10. Conference committee reports must give clerical instructions for enrolling by referring to the reference bill version.

When a conference committee report is filed with the secretary or clerk the same shall be read under Order of Business No. 3, select committees, and placed on the calendar for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day. On the final legislative day a conference committee report shall be placed on the calendar for immediate consideration on second reading and shall be further considered on third reading the same legislative day.

7-11. Accredited press representatives may not be excluded from any public legislative meeting or hearing and may not be prohibited from

HeinOnline -- 1981 vol. II 1550 1981

taking photographs, televising, or recording the committee or house hearings, subject to the discretion of the presiding officer in all matters of decorum and order.

7-12. A committee block scheduling system will be implemented in the Senate and House of Representatives. The schedule will be coordinated between houses and will be adjusted according to the legislature's work load.

CHAPTER 8
Rules and Journal

8-1. Each house shall keep a journal of its proceedings, and may, in its discretion, from time to time, publish the same, and the ayes and noes on any question shall, at the request of any two members, be entered on the journal.

8-2. The proceedings of each house which shall be entered on its journal include:

(1) the number of each bill when it is introduced and subsequently considered; the title of each bill shall be printed in the index of the permanent journals.

(2) every motion and the name of the member making it;

(3) proposed constitutional amendments which have been voted for by two-thirds of the members (Montana Constitution, Art. XIV, Sec. 8);

(4) committee reports;

(5) roll call votes;

(6) messages from the governor and the other house;

(7) an entry of the oath taken by the members (Sec. 5-2-214, MCA).

8-3. The bills and journal committee of each house shall supply the Legislative Council with the contents of the daily journal to be programmed on automated equipment, examine its journal, distribute a daily journal to all legislators, correct any errors, and report each legislative day immediately after roll call.

8-4. The journal of the Senate must be authenticated by the signature of the president, and the journal of the House of Representatives by the signature of the speaker. The distribution of the completed journals shall be made by the Legislative Council (Sec. 5-11-201 through 5-11-203, MCA).

8-5. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any rules committee report recommending a change in joint rules shall be referred to the other house for concurrent action. Any new rule

HeinOnline -- 1981 vol. II 1551 1981

or any change in the rules of either house shall be transmitted to the other house for informational purposes.

8-6. Mason's Manual of Legislative Procedure governs the proceedings of the Senate and House of Representatives in all cases not covered by these rules.

8-7. The Legislative Council shall codify and publish in one volume the rules of the Senate, the rules of the House of Representatives and the joint rules of the Senate and House of Representatives. Upon adoption, the secretary of the Senate and the chief clerk of the House of Representatives shall provide the office of the Legislative Council with one copy of all motions or resolutions amending Senate, House or joint rules, and with copies of all minutes and reports of the rules committees. After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and House of Representatives.

8-8. Pursuant to the authority established in Sections 5-11-211 through 5-11-214, the following fee schedule is established for the legislative proceedings:

One complete set of the proceedings of any regular session, $250; an additional $150 is required for mailing.

One complete set of the proceedings of any special session, $25.

Single copies of bills, resolutions, amendments, status sheets, or other documents may be purchased according to the length of the document as follows:

1-5 pages	$ .25
6-15 pages	$ .50
16-40 pages	$1.00
41-100 pages	$1.50
101-200 pages	$2.00
Over 200 pages	$4.00
Copies of enacted bills	cost of reproduction.

CHAPTER 9
Voting Procedure

9-1. Except as provided in Joint Rule 9-2, every member present when a question is put shall vote unless the house of which he is a member excuses him.

9-2. A member who has a personal or private interest in any measure or bill proposed or pending before the legislature shall disclose the fact to the house of which he is a member.

9-3. Amendments to the constitution may be proposed by any member of the legislature. If adopted by an affirmative roll call vote of two-thirds of all the members of the legislature, the amendment shall be deemed approved by the legislature (Montana Constitution, Art. XIV, Sec. 8).

HeinOnline -- 1981 vol. II 1552 1981

9-4. When a measure requiring the concurrence of two-thirds of the members is under consideration, a majority vote is sufficient to decide any question relating to the measure short of third reading.

9-5. A roll call vote shall be taken on the request of two members, if the request occurs before the vote is taken.

9-6. On a roll call vote the names of the members shall be called alphabetically, unless an electrical voting system is used. A member may not vote or change his vote after the decision is announced from the chair. A member may not explain his vote until after the decision is announced from the chair.

9-7. (1) On third reading the question shall be stated as follows: "Senate (or House) bill number ..... having been read three several times, the question is, shall the bill pass (or be concurred in)."

(2) If an electrical voting system is used, the bell shall be rung after the question is stated and then the presiding officer shall state "Those in favor vote yes and those opposed vote no." After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause) "Does any member wish to change his or her vote?" (reasonable pause) "The clerk (secretary) will now record the vote."

9-8. Two members may pair on a measure that will be determined by a majority vote. On a measure requiring a two-thirds vote for adoption three members may pair, with two members for the measure and one member against. Pairing is permitted only when one of the paired members is excused when the vote is taken.

9-9. An agreement to pair must be in writing and dated and signed by the members agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the secretary of the Senate or chief clerk of the House of Representatives, it shall bind the members signing until the expiration of time for which it was signed, unless the paired members sooner appear and ask that the agreement be cancelled.

9-10. Every vote of each member of the legislature on each substantive question in the legislature, in any committee, or in Committee of the Whole shall be recorded and made public. On final passage of any bill or joint resolution the vote shall be taken by ayes and noes and the names entered on the journal. Roll call votes shall be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole referred to in Joint Rule 6-26(1)(a) through (d). A roll call vote shall be taken on nonsubstantive questions on the request of two members, who may likewise on any vote, request that the ayes and noes be spread upon the journal. Roll call votes and other votes which are to be made public but are not specifically required to be spread upon the journal shall be entered in the minutes of the appropriate committee or of the appropriate house and a copy of such minutes shall be filed with the Montana state historical society (Montana Constitution, Art. V, Sec. 11(2)).

CHAPTER 10
Consent Calendar

10-1. Noncontroversial bills and simple and joint resolutions qualifying for the consent calendar may be processed by a standing committee according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. No appropriation or revenue bills may be recommended for the consent calendar.

(2) The legislation is then sent to printing to be prepared as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation shall be immediately posted (as soon as it is received from printing) on the consent calendar and must remain there for one legislative day before consideration under Order of Business No. 11, Special Orders of the Day. At that time, the presiding officer will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(4) Any three members may submit written objections and the legislation must then be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be voted on following third reading.

(6) Legislation on the consent calendar will be voted on individually with the roll call vote printed in the journal as the final vote on those bills and resolutions.

(7) Legislation passed on the consent calendar will then be transmitted to the second house.

CHAPTER 11
Statement of Legislative Intent

11-1. Definition. For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill will express the common understanding of those components of the legislature voting on the bill. This statement differs from a purpose clause which is used in general to describe the broad overall objectives of a bill while a statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

11-2. Limitation. A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, committee of the whole or conference committee) agrees by a two-thirds vote to attach the statement.

HeinOnline -- 1981 vol. II 1554 1981

11-3. Statement of intent to accompany bill — when — how. A statement shall accompany a bill as follows:

(1) Statements of intent are required for bills delegating rulemaking or licensing authority. The statement shall be entered on ALTER, printed on paper of the same color and in the same manner as the bill, and shall be attached to the bill. The statement shall be printed on paper of the same color as the bill and attached to the bill on all subsequent printings of the bill.

(2) The standing committee of the house in which the bill originates is responsible for authoring a statement of intent for a bill requiring one.

11-4. Modification. Any committee subsequently considering the bill may amend a previous statement. The statement of intent will be reflected in the history of the bill.

11-5. Conference committee on intent only. When the second house concurs in a bill without amendments but supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

A new statement of intent written by the second house will be processed in the same manner as a second house amendment.

A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Approved January 23, 1981.

WHEREAS, the confidentiality requirements of the Internal Revenue Code place substantial administrative and procedural burdens on state agencies seeking information.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Congress of the United States is urged to remove the alcohol fuel producer's permit, the application therefor, and other related nontax information from the confidentiality provisions of the Internal Revenue Code.

SENATE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE REAGAN ADMINISTRATION AND CONGRESS TO FULLY FUND FOREST FIRE PROTECTION ASSISTANCE.

WHEREAS, Montana's forested lands provide revenue and other direct benefits to the state and nation; and

WHEREAS, because of tree mortality due to insect infestations and the existing drought situation, Montana faces the possibility of severe forest fire conditions in 1981; and

WHEREAS, there may be a possibility of obtaining supplemental federal funds for the 1981 fire season (federal fiscal year 1981); and

WHEREAS, the Reagan administration may propose a reduction in the present federal level of financial support to state and local fire forces for the 1982 fire season (federal fiscal year 1982); and

WHEREAS, without sufficient financial support, the state is facing the possibility of massive forest closures to protect Montana's forested lands from fire, which will have a substantial negative impact on the state's economy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Reagan administration and Congress are requested to support full federal funding of forest fire protection assistance at a level of $25,135,000 nationally for federal fiscal year 1982, as authorized under section II of the federal Clarke-McNary Act.

SENATE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF PUBLIC SCHOOL TRANSPORTATION NEEDS, INCLUDING FUNDING AND ELIGIBILITY REQUIREMENTS FOR SUCH TRANSPORTATION.

WHEREAS, section 20-10-101, MCA, requires that any child, to be eligible for transportation provided by the school district, must reside at least 3 miles from the nearest school; and

WHEREAS, urban areas of the state are experiencing sprawl, which results in school children living within 3 miles from school being forced to walk to school along unsafe streets and highways; and

WHEREAS, the 3-mile limit is strictly arbitrary; and

WHEREAS, significant energy conservation would result from providing school bus transportation within 3 miles of schools; and

WHEREAS, only one-third of the school children in the state receive public transportation; and

WHEREAS, taxpayers residing in school districts providing transportation presently are forced to assume the largest share of the cost of such transportation, without receiving a proportionate benefit because of the 3-mile limit; and

WHEREAS, additional and more equitable transportation funding alternatives are needed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study public school transportation needs, including funding and eligibility requirements for such transportation.

SENATE JOINT RESOLUTION NO. 16

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE UNITED STATES CONGRESS TO AMEND PUBLIC LAW 90-583, THE CARLSON-FOLEY ACT OF 1968, TO REQUIRE THE FEDERAL GOVERNMENT TO IMPLEMENT A MANAGEMENT PROGRAM FOR THE PREVENTION, CONTROL, AND CONTAINMENT OF NOXIOUS PLANTS ON LANDS ADMINISTERED BY FEDERAL AGENCIES.

WHEREAS, undesirable plant species, including noxious plants, on lands administered by federal agencies have been and continue to be a major problem in Montana and other western states because they reduce forage needed for livestock production and wildlife and interfere with the forest product industries; and

WHEREAS, certain federal agencies managing public lands have failed to initiate, implement, and fund viable management programs for the prevention, control, and containment of these undesirable plant species; and

WHEREAS, two federal laws of beneficial intent address noxious weed management, Public Law 90-583, the Carlson-Foley Act of 1968, which calls for the destruction of noxious weeds, and Public Law 93-629, the Federal Noxious Weed Act of 1974, which regulates the movement of noxious weeds; and

WHEREAS, neither federal law requires the federal agencies administering public lands to manage for the prevention, control, and containment of undesirable plant species; and

WHEREAS, the management practices of the federal agencies administering these lands are inconsistent with the management practices for undesirable plant species on the existing state, county, and private levels; and

WHEREAS, section 3 of Public Law 90-583, the Carlson-Foley Act of 1968, reads: "There are hereby authorized to be appropriated to departments or agencies of the Federal Government such sums as the Congress may determine to be necessary to carry out the purposes of this Act." However, no appropriations have yet been authorized under this section.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That section 3 of the Carlson-Foley Act of 1968 be replaced with a new section that would read as follows: "The departments or agencies of the Federal Government shall implement and pursue an effective management program for the prevention, control, and containment of noxious plants on lands under their control or jurisdiction."

BE IT FURTHER RESOLVED, that such a management program be in accordance with state and federal weed laws.

HeinOnline -- 1981 vol. II 1561 1981

BE IT FURTHER RESOLVED, that such management program be implemented in cooperation with the state Department of Agriculture or with a state-designated weed control organization.

BE IT FURTHER RESOLVED, that the Secretary of State of the State of Montana send copies of this resolution to the Governor, the Montana Congressional Delegation, the President of the United States Senate, the Speaker of the United States House of Representatives, the chairman of the United States Senate Agriculture, Nutrition, and Forestry Committee, the chairman of the United States House Agriculture Committee, and the chairmen of the House and Senate Agriculture Committees of North Dakota, South Dakota, Wyoming, and Idaho.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE CONGRESS OF THE UNITED STATES TO INCREASE WEED CONTROL AND MANAGEMENT PROGRAMS ON FEDERAL, STATE, AND PRIVATE LANDS AND TO ALLOW FEDERAL LAND MANAGEMENT AGENCIES TO ENTER INTO COOPERATIVE AGREEMENTS WITH STATE AND LOCAL WEED MANAGEMENT AGENCIES.

WHEREAS, the State of Montana is concerned with the management of noxious weeds on private, state, and federal lands; and

WHEREAS, noxious weed infestations in Montana result in an agricultural loss of at least $100 million annually because of weed competition and the consequent reduction in crop production; and

WHEREAS, many acres of federal lands are infested with noxious weeds which reduce grazing capabilities and infest state and private lands that are managed for the control of noxious weeds; and

WHEREAS, a major problem for agriculture and livestock producers is the continuing and, in some cases, increasing infestations of noxious weeds on their lands; and

WHEREAS, county and state agencies and universities are responsibly increasing their weed management efforts in areas of research, education, coordination, and integrated control; and

WHEREAS, certain federal laws, regulations, and policies impede the establishment of cooperative weed management programs between federal land management agencies and state agencies, counties, and private landowners.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1981 vol. II 1562 1981

That the Congress of the United States is requested to amend section 5 of Public Law 95-313, the Cooperative Forestry Assistance Act of 1978, which pertains to insect and disease control on nonfederal forest lands, to include noxious weed control and management through cooperative efforts on federal, state, and private lands.

BE IT FURTHER RESOLVED, that the Congress is requested to allow federal land management agencies to enter into cooperative weed surveillance and control agreements with state and local weed management agencies for providing services and funds.

BE IT FURTHER RESOLVED, that the Congress is requested to increase the funding of weed management programs conducted by federal land management agencies on federal lands.

BE IT FURTHER RESOLVED, that the Montana Department of Agriculture report to the 48th Legislature the status of congressional action with regard to this resolution.

SENATE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA CALLING FOR THE CONGRESS OF THE UNITED STATES TO PROPOSE AND SUBMIT TO THE STATES AN AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES REQUIRING, WITH CERTAIN EXCEPTIONS, A BALANCED FEDERAL BUDGET.

WHEREAS, with each passing year this nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenues; and

WHEREAS, convinced that fiscal irresponsibility at the federal level, with the inflation that results from this policy, is the greatest threat that faces our nation, the Legislature firmly believes that constitutional restraint is vital to bring the fiscal discipline needed to restore financial responsibility; and

WHEREAS, under Article V of the Constitution of the United States, amendments to the federal Constitution may be proposed by the Congress whenever two-thirds of both houses consider it necessary.

HeinOnline -- 1981 vol. II 1563 1981

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Congress of the United States is requested to propose and submit to the states an amendment to the Constitution of the United States requiring that, in the absence of a national emergency, the federal budget be balanced each fiscal year within 4 years after the amendment is ratified by the various states.

(2) That as this resolution is the exercise of a fundamental power of the sovereign states under the Constitution of the United States, it is requested that receipt of this resolution by the Senate and the House of Representatives of the Congress of the United States be officially noted and entered upon their respective records and that the full text of this resolution be published in the official publication of both the Senate and the House of Representatives of the Congress.

(3) That copies of this resolution be sent by the Secretary of State of Montana to the Secretary of State and presiding officers of both houses of the legislatures of each state in the Union, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and to each member of the Montana Congressional delegation.

SENATE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE MONTANA SUPREME COURT TO PREPARE PROPOSED LEGISLATION FOR CONSIDERATION BY THE 48TH LEGISLATURE TO RECONCILE CONFLICTS BETWEEN THE MONTANA RULES OF EVIDENCE AND THE STATUTORY PROVISIONS ON EVIDENCE CONTAINED IN THE MONTANA CODE ANNOTATED.

WHEREAS, The Montana Rules of Evidence were adopted in 1977 by order of the Montana Supreme Court as rules of practice under its authority in Article VII, section 2, of the Montana Constitution; and

WHEREAS, there are numerous statutory provisions in the Montana Code Annotated regarding evidence, particularly in Title 26, chapters 1 through 3; and

WHEREAS, the statutory provisions on evidence, which predate the Montana Rules of Evidence by many decades, in many cases conflict with the Montana Rules of Evidence and should be reconciled with the Montana Rules of Evidence; and

WHEREAS, the Montana Supreme Court would be greatly affected by changes in the statutory provisions on evidence because of the impact of the changes on the practicing bar and the close connection between the

HeinOnline -- 1981 vol. II 1564 1981

statutory provisions on evidence and the Supreme Court-promulgated Montana Rules of Evidence; and

WHEREAS, the Montana Supreme Court has continuing contact with the practicing bar of Montana through the authority granted it by Article VII, section 2, of the Montana Constitution, through the State Bar of Montana, and through the University of Montana School of Law, and these contacts may be used to effectively solicit ideas for necessary changes and to insure notice to the bar regarding the effects of the proposed changes; and

WHEREAS, the Montana Supreme Court Commission on Rules of Evidence, which prepared the Montana Rules of Evidence, is still in existence and has in its membership the qualified persons to effectively study and prepare suggested legislation on evidentiary conflicts in the law, the end product of which could be complementary to the Montana Rules of Evidence; and because the Montana Rules of Evidence have been in effect for 4 years, this would be an advantageous time for the Commission to recommend substantive changes in statutory evidence provisions to make Montana's provisions on evidence modern, effective, and efficient.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That in order to reconcile conflicts between the Montana Rules of Evidence and the statutory provisions on evidence contained in the Montana Code Annotated, the Montana Supreme Court is requested to:

(1) study the conflicts between the Montana Rules of Evidence and current statutory provisions on evidence;

(2) draft legislation for the 48th Legislature to eliminate such evidence conflicts and in connection therewith to propose any substantive changes in statutory provisions on evidence it considers advisable; and

(3) prepare any reports or commission comments it feels would be necessary to explain the suggested legislation.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the Chief Justice of the Montana Supreme Court.

Approved April 6, 1981.

SENATE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONTINUATION OF FEDERAL FUNDING FOR THE MAGNETOHYDRODYNAMICS ENGINEERING TEST FACILITY IN MONTANA.

WHEREAS, utility companies in Montana are considering additional coal-fired steam electric generating plants to supply projected demands for electricity in the early 1990's; and

HeinOnline -- 1981 vol. II 1565 1981

WHEREAS, previous Montana Legislatures have supported the development of magnetohydrodynamics (MHD), recognizing its very high potential to provide electric power in Montana and the nation in a highly efficient, water conservative, and environmentally acceptable manner; and

WHEREAS, the successful development and commercialization of the MHD process will enhance the marketability of Montana's coal resources and will provide substantial economic and energy conservation benefits in Montana, allowing longer utilization of coal reserves; and

WHEREAS, the Component Development and Integration Facility (CDIF) nearing completion south of Butte is an integral part of the nation's MHD research and development program; and

WHEREAS, development of this MHD facility in Butte-Silver Bow is nearing the stage of testing of engineering-scale hardware with the near-certain promise of successful operation; and

WHEREAS, President Reagan recently announced plans to discontinue federal funding for the development of MHD; and

WHEREAS, private utilities and other companies do not have the capital or other technical resources available to them to continue the project; and

WHEREAS, such a termination of funding for MHD would result in a waste of the resources that have been devoted to development of the technology to its present state of near-completion.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the President of the United States, the Office of Management and Budget, the Secretary of Energy, and the U.S. Congress are strongly urged to continue funding for the MHD project in order to complete development of components at a testable scale so that work toward commercialization of the process may begin.

(2) That copies of this resolution be sent by the Secretary of State to the President of the United States, the Secretary of Energy, and to Montana's Congressional Delegation.

SENATE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON FUNDING METHODS USED BY SCHOOL DISTRICTS TO FINANCE PUBLIC PENSION PLANS.

WHEREAS, a school district contributes 6.312% of salary for each employee who is a member of the Teachers' Retirement System and 5.90% of salary for each employee who is a member of the Public Employees'

Retirement System to fund retirement benefits for teaching and nonteaching personnel; and

WHEREAS, school districts finance their contributions to the public pension plans through countywide property tax levies; and

WHEREAS, these levies ranged from 3.06 to 39.02 mills for the 1980-1981 school year and generated over $33 million; and

WHEREAS, the amount of mills for each school district increases annually to match increases in employees' salaries; and

WHEREAS, this method of funding public pension plans represents a tremendous burden on Montana property owners and a growing liability for the school districts; and

WHEREAS, the 1979 Montana Legislature contributed to the counties' financial burden by requiring school districts to fund retirement costs for special education personnel through the countywide property tax.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study the current funding method used by school districts to finance public pension plans and to explore alternative methods of meeting the districts' obligation to the Teachers' and Public Employees' Retirement Systems while reducing the tax burden on property owners.

BE IT FURTHER RESOLVED, that the committee report its findings and recommendations, including recommendations for appropriate remedial legislation, to the 48th Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING MODIFICATION OF THE ADMINISTRATIVE RULE GOVERNING THE ASSESSMENT OF COMMERCIAL FURNITURE AND FIXTURES.

WHEREAS, subsection (1) of section 15-8-111, MCA, provides that taxable property is to be assessed at 100% of its market value, the price available to a willing seller from a willing buyer; and

WHEREAS, subsection (1)(e) of section 15-6-139, MCA, places commercial furniture and fixtures in class nine for property tax purposes and this property is of a different nature than other property subject to trending; and

WHEREAS, the Department of Revenue formerly provided for the assessment of such property at its depreciated original cost; and

HeinOnline -- 1981 vol. II 1567 1981

WHEREAS, the Department presently requires depreciated original cost to be used for purposes of determining net business income subject to taxation; and

WHEREAS, the Department in 1977 began the practice of employing a "trended" original cost as the means of valuing such property prior to the application of depreciation schedules; and

WHEREAS, the Legislature has never mandated the use of a "trending" process in assessing such property; and

WHEREAS, the Legislature finds that the depreciated original cost of commercial furniture and fixtures is a more appropriate standard for the determination of market value of this property.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Revenue shall initiate rulemaking proceedings to modify its depreciation schedules for the assessment of commercial furniture and fixtures for tax years beginning after December 31, 1981, as embodied in section 42.21.134 of the Administrative Rules of Montana, so as to continue the present use of 3-, 5-, and 10-year depreciation tables while deleting the use of a "trend factor" to arrive at a "percentage trended depreciation" for property tax purposes. The modified rule shall contain tables for the determination of depreciated original cost values substantially similar to those contained in section 42.21.134 of the Administrative Rules of Montana as promulgated and effective on February 1, 1981.

WHEREAS, the Public Service Commission in its regulation of public utilities performs a legislative function since the setting of public utility rates is a quasi-legislative act, which should be guided where appropriate by informed legislative oversight; and

WHEREAS, the Legislature is further involved in utility regulation because, under the Montana Constitution, a Legislative Consumer Committee and the Montana Consumer Counsel operate on behalf of the

HeinOnline -- 1981 vol. II 1568 1981

Legislature to ensure that consumers are fully represented in Public Service Commission proceedings; and

WHEREAS, public utilities providing essential utility service in the State of Montana have presented to this Legislature proposed legislation and evidence which tend to indicate that earned returns have consistently fallen short of the levels determined by the Commission to be just and reasonable, with the result that the financial viability and ability of these industries to attract capital may be impaired with resulting detriment to the quality of utility service; and

WHEREAS, the Commission has frequently sought increased funding in order to more effectively carry out its ratemaking and regulatory responsibilities; and

WHEREAS, the Legislature in regular session does not have the time or the staff to conduct an intensive study of complex issues such as ratemaking procedures and results and adequacy of Commission appropriations and staff, it is essential that the Montana Legislature by interim committee study and investigate the Montana public utility regulatory system and consider proposals for the improvement thereof.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Audit Committee in conjunction with its performance audit to be performed in the 1981-1983 interim, be assigned to study the Montana public utility regulatory system and the results produced by that system to determine:

(1) whether or not current regulatory procedures result in avoidable regulatory lag and whether or not proposals for alternative regulatory procedures have merit;

(2) whether or not public utilities operating in Montana are receiving from the Commission a genuine opportunity to earn the reasonable cost of conducting their business in an inflationary environment and a genuine opportunity to earn the returns determined by the Commission to be just and reasonable;

(3) whether or not alternative methods, policies, and regulatory procedures might be employed to produce a more equitable balancing of the interests of consumers and utilities; and

(4) whether the funding and staffing of Commission operations are adequate to achieve prompt equitable regulatory decisions.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 48th Legislature and, if necessary, draft legislation to implement its recommendations.

WHEREAS, the declared policy of the State of Montana is to insure that all youth are afforded an adequate physical and emotional environment to promote normal development and to compel a parent or guardian to perform the moral and legal duty owed to a youth; and

WHEREAS, the parent has a fundamental right to establish guidelines for the youth within the family as the basic social unit, and the state has a duty to support the family by providing services and legal sanctions; and

WHEREAS, the state has the responsibility to protect children whose health and welfare are threatened by the conduct of those charged with their care; and

WHEREAS, several agencies are presently functioning under an uncoordinated and complicated formula for financing services for youth placed out of their homes; and

WHEREAS, some youth by their own conduct, behavior patterns, chemical dependence, or emotional disturbance jeopardize their own well-being and the persons and property of others.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

(1) the definition of youth in need of supervision in the Montana Youth Court Act to clarify governmental responsibility for these youth and their families;

(2) policies and practices of governmental agencies financing services for youth placed out of their homes under the Montana Youth Court Act and development of a simplified mechanism to distribute these funds and share the burden between state and local governments while encouraging treatment of these youth in their own communities;

(3) problems of residential services for chemically dependent youth and emotionally disturbed youth in private and public institutions; and

HeinOnline -- 1981 vol. II 1571 1981

(4) the effectiveness and adequacy of public and private services and programs designed to assist youth and families in dealing with problems to prevent youth from having to be removed from their homes.

BE IT FURTHER RESOLVED, that the committee enlist the advice and assistance of the youth court probation officers, district youth court judges, county attorneys, defense attorneys, county commissioners, law enforcement officers, Office of Public Instruction, Youth Justice Council, Department of Justice, Department of Social and Rehabilitation Services, Department of Institutions, and the Montana Council of Private Child Caring Agencies.

BE IT FURTHER RESOLVED, that the committee report its findings and recommendations to the 48th Legislature and, if necessary, draft legislation to implement its recommendations.

SENATE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF DELAYS IN THE ADMINISTRATION OF APPEALS OF CRIMINAL CASES IN THE CRIMINAL JUSTICE SYSTEM OF MONTANA AND MEANS BY WHICH THE INSTITUTIONAL CAUSES OF THESE DELAYS COULD BE LAWFULLY ELIMINATED; REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE LEGISLATURE.

WHEREAS, recent cases have shown that persons charged or convicted of criminal offenses have brought multiple and successive appeals or appellate requests before state and federal courts, which should have been consolidated to avoid multiplicity of appellate procedures, thereby delaying and often denying the proper administration of criminal justice; and

WHEREAS, multiple appeals and multiple attempts at postconviction relief utilize critical state resources, reduce the deterrent effect of capital punishment, and decrease respect for the legal system; and

WHEREAS, the Chief Justice of the United States Supreme Court has recently called for changes in the federal judicial system to speed the imposition of punishment for criminal offenders; and

WHEREAS, changes in the current legal system of appeals and other forms of postconviction relief may involve the constitutional rights of criminal offenders under complicated and conflicting judicial opinions and under the interrelated legal systems of both the state and federal government.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

HeinOnline -- 1981 vol. II 1572 1981

(1) the causes of and the means to prevent delays in the criminal justice system occasioned by multiple and successive appeals or appellate requests in state or federal courts made by those charged with or convicted of criminal offenses;

(2) the minimum appeal process or other postconviction relief that the state must afford a person, under the state and federal constitutions;

(3) the means by which appeals or other requests for relief by those charged with or convicted of criminal offenses may be consolidated in one proceeding and thereby provide a one-stop or one-time review of such matters, which means shall nevertheless guarantee the constitutional rights of such persons;

(4) any other aspect of the criminal justice system that may relate to appellate relief.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 48th Legislature and, if necessary, draft legislation to implement its recommendations, and that the report shall be sent to Montana's Congressional Delegation.

WHEREAS, the licensing laws for ensuring the protection of various groups of young, disabled, infirm, or elderly have been developed in a disjointed manner over the years; and

WHEREAS, the Department of Health and Environmental Sciences, the Department of Social and Rehabilitation Services, and the Department of Institutions have responsibility for licensing and certifying the same or

similar facilities and each department may require a different procedure for licensing; and

WHEREAS, federal regulations have required amendments to state statutes; and

WHEREAS, the providers of social and health services are confused about the constant changes in the licensing laws.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an interim committee be assigned to study licensing laws regarding facilities that provide protective oversight, supervision, personal care, and health care to the young, disabled, infirm, or elderly of the state.

Approved April 23, 1981.

SENATE JOINT RESOLUTION NO. 35

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE PROMULGATION OF A RULE BY THE DEPARTMENT OF REVENUE PROVIDING FOR THE USE OF THE MOST RECENT CENSUS DATE OR POPULATION ESTIMATE DATE ESTABLISHED BY THE CENSUS BUREAU, U.S. DEPARTMENT OF COMMERCE, IN DETERMINING ALL-BEVERAGE LIQUOR LICENSE QUOTAS.

WHEREAS, the quota of all-beverage liquor licenses for a county or an incorporated city or town under section 16-4-201, MCA, is based upon census figures or population estimates prepared by the Census Bureau, U.S. Department of Commerce; and

HeinOnline -- 1981 vol. II 1575 1981

WHEREAS, the Department of Revenue is the executive agency charged with the issuance of all-beverage liquor licenses and has no administrative rules governing their policy in respect to the use of census data or population estimates; and

WHEREAS, it appears that when the Department of Revenue is preparing to issue quota all-beverage licenses based upon the decennial census it recomputes the census by considering boundary changes not reflected in the census and then adjusts population to the boundary changes instead of using the Census Bureau's recognized boundaries and populations as of census day; and

WHEREAS, the all-beverage license quota is to be reexamined more often than every 10 years under the provisions of section 16-4-502, MCA (as amended by Chapter 25, Laws of 1981, effective March 4, 1981), using intervening population estimates prepared by the Census Bureau and, under present Department of Revenue policy, each such estimate is subject to review and adjustment, thus defeating the use of a population estimate or census as a basis for license quotas; and

WHEREAS, such an arbitrary method of readjustment at whatever time the Department of Revenue elects to figure quotas for all-beverage licenses causes uncertainties for persons affected, causing further dissatisfaction with state government; and

WHEREAS, such uncertainty and ambiguity would be eliminated by providing that population and established and recognized boundaries shall be determined only in reference to the latest census or, when there is no census, upon the most recent Bureau of Census population estimates; and

WHEREAS, the use of Census Bureau census or population estimate dates would provide certainty and predictability of action because there would be only one standard—that of the Bureau of the Census, which provides a specific census date, area, and population to be used for quota allocations, avoiding uncertain areas and ambiguous dates for population area computation, and any changes occurring after that specific date are reflected in the next census or estimate of the Bureau of the Census.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the clear legislative intent and purpose of the phrase "most recent official United States Census as authorized by Congress" as contained in sections 16-4-201 and 16-4-502, MCA, as amended by Chapter 25, Laws of 1981, is to direct the Department of Revenue to recognize and follow the regulations and procedures of the Bureau of Census, United States Department of Commerce, in establishing census data and in determining the cutoff dates for recognition of boundary changes for the decennial census operations.

(2) That under the authority of section 16-1-303, MCA, implementing sections 16-4-201 and 16-4-502, MCA, the Department of Revenue shall proceed within 30 days of the passage of this resolution to adopt a rule providing that the population of counties and incorporated cities and towns to be used to determine the quotas for all-beverage liquor licenses

HeinOnline -- 1981 vol. II 1576 1981

be the unaltered and unadjusted most recent census or population estimate established by the Census Bureau, U.S. Department of Commerce, or the most recent population estimates as provided in 16-4-502, and shall therefore reflect on a specified date an official population within specified boundaries to be used to ascertain the applicable quotas.

Approved April 23, 1981.

WHEREAS, our government derives its power directly from the people, and a credible, effective government depends on maintaining the people's confidence and trust; and

WHEREAS, the 1977 Legislature, in acknowledgment of the need to encourage ethical conduct among public officers and employees, enacted a code of ethics; and

WHEREAS, recent events have demonstrated deficiencies in the current code of ethics and have raised questions of interpretation, administration, and enforcement of that code.

(1) That an appropriate interim committee be assigned to study the code of ethics for public officers and employees and its effectiveness, clarity, administration, and enforcement.

(a) whether a consensus exists among Legislators, other public officers, and the public as to what constitutes ethical conduct and conflict of interest;

(b) whether the code of ethics acts merely as a guideline or has the force of law;

(d) the need for a vehicle of administration and enforcement as well as clear remedies under the code.

(3) That the committee submit its findings and recommendations to the 48th Legislature.

HOUSE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING A SELECT COMMITTEE TO RESOLVE QUESTIONS RELATING TO THE VALUATION OF COMMERCIAL AND RESIDENTIAL PROPERTY FOR TAXATION.

WHEREAS, there appears to be a discrepancy between the way commercial property and residential property in Montana is valued for taxation; and

WHEREAS, plaintiffs in many lawsuits filed against the State of Montana allege that these discrepancies result in valuation disparities as high as 34%; and

WHEREAS, the State Tax Appeal Board has determined that such discrepancies do exist and has recommended relief for those taxpayers adversely affected; and

WHEREAS, the Department of Revenue has not agreed with plaintiffs that a serious discrepancy exists and has appealed Board determinations to the contrary; and

WHEREAS, the Montana Supreme Court has agreed in principle that there is an unconstitutional discrepancy, but does not agree that a 34% across-the-board measure of the discrepancy is necessarily correct; and

WHEREAS, local government units, which depend upon property tax revenues to provide government services, have been unable to collect revenues from a great deal of commercial property while this controversy continues and have suffered financial hardship and have seen tax increment

HeinOnline -- 1981 vol. II 1580 1981

financing programs and other needed local government activities jeopardized; and

WHEREAS, the 47th Legislature must address this issue so as to assure that an equitable method for valuation of commercial and residential property is achieved, to relieve the taxpayers and the state of the burden of continued lawsuits, and to settle the financial questions plaguing taxpayers and local governments neither of whom have the use of taxes paid under protest.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature constitute a select committee to meet and recommend to the Legislature the best means to achieve remediation of the problems recited above; and

BE IT FURTHER RESOLVED, that the committee consist of two members of the House, one from each political party, appointed by the speaker; two members of the Senate, one from each political party, appointed by the Committee on Committees; and the chairman of the Revenue Oversight Committee; and

BE IT FURTHER RESOLVED, that the chairman of the State Tax Appeal Board and the director of the Department of Revenue are requested to serve as members of the committee; and

BE IT FURTHER RESOLVED, that the select committee submit its recommendations to the Legislature not later than the 50th legislative day to allow for introduction and consideration of legislation during this session; and

BE IT FURTHER RESOLVED, that Joint Rule 6-7 is suspended to allow introduction of such legislation as may be recommended by the committee.

HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO CAUTION MOTHERS AND RETAILERS ABOUT THE EFFECT OF CERTAIN DRUGS ON UNBORN CHILDREN.

WHEREAS, many prescription and nonprescription drugs, including alcoholic beverages, are harmful to the fetus when ingested by a pregnant woman; and

WHEREAS, many such potentially harmful drugs are available over the counter without a physician's prescription; and

WHEREAS, there is a need for more concentrated public education directed toward pregnant women; and

HeinOnline -- 1981 vol. II 1581 1981

WHEREAS, particular emphasis should be placed on warning pregnant women about the possible dangers involved in the use of certain commonly available but potentially toxic drugs; and

WHEREAS, the list of drugs which are known to be harmful to pregnant women is continuously growing; and

WHEREAS, even drugs which are not potentially harmful alone can be harmful to a pregnant woman, when taken concurrently with other drugs; and

WHEREAS, fetal alcohol syndrome is increasingly known to be a serious problem in the incidence of birth defects, particularly mental retardation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Health and Environmental Sciences is strongly urged to assume the responsibility for obtaining posters or notices warning of the potential dangers to pregnant women of prescription and nonprescription drugs, including alcoholic beverages.

HOUSE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS AND PRESIDENT OF THE UNITED STATES TO ENACT LEGISLATION THAT ANNUALLY ADJUSTS PERSONAL INCOME TAX LIABILITY FOR INFLATION AND TO ENACT ANY CHANGES IN FEDERAL TAX RATES IN A GENERALLY OPEN AND DIRECT MANNER THAT DOES NOT EXPLOIT THE HIDDEN TAXING MECHANISM OF INCREASING TAX BY INCORPORATING INFLATED INCOME.

WHEREAS, the combination of graduated income tax brackets and inflation tends to increase effective income tax rates on taxpayers whose real incomes are not necessarily increasing; and

WHEREAS, these income tax rate increases occur without legislation that explicitly intends to increase tax rates and therefore constitute hidden changes in the tax rates; and

WHEREAS, Montanans expressed their overwhelming support for state income tax indexing through approval by citizen initiative on November 4, 1980; and

HeinOnline -- 1981 vol. II 1582 1981

WHEREAS, the impact of federal income taxes on Montanans is several times greater than the state income tax burden; and

WHEREAS, present growth in tax revenue to the federal government caused by inflation may lessen the federal government's incentive to accomplish what is necessary to slow the inflation rate; and

WHEREAS, it is crucial to our nation's economic health that Congress do what is necessary to slow the growth of federal spending and slow the nation's inflation rate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urges the Congress and President of the United States to enact legislation to annually and automatically adjust the exemptions, deductions, and tax brackets of the federal personal income tax to compensate for changes in the purchasing power of the nation's money unit.

BE IT FURTHER RESOLVED, that the Montana Legislature urges the United States Congress to enact any changes in federal tax rates in an open and direct manner that does not exploit the hidden taxing mechanism that incorporates the effects of inflation.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation and to the President of the United States.

Approved February 18, 1981.

HOUSE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ESTABLISH AN INTERIM COMMITTEE TO STUDY SALARIES OF LEGISLATIVE STAFF OF PERMANENT COMMITTEES.

WHEREAS, there are five statutory legislative committees with permanent staff; and

WHEREAS, section 2-18-103(3), MCA, exempts legislative staff from the state pay plan; and

WHEREAS, there is no body which has oversight or coordinating authority over the method of remuneration to the staff of the five permanent legislative committees and each committee establishes individually and informally the pay plan for its own staff; and

WHEREAS, there appears to be no common or standard method of classification of employees or uniformity or consistency in criteria for paying employees among the five permanent legislative committees.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1981 vol. II 1583 1981

(1) That a committee shall be established to conduct a study of permanent legislative committee staff salaries to determine among other options whether there should be consistency among these legislative committees concerning salaries and whether a classification plan should be implemented.

(2) That the committee shall be composed of the President and Minority Leader of the Senate, the Speaker and Minority Leader of the House of Representatives, and the chairman (or his or her appointee) of each of the five statutory legislative committees with permanent staff.

(3) That the committee may request the services of any of the permanent legislative staff.

(4) That the committee may contract for a classification study to be done by an independent contracting entity.

WHEREAS, millions of abortions have been performed in the United States since the abortion decisions of the Supreme Court of the United States on January 22, 1973; and

WHEREAS, the Congress of the United States has not to date proposed, subject to ratification, an amendment to the United States Constitution that would protect unborn children; and

WHEREAS, the Montana Legislature endorses the concept of protecting unborn children, except when an unborn child threatens the life of the mother or is the result of rape or incest; and

WHEREAS, under Article V of the Constitution of the United States, amendments to the United States Constitution may be proposed by the Congress whenever two-thirds of both Houses consider it necessary.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Congress of the United States is hereby requested to propose and submit to the states an amendment to the Constitution of the

HeinOnline -- 1981 vol. II 1584 1981

(2) That copies of this resolution be sent to the Secretary of State and presiding officers of both houses of the Legislatures of each of the several states in the Union, the Speaker and the Clerk of the United States House of Representatives, the President and the Secretary of the United States Senate, and to each member of the Montana Congressional Delegation.

WHEREAS, wildlife in Montana also suffers from increased depredation.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

BE IT FURTHER RESOLVED, that the President is urged to direct the Environmental Protection Agency and the United States Department of the Interior to revise their rules to allow the use of toxicant 1080 to control predators.

BE IT FURTHER RESOLVED, that the President is urged to recognize the importance of a national policy of maximizing food production and recognize that the sheep industry, which is capable of producing choice red meat and a superior fiber from forage without depleting either food grains or petroleum supplies, is an important part of that policy which presently requires the aid of the President to alleviate the economic crisis caused by predators.

BE IT FURTHER RESOLVED, that the Secretary of State is directed to mail copies of this resolution to Governor Ted Schwinden, President

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING SUPPORT FOR S. 1038 IN THE UNITED STATES CONGRESS IMPOSING INSPECTION AND LABELING REQUIREMENTS ON MEAT IMPORTED INTO THE UNITED STATES.

WHEREAS, the Legislature finds that sanitary meat inspection standards in other meat-producing nations cannot be guaranteed to be equal to the standards applied to American meat; and

WHEREAS, the Federal Meat Inspection Act presently allows meat imported into this country, once it is cut or ground, to be mixed or sold with domestic meat, with no requirement that its identity as imported meat be retained; and

WHEREAS, the Federal Meat Inspection Act preempts any state requirements in addition to or different from those it imposes, rendering void any attempt by the State of Montana to impose labeling requirements; and

WHEREAS, S. 1038 has been introduced into the United States Senate by Senator Max Baucus to provide for more stringent inspection requirements for imported meat and to require labeling of imported meat that will provide adequate notice to consumers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature of Montana hereby expresses its enthusiastic support for S. 1038 and urges the Congress of the United States to act favorably and promptly on the bill.

WHEREAS, the Montana Power Company owns the Kerr Hydroelectric Project located in Lake and Flathead Counties in Montana and partially within the boundaries of the Flathead Indian Reservation and has operated the project under a 50-year license issued by the Federal Power Commission; and

WHEREAS, the Montana Power Company's long-term license to operate the project expired on May 23, 1980; and

WHEREAS, the Montana Power Company has applied to the Federal Energy Regulatory Commission, the successor of the Federal Power Commission, for a new long-term license to operate the project; and

WHEREAS, under the Federal Power Act, the Montana Power Company as licensee of the project must pay the Confederated Salish and Kootenai Tribes of the Flathead Reservation a "reasonable annual charge", which is subject to periodic adjustment, because a portion of the project is located within the Flathead Reservation, such annual charge being currently $2.6 million per year; and

WHEREAS, the Federal Power Act provides that the federal government may, under certain circumstances, take over the project; and

WHEREAS, the project represents a material portion of the property tax base of Lake County, Montana, and also provides property taxes in Flathead County and corporation license taxes and electrical energy producers taxes to the State of Montana; and

WHEREAS, the taking of the project by the federal government will result in a loss of property taxes to Lake and Flathead Counties and the loss of corporation license taxes and electrical energy producers license taxes to the State of Montana; and

WHEREAS, the project provides a significant portion of the Montana Power Company's low embedded cost hydroelectric energy supply for Montana consumers; and

WHEREAS, the taking of the project by the federal government will result in the loss of the project's output to Montana customers; and

WHEREAS, the project, if lost to the Montana Power Company's consumers, could be replaced after delay, if at all, only at very high costs; and

WHEREAS, it appears that the licensing of the project to the Montana Power Company is in the best interest of the citizens of the State of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Federal Energy Regulatory Commission is strongly urged to issue a new long-term license for the continued operation of the Kerr Hydroelectric Project to the Montana Power Company for the benefit of its consumers.

BE IT FURTHER RESOLVED, that a certified copy of this resolution be forwarded by the Secretary of the State of Montana to the Secretary of the Federal Energy Regulatory Commission.

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING STATE PURCHASING OFFICES AND THE DEPARTMENT OF ADMINISTRATION TO PURCHASE REREFINED OIL THAT MEETS QUALITY SPECIFICATIONS AND DIRECTING THE DEPARTMENT OF HEALTH AND ENVIRONMENTAL SCIENCES TO STUDY THE FEASIBILITY OF ESTABLISHING A SYSTEM FOR COLLECTING USED OIL IN THE STATE OF MONTANA.

WHEREAS, crude oil is a finite resource in the world and, as a consequence, the price of oil, both domestic and imported, is expected to increase each year; and

WHEREAS, the western Pennsylvania and west Texas fields, which have historically provided much of the domestic crude refined into oils such as lubricating oils, are in serious states of depletion and it is in the national and state interest to reduce United States imports of oil; and

WHEREAS, less than 2% of the average crude oil stream is suitable for use in manufacturing lubrication oils without greatly increasing the energy cost of production; and

WHEREAS, the process of rerefining used oil can recoup from 55-85% of that amount of crude oil refined for lubricating purposes and the process of rerefining oil requires only 25% of the energy that is needed to refine virgin crude oil into a lubricating product; and

WHEREAS, burning of used oil removes it from the mainstream of usefulness and the rerefining of used oil continuously reintroduces the lube faction back into the mainstream as a feed-stock; and

WHEREAS, only 10% of the used oil generated in the United States each year is rerefined; and

WHEREAS, the cost of rerefined lubricating oil could be as much as 50% less than the cost of lubricating oil refined from virgin crude oil and still be of essentially the same quality, depending on production costs and method of production; and

WHEREAS, used lubricating oil may contain up to 7,300 ppm of lead, other heavy metals, and other contaminants that, when released into the air or water through processes such as burning used lubricating oil in a

HeinOnline -- 1981 vol. II 1588 1981

boiler, or spreading used oil on unpaved roads to suppress dust or dumping crankcase drainings into lakes or streams, introduce harmful elements into the environment; and

WHEREAS, inexpensive tests exist whereby a sample of oil can be analyzed for quality; and

WHEREAS, Congress, through various acts encourages the study, recycling, development for commercial use and, purchase and sale of used oil recovery and rerefined oil, specifically through the Water Pollution Control Act of 1972, the Energy Policy Conservation Act of 1975, the Department of Energy Organization Act, the National Energy Act of 1978, and the Resource Conservation Recovery Act of 1976; and

WHEREAS, a survey of persons who change their own oil indicates a willingness to return used oil to a recycling source, provided a convenient mechanism for doing so exists.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Department of Administration is urged to purchase and use rerefined oil when it is shown to be equal to or superior in quality to lubricating oil made from virgin crude oil.

(2) That the Department of Natural Resources and Conservation is urged to establish an educational program to inform the public of the hazards of dumping used oil and the benefits of recycling used oil and purchasing rerefined oil.

(3) That the Department of Health and Environmental Sciences is urged to examine the possibilities of establishing a system for collecting used oil in the state of Montana.

(4) That the staff of the Environmental Quality Council is urged to monitor the system presently in use in North Carolina and other states which currently have a successful rerefined oil program in operation.

(5) That the purchasing offices of the Department of Administration and purchasing offices of other state departments, counties, and of school districts are urged, when purchasing lubricating oil, to purchase rerefined oil when it is shown to be equal or superior in quality to lubricating oil made from virgin crude oil.

HOUSE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE CURRENT OVERALL FUNCTIONS AND STAFFING OF THE DEPARTMENT OF INSTITUTIONS TO DETERMINE THE EFFECTIVENESS OF THE DELIVERY OF INSTITUTIONAL SERVICES BY THE STATE; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE LEGISLATURE.

WHEREAS, the primary responsibility of the Department of Institutions is the administration and operation of the individual institutions located throughout the state under its control; and

HeinOnline -- 1981 vol. II 1589 1981

WHEREAS, from time to time there occur serious complaints of inflexibility and insensitivity in the adoption and application of regulations of those institutions and programs by a central administrative office removed from direct involvement with institutional clients.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study the current overall functions and staffing of the Department of Institutions to determine:

(1) the adequacy and necessity of institutional services presently provided;

(2) services not presently provided that may be considered necessary;

(3) alternative methods of delivering necessary institutional services, including but not limited to consolidation and reorganization of present functions and staff positions;

(4) whether the necessary functions of the central administrative office are being performed in the most efficient, effective, and responsive manner possible.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 48th Legislature and, if necessary, draft legislation to implement its recommendations.

HOUSE JOINT RESOLUTION NO. 21

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE CONGRESS OF THE UNITED STATES TO ENACT AMENDATORY LEGISLATION TO RETURN TO STATES THE RIGHT TO REGULATE OR PARTICIPATE IN REGULATING MINES RELATING TO MINE SAFETY AND HEALTH STANDARDS.

WHEREAS, the Legislature recognizes the ongoing importance of the mining industry to Montana, as well as to the entire nation; and

WHEREAS, the existence of the small mine operator, who plays an important part in the mining industry, is endangered by the impact of the "Federal Mine Safety and Health Act of 1977" (P.L. 95-164); and

WHEREAS, the act defines a mine as any area of land from which any minerals are extracted, both on the surface and underground, including the lands, excavations, and other facilities used in the work of extracting such minerals, which definition not only covers the commonly thought of mining activities such as coal, silver, and molybdenum operations but also includes activities such as sand and gravel excavation; and

HeinOnline -- 1981 vol. II 1590 1981

WHEREAS, the act has caused a further erosion of basic states' rights by excluding any participation by a state in the regulation and inspection of mines relating to safety and health standards; and

WHEREAS, there are distinct differences in mining operations across the nation, which are best understood and regulated on a state level rather than the national level because national legislation is often inflexible or incompatible with state needs and conditions; and

WHEREAS, the right of a state to develop its own regulatory program and to perform its own inspections of mines relating to safety and health standards should be preserved; and

WHEREAS, mining industry accident statistics have shown significant improvement under cooperative programs with state agencies, private industry, and labor.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States is urged to enact amendatory legislation that would return to states the right to regulate or participate in the regulation of mines relating to mine safety and health standards.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to the President of the United States, to the President of the Senate and the Speaker of the House of Representatives of the Congress of the United States, and to each member of Montana's Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REPEALING A STATE AIR QUALITY EMISSION STANDARD IN CONFLICT WITH ANOTHER STATE AIR QUALITY STANDARD.

WHEREAS, subsection (4) of section 75-2-203, MCA, allows the Board of Health and Environmental Sciences to adopt emission standards more stringent than federal emission standards only if the stricter state standards are "necessary in some localities in this state"; and

WHEREAS, in 1970 the Board of Health and Environmental Sciences adopted emission standards limiting fluoride and particulate emissions from existing primary aluminum reduction plants, which standards are designated as Rule 16.8.1420 of the Administrative Rules of Montana; and

WHEREAS, in 1976 the Board of Health and Environmental Sciences adopted as state standards the federal new source performance standards limiting fluoride and particulate emissions from new primary aluminum reduction plants, which standards are designated as Rule 16.8.1423 of the Administrative Rules of Montana; and

HeinOnline -- 1981 vol. II 1591 1981

WHEREAS, the state standards adopted prior to the state's adoption of the federal standards are more restrictive than the federal standards adopted by the state; and

WHEREAS, the more stringent state standards tend to limit the expansion and economic growth of the affected industry by requiring additional expenditures for control equipment that are unnecessary in that the federal standards are designed to protect human health and welfare; and

WHEREAS, because both standards are state standards, the state has now adopted two different emission standards for particulate and fluoride emissions for new and existing primary aluminum reduction plants.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state standards limiting the fluoride and particulate emissions from existing primary aluminum reduction plants and designated as Rule 16.8.1420 of the Administrative Rules of Montana are repealed.

BE IT FURTHER RESOLVED, that the Board of Health and Environmental Sciences is directed to proceed within 30 days to promulgate new standards. The Board shall adopt the terms and provisions of the federal new source performance standards for fluoride and particulate emissions from primary existing aluminum reduction plants as its standard for all primary aluminum reduction plants in this state.

WHEREAS, severe abuses can result when the state does not give proper protection to children who work in the labor market; and

WHEREAS, the present Montana child labor laws were originally passed in 1907; and

WHEREAS, there have been substantial changes in Montana's industrial society since the passage of the present Montana labor laws in 1907 and there has been substantial technological progress since that time; and

WHEREAS, the present child labor laws do not reflect the changes that have occurred in the labor market since 1907 and cannot be adequately applied to the present work environment; and

WHEREAS, the present child labor laws have limited application, exclude a substantial portion of the employers in Montana, and can lead to abuses because of these exclusions; and

HeinOnline -- 1981 vol. II 1593 1981

WHEREAS, there are substantial conflicts and inconsistencies between the present Montana child labor laws and federal laws concerning child labor.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, both community and institutional programs for those suffering from alcohol and drug dependence have been developed in response to federal and state laws which have defined alcoholism as a disease and created sources of funds for treatment; and

WHEREAS, there has been a continuing controversy over the merits of institutional care versus community-based care; and

WHEREAS, four state departments share some of the responsibilities for services to youth, the developmentally disabled, the mentally ill, and the alcohol and drug dependent; and

HeinOnline -- 1981 vol. II 1594 1981

WHEREAS, decreasing federal funds available for such services require the legislature to make all possible administrative cost savings in order to continue those services which are most beneficial to the recipients.

WHEREAS, hundreds of individuals, both military and civilian, have been taken as prisoners in time of war and have suffered for years at the hands of their captors;

WHEREAS, the recent events that brought freedom to the 52 American hostages remind all Americans of the necessity for a fresh recognition of the plight of prisoners of war, men missing in action, and their families;

WHEREAS, many in the medical and psychological professions are beginning to recognize a phenomenon of delayed shock syndrome in former prisoners in which pent-up fear, anguish, and frustration can lead to violent outbursts if not recognized and treated;

WHEREAS, all Americans owe a debt to those who suffered and may still suffer at the hands of their fellow man and to their families, a debt we need to be reminded of so that we take time to attend to their needs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

WHEREAS, subsection 314(c) of the FLPMA states that the failure to file such instruments as required by subsection (a) shall be considered conclusively to constitute an abandonment of the mining claim or mill or tunnel site; and

WHEREAS, the Fifth Amendment of the Constitution of the United States provides that no person shall be deprived of life, liberty, or property without due process of law; and

WHEREAS, the Select Committee on Economic Problems has performed a valuable service in pinpointing problem areas in Montana's economy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

HeinOnline -- 1981 vol. II 1607 1981

That an appropriate interim committee be assigned to study how to improve the economic environment in Montana and continue along the same lines as those forged by the Select Committee on Economic Problems and develop positive measures that can be taken to encourage a healthy economy in Montana. The specific purposes and responsibilities of the interim committee shall be to:

HOUSE JOINT RESOLUTION NO. 49

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF SCHOOL TEACHER TENURE LAWS AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE LEGISLATURE.

WHEREAS, there have been several bills introduced in the 47th Legislature to modify present law on teacher tenure; and

WHEREAS, there is at the present time a recognition among legislators, teachers, administrators, and school district trustees in the state that this

HeinOnline -- 1981 vol. II 1608 1981

is an appropriate time for a comprehensive examination of teacher tenure laws; and

WHEREAS, the present laws on teacher tenure in some respects fail to harmonize with actual fiscal restraints and conditions of school districts and with collective bargaining practices and may in some instances be applied inequitably, causing hardship to some teachers and granting unwarranted job security to others; and

WHEREAS, as was demonstrated during hearings on teacher tenure bills introduced in the current session, the subject is complex and controversial in nature and thus was not amenable to a solution during the session; and

WHEREAS, because alterations in existing tenure law could have significant and long lasting personal and fiscal effects on both teachers and school districts, there is a real need to study teacher tenure through exhaustive public hearings and deliberations that would lead to proposed laws governing the employer-employee relationship in Montana's public schools that represent an equitable accommodation among all concerned.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study present teacher tenure laws, specifically examining:

(a) the present system of requiring a certain term of years for tenure qualification;

(b) the substantive and procedural scope of teacher tenure provisions and the advantages and disadvantages to teachers, school districts, and the community;

(c) the fiscal restraints, uncertainties, and timetables that affect school districts in the application of tenure laws;

(d) collective bargaining practices related to tenure; and

(e) inequities in present tenure laws that may cause hardship to individual teachers, school districts, administrators, and to the community at large.

(2) That the committee is urged to study and carefully consider due process and collective bargaining alternatives to present teacher tenure laws.

(3) That the committee report its findings to the 48th Legislature together with recommendations for legislation, if any, necessary to implement such findings.

Approved April 27, 1981.

HeinOnline -- 1981 vol. II 1609 1981

HOUSE JOINT RESOLUTION NO. 51

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE METHODS THAT MIGHT BE USED TO TERMINATE ADMINISTRATIVE RULES RELATING TO THE STATE'S ENVIRONMENT AND NATURAL RESOURCES.

WHEREAS, ever-increasing numbers of administrative rules have been adopted by most executive agencies; and

WHEREAS, those agencies with administrative and regulatory duties relating to the natural environment and natural resources have been among the agencies adopting a proliferation of administrative rules; and

WHEREAS, the wise use and regulation of the state's environment and natural resources are important priorities to the Legislature; and

WHEREAS, other states have adopted laws providing for the termination or "sunset" of certain administrative rules; and

WHEREAS, the use, management, and regulation of the state's environment and natural resources may well benefit from a "sunset" type of review of the administrative rules of those agencies with duties relating to the environment and natural resources; and

WHEREAS, the current laws requiring legislative review by the Legislative Audit Committee do not put sufficient emphasis on the review of administrative rules adopted by those executive agencies with duties relating to the management of the environment and natural resources.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study the procedures and methods that might be used to terminate or replace, or both, the rules that, in the judgment of the committee, affect the environment and natural resources of this state. In conducting the study, the committee shall review any laws adopted by other states, and the administration of those laws, providing for "sunset" termination of agency regulations and estimate the potential costs and benefits to this state of adopting laws requiring "sunset" termination of rules affecting the environment and natural resources of this state.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 48th Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 21, 1981.

HeinOnline -- 1981 vol. II 1610 1981

HOUSE JOINT RESOLUTION NO. 54

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE ENVIRONMENTAL PROTECTION AGENCY TO GRANT MONTANA AND OTHER WESTERN STATES ADDITIONAL TIME TO RESPOND TO THE ISSUES RAISED IN THE STRYCHNINE POSITION DOCUMENT NO. ⅔ RECENTLY RELEASED BY THAT AGENCY; AND FURTHER REQUESTING PRESIDENT REAGAN AND THE UNITED STATES SENATE AND HOUSE OF REPRESENTATIVES TO SUPPORT THIS RESOLUTION.

WHEREAS, the Environmental Protection Agency (EPA) issued the RPAR (Rebuttable Presumption Against Registration) notice for all outdoor aboveground uses of strychnine for field rodent control on December 1, 1976 (41 FR 52810); and

WHEREAS, EPA has taken nearly 4 years to review the existing data on strychnine usage in the United States; and

WHEREAS, the alternative field rodenticides proposed by EPA are either generally not available (1080 - sodium monofluoroacetate); generally not effective (zinc phosphide); generally not economical (gas cartridges and fumigants); or generally not economical or not adequately researched, or both (anticoagulants); and

WHEREAS, Montana and several other Western States believe that the recommendations proposed by EPA in Position Document No. ⅔ are not justified by the data reviewed and used in reaching them; and

WHEREAS, Montana and other Western States presently do not have the available manpower and money needed to refute the conclusions of EPA set forth in Position Document No. ⅔; and

WHEREAS, the response of different field rodent species to different environmental conditions has not been adequately addressed or researched; and

WHEREAS, EPA concludes that no macroeconomic impacts would be anticipated as a result of cancellation of strychnine for aboveground rodent control; and

WHEREAS, this conclusion is based upon estimates of estimates and does not consider impacts to individual agricultural producers or to aggregate agricultural communities; and

WHEREAS, the few economic impact studies conducted by Western States indicate that significant economic agricultural impacts do occur to individual agriculturalists and to agricultural communities; and

WHEREAS, considering the necessity to conduct studies under varying environmental conditions, considering all economically damaging rodent species present in the Western States, and considering the time necessary

HeinOnline -- 1981 vol. II 1611 1981

to plan and conduct meaningful studies, a 1-year comment period prior to a final decision by EPA is insufficient.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Environmental Protection Agency give Montana and other Western States until September 1984 to provide new and additional data to rebut the conclusions of Strychnine Position Document No. 2⅔.

BE IT FURTHER RESOLVED, that all current aboveground registrations of strychnine for field rodent control continue unchanged during this period.

BE IT FURTHER RESOLVED, that the states and EPA cooperate in making available to each other for review and comment all information that they collect and studies that they propose.

BE IT FURTHER RESOLVED, that the President of the United States and members of the United States Senate and House of Representatives are urgently requested to support this resolution.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Administrator of the Environmental Protection Agency, the Secretary of the Department of the Interior, and the Secretary of the Department of Agriculture and to the Governors and the Congressional Delegations from Montana, Idaho, Washington, Oregon, California, Nevada, Utah, New Mexico, Arizona, Texas, Colorado, Wyoming, North Dakota, South Dakota, Nebraska, Kansas, and Oklahoma.

Approved April 14, 1981.

HOUSE JOINT RESOLUTION NO. 55

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF PROVISIONS GOVERNING MOTOR VEHICLE LIABILITY INSURANCE IN MONTANA.

WHEREAS, Montana law now requires liability insurance protection as a condition of registration and operation of a motor vehicle in the state; and

WHEREAS, Montana law prescribes those matters that a motor vehicle liability policy must address; and

WHEREAS, motor vehicle liability policies insure, with respect to the named insured, vehicles designated in the policy; and

WHEREAS, motor vehicle insurance policies also insure persons other than the named insured with respect to designated vehicles; and

HeinOnline -- 1981 vol. II 1612 1981

WHEREAS, motor vehicle insurance policies insure the named insured with respect to liabilities arising from the operation of motor vehicles not owned by him but which he operates as if they were his insured vehicles; and

WHEREAS, the statute requiring the maintenance of liability protection together with standard industry practice and state law with regard to the form and content of the liability insurance policy have created a situation in which insurance companies are able to receive insurance premium payments for coverage of vehicles that are only occasionally exposed to the risk against which they are insured; and

WHEREAS, insurance rates are based on the number of vehicles insured rather than the risk exposure represented by those vehicles; and

WHEREAS, the state has a duty to assure that windfall profits are not bestowed on the insurance industry as a consequence of the effort to protect the state's citizenry from the irresponsible motorist.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study the regulation of motor vehicle liability protection in Montana.

(2) That the committee include in its study a consideration of at least the following:

(a) the rate structures for motor vehicle liability insurance offered for sale in Montana;

(b) the feasibility of requiring policies to be offered that would insure against the liability of the operator of any vehicle regardless of ownership and that coverage be a mandatory condition precedent to the issuance of an operator's license in lieu of coverage being based upon the vehicle or its ownership; and

(c) whether state laws now adequately promote adequate protection of citizens from irresponsible motorists at a reasonable cost for the protection provided.

(3) That the committee submit a report of its findings under paragraph (2) and any other findings together with its recommendations to the 48th Legislature.

Approved April 22, 1981.

HOUSE JOINT RESOLUTION NO. 56

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A COMPREHENSIVE INTERIM STUDY OF THE ADMINISTRATION AND OPERATION OF THE DEPARTMENT OF HIGHWAYS AND THE HIGHWAY COMMISSION.

WHEREAS, the administration of highway affairs has become a matter of major public importance involving vast sums of money, the development of commerce and resources, the employment of great numbers of people,

HeinOnline -- 1981 vol. II 1613 1981

the promotion of recreation, and the welfare of every citizen of the state; and

WHEREAS, the operation of highway affairs demands the highest order of business and technical administration, accompanied by continuity of sound long-range highway policies, and an organization attracting the services of qualified talented administrators and meriting the confidence of the people; and

WHEREAS, the Department of Highways has no formal planning process for incorporating long- and short-range goals; and

WHEREAS, there is a lack of project coordination between Department programs; and

WHEREAS, the Department has shown an inability to maintain strict completion dates on projects; and

WHEREAS, the Department has no contingency planning process for project cost overruns, which causes the state to lose large sums of interest income on federal matching funds that would be available, as well as causing the use of state funds; and

WHEREAS, the dual role of the Department and the Highway Commission in planning and letting bids on projects allows each entity to shield the other from criticism so that no strict public accountability exists; and

WHEREAS, the roads of the state are in a generally deplorable condition; and

WHEREAS, it does not appear that Montana's road system will ever be completed and maintained in an efficient and timely manner; and

WHEREAS, since the Legislature is responsible to the electorate for the expenditure of public funds, it is particularly incumbent upon the Legislature to carefully examine a department of this size; and

WHEREAS, only after a comprehensive study of the administration and operation of the Department of Highways and the Highway Commission has been conducted in conjunction with performance audits requested by the Highways and Transportation Committee of the Montana House of Representatives can the Legislature reach sound decisions on whether the Department and Commission are effectively and prudently administering programs and expending public funds so that the people receive the highest value for their tax dollars; and

WHEREAS, any study of the Department and Commission would be incomplete unless a legislative interim study committee had studied their functions and had studied the mechanisms used by other states and considered methods to improve the functioning of the Department and Commission in order to make them more efficient and responsive to the people of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to conduct a comprehensive study of the administration and operation of the Department

HeinOnline -- 1981 vol. II 1614 1981

of Highways and the Highway Commission in areas in which performance audits are not conducted and submit a written report of its findings, together with its recommendations, to the 48th Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE EMPLOYMENT SECURITY DIVISION TO LEASE OR PURCHASE NECESSARY OFFICE SPACE IN BOZEMAN AT THE LEAST POSSIBLE COST CONSISTENT WITH ITS NEEDS AND TO SELL THE EXPENSIVE LAND WHICH IT HAS ALREADY PURCHASED.

WHEREAS, Montana citizens, because of chronic inflation, the economic slowdown, and a growing tax burden, are facing a period of economic austerity; and

WHEREAS, in March 1979, the Montana Employment Security Division purchased one of the most expensive commercial building sites in Bozeman, located at 19th Avenue and Main Street; and

WHEREAS, the Employment Security Division intends to construct an expensive office building at this site; and

WHEREAS, these actions will result in such property being taken off the property tax rolls, with an ensuing loss of local property taxes amounting to as much as $15,000 annually; and

WHEREAS, there is much commercial space available for lease or sale in Bozeman that would cost the Employment Security Division substantially less; and

WHEREAS, Montanans rightfully expect their government to be fiscally prudent and responsible.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Employment Security Division is strongly urged to cease its planning and work on the Bozeman construction project and to sell the acquired land back to the private sector in an orderly manner.

BE IT FURTHER RESOLVED, that the Employment Security Division is strongly urged to lease or purchase its office space at the least possible cost consistent with its needs.

WHEREAS, the State of Montana is a major purchaser of goods and services; and

WHEREAS, the responsibility for purchasing certain goods and services for the operation of state government, such as construction and consulting services, remains fragmented throughout agencies within the executive branch; and

WHEREAS, it is in the public interest for the Montana Legislature to consider a centralized, uniform procurement system for state government; and

WHEREAS, a centralized system may streamline current purchasing laws and procedures, ensure fair and equitable treatment of all persons involved in the state procurement process, provide increased economy in purchasing activities, foster effective, broadly based competition within the

HOUSE JOINT RESOLUTION NO. 64

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO REQUEST AN INTERIM STUDY OF ALL ASPECTS OF MONTANA'S LAWS RELATING TO EMINENT DOMAIN.

WHEREAS, "eminent domain" is defined in 70-30-101, MCA, as "the right of the state to take private property for public use"; and

WHEREAS, the application of eminent domain is a necessary function of the state in order to promote the general welfare and provide for the public good; and

WHEREAS, the authority of the sovereign state to take private property for public use raises fundamental questions about the appropriate balance between necessary public uses and the rights of private property owners; and

WHEREAS, Montana statutes grant the power of eminent domain to private interests under certain circumstances; and

WHEREAS, the application of eminent domain is increasingly jeopardizing the rights of private landowners and the preservation of agricultural land; and

WHEREAS, the potential for serious conflict is increasing between those with private property interests and those who might use the power of eminent domain; and

WHEREAS, private landowners are concerned about the continued viability of their agricultural operations as sections of their land increasingly are taken through eminent domain proceedings; and

WHEREAS, private landowners and condemners generally are concerned about the overall process used in the taking of land by means of eminent domain.

HeinOnline -- 1981 vol. II 1619 1981

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study all aspects of Montana's laws regarding eminent domain. Such a study shall include but not be limited to an analysis of:

(1) what constitutes an appropriate public use;

(2) the criteria for assessing compensation to landowners;

(3) the method of payment to landowners;

(4) what constitutes an appropriate compensation for the conduct of surveys on private land;

(5) the overall procedure used for exercising eminent domain;

(6) alternatives for providing a process for notifying landowners of their rights;

(7) the factors considered in determining the highest and best use of the land in an eminent domain proceeding;

(8) the possibility of limiting, expanding, or eliminating the use of eminent domain in certain instances;

(9) the desirability of compensating landowners for the increase in operating costs incurred when certain land is removed from their control;

(10) generally what is and what should be compensable under the laws of eminent domain;

(11) the feasibility of establishing annual payments with an option for renegotiation of the payments as the value of the land changes;

(12) the relationship between the laws of eminent domain, the Montana Environmental Policy Act, and the Montana Major Facility Siting Act; and

(13) the advantages and disadvantages of granting the power of eminent domain for a project before all necessary permits and other legal proceedings have been obtained and completed.

BE IT FURTHER RESOLVED, that the committee report its activities, findings, and recommendations to the 48th Legislature.

Approved April 22, 1981.

HOUSE JOINT RESOLUTION NO. 65

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE BE ASSIGNED TO CONDUCT AN INTERIM STUDY OF HOW TO MITIGATE ECONOMIC DISTRESS TO A COMMUNITY CAUSED BY A DISLOCATION OF THE COMMUNITY'S PRIMARY INDUSTRY.

WHEREAS, Montana has recently suffered from the closure of primary products plants in the timber and metals industries, from droughts affecting agriculture and livestock production, and from gas shortages and an economic slump affecting tourism; and

HeinOnline -- 1981 vol. II 1620 1981

WHEREAS, such dislocations have a profound effect on all aspects of the communities involved and on the state as a whole because Montana's large area and small population create a situation in which many communities are virtually dependent on a single primary industry; and

WHEREAS, the industries upon which Montana's communities depend, including agriculture, forest products, minerals, and tourism, are in some degree affected by the current slump in the national economy, there is no immediate prospect for a dramatic economic recovery, and until such a recovery occurs, all facets of Montana's economy are vulnerable; and

WHEREAS, the impact of such distress on a community's primary economic base affects the workers who have lost their source of livelihood; all businesses in the community that suffer or are forced to close; the resultant loss of tax base from industry closure, worker departure, and business shutdown; school districts and local government revenues; and bond obligations; and

WHEREAS, local economic distress causes a statewide impact because of increased needs for social services and unemployment compensation, loss of wage and business income from income tax collections, and the eventual loss of Montana citizens to other states in order to seek employment; and

WHEREAS, the policy of this state should not be to simply react to such economic disasters after they occur but to recognize and plan for the very real possibility that exists in every Montana community for such an event, since there is little hope for large-scale effective assistance from the federal government; and

WHEREAS, a carefully formulated policy designed to provide quick and effective relief to communities suffering impairment of a primary industrial resource is a requirement of the future, and such a policy should be comprised of quick, effective measures to avoid costly after-the-fact programs and measures and should promote a healthy business climate in the state while protecting the needs of workers, small businesses, agricultural producers, and government entities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study methods of avoiding economic distress to communities caused by dislocation of a primary industry, specifically addressing:

(a) what identifiable incentives or disincentives that are amenable to legislative action affect such industries in the state;

(b) methods for timely identification of trends that may cause future dislocations in the various sectors of Montana's economy;

(c) specific actions that may be taken by state government, through the use or modification of existing programs, to lessen hardships on workers, small businesses, agricultural producers, and government entities; and

(d) alternatives, including novel approaches, that may provide long-term help for the various sectors of the economy by exploring the

HeinOnline -- 1981 vol. II 1621 1981

long-term financial needs of primary industries, new markets for existing products, alternative products for existing industries, and similar ideas.

(2) That the committee submit to the 48th Legislature a report of its findings, together with its recommendations for legislation, if any, necessary to implement such findings.

Approved April 22, 1981.

HOUSE JOINT RESOLUTION NO. 66

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM COMMITTEE BE ASSIGNED TO DETERMINE THE MOST EFFECTIVE MEANS OF RESPONDING TO SOCIAL AND ECONOMIC IMPACTS RESULTING FROM THE INCREASED DEVELOPMENT OF HARD-ROCK MINERALS.

WHEREAS, several major mining companies have recently announced plans to proceed with large-scale development of hard-rock minerals; and

WHEREAS, these developments will provide new jobs in the mining operation and in associated industries and businesses, thus providing economic benefits to certain communities; and

WHEREAS, the influx of people resulting from the large-scale development of minerals also places a burden on the local taxpayer as the demand for state and local government facilities and services increases; and

WHEREAS, there is a significant lag time between the time when impacts occur and when additional tax revenue is available as a result of the increased tax base; and

WHEREAS, certain social and economic impacts resulting from large-scale mineral development may be experienced by communities in whose jurisdiction the mine is not located and who cannot expect the future benefit of an increased tax base; and

WHEREAS, the closure of a large-scale mineral development also provides substantial social and economic impacts to communities that become dependent on the jobs the industry provides; and

WHEREAS, the Legislature, recognizing the need to provide a means for communities affected by large-scale mineral development to mitigate those impacts, has considered many bills proposing different procedures for accomplishing that goal; and

WHEREAS, additional study and evaluation of these alternatives is necessary to arrive at a fair and reasonable means of providing for local impact while helping to continue the economic viability of large-scale mineral development and the benefits that it provides to state and local economies.

HeinOnline -- 1981 vol. II 1622 1981

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate joint interim committee be assigned to study the following issues relating to increased hard-rock mineral development in this state:

(a) alternatives for most effectively meeting the increased capital and operating costs to affected local governments in the initial stages of the development and how these measures will be funded;

(b) procedures for dealing with cumulative and ongoing impacts resulting from large-scale mineral development coupled with development of other resources or with multiple-mineral developments;

(c) a means of resolving how impacts will be fairly and accurately determined;

(d) whether existing statutory provisions for prepayment of property taxes is an effective means of dealing with impacts;

(e) whether the state should receive additional revenue from large-scale mineral development through severance taxes or other sources;

(f) the time frame in which planning for and meeting impacts will occur;

(g) the most effective vehicle for administering, overseeing, and enforcing the program for meeting impacts; and

(h) alternatives for most effectively meeting any impacts experienced with the closure of a large-scale mineral development.

(2) That the committee shall consult with representatives of the hard-rock mining industry, local governments, appropriate state agencies, and other interested citizens in conducting the study and developing recommendations.

(3) That the committee submit to the 48th Legislature a report of its findings, together with recommendations for providing the most effective means of responding to social and economic impacts resulting from the increased development of hard-rock minerals.

Approved April 27, 1981.

HOUSE JOINT RESOLUTION NO. 67

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF SAFETY PROBLEMS OF MONTANA AIRPORTS AND THE AMOUNTS AND SOURCES OF FUNDING NEEDED TO CORRECT THE PROBLEMS.

WHEREAS, inadequate funding has not allowed Montana to keep pace with the increasing demands of the state's air transportation system or to even maintain and protect the existing investment in the facilities we have; and

HeinOnline -- 1981 vol. II 1623 1981

WHEREAS, the problems of development and maintenance of the state's air transportation system continue to grow worse and are seriously compromising the safety guarantees assumed by the air traveling public of the State of Montana; and

WHEREAS, even with assistance that has been provided in the past through the Federal Airport Development Aid Program, the role of state government in aiding many Montana communities has been critical, and now that this federal assistance is in jeopardy, the state's role becomes even more vital.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That an appropriate interim committee be assigned to study the problems of poor maintenance, lack of modernization, and safety risks associated with the air transportation system in the State of Montana as well as the underlying funding problems associated with these situations.

(2) That the committee include in its study a consideration of at least the following:

(a) the extent of deterioration and obsolescence of Montana airports and air safety systems, including runway and taxiway pavement conditions, runway approach protection, land-use protection around airports, instrument approach systems, and crash fire rescue provisions;

(b) the accuracy, efficiency, and effectiveness of the current state aviation fuel tax collection process, especially as that process is related to aviation fuels transported into Montana;

(c) whether and how Montana ought to be integrated into the National Air Transportation System and whether and how Montana's Airport System Plan might be effectively integrated into the National Airport System Plan;

(d) a comparison of other states' policies and involvement in funding airport and airways systems to include an evaluation of airline and general aviation fuel costs, including taxes;

(e) an evaluation of the overall funding scheme supporting airport maintenance, improvement, and safety to determine whether existing revenue sources are adequate to meet existing and future needs and whether any steps should be taken to make the existing system more effective or what additional sources of funding should be used to meet these needs.

(3) That the committee submit to the 48th Legislature a report of its findings together with recommendations for legislation. The report should include committee findings with regard to each of the items listed above.

Approved April 22, 1981.

HeinOnline -- 1981 vol. II 1624 1981

HOUSE JOINT RESOLUTION NO. 68

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ADOPT RULES RELATING TO VOTES ON BILLS REQUIRING MORE THAN A MAJORITY VOTE.

WHEREAS, questions have arisen concerning whether or not the vote on concurrence in amendments of the other house is the vote by which the originating house adopts a measure and thus the vote to be counted when determining whether or not a specified vote requirement of more than a majority has been met.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That there is added to Joint Rule 6-18 the following: "If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in the house of origin. The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast."

(2) That there is added to Joint Rule 7-10 the following: "If a conference committee report is adopted on third reading and the bill is of a type requiring more than a majority vote for passage, the bill shall again be placed on third reading in each house. This third reading vote must be used to determine if the required number of votes has been cast."

Approved April 24, 1981.

SENATE RESOLUTION NO. 1

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA TO ADOPT RULES TO GOVERN ITS PROCEEDINGS IN ADDITION TO THE JOINT RULES.

BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the following rules are adopted:

SENATE RULES
CHAPTER 1
Presiding Officer — Decorum, Order and Debate

S1-1. The senate shall choose a president from its membership who shall be the presiding officer. In case of the absence or disqualification of the president, the president pro tempore of the senate shall perform the duties of the president until the vacancy is filled or the disability removed.

HeinOnline -- 1981 vol. II 1625 1981

S1-2. The senate shall, at the beginning of each regular session, and at such other times as may be necessary, elect one of its members president pro tempore. The senate shall choose its other officers, and shall be the judge of the elections, returns, and qualifications of its members.

S1-3. The president and president pro tempore, when acting as presiding officer of the senate, shall vote as any other member of the senate.

S1-4. The president may name a senator to perform the duties of the chair, when the president pro tempore is not present in the senate chamber. The senator who is so named is vested during such time with all the powers of the president; but he does not lose the right to vote on any question while presiding.

S1-5. No senator shall speak more than twice on any one motion or question without unanimous consent of the senate, unless he has introduced or proposed the motion or question under debate, in which case he may speak twice and also close the debate. However, a senator who has spoken shall not speak again on the same motion or question to the exclusion of a senator who has not spoken.

S1-6. On order of business No. 8 — In addition to other methods a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

S1-7. Only the following persons may be admitted to the floor of the senate during sessions: legislators, legislative officers and employees whose presence is necessary for the conduct of the business of the session, accredited members of the press, radio and television, former legislators. Any member seeking a reconsideration of the senate's action on the adoption of a committee report shall do so on order of business No. 6 by motion to reconsider. A bill reported from committee without recommendation shall be ordered printed and placed on second reading.

SENATE RESOLUTION NO. 3

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA TO RONALD REAGAN, PRESIDENT OF THE UNITED STATES, THE COMMISSIONER OF THE UNITED STATES FOOD AND DRUG ADMINISTRATION, THE HONORABLE JOHN MELCHER, SENATOR FROM MONTANA, THE HONORABLE MAX BAUCUS, SENATOR FROM MONTANA, THE HONORABLE RON MARLENEE, CONGRESSMAN FROM THE SECOND CONGRESSIONAL DISTRICT, THE HONORABLE PAT WILLIAMS, CONGRESSMAN FROM THE FIRST CONGRESSIONAL DISTRICT, AND TED SCHWINDEN, GOVERNOR OF THE STATE OF MONTANA, ENCOURAGING THEM TO HAVE RESCINDED A REGULATION OF THE FEDERAL FOOD AND DRUG ADMINISTRATION THAT WOULD CAUSE THE CLOSURE OF THE DEER LODGE RESEARCH UNIT WHICH CONDUCTS DRUG RESEARCH AT THE MONTANA STATE PRISON BECAUSE SUCH CLOSURE WOULD CAUSE GREAT ECONOMIC HARDSHIP FOR THE COMMUNITY OF DEER LODGE, MONTANA.

WHEREAS, since 1966 the Deer Lodge Research Unit has conducted pharmaceutical research at the Montana State Prison, Deer Lodge, Montana, on volunteer prison inmates; and

HeinOnline -- 1981 vol. II 1628 1981

WHEREAS, the Deer Lodge Research Unit has 7.5 employees and an annual payroll in excess of $140,000, and if the unit continues, it is expected to employ several more persons and increase its annual payroll to $200,000; and

WHEREAS, the Deer Lodge Research Unit is funded exclusively by an ongoing grant established by pharmaceutical companies and no taxpayer money is spent on the research unit; and

WHEREAS, the Deer Lodge Research Unit, having been involved in an ongoing drug research program since 1966, has made a significant contribution to the body of knowledge available concerning the impact of new drugs on human beings; and

WHEREAS, the Deer Lodge Research Unit is administered by the University of Montana, University Foundation, and there is an independent body which insures that all research conducted at the prison is conducted under the most safety-conscious considerations and that fully monitors the research to ensure that the inmate subjects are fully protected and are bona fide volunteers; and

WHEREAS, the Deer Lodge Research Unit provides a useful summer intern program for researchers from the University of Montana; and

WHEREAS, the drug research conducted at the Deer Lodge Research Unit benefits the entire nation; and

WHEREAS, the U.S. Food and Drug Administration has proposed a regulation at Federal Register Volume 45, No. 106, page 36386, dated May 30, 1980, that would have foreclosed further research by the Deer Lodge Research Unit; and

WHEREAS, that regulation was to become effective on June 1, 1981, but because of an executive order by President Ronald Reagan requiring a reexamination of all federal regulations not yet effective to consider their economic consequences, the regulation's effective date has been indefinitely postponed.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

(1) That the Commissioner of the U.S. Food and Drug Administration be advised that it is the desire of the Senate of the State of Montana that the administrative regulation foreclosing the type of pharmaceutical research conducted by the Deer Lodge Research Unit, Montana State Prison, Deer Lodge, Montana, be rescinded because of the economic detriment such rule would cause the community of Deer Lodge, Montana, and because the administration of the Deer Lodge Research Unit by the University of Montana, University Foundation, precludes any abuses that may have occurred in other states and which may be cured in another manner compatible with research currently conducted.

(2) That the Secretary of the Senate send a copy of this resolution to Ronald Reagan, President of the United States, the Commissioner of the United States Food and Drug Administration, the Honorable John Melcher, Senator from Montana, the Honorable Max Baucus, Senator from

(3) If a prosecution is undertaken by the commissioner or any county attorney, all costs associated with the prosecution shall be paid by the state of Montana.

(4) (a) Any individual who has notified the commissioner, the attorney general and the appropriate county attorney in writing that there is reason to believe that some portion of this chapter is being violated may himself/herself bring in the name of the state an action (hereinafter referred to as a citizen's action) authorized under this chapter if

(i) the attorney general and the appropriate county attorney have failed to commence an action hereunder within 40 days after such notice, and

(ii) said attorneys then fail to commence an action within 10 days after a written notice delivered to them advising them that a citizen's action will be brought if they do not bring an action.

(b) Each notification shall toll the statute of limitations applicable until the expiration of the waiting period.

(c) If the individual who brings the citizen's action prevails, he/she shall be entitled to be reimbursed by the state of Montana for costs and attorney's fees incurred: Provided that in the case of a citizen's action which is dismissed and which the court also finds was brought without reasonable cause, the court may order the individual commencing the action to pay all costs of trial and reasonable attorney's fees incurred by the defendant.

(5) No civil action may be brought under this section more than seven years after the occurrence of the facts which give rise to the action.

(6) All civil penalties imposed pursuant to this section shall be deposited in the state general fund.

(7) A hearing under this chapter shall be held by the court unless the defendant-licensee demands a jury trial. The trial shall be held as soon as possible but at least 20 days after the filing of the charges and shall take precedence over all other matters pending before the court.

(8) If the court finds for the plaintiff, judgment shall be rendered revoking or suspending the license and the clerk of court shall file a certified copy of the judgment with the commissioner.

(2) By November 1 of each year, the department shall multiply the bracket amount contained in subsection (1) by the inflation factor for that year and round the cummulative brackets to the nearest $100. The resulting adjusted brackets are effective for that year and shall be used as the basis for imposition of the tax in subsection (1) of this section."

Section 3. Section 15-30-112, MCA, is amended to read:

"15-30-112. Exemptions. (1) Except as provided in subsections (7) *and (8)*, in the case of an individual, the exemptions provided by subsections (2) through (6) shall be allowed as deductions in computing taxable income.

(2) (a) An exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the taxpayer.

(b) An additional exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the spouse of the taxpayer if a separate return is made by the taxpayer and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(3) (a) An additional exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the taxpayer if he has attained the age of 65 before the close of his taxable year.

(b) An additional exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the spouse of the taxpayer if a separate return is made by the taxpayer and if the spouse has attained the age of 65 before the close of such taxable year and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer.

(4) (a) An additional exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the taxpayer if he is blind at the close of his taxable year.

(b) An additional exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for the spouse of the taxpayer if a separate return is made by the taxpayer and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no

HeinOnline -- 1981 vol. II 1655 1981

gross income and is not the dependent of another taxpayer. For the purposes of this subsection (4)(b), the determination of whether the spouse is blind shall be made as of the close of the taxable year of the taxpayer, except that if the spouse dies during such taxable year, such determination shall be made as of the time of such death.

(c) For purposes of this subsection (4), an individual is blind only if his central visual acuity does not exceed 20/200 in the better eye with correcting lenses or if his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

(5) (a) An exemption of $800 shall be allowed for taxable years beginning after December 31, 1978, for each dependent:

(i) whose gross income for the calendar year in which the taxable year of the taxpayer begins is less than $800; or

(ii) who is a child of the taxpayer and who:

(A) has not attained the age of 19 years at the close of the calendar year in which the taxable year of the taxpayer begins; or

(B) is a student.

(b) No exemption shall be allowed under this subsection for any dependent who has made a joint return with his spouse for the taxable year beginning in the calendar year in which the taxable year of the taxpayer begins.

(c) For purposes of subsection (5)(a)(ii), the term "child" means an individual who is a son, stepson, daughter, or stepdaughter of the taxpayer.

(d) For purposes of subsection (5)(a)(ii)(B), the term "student" means an individual who, during each of 5 calendar months during the calendar year in which the taxable year of the taxpayer begins:

(i) is a full-time student at an educational institution; or

(ii) is pursuing a full-time course of institutional on-farm training under the supervision of an accredited agent of an educational institution or of a state or political subdivision of a state. For purposes of this subsection (5)(d)(ii), the term "educational institution" means only an educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on.

(6) In the case of a nonresident taxpayer, the exemption deduction shall be prorated according to the ratio the taxpayer's Montana adjusted gross income bears to his federal adjusted gross income.

(7) For taxable years beginning after December 31, 1978, and before January 1, 1981, the amount allowed as a deduction in subsections (2) through (6) shall be adjusted as provided under section 9, Chapter 698, Laws of 1979.

HeinOnline -- 1981 vol. II 1656 1981

(8) For taxable years beginning after December 31, 1980, the department, by November 1 of each year, shall multiply all the exemptions provided in this section by the inflation factor for that taxable year and round the product to the nearest $10. The resulting adjusted exemption are effective for that taxable year and shall be used in calculating the tax imposed in 15-30-103."

Section 4. Section 15-30-122, MCA, is amended to read:

"15-30-122. Standard deduction. *(1)* In the case of a resident individual, a standard deduction equal to 15% of adjusted gross income shall be allowed if elected by the taxpayer on his return. The standard deduction shall be in lieu of all deductions allowed under 15-30-121. The maximum standard deduction shall be $1,000, *as adjusted under the provisions of subsection (2)*, except in the case of a single joint return of husband and wife the maximum standard deduction shall be $2,000, *as adjusted under the provisions of subsection (2)*. The standard deduction shall not be allowed to either the husband or the wife if the tax of one of the spouses is determined without regard to the standard deduction. For purposes of this section, the determination of whether an individual is married shall be made as of the last day of the taxable year; provided, however, if one of the spouses dies during the taxable year, the determination shall be made as of the date of death.

(2) By November 1 of each year, the department shall multiply the maximum standard deduction for single returns and joint returns by the inflation factor for that taxable year and round the product to the nearest $10. The resulting adjusted deductions are effective for that taxable year and shall be used in calculating the tax imposed in 15-30-103."

Section 5. Section 15-30-142, MCA, is amended to read:

"15-30-142. Returns and payment of tax — penalty and interest — refunds — credits. (1) Every single individual and every married individual not filing a joint return with his or her spouse and having a gross income for the taxable year of more than $940, *as adjusted under the provisions of subsection (7)*, and married individuals not filing separate returns and having a combined gross income for the taxable year of more than $1,880, *as adjusted under the provisions of subsection (7)*, shall be liable for a return to be filed on such forms and according to such rules as the department may prescribe. The gross income amounts referred to in the preceding sentence shall be increased by $800, *as adjusted under the provisions of 15-30-112(7) and (8)*, for each additional personal exemption allowance the taxpayer is entitled to claim for himself and his spouse under 15-30-112(3) and (4). A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for himself and his spouse under the provisions of 15-30-112(2), (3), and (4), as prorated according to 15-30-112(6).

(2) In accordance with instructions set forth by the department, every taxpayer who is married and living with husband or wife and is required to file a return may, at his or her option, file a joint return with husband or wife even though one of the spouses has neither gross income nor

HeinOnline -- 1981 vol. II 1657 1981

deductions. If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouses may not file separate returns after the time for filing the return of either has expired unless the department so consents.

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld as provided by 15-30-202 and/or any payment made by reason of an estimated tax return provided for in 15-30-241; provided, however, the tax so computed is greater by $1 than the amount withheld and/or paid by estimated return as provided in this chapter. If the amount of tax withheld and/or payment of estimated tax exceeds by more than $1 the amount of income tax as computed, the taxpayer shall be entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount theretofore paid, the excess shall be paid by the taxpayer to the department within 30 days after notice of the amount of the tax as computed, with interest added at the rate of 9% per annum or fraction thereof on the additional tax. In such case there shall be no penalty because of such understatement, provided the deficiency is paid within 30 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the taxable year. These adjusted amounts are effective for that taxable year, and persons having gross incomes less than these adjusted amounts are not required to file a return."

NEW SECTION. Section 6. Adjusted base year structure to appear on tax forms. Individual income tax forms distributed by the department for each taxable year must contain instructions and tables based on the adjusted base year structure for that taxable year.

Section 7. Applicability. This act applies to taxable years beginning after December 31, 1980.
